Undoubtedly, little if any use can be found for some of these 26 buildings because they are old and dilapidated, but in these instances as well as in the instances of properties without buildings the land has considerable value. Obviously, if sold, they will be restored to taxation.

EARLY ACTION NEEDED.

Early action in this situation is necessary because many of these unused buildings are daily the objects of vandalism. The City is losing value by such acts, and time and effort of school and, particularly, police officials are spent in guarding them. The expense of repair and maintenance of them is substantial.

As an illustration of what is happening to some of these properties, the following record is taken from the file of the School Buildings Department:

SCHOOLS AND COMPLAINTS.

Emerson, constantly being entered; boy hurt.

Andrews, badly damaged by vandals; copper stolen from roof.

Hawes Hall, constant complaints from police on entry.

George Putnam, complaints from police; gas stove stolen.

Lyceum Hall, badly damaged by vandals.

Paul Revere, complaints of entry.

S. M. Weld, has been entered and damage done.

Quincy Street, has been entered and damage done.

Hobart Street, continuous complaints; all windows broken.

Lafayette, many complaints; has been entered and damaged.

William Cullen Bryant, completely damaged.

Robert Swan, constantly being entered; fire set here.

This record of the damage which occurs in the closed buildings is by no means complete. Not only does every one of them become a particular target for mischief, but the unrestrained vandalism in the closed buildings undoubtedly inspires similar depredations in other school buildings. Since the repair bills resulting from vandalism in school properties cost the City each year well into six figures, if the properties for which there appears to be no future use by the School Committee were sold to private interests to permit private use and development, obviously the City's repair bill would be reduced, and school

and police officials who now devote considerable time to prevention and repair of damage could be used in other school and police work.

The Finance Commission is inspired to bring this matter to your attention at this time because it has noted that the School Buildings Department has twice in the last year endeavored, without success, to obtain some direction from the School Committee in regard to the closed buildings, the latest occasion being by letter on October 13, 1953.

NO FUTURE CARE.

The buildings which were closed in 1953, in regard to which no instruction for future care has yet been available to the School Buildings Department which must maintain them, are as follows:

School	Constructed in
Emerson	1865
Andrews	1896
Lyceum Hall.....	1892
Savin Hill.....	1884
George Putnam.....	1880
Cora Etheridge.....	1883

Practical Arts.....	1913

The properties containing buildings which were discontinued previous to 1953 are located as follows:

Ruggles street, Roxbury.
Parker street, Roxbury.
Mt. Pleasant avenue, Roxbury.
Thetford avenue, Dorchester.
Glenway street, Dorchester.
Kenilworth street, Roxbury.

Properties which formerly contained buildings and which are now in the non-usable category are located as follows:

Belmont square, East Boston.
Bartlett street, Roxbury.
Thornton street, Roxbury.
Everett street, Dorchester.
Elm street, Jamaica Plain.
Waverly street, Brighton.
Broadway, South Boston.
Dighton street, Brighton.

An abandoned school, the Lucretia Crocker, located in the Bromley Park Housing Project, is at present under a lease for one year by the plumbing contractor working on the housing project, but will be vacated when his work is completed. This building was built in 1884 and would require a large outlay to restore it for school use, and at best would be a small outmoded building. It stands in the middle of a new housing project.

OTHER PROPERTIES.

Another old school, the Frothingham, located in Charlestown, which was abandoned for school use several years ago, still stands, and the only use made of it is to conduct a class in masonry given by a labor union.

There are four other properties which were acquired for school purposes in

MAYOR HYNES ASKS SCHOOL COMMITTEE TO CUT BUDGET TO 1953 FIGURE.

Total	<u>\$896,700</u>

past years, but which now appear unwanted by the School Committee. These are located as follows:

Woodward street, South Boston.
Middle street, South Boston.
Magnolia street, Dorchester.
Fairmount avenue, Hyde Park.

In the above list of 20 discontinued schools, there are three properties concerning which the vote to abandon is likely to be rescinded. They are the Dorchester High School for Girls, the Practical Arts High School, and the Brandeis Vocational High School.

There is the unusual situation in the instance of the Hugh O'Brien School in Roxbury that the school is discontinued but the building is retained because its heating plant supplies heat for the Emerson School which is adjacent.

The School Buildings Department authorities have informed the School Committee that if the above-mentioned closed buildings are to be retained any length of time, the immediate expense of an effort to preserve them and the facilities now in them in approximately good condition would be as follows:

Cost of boarding windows and doors	\$26,120
Cost of removing furniture.....	2,415
Cost of salvaging blackboards....	2,432
Cost of removing electrical equipment	3,400
Cost of removing heating and ventilating equipment.....	12,300 *
Cost of removing plumbing.....	1,090 *
	<u>\$47,757</u>

* This figure does not include cost of removal of equipment at the Brandeis School or the High School of Practical Arts, nor does it include the cost of removing boilers from any one of the schools, which is estimated to be \$300 to \$500 per boiler.

The Finance Commission recommends that, before approving the School Committee budget, you require the School Committee to make suitable arrangements to protect the school properties and to dispose of those for which no future use is contemplated. Saving expense to the City and restoring properties to the tax roll are important objectives in the City's financial situation. Nevertheless, it is advisable, in the disposition of any unwanted properties, to

clear all such parcels through the City Planning Board, to determine whether any of them may have a municipal use.

Respectfully submitted,

EDWARD F. MULLEN, *Chairman*,
LEO J. DUNN,
EDWARD U. LEE,
ROGER J. ABIZAID, M.D.,
H. W. DWIGHT RUDD,
The Finance Commission.

ROBERT E. CUNNIFF,
Secretary.

CIRCULAR LETTER NO. 10.

CITY OF BOSTON,

MAYOR'S OFFICE, April 12, 1954.

To All Department Heads.

You are hereby directed to grant leave of absence, without loss of pay, to employees of Jewish faith, for the observance of the Passover, starting Saturday, April 17, 1954, at 3.30 P.M., to and through Monday, April 19, ending at midnight.

Sincerely,

J. B. HYNES, *Mayor.*

CONSTRUCTION WORK.

The Mayor, upon request of the Public Works Department, has approved the following construction work:

Twenty linear feet of 10-inch pipe in Bennington street, and a surface drain and sanitary sewer manholes about 110 feet west of Breed street, in the East Boston district, at an estimated cost of \$2,000.

Two hundred seventy linear feet of 10-inch diameter pipe surface drain, two catch basins, and one manhole in Perkins street, in the West Roxbury district, at an estimated cost of \$2,500.

MUNICIPAL STANDARDS IMPROVED.

It is to be observed that municipal employees feel more secure in their jobs because of the extension of the merit system.

The competence of the individual municipal employee has continued to improve over a period of years.

CONTRACTS AWARDED.

(Continued from page 479.)

Remarks.

A. A. X-Ray Solutions, Inc.—We will deliver the above solutions at the convenience of the hospital. We will clean all tanks thoroughly with each delivery. We will replace any tank that needs extra cleaning, doing so at our plant. This will keep the tanks in excellent condition and promote longer life. We will also remove by syphon solutions from tanks that will prevent clogging of drains, preventing additional plumbing costs. In consideration of above quotations the exhausted solutions will be the property of A. A. X-Ray Solutions, Inc. The chemicals used will be the finest manufactured by Mallinckrodt Chemical Company, thereby insuring uniform end results. The above services are rendered with no charge.

Harper X-Ray Company.—All old solutions to become the property of Harper X-Ray Company. Minimum delivery of single bottles only, 12; with 5-gallon bottles, no limit. Prices based on one delivery trip—charge for any extra trip to make change—\$10. All tanks cleaned—no charge.

LIBRARY DEPARTMENT.

Upon April 7 the Mayor approved a contract with Fred Ralston & Co., Inc., for gardening work at branch libraries. Bids, opened Tuesday, March 30, were as follows:

Arthur H. Collins, \$1,545; Fred Ralston & Co., Inc., \$1,800.38; Forrester Tree Service, \$2,440; Cox and Whitmore, Inc., \$2,998.15; Little Tree Nurseries, \$3,400; Littlefield-Wyman Nurseries, \$3,644.

Inasmuch as the lowest bidder, Arthur H. Collins, failed to meet the specified requirements in the matter of submitting the proposal and in the matter of a bid deposit, the Trustees of the Public Library have taken the following action to award the contract:

Voted, That there be awarded to Fred Ralston & Co., Inc., 22 Linden street, Allston, Mass., the lowest responsible and eligible bidder in the public bidding, the contract for gardening work at 13 branch libraries as specified in the contract in the total amount of one thousand eight hundred dollars and thirty-eight cents (\$1,800.38)."

PUBLIC WORKS DEPARTMENT.

Upon March 31 the Mayor approved a contract with James A. Freaney, Inc., for earth excavation and refilling to assist Water Division employees to install, regulate or repair Water Division structures and other incidental work in West Roxbury (Water Division) district, at an estimated cost of \$48,925. The work to be done under this contract is to be completed March 31, 1955. The following bids were received March 25:

James A. Freaney, Inc., \$48,925; Construction Units, Inc., \$52,800; John J. Botti, \$55,280; William J. Driscoll Construction Company, \$56,412.50; John J. Appel, \$59,525.

Upon March 31 the Mayor approved a contract with James A. Freaney, Inc., for earth excavation and refilling to assist the Water Division employees to install, regulate or repair Water Division structures and other incidental work in the Dorchester district of the Water Division, at an estimated cost of \$56,850.

The work to be done under this contract is to be completed March 31, 1955. The following bids were received March 25:

James A. Freaney, Inc., \$56,850; John J. Botti, \$63,175; William J. Driscoll Construction Company, \$63,212.50; John J. Appel, \$63,287.50; Construction Units, Inc., \$66,575.

Upon March 31 the Mayor approved a contract with John F. Kelleher for earth excavation and refilling to assist the Water Division employees to install, regulate or repair Water Division structures and other incidental work in the Brighton district, at an estimated cost of \$22,880. The work to be done under this contract is to be completed March 31, 1955. The following bids were received March 25:

John F. Kelleher, \$22,880; William J. Driscoll Construction Company, \$25,175; John J. Appel, \$25,280; James A. Freaney, Inc., \$27,255; Joseph Capone & Son, \$27,975.

WITHOUT ADVERTISING.

Upon varying dates, as indicated, the Mayor approved contracts with contractors, commercial houses, etc., for furnishing labor, supplies and the like. Communications from heads of the departments interested were as follows:

DEPARTMENT OF SCHOOL BUILDINGS.

Boston, April 1, 1954.

HON. JOHN B. HYNES,

Mayor of Boston.

SUBJECT: Jamaica Plain High School.

DEAR MR. MAYOR:

To cope with a dangerous and urgent emergency condition requiring undelayed action I respectfully request your Honor's approval, without public advertising, of an expenditure not to exceed four thousand dollars (\$4,000).

Facts necessitating the emergency action are the following:

What appeared to be live steam was jetting out of the 2½-inch and 3-inch main electric conduit housing the three-phase power and single-phase general lighting cables providing the main electric services to the building. The source of steam generation was undetermined but the steam combined with electrolytic action in the conduits was sufficient in volume and temperature to cause a large area of 6-inch thick concrete floor slab concealing the conduits to become too hot to touch by hand. This phase of the emergency required the immediate discontinuance of the primary source of electrical supply and the substitution of a temporary service to provide light and power to keep the building operative. Electricians were employed on an overtime basis until 2 A.M. to provide the temporary service. School classes and functions were not interrupted.

The discontinuance of the primary electric service in the conduits described did not eliminate, but did diminish, the amount of heat transmitted to the floor slab, but not to the extent that we could consider conditions safe.

Further investigation was necessary and a walled-in area housing the conduits had to be made accessible by breaking through a brick and concrete wall and floor. Laborers and a bricklayer were employed to do this work with the aid of a power-operated compressor. These services also involved labor on an overtime basis.

At the time of this writing the investigatory work has produced the fact that within the walled-in area and below the concrete slab floor there is an abundance of live steam and hot water, undoubtedly from broken or perforated concealed steam pipes. The work of uncovering these is now in progress, however, it has not progressed sufficiently to determine the amount of pipe that will have to be replaced.

It now appears that it will be necessary to employ the services of steamfitters, welders, asbestos workers, and carpenters, in addition to the electricians, laborers, and masons already mentioned, before the work of correcting the emergency condition can be completed, and it is quite probable that the steamfitters will have to be employed on an overtime basis in order to avoid the suspension of school activities.

I believe the electrical work will be the most expensive cost involved and recommend that an unadvertised contract be negotiated with the Stanton Electric Company, 18A T Wharf, Boston, Mass., as their services were engaged. The amount of contract will approximate \$2,500, exact cost to be determined as work progresses.

The balance of work involving tradesmen, other than electricians, should be paid for on the basis of orders to the employers of the masons, carpenters, steamfitters, etc. Costs will be determined by inspectors from the involved divisions of this department who are at the site during the entire operation.

It has just been brought to my attention, while composing this letter, that the investigatory work indicates that the cables in the 2½-inch and 3-inch conduits have been so subjected to heat that the metals of the cables and the conduit have so fused that they are useless for the purpose designed and will have to be entirely replaced.

Please may I acquire your approval of my procedure in this matter.

Respectfully yours,

JAMES H. MOONEY,
Superintendent of Construction.

INSTITUTIONS DEPARTMENT.

Boston, March 31, 1954.

HON. JOHN B. HYNES,

Mayor of Boston.

DEAR MR. MAYOR:

I respectfully request your authorization to dispense with public advertising and to award a contract to the Eastern Massachusetts Street Railway Company, a Massachusetts corporation, with offices at 165 Devonshire street, Boston, Mass., providing for the furnishing of daily bus service from the rapid transit station at Fields Corner to Long Island Hospital, Boston Harbor, Mass., commencing with April 1, 1954, and ending December 31, 1954, at a cost not in ex-

cess of \$35,000. The proposed contract will contain the same reasonable rates as appear in the contract having a termination date of March 31, 1954.

The aforementioned firm has operated on this bus service since its beginning in the summer of 1951, and has performed the work efficiently and satisfactorily.

On the basis of the foregoing, and as this company holds the franchise over the route, and since it proposes to continue its services under the existing terms and conditions, it is my opinion that public advertising for performance of the subject bus service would be of no avail.

Respectfully yours,

JOHN R. MCGILLIVRAY,
Commissioner.

LIBRARY DEPARTMENT.

Boston, April 5, 1954.

HON. JOHN B. HYNES,

Mayor of Boston.

DEAR MR. MAYOR:

The trustees respectfully request that your Honor approve the award of a contract, without public advertising, to the Recordak Corporation, 444 Madison avenue, New York 22, New York, for the purchase of films and spools for the period April 1, 1954, through March 31, 1955.

The films and spools are needed in connection with the new photographic book charging equipment which has been in use in the Central Library building and in several branch libraries during the past four years. Since the equipment is rented from the Recordak Corporation on a contractual basis it is necessary to purchase the films and spools from that company. The cost of these items for the period of the contract will not be in excess of \$2,050. The trustees have therefore

"Voted, That there be awarded, without public advertising, to the Recordak Corporation, 444 Madison avenue, New York City, a contract for the purchase of films and spools for the period April 1, 1954, through March 31, 1955, at prices per unit as follows: roll of 200-foot fine grain Recordak panchromatic safety film, \$6.40; 16 mm. 100-foot receiving spool, 30 cents."

Inasmuch as the total cost for the films and spools will exceed one thousand dollars (\$1,000), there is requested permission of your Honor to enter into this contract without publicly advertising for bids.

Respectfully,

THE TRUSTEES OF THE PUBLIC LIBRARY
OF THE CITY OF BOSTON,
MILTON E. LORD,
Director.

PARK DEPARTMENT.

Boston, April 5, 1954.

HON. JOHN B. HYNES,

Mayor of Boston.

DEAR SIR:

We are desirous of planting 159 trees in previously prepared pits on city streets before the short planting season is over, and as we have found very few nurseries with acceptable specimens, we therefore thought it best to ask for invitation bids from nurseries we felt could furnish the trees.

The total results of these bids are as follows:

Blue View Nursery, \$4,770; Superior Tree Service, Inc., \$5,247; Eastern Tree

and Landscape Corporation, \$6,121.50; Weston Nurseries, Inc., no bid.

We feel that the unit price of \$30 a tree, furnished, planted, and staked, as quoted by the lowest bidder, is reasonable, have examined the trees he has on hand and have approved them. From past experience with this firm, we have confidence that the work will be satisfactory.

In view of all this, we believe it would be in the best interest of the city to award the work, without publicly advertising, to the above firm at the prices quoted.

Accordingly, it is respectfully requested that we be permitted to award a contract, without advertising, to the Blue View Nursery, 32 Gaston street, Roxbury, Mass., for furnishing and planting trees on city streets in Boston, Mass., at the unit price bid and for a sum not to exceed \$4,770, same to be charged to special appropriation 1-31-43, "Removal of Trees Afflicted with Dutch Elm Disease."

Respectfully yours,

FRANK R. KELLEY,
Chairman.

EXTRA WORK UNDER CONTRACT.

PUBLIC WORKS DEPARTMENT.

Rev-Lyn Contracting Company has been directed to perform the following extra work under the contract dated January 20, 1954, for repairs to Northern Avenue Bridge over Fort Point Channel.

Furnish all necessary labor, materials, tools, equipment, etc., required to renew air piping to end lift jacks at both ends of drawspan as directed; the work to be done on a Sunday, to be determined by the Commissioner, with drawspan swung off, closed to highway traffic.

Estimated cost of extra work, \$465.

EXTENSION OF CONTRACTS.

HOSPITAL DEPARTMENT.

Sanatorium Division.

Warren H. Bennett, Inc., has been allowed to amend the contract for electrical work at the Sanatorium Division of the Boston City Hospital as follows: The words "March 15, 1954," shall be stricken out and the words "April 15, 1954," substituted in their place.

EXTENSION OF GUEST STREET, BRIGHTON.

The Mayor has approved the vote of the Board of Street Commissioners for the making of a public improvement consisting of the laying out and construction of an extension of Guest street, Brighton district, as a highway, from Life street, approximately 1,060 feet easterly, bounded and described as follows:

An extension of the highway named Guest street is hereby laid out, over the private way known as Buffalo street, from Life street, approximately 1,060 feet easterly, and ordered constructed.

Said highway and the land, exclusive of trees, shrubs or structures standing upon or affixed thereto, in which an easement for street purposes is hereby taken, is bounded and described as follows:

Westerly by Guest street, "highway," 50 feet; northerly by the northerly line of said extension of said Guest street as hereby laid out, by two measurements, 533 feet and 527 feet; easterly by the easterly line of said extension of Guest street as hereby laid out, 50 feet; southerly by the southerly line of said extension of Guest street as hereby laid out, by two measurements, 527.47 feet and 532.53 feet.

Trees, shrubs or structures standing upon or affixed to the aforescribed land shall be removed therefrom within thirty days following a notice of the city's intention to enter upon said land for the purpose of constructing said improvement.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board estimates that the abutting parcels of land on both sides of Guest street as extended under this order will receive benefit or advantage, beyond the general advantage to all real estate in said city, from the improvement herein ordered; each of said parcels in the amount hereinafter respectively set against it; said parcels and the supposed owners thereof being shown on a plan marked "City of Boston, Guest Street, Brighton, Assessment Plan, March 18, 1954, James W. Haley,

Chief Engineer, Street Laying-Out Department," and on file in the office of this department.

Parcel.	Amount.
1. Elm Farm Foods Company.....	\$2,660 80
2. Boston & Albany Railroad.....	3,049 16
3. Boston & Albany Railroad.....	182 50
4. Boston & Albany Railroad.....	1,665 40
5. Boston & Albany Railroad.....	2,594 65
Total	\$10,152 51

Voted, That this Board determines that no person sustains damages in his estate by the making of the public improvement consisting of the laying out and construction of an extension of Guest street, Brighton district, over the private way known as Buffalo street, under the order of March 31, 1954, and awards no damages therefor.

POLICE DEPARTMENT ORDERS.

General Order No. 1,880.

Acting under provisions of chapter 658, Acts of 1945, section 7 (State-Boston Retirement System), as amended, the Boston Retirement Board has approved for retirement, on account of accidental disability, the following-named police officers, effective at the close of business, Friday, April 30, 1954.

In view of this operation of law, after April 30, 1954, the said police officers shall no longer be active members of this department, and it is hereby ordered that its records be so amended.

Sergt. Lancelot J. Mills, Division 18.

Patrolman John P. Doyle, Division 4.

Patrolman George D. Kilroy, Division 10.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

CONTRACTS FOR BITUMINOUS AND CONCRETE MIX CONTROL AWARDED.

(Continued from page 465.)

working for the department on street construction and reconstruction work.

The work done by this firm of testing and consulting engineers has been very satisfactory, and it is my opinion that it would be in the best interests of the city to award a contract to said firm providing for the testing and inspection of the above-referenced types of roadway material used during the current year on our street construction and reconstruction program.

The amount of money spent for services of this nature represents only a small percentage of the cost of the materials used on our street work, and a contract of this type unquestionably is a good investment and may be considered as insurance. The testing and consulting engineer provides a control engineer at each asphalt plant to supervise operations and to control and design the asphaltic pavement mixes.

The inspection service assures not only the quality of the material, but also the quantity. The latter-referenced item is very important, because we now pay street construction contractors for roadway materials furnished on a tonnage basis rather than on a square-yard basis, which was the policy up to four years ago. The change in policy from square yards to tonnage has been beneficial to the city and, in my opinion, is the fairest method of payment from a contractor's point of view. The firm of Thompson and Lichtner also makes field tests when necessary and, in general, is in complete charge of the design and control of the asphaltic and cement concrete materials from the time that they are mixed at the plant to their delivery at the site of the particular highway project.

NEW CONTRACT TERMS.

The engineer has agreed to accept a new contract for the current year on the same terms, conditions, and unit prices that prevailed in the 1953 contract, which, incidentally, was awarded at the same unit prices and conditions that were in effect in the 1951 contract. A contract of this type should be awarded at a price at which we are certain that the quality of service rendered by the contractor will not be detrimentally affected. The 1953 contract provided for fair and reasonable payments that assured adequate and competent supervision and control of the pavement mixes, and it is my opinion that the proposed new contract should parallel in all respects the 1953 contract.

This type of contract is one that does not lend itself to publicly advertising for proposals, because the service rendered and the integrity of the firm are of more importance than the price factor, although the cost is a consideration. In this particular case, the price for which the above-referenced firm has agreed to perform the services required under the contract provisions is fair and reasonable, and it is my unqualified opinion that nothing would be gained by publicly advertising for proposals.

I respectfully request, therefore, that you authorize me to dispense with advertising and to award a contract to Thompson and Lichtner Company, Inc., for testing, inspecting, designing, and

controlling bituminous and cement concrete mixes used by or under the direction of the department during the current year on street construction and reconstruction work on the basis of agreed prices and with the understanding that the contract will not exceed the total amount of \$40,000. The so-called agreed prices will be the same as those provided in the 1953 contract.

Respectfully yours,

GEORGE G. HYLAND,
Commissioner of Public Works.

AMENDED DAMAGES.

The Mayor has approved the following votes of the Board of Street Commissioners:

Voted, That the order of the Street Commissioners and Mayor of September 18, 1952, determining damages caused by the making of the public improvement consisting of the laying out and construction of Laurie avenue, West Roxbury district, be, and the same hereby is, amended, by striking from said order the amount \$1 awarded to Joseph and Phyllis R. Bingle in said order and inserting in place thereof the amount \$125; that the amount \$125 be, and the same hereby is, awarded to Joseph and Phyllis R. Bingle for the damages so sustained.

Voted, That the order of the Street Commissioners and Mayor of September 18, 1952, as amended, determining damages caused by the making of the public improvement consisting of the laying out and construction of Laurie avenue, West Roxbury district, be, and the same hereby is, amended, by adding to said order the amount \$150 as an award to John and Mary E. Hale; that the amount \$150 be, and the same hereby is, awarded to John and Mary E. Hale for the damages so sustained.

PROCEEDINGS OF CITY COUNCIL.

Monday, April 5, 1954.

Regular meeting of the City Council held in the Council Chamber, City Hall, at 2 P.M., President WHITE in the chair and all the members present. The Reverend Thomas More Nicastro, O.F.M., Christopher Columbus High School, Boston, was escorted to the rostrum.

INVOCATION BY REV. THOMAS MORE NICASTRO.

O Almighty God, Eternal Father, we sincerely beg and fervently pray for your assistance. Fully well do we realize the grave responsibility trustfully placed upon us by the people of our city. Fully well, too, do we realize that those working find it so difficult at times to make allowances for human frailty and consequently always expect what is good from us.

In order not to disappoint them, and in order to fulfill our duties with the best measure of success, we call upon You to direct us. Enlighten our minds so that we may see and understand what is right; strengthen our wills so that we may carry out what is right in spite of all difficulties.

Let our wills, we beseech Thee, never be moved by influential friends or monetary gains, but let us be strong, sincere, and upright in our work for the common good. May we never use this chamber for oratorical display, but let us always be mindful that within these walls, with the grace of God, the welfare of our city is realized.

Dear Lord, this is our prayer. Please hear and answer it. Amen.

The meeting was opened with the salute to the flag.

USE OF BLACKSTONE PARK AS PUBLIC PLAYGROUND.

The following was received:

City of Boston,
Office of the Mayor, April 5, 1954.
To the City Council.
Gentlemen:

I transmit herewith communication from the Park Commissioner relative to your order of March 29, 1954, in regard to making Blackstone Park in the South End a public playground.

Respectfully,

J. B. HYNES, Mayor.

City of Boston,
Park Department, April 2, 1954.
Harold B. Flemming,
Chief Clerk, Mayor's Office.

Dear Sir:

I am in receipt of a memo from your office with attached enclosure, City Council order from Councillors McCormack and Hurley requesting that the Park Department study the possibilities of making Blackstone Park into a public playground.

For many years Blackstone Park has been set aside as a park and resting area for the residents of the South End district. One corner of this park has been developed into a small children's play area.

In order to develop this area into a playground it would require taking down all the trees, removing the benches and the concrete walks, and, even if this was done, it would not be large enough for the playing of major sports.

There are many older residents in the South End district and they certainly are entitled to a place to rest and enjoy the quiet recreation of a park area. As we have a combination small children's playground and park located on this area, we feel we are satisfying all groups in the community.

Very truly yours,

FRANK R. KELLEY, Chairman.

TO INCREASE WAGES OF CITY HOSPITAL NURSES.

The following was received:

City of Boston,
Office of the Mayor, April 5, 1954.
To the City Council.
Gentlemen:

I transmit herewith communication from the Superintendent of the Boston City Hospital relative to your order of March 22, 1954, in regard to an increase in the salary of the nurses at the hospital.

Respectfully,

J. B. HYNES, Mayor.

The Boston City Hospital,

March 31, 1954.

Hon. John B. Hynes,

Mayor of Boston.

Dear Mr. Mayor:

At a meeting of the Board of Trustees held Friday, March 26, 1954, the following order of the City Council was presented:

"Ordered, That the Board of Trustees of the Boston City Hospital be requested, through his Honor the Mayor, to look into the possibility of granting an increase in the wages of nurses at the City Hospital, who, because of the shortage of personnel, are required to care for sixty to seventy patients at some times, which is almost double the number of patients they would ordinarily be assigned to care for; and be it further

Ordered, That such steps be taken as will make the position of nurse at the Boston City Hospital more attractive to trained personnel, and thus relieve the existing acute nursing shortage."

The Trustees voted to take this matter up with the Advisory Committee on Nursing.

Very truly yours,

JAMES W. MANARY, M.D.,
Superintendent.

EXPEDITE RESTORATION OF JOHN J. RYAN JR., PLAYGROUND.

The following was received:

City of Boston,
Office of the Mayor, April 5, 1954.
To the City Council.
Gentlemen:

I transmit herewith communication from the Park Commissioner relative to your order of March 22, 1954, in regard to expediting the work of restoring the John J. Ryan, Jr., Playground in Sullivan square, Charlestown.

Respectfully,

J. B. HYNES, Mayor.

City of Boston,
Park Department, March 29, 1954.
Harold B. Flemming,
Chief Clerk, Mayor's Office.

Dear Sir:

This will acknowledge memo from your office with attached enclosure, City Council order from Councillor Hurley requesting that the Park Department arrange to expedite the work of the restoration of the John J. Ryan, Jr., Playground in Sullivan square, Charlestown.

I might inform the Councillor that the state, at the time of the construction of the overpass in Sullivan square, took a portion of this playground with the understanding that when the overpass was completed they would restore the playground to first-class condition.

The state has given a contract for the redesigning of this area to Aisner & Atwood, architects and engineers. We have had many conferences on this matter with the Public Works Department of the state.

Plans have been drawn, and the work should proceed within a month. The state has appropriated \$150,000 for the reconditioning of this playground.

Very truly yours,

FRANK R. KELLEY, Chairman.

NAMING OF SQUARE IN HONOR OF FRANK MAFFA.

The following was received:

City of Boston,
Office of the Mayor, April 5, 1954.
To the City Council.
Gentlemen:

I transmit herewith communication from the Secretary to the Board of Street Commissioners relative to your order of March 29, 1954, in regard to naming Sullivan square, from Caldwell and Main streets, Charlestown, to Seaver street, Cambridge, Maffa Way, in honor of Frank Maffa, who lost his life while in the service of his country during World War I.

Respectfully,

J. B. HYNES, Mayor.

City of Boston,
Board of Street Commissioners,
April 1, 1954.

Mr. Harold B. Flemming,

Chief Clerk, Mayor's Office.

Dear Sir:

I acknowledge for the Chairman of this Board receipt of your communication of March 31, 1954, enclosing a copy of Council order introduced by Councillor White requesting that the Committee to Memorialize Veterans approve the naming of Sullivan square, from Caldwell and Main streets, Charlestown, to Seaver street, Cambridge, in honor of Frank Maffa.

I regret to advise that this particular way is now under the jurisdiction of the state, and neither this Board nor the Committee to Memorialize Veterans has the authority to name this way.

It is assumed that this property will be turned back to the city after the new roadway has been completed, and at that time the new Public

Improvement Board will have jurisdiction regarding the naming of this particular area.

Very truly yours,
LAWRENCE W. COSTELLO, Secretary.

INFORMATION ON WEST END URBAN REDEVELOPMENT PLAN.

The following was received:

City of Boston,
Office of the Mayor, April 5, 1954.
To the City Council.
Gentlemen:

I transmit herewith communications from the Chairman of the City Planning Board and the Chairman of the Boston Housing Authority relative to your order of March 1, 1954, in regard to the dissemination of information on the urban redevelopment project in the West End.

Respectfully,
J. B. HYNES, Mayor.

City Planning Board,
March 12, 1954.

Hon. John B. Hynes,
Mayor of Boston.
Dear Mr. Mayor:

In answer to your request for a report and consideration on Councillor Piemonte's order of March 1, concerning the carrying out of a program for a more thorough dissemination of information relative to the West End Redevelopment Project, I am reporting as follows:

We understand from the Urban Redevelopment Director that he is planning to publish another pamphlet which will give answers concerning the law, procedure, time element involved, and up-to-date information on the development of the West End Project. Besides having a wide distribution in the West End area, it is also planned to distribute this pamphlet to the civics classes of the School Department.

We understand that last year some 5,000 copies of the enclosed pamphlet were distributed, that a door-to-door, by hand, delivery was made in the West End. It is also our understanding that it will be at least two years, and probably longer, before any property will be taken by the Housing Authority in this area, and that in any event ample notice will be given.

Very truly yours,
THOMAS F. McDONOUGH, Chairman.

Boston Housing Authority,
March 26, 1954.

His Honor the Mayor.

Dear Mr. Mayor:

In compliance with the City Council order of March 1, 1954, copy of which is attached, I am pleased to submit the following report:

1. The Chief of Urban Redevelopment has conferred with the Planning Board relative to compliance with the Council order.

2. A program has been prepared to carry out the intent of the Council order in the following manner:

a. The Urban Redevelopment staff has contacted every religious, civic, and social group in the West End area and has made appearances before these groups, explaining the status of the project. This public relations activity will be undertaken on a continuing basis.

b. Ten thousand leaflets have been prepared containing full information on the project.

c. In order to distribute the leaflets, the principals of the three public schools in the area and the persons in charge of the parochial schools were contacted for permission to provide each pupil with copies of the leaflet. Additional copies will be left in the various civic, social, and religious institutions in the area, such as the West End Library, Peabody Playhouse, Heath Christian Center, West End House, and the retail stores in the project area.

I am enclosing a hundred copies of the leaflet for the information of the City Council.

Respectfully yours,
OWEN A. GALLAGHER, Chairman.

(Annexed hereto are two pamphlets explaining the plans for the West End Redevelopment Project.)

RENAMING OF BUENA VISTA STREET.

The following was received:

City of Boston,
Office of the Mayor, April 5, 1954.
To the City Council.
Gentlemen:

I transmit herewith communication from the Secretary to the Board of Street Commissioners relative to your order of March 29, 1954, requesting that Buena Vista street in Roxbury be renamed

St. Richard street by the Board of Street Commissioners or their successors in office.

Respectfully,
J. B. HYNES, Mayor.

City of Boston,
Board of Street Commissioners,
March 31, 1954.

Mr. Harold B. Flemming,
Chief Clerk, Mayor's Office.

Dear Sir:

I acknowledge for the Board receipt of your communication of this day enclosing copy of order introduced by Councillors Foley and Hailer requesting that Buena Vista street in Roxbury be renamed St. Richard street.

In view of the fact that Buena Vista street is at present a public way and, under existing statutes, changes in names of public ways become effective on March 1 of a current year after an advertised public hearing is held, this Board has referred your order to the new Public Improvement Board for its consideration and attention in the early part of 1955, when the requested change can be advertised and become effective on March 1, 1955.

Respectfully yours,
LAWRENCE W. COSTELLO, Secretary.

LEASE OF LAND AT SQUANTUM HEAD TO UNITED STATES GOVERNMENT.

The following was received:

City of Boston,
Office of the Mayor, April 5, 1954.
To the City Council.
Gentlemen:

I enclose herewith communication received from George G. Hyland, Commissioner of Public Works, relative to the leasing of a portion of the city-owned land at Squantum Head in the City of Quincy, together with an order authorizing the City of Boston to lease this land to the United States of America for military uses for a period not in excess of one (1) year and at an annual rental of \$700, and recommend the adoption of this order by your Honorable Body.

Respectfully,
J. B. HYNES, Mayor.

City of Boston,
Public Works Department,
April 5, 1954.

Hon. John B. Hynes,
Mayor of Boston.

Dear Mr. Mayor:

The United States of America is interested in acquiring a lease of a portion of the city-owned property situated at Squantum Head, Quincy, Mass., held by this department for sewerage purposes. The area requested is not in actual use by this department, and the leasing of it will not interfere with the city operations at the site. I therefore recommend that the city lease the premises to the United States of America for a period not in excess of ten (10) years for an annual rental of \$700.

Respectfully,
GEORGE G. HYLAND,
Commissioner of Public Works.

Ordered, That the Mayor of the City of Boston be, and he hereby is, authorized to execute and deliver to the United States of America a contract for use and occupation of land at Squantum Head, Quincy, Mass., for a term not exceeding ten (10) years at an annual rental of \$700 per year and in the form annexed hereto.

CONTRACT FOR USE AND OCCUPATION OF LAND BY AND BETWEEN CITY OF BOSTON AND THE UNITED STATES OF AMERICA.

1. This Contract for Use and Occupation (hereinafter called Contract), made and entered into this 1st day of February in the year one thousand nine hundred and fifty-four, by and between the City of Boston (a municipal Corporation in the Commonwealth of Massachusetts), whose address is City Hall, Boston, Massachusetts, hereinafter called the City, and the UNITED STATES OF AMERICA, hereinafter called the Government:

WITNESSETH: The parties hereto for the consideration hereinafter mentioned agree as follows:

2. The City hereby agrees to permit the Government to use and occupy the following described premises, viz.:

Certain parcels of land situated in the City of Quincy, County of Norfolk, Commonwealth of Massachusetts, being more particularly bounded and described as follows:

Beginning at the intersection of the northerly side of a 100.0-foot strip and the easterly side of a 40.0-foot strip, both to be retained by the City of Boston, as shown on map below referred to; thence northwesterly and westerly by said 40.0-foot strip 626 feet, more or less, to Dorchester Bay; thence in a general easterly and southerly direction by said Dorchester Bay and Quincy Bay 3,000 feet, more or less, to the northerly side of the aforesaid 100-foot strip; thence westerly by said 100-foot strip 666.0 feet, more or less, and 105.35 feet, more or less, to the point of beginning.

Containing 15.30 acres, more or less.

Together with a 40-foot strip of land for use as an access road extending southerly from a point on the northerly side of the 100-foot strip to the existing road to Moon Island.

Containing 0.04 acres, more or less.

Above parcels are shown and outlined in red on map attached hereto entitled "City of Boston, Squantum Head, Quincy, Mass., November 26, 1932."

Together with the right to construct, install, maintain, repair, operate, patrol, replace and/or remove, electric, water and other public utility lines in, upon, under, over and across said access road between road leading to Moon Island and the demised premises.

Reserving to the City the right to enter the said premises for the purpose of maintaining and operating any and all utilities owned by the City and located on said premises.

Subject to existing public utilities located within the said area.

To be used for the following purposes: For such military uses as the Government may require.

3. To HAVE AND TO HOLD the said premises for the term beginning February 1, 1954, through June 30, 1954, provided that, unless and until the Government shall give notice of termination in accordance with provision 7 hereof, this Contract shall remain in force thereafter from year to year without further notice; provided, however, that in no event shall this Contract remain in force after the expiration of ten (10) years from the date hereof; and provided further that adequate appropriations are available from year to year for the payment of rentals; and provided further that this Contract shall remain in effect for so long as required for Antiaircraft purposes by the Government.

4. The Government shall not assign this Contract in any event, and shall not sublet the said premises, and will not permit the use of said premises by anyone other than the Government, and the agents and servants of the Government.

5. The Government shall pay to the City for the Use and Occupancy of the said premises, rent at the following rate:

Seven Hundred Dollars (\$700) Per Year.

6. The Government shall have the right, during the existence of this Contract to make alterations, attach fixtures, and erect additions, structures, or signs, in or upon the demised premises; which fixtures, additions or structures so placed in or upon or attached to the said premises shall be and remain the property of the Government and may be removed therefrom by the Government prior to the termination of this Contract, and the Government shall, before the termination of this Contract restore the premises to the same condition as that existing at the time of entering upon the same under this Contract, reasonable and ordinary wear and tear and damages by the elements or by circumstances over which the Government has no control, including acts of sabotage and acts by the public enemy, excepted.

7. The Government may terminate this Contract at any time by giving thirty (30) days' notice in writing to the City.

8. Any notice under the terms of this Contract shall be in writing signed by a duly authorized representative of the party giving such notice, and if given by the Government shall be addressed to City Clerk, City of Boston, City Hall, Boston, Massachusetts, and if given by the City shall be addressed to the Division Engineer, New England Division, Corps of Engineers, U. S. Army, 857 Commonwealth Avenue, Boston 15, Massachusetts.

9. The City warrants that no person or selling agency has been employed or retained to solicit or secure this contract upon an agreement or understanding for a commission, percentage, brokerage, or contingent fee, excepting bona fide employees or bona fide established commercial or selling agencies maintained by the City for the purpose of securing business. For breach or violation of this warranty the Government shall have the right to annul this Contract without liability or in its discretion to deduct from the Contract price or consideration the full amount of such commission, percentage, brokerage, or contingent fee.

10. No Member of or Delegate to Congress or Resident Commissioner shall be admitted to any share or part of the contract or to any benefit that may arise therefrom, but this provision shall not be construed to extend to this contract if made with a corporation for its general benefit.

IN WITNESS WHEREOF the parties hereto have hereunto subscribed their names as of the date first above written.

DEFINITION OF "REGULAR COMPENSATION" OF MEMBERS OF TEACHERS' RETIREMENT SYSTEM.

Coun. McCORMACK offered the following:

Ordered, That the Boston City Council in meeting assembled memorialize the Great and General Court of the Commonwealth of Massachusetts to further amend the definition of "regular compensation" as appearing in section 1 of chapter 32 of the General Laws by inserting after the words "who is a member of the Teachers' Retirement System" the following, "and to any employee who is employed on a basis of not less than half-time service as a teacher, principal, supervisor or superintendent in any public school system in the City of Boston who is a member of the State-Boston Retirement System, so called," thereby amending section 1 of chapter 32 of the General Laws so as to read:

"In the case of a teacher employed in a public day school who is a member of the Teachers' Retirement System, and to any employee who is employed on a basis of not less than half-time service as a teacher, principal, supervisor or superintendent in any public school or public school system in the City of Boston who is a member of the State-Boston Retirement System, so called, the salary payable under the terms of an annual contract for additional services in said school or said school system shall be regarded as regular compensation rather than as bonus or overtime, and shall be included in the salary on which deductions are to be paid to the annuity savings fund of the Teachers' Retirement System or to the State-Boston Retirement System as the case may be"—and be it further

Ordered, That the effective date of this amendment shall be October 19, 1951.

Referred to the Committee on Legislative Matters.

NAMING OF SQUARE IN HONOR OF BERNARD J. MULLIN.

Coun. McCORMACK, FOLEY, and KERRIGAN offered the following:

Ordered, That the Boston Park Department be requested, through his Honor the Mayor, to name Independence Square, Ward 6, South Boston, located from East Broadway, corner of M street,

to East Third street, and including from East Broadway through to N street, through to East Third street, where the Christopher J. Lee Playground begins, in honor of Sergt. 1/c Bernard J. Mullin, United States Army, who was awarded the Silver Star and the Purple Heart and who was killed in action during the Korean War.

Passed under suspension of the rules.

STUDY OF TRAFFIC CONDITIONS ON UNION STREET, BRIGHTON.

Coun. AHEARN offered the following:

Resolved, That his Honor the Mayor is hereby requested to direct the Boston Traffic Commission to make a survey of the traffic conditions on Union street, Brighton, with a view to instituting rules and regulations to eliminate hazardous conditions on said street due to the parking of cars on both sides of the street and due to the heavy and fast traffic during certain hours of the day.

The resolution was adopted under suspension of the rules.

CONTINUATION OF RENT CONTROL IN BOSTON.

Coun. AHEARN offered the following:

Whereas, The City of Boston has accepted the provisions of chapter 434 of the Acts of 1953 relative to rent control, which is now in operation in Boston; and

Whereas, Said chapter 434 provides that rent control shall terminate on June 30, 1954, unless continued by vote as provided in said chapter; and

Whereas, There is still existing in the City of Boston a severe and substantial shortage of rental housing accommodations which causes a serious emergency detrimental to the public peace, health, safety, and convenience; and

Whereas, The continuation of rent control after June 30, 1954, is necessary for the preservation of the public peace, health, safety, and convenience; now, therefore, be it

Ordered, (1) That it be, and hereby is, declared that a substantial shortage of rental housing accommodations exists in the City of Boston, and that the control of rents in said city is necessary in the public interest; and (2) by virtue of, and pursuant to, the power vested in the City of Boston and the Boston City Council by chapter 434 of the Acts of 1953, rent control, as provided in said chapter 434 of the Acts of 1953, is hereby continued for nine months after June 30, 1954, in Boston.

Referred to the Executive Committee.

PROGRAMS OF OTHER CITIES IN REGARD TO DOWNTOWN AREAS.

Coun. PIEMONTE offered the following:

Whereas, Serious problems are facing the downtown area in this age of decentralization; and,

Whereas, It is well known that the downtown business area is vital to the entire municipal government's economy; and,

Whereas, In comparable cities recognition of this problem and concerted action on the part of citizens' groups has initiated constructive programs of city improvements; and,

Whereas, In other cities a program of downtown development has brought about an increase in taxable property; now, therefore, be it

Resolved, That his Honor the Mayor order a survey to be made of the programs now being undertaken in other cities in respect to their downtown areas and send a detailed report of said findings to the Boston City Council.

The resolution was adopted under suspension of the rules.

NAMING OF STREET IN HONOR OF EUGENE MATTHEW LYDON.

Coun. WHITE offered the following:

Ordered, That the Committee to Memorialize Veterans be requested, through his Honor the Mayor, to name a street or court in the new housing project at Bromley park and Centre street, Jamaica Plain, in honor of Corp. Eugene Matthew Lydon, Battery C, 159th F. A. Battalion, killed in Korea in September, 1952.

Passed under suspension of the rules.

II. Whether the present personnel allotment of 703 hospital medical workers; 4 senior hospital medical workers, and 7 principal hospital medical workers provides:

1. Adequate promotional opportunity for the 703 hospital medical workers.

2. Adequate immediate supervision of the hospital medical workers.

III. 1. Whether the Trustees have in their possession reliable statistics on the incidence of absenteeism among hospital workers.

2. What the said incidence of absenteeism is.

3. Whether the present policy of rotation of work schedules has any influence upon absenteeism.

4. What the present policy of rotation work schedule among medical workers is.

5. Whether a hospital medical worker can rely from week to week on definite days off at the end of the week.

6. Whether statistics are maintained on how often it is necessary to require hospital medical workers to work more than five days in succession.

IV. Whether the present personnel allotment of 703 medical workers is adequate to staff the hospital in view of the allotment of 829 medical workers two years ago.

Passed under suspension of the rules.

RECESS.

On motion of Councillor Kerrigan the Council voted at 4:10 p.m. to take a recess subject to the call of the Chair. The members reassembled in the Council Chamber and were called to order by President WHITE at 4:45 p.m.

EXECUTIVE COMMITTEE REPORT.

Coun. AHEARN, for the Executive Committee, submitted the following:

1. Report on notice of hearing (referred March 29) before the Department of Public Utilities to be held April 12 on petition of the Boston Consolidated Gas Company for approval of issuance of note to the Eastern Gas and Fuel Associates—that same be placed on file.

2. Report on message of the Mayor (referred March 22) re possibility of deputizing women to police school crosswalks and intersections—that same be placed on file.

The reports were accepted, and the message and notice were placed on file.

SWIMMING OR WADING POOL IN ROSLINDALE MUNICIPAL BUILDING.

Coun. HAILER offered the following:
Ordered, That the Planning Board be requested, through His Honor the Mayor, to make a survey—along with the Public Buildings Department—in regard to the possibility of having a swimming pool built in the basement of the Municipal Building in Roslindale square. At the moment said basement is serving no particular purpose. If a swimming pool is impossible, be it requested that they consider the possibility of a wading pool.

Passed under suspension of the rules.

STUDY OF TRAFFIC CONDITIONS ON JAMAICAWAY.

Coun. HAILER offered the following:
Ordered, That His Honor the Mayor be requested to set up a committee, to consist of the Public Works Commissioner, the Traffic Commissioner, and the Park Commissioner, for the purpose of conferring with the Metropolitan District Commission about the taking over of Jamaicaaway and regulating the traffic flow on the Jamaica Arterway; and also for the purpose of studying the possibility of building an overpass connecting the South Huntington overpass with the Brookline side of the Jamaica Pond—thus routing the traffic in one direction over the Jamaica Arterway and in another direction toward Brookline.

Passed under suspension of the rules.

NAMING OF STREET IN HONOR OF ALFRED J. MOORE.

Coun. HAILER offered the following:
Ordered, That the Street Commissioner be requested, through His Honor the Mayor, to consider naming one of the courts or streets in the new Bromley Park Extension in honor of Alfred J. Moore, who died on February 23, 1945. Alfred Moore was a veteran and former Representative from the Roxbury area.

Passed under suspension of the rules.

GREETINGS TO XAVERIAN BROTHERS.

Coun. HAILER and FOLEY offered the following:

Whereas, This is the centennial anniversary of the Xaverian Brothers in the United States; and
Whereas, Said order has accomplished so much in moulding the youths of our community both in and out of their teaching circles; therefore be it
Resolved, That the City Council, herein assembled, extend to the Xaverian Brothers its greetings and best wishes.

The resolution was adopted under suspension of the rules.

RAISING OF FUNDS FOR LIBRARY FROM PRIVATE SOURCES.

Coun. FOLEY and HAILER offered the following:

Ordered, That under section 17F of the City Charter the Director of the Boston Public Library be directed to report any arrangements which have been made with private fund-raising organizations in connection with the raising of funds by donation from private sources for building or other purposes, said reply to be submitted within three weeks of the passage of this order.

Passed under suspension of the rules.

Coun. AHEARN in the chair.

COMPILATION OF PRIVATE SURVEYS RE OPERATIONS OF CITY.

Coun. FOLEY offered the following:
Ordered, That the Director of Administrative Services provide the City Council a compilation of the various private surveys made of the operations of the City of Boston during the past ten years, the cost of each one, his opinion as to the value of each one, and the percentage of the recommendations ultimately accepted by the city.

Passed under suspension of the rules.

Adjourned at 5 p.m., on motion of Councillor Kerrigan, to meet on Monday, April 12, 1954, at 2 p.m.

Note: All debate of City Council eliminated from proceedings in accordance with Chapter 447, Acts of 1947.

(Stenographic copy of such debate on file in office of City Clerk.)

CIVIL SERVICE EXAMINATIONS. STENOGRAPHIC SERVICE.

MAY 22, 1954.

For State, and Cities and Towns Outside of Boston and Vicinity.

JUNE 5, 1954.

For State, Boston, and Cities and Towns in the Vicinity of Boston.

The last date for filing applications for the examinations on both of the above dates will be Monday, May 3, 1954.

Open to Males and Females.

This examination is held to fill entrance stenographic positions, which have the title of Junior Clerk and Stenographer in the State service, and various titles, such as stenographer, junior stenographer, junior clerk and stenographer, etc., in the cities and towns.

On May 22, 1954, the examination will be held in various centrally located cities outside of Boston and vicinity. On June 5, 1954, the examination will be held in Boston and persons who reside within commuting distance will be notified for examination on this day. All persons must appear for examination at the place and time designated in the notices mailed to each applicant by the Division of Civil Service.

Persons qualifying in the examination may have their names placed on the State list, as well as on the list for the city or town in which they have domicile.

Salary: For the State service, the minimum salary is \$2,280 a year, and the maximum salary is \$2,880 a year. In the cities and towns, the salaries vary.

Vacancies: From time to time.

Duties: Under immediate supervision, to take stenographic notes from dictation and to transcribe the notes on the typewriter; to do miscellaneous typing and routine clerical work of ordinary difficulty; and to perform related work as required.

Entrance Requirements: Applicants who have not reached their sixteenth birthday on the date of examination will not be eligible.

Subjects and Weights: Training and experience, 1; clerical tests (including spelling, arithmetic, following written directions, filing, and word knowledge), 1; stenography, 3; total, 5.

The dictation will be given at the following rates of speed: 80, 100 and 120 words a minute, the dictation at each rate of speed consisting of an article of about 300 words in length. Each applicant may select any one or two of the three speed tests for transcription. If an applicant transcribes two tests, both are marked and the applicant is given the higher of the two marks. The transcription is marked for both speed of dictation and accuracy.

Passing Requirements: Applicants must obtain at least 70 per cent in accuracy of transcription of at least one dictation, and in each subject in order to become eligible.

Fire Apparatus Repairman McGowan

was appointed to the Fire Department August 31, 1923. Ladderman Doyle was appointed March 9, 1923, and Working Foreman Lopardi was appointed April 5, 1924.

All the foregoing named leave the department with the best wishes of their associates.

III. RESIGNATION.

The following resignation, which became effective at 8 A.M., Tuesday, April 6, 1954, is hereby announced:

Engineer, Motor Squad, James S. Walker, Maintenance Division.

IV. HOUSE JOURNALS.

Company commanders are requested to submit to Headquarters on Form 5A, before April 23, 1954, the number of House Journals which will be required for use at the Patrol Desk in their respective quarters for the period beginning June 1, 1954.

V. INDEX TO GENERAL ORDERS, 1953.

The index to General Orders for the year 1953 is being issued to the department today.

VI. FIRE ALARM BOX INSTALLED.

The following fire alarm box, which was established in General Orders, No.

39, dated August 11, 1953, has been installed and connected into circuit No. 57:

12-3773, Fairmount School, Williams avenue and Summit street.

At the time of establishing this box in General Orders, No. 39, the name of the school was not known. Company commanders will insert the name "Fairmount School," on assignment card for this box.

Company commanders will add Box 12-3773 to circuit card No. 57.

VII. CHANGES IN ASSIGNMENTS FOR CHIEF OFFICERS.

Effective at 8 A.M., April 14, 1954, the following changes in assignments will become effective:

General Order No. 18, current series, on Page 4, an order appears as follows: On all assignment cards where it appears: Drop District 7 to Division 2. Drop District 5 to Division 2. Add District 5 to District 7.

Some confusion has arisen on this order. It is not the intention of the order to have District 5 cover District 7 when District 7 was dropped from covering Division 2, because District 7, when dropped, reverted back to its own assignments, in its own quarters.

VIII. ANNUAL MAINTENANCE APPEAL—BOSTON EVENING CLINIC.

His Honor the Mayor has asked that all city employees cooperate in the drive to obtain needed funds for maintenance and new equipment at the Boston Eve-

ning Clinic. This is a nonsectarian and nonprofit institution which makes available low-cost medical services to people of low and moderate income.

Pledge cards are being issued to the department today and company commanders and heads of branch divisions are requested to bring the campaign to the attention of members of their commands.

Pledge cards and cash are to be forwarded to Headquarters on or before Friday, April 30, 1951.

Delivery of cards and money will be made to Mr. John J. Walsh in the Headquarters Division, between the hours of 9 and 11.30 A.M., on each weekday, excepting Saturdays.

Company commanders are requested to fill out the stubs on pledge cards and return them to members making a contribution.

IX. COMMENDATIONS.

Laddermen James P. Duffy and Leo M. Myott of Ladder Company 21 are hereby commended for responding to and working at fire, Box 6187, two alarms, on April 10, 1951, while off duty.

By order of Fire Commissioner FRANCIS X. COTTER.

JOHN V. STAPLETON,
Chief of Department.

RECENT FEDERAL ACTIONS AFFECTING CITIES.

The Housing Act of 1949, approved on July 15, authorized a uniform 10 per cent payment to cities in lieu of taxes on housing projects, but the independent offices appropriation bill passed on August 15 contains a provision that for the fiscal year ending June 30, 1950, only payments provided for in the original contract between the housing authority and the city are authorized for federal reimbursement.

Federal aid for hospital construction has been approved for nearly 800 projects; more than 600 are general hospitals and the great majority are in towns of under 10,000 population.

Registered Voters (Men and Women), City Election, November 3, 1953.

HOSPITAL DEPARTMENT.

INVITATION FOR PROPOSALS FOR ALTERATIONS ON NINTH FLOOR OF PEDIATRICS BUILDING TO PROVIDE PREMATURE NURSERY, BOSTON CITY HOSPITAL, 818 HARRISON AVENUE, BOSTON, MASS.

The City of Boston, by the Board of Trustees of the Boston City Hospital, hereinafter referred to as the Awarding Authority, invites sealed proposals for alterations on ninth floor of Pediatrics Building to provide premature nursery, Boston City Hospital, 818 Harrison avenue, Boston, Mass.

Proposals will be received until 2 o'clock P.M., Daylight Saving Time, Wednesday, May 5, 1954, at the office of the Superintendent, Boston City Hospital, 818 Harrison avenue, Boston, Mass., at which time and place they will be publicly opened and read aloud.

Proposals shall be submitted in duplicate on forms obtained from the office of the architects and engineers, Thomas F. McDonough, 25 Huntington avenue, Boston, Mass. Each copy of the proposal shall be properly filled out, signed, and enclosed in a sealed envelope, plainly marked with the name of the bidder and the description of the work bid upon. One copy shall be filed at the office of the Superintendent, Boston City Hospital, 818 Harrison avenue, Boston, Mass., as designated above, and the other copy shall be filed at the office of the City Auditor, City Hall, Boston, Mass. Both copies shall be filed before the time stated above for the opening of proposals.

A bid deposit in the form of a certified check on a responsible bank or trust company, payable to the City of Boston, in the sum of 3 per cent of bid, shall be submitted with the copy of the proposal filed at the office of the Superintendent, Boston City Hospital, 818 Harrison avenue, Boston, Mass. The bid deposit shall be in a separate envelope, properly marked. Bid bonds will not be accepted. No bidder may withdraw his bid within thirty days after the actual date of the opening thereof.

The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs, and laborers in the work to be performed shall not be less than the rate of the wages determined for this work by the Commissioner of Labor and Industries of the Commonwealth of Massachusetts under the provisions of General Laws (Ter. Ed.), chapter 149, section 26, and United States Department of Labor rates, schedules of which appear in the specifications.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract, and sufficient proof of compliance with the foregoing stipulation will be required prior to the award of a contract.

Plans and specifications may be obtained at and after 12 o'clock noon, April 21, 1954, at the office of the architects and engineers, Thomas F. McDonough, 25 Huntington avenue, Boston, Mass.

A deposit of \$25 will be required for a complete set of plans and specifications, said sum to be refunded on return of drawings and specifications. Mutilation of the plans or specifications will be deemed sufficient cause for the forfeiture of the said deposit.

All subbidders' proposals must be filed at the office of the Superintendent, Boston City Hospital, 818 Harrison avenue, Boston, Mass., and delivered or mailed to the general bidder no later than 12 o'clock noon, Daylight Saving Time, Monday, May 3, 1954.

A bid deposit in the form of a certified check on a responsible bank or trust company, payable to the City of Boston, in a sum not less than three (3) per cent of the total amount of his bid, but in no event less than the sum of one hundred dollars (\$100), shall be submitted by each subbidder with the copy of the proposal filed at the office of the Superintendent, Boston City Hospital, 818 Harrison avenue, Boston, Mass., as above designated. The bid deposit shall be in a separate envelope, properly marked. Bid bonds will not be accepted.

A performance bond, issued by a surety company satisfactory to the Awarding Authority, in the full amount of the contract will be required of the successful general contractor.

Information relating to the performance bonds of subcontractors is set forth in the notice to subbidders.

The Awarding Authority reserves the right to waive any informalities and to reject any and all bids if it be in the public interest so to do. The Awarding Authority also reserves the right to reject all subbids on any item or

items in accordance with the provisions of chapter 480 of the Acts of 1939, as amended.

PUBLIC WORKS DEPARTMENT.

Proposals for Removal of Wearing Surface, Chelsea Bridge Viaduct.

The Commissioner of Public Works of the City of Boston, Room 508 (Contract Office), City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for removal of wearing surface, Chelsea Bridge Viaduct. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508 (Contract Office), City Hall Annex. Each proposal should be enclosed in an envelope, sealed, marked "Proposal for Removal of Wearing Surface, Chelsea Bridge Viaduct," and left at Room 508 (Contract Office), fifth floor, City Hall Annex, before 2 P.M. of THURSDAY, APRIL 29, 1954, with a certified check for TWO HUNDRED EIGHTY (280) DOLLARS, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then be publicly opened and read in the Hearing Room of the Street Commissioners, Room 401, City Hall Annex.

Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by bidder with the City Auditor previous to the time named for opening the bids. All proposals must be from bidders of record on file at Room 508, City Hall Annex. There will be a charge of two dollars (\$2) for each set of plans and specifications taken out. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. Before commencing performance of this contract, the Contractor shall provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract and shall continue such insurance in full force and effect during the term of this contract. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

DEPARTMENT OF SCHOOL BUILDINGS.

TO GENERAL CONTRACTORS.

INVITATION FOR PROPOSALS FOR ALTERATIONS AT THE DORCHESTER HIGH SCHOOL, 76 DUNBAR AVENUE, AT THE END OF PEACEVALE ROAD, DORCHESTER, MASS.

The Superintendent of Construction of the Department of School Buildings, Boston, Mass., hereinafter referred to as the Awarding Authority, invites sealed proposals for alterations at the Dorchester High School, 76 Dunbar avenue, at the end of Peacevale road, Dorchester, Mass.

Proposals will be received until 12 o'clock noon, Thursday, May 6, 1954, at the office of the Awarding Authority, fourth floor, 26 Norman street, Boston, Mass., at which time and place they will be publicly opened and read aloud.

Proposals shall be submitted in duplicate on forms obtained from the Awarding Authority. Each copy of the proposal shall be properly filled out, signed and inclosed in a sealed envelope, plainly marked with the name of the bidder and the description of the work bid upon. One copy shall be filed at the office of the Awarding Authority, designated above, and the other copy shall be filed at the office of the City Auditor, City Hall, Boston, Mass. Both copies shall be filed before the time stated above for the opening of proposals.

A bid deposit in the form of cash or a certified check on, or a certificate of deposit issued by, a responsible bank or trust company, payable to the City of Boston, in the sum of \$4,000, shall be submitted with the copy of the proposal filed with the Awarding Authority. The bid deposit shall be in a separate envelope, properly marked. Bid bonds will not be accepted.

No bidder may withdraw his bid within thirty days after the actual date of the opening thereof.

The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed shall not be less than the rate of wages determined for this work by the Commissioner of Labor and Industries of the Commonwealth of Massachusetts under the provisions of General Laws (Ter. Ed.), chapter 149, section 26, a schedule of which appears in the specifications.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract, and sufficient proof of compliance with the foregoing stipulation will be required before commencing performance of this contract.

Subbidders bidding on the work of subcontractors shall use the proposal form prepared by and obtainable from the Awarding Authority.

All subbidders' proposals must be in the possession of the Awarding Authority and delivered or mailed to the general bidder no later than 12 o'clock noon, Monday, May 3, 1954.

A bid deposit in the form of cash or a certificate of deposit issued by a responsible bank or trust company, payable to the City of Boston, in a sum not less than 5 per cent of the amount of his bid, shall be submitted by each subbidder with the copy of his proposal filed with the Awarding Authority. The bid deposit shall be in a separate envelope, properly marked. Bid bonds will not be accepted.

A deposit of a certified check in the sum of \$25, payable to the City of Boston, will be required in order to procure a complete set of plans and specifications. This deposit shall be returned, providing that all plans and specifications are returned in satisfactory condition within ten days after opening of bids.

A performance bond, issued by a surety company satisfactory to the Awarding Authority, in the full amount of the contract will be required of the successful general contractor.

The Awarding Authority reserves the right to waive any informalities and to reject any and all bids if it be in the public interest so to do. The Awarding Authority also reserves the right to reject all subbids or any item or items in accordance with the provisions of chapter 480 of the Acts of 1939.

Proposals for Underwater Inspection at the Malden Bridge.

The Commissioner of Public Works of the City of Boston, Room 508 (Contract Office), City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for underwater inspection at the Malden Bridge. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508 (Contract Office), City Hall Annex. Each proposal should be enclosed in an envelope, sealed, marked "Proposal for Underwater Inspection at the Malden Bridge," and left at Room 508 (Contract Office), fifth floor, City Hall Annex, before 2 P.M. of THURSDAY, APRIL 29, 1954, with a certified check for TWO HUNDRED AND SEVENTY-FIVE (275) DOLLARS, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then be publicly opened and read in the Hearing Room of the Street Commissioners, Room 401, City Hall Annex.

Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by bidder with the City Auditor previous to the time named for opening the bids. All proposals must be from bidders of record on file at Room 508, City Hall Annex. *There will be a charge of two dollars (\$2) for each set of plans and specifications taken out.* If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. Before commencing performance of this contract, the Contractor shall provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract and shall continue such insurance in full force and effect during the term of this contract. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

PROPOSALS FOR MAKING AND DELIVERING BLUE-PRINTS.

The Superintendent of Construction, Department of School Buildings, City of Boston, invites sealed proposals for making and delivering blueprints. Forms of proposals may be obtained at the office of the Superintendent of Construction, fourth floor, 26 Norman street, Boston, Mass. Each proposal must be signed by the bidder, placed in an envelope, properly sealed, and marked "Proposal for Making and Delivering Blueprints," and left at the office of the Superintendent of Construction, fourth floor, 26 Norman street, Boston, Mass., before 12 noon, Monday, April 26, 1954, accompanied by cash or certified check on, or a certificate of deposit issued by, a responsible bank or trust company payable to the City of Boston in the sum of \$100, to become and be the property of the City of Boston as liquidated damages, if, after an award is made to him, the bidder shall fail to enter into the contract therefor within ten days after notice of said award has been mailed to him. Bid bonds will not be accepted. Said proposals will then and there be publicly opened and read. Proposals must be made in duplicate, one with cash, certified check or certificate of deposit to be left as above, the other without cash, certified check or certificate of deposit to be filed with the City Auditor, City Hall, Boston, before the time stated above for the opening of proposals.

Specifications will be ready for distribution Tuesday, April 20, 1954, and may be obtained at the office of the Superintendent of Construction, Department of School Buildings, fourth floor, 26 Norman street, Boston.

A bond of a surety company, approved by the Superintendent of Construction, in the amount of \$1,000, to secure the due performance of the contract and the full protection of the city, will be required. The Superintendent of Construction reserves the right to reject any and all bids if it be in the public interest so to do.

PARK DEPARTMENT REPORTS MOST SUCCESSFUL BASKETBALL SEASON—767 GAMES PLAYED, WITH 111 OFFICIALS SUPERVISING—COST TO CITY AMOUNTED TO \$5,464—JUNIOR AND SENIOR LEAGUES PARTICIPATED, WITH GAMES IN ALL SECTIONS OF CITY.

According to the report of Frank R. Kelley, Chairman of the Park Commissioners, the basketball season for the year 1954 has been a huge success, with one of the largest numbers of participants in the history of the organization of that sport in the Park Department leagues. There were 767 games played, with temporary employment for 111 officials supervising them. The cost to the city and the Park Department for the season amounted to \$5,464.

The communication containing the information was forwarded to the Director of Administrative Services and approved as follows:

MAYOR HYNES TURNS DOWN REQUEST OF SCHOOL COMMITTEE TO RECOMMEND ADOPTION OF APPROPRIATION ORDER PROVIDING \$2,671,226.10 FOR GENERAL SCHOOL PURPOSES.

On April 15 Mayor Hynes forwarded the following communication to the School Committee vetoing proposal for increased budget:

MISS AGNES E. REYNOLDS, *Secretary*,
Department of the School Committee,
15 Beacon Street, Boston, Mass.

DEAR MISS REYNOLDS:

I acknowledge receipt of your letter of April 5, 1954, containing the request of the School Committee that I recommend to the City Council adoption of an appropriation order providing \$2,671,226.10 for General School Purposes.

Compliance with this request would mean that I was in agreement with an over-all program which provided for appropriations that were \$884,327.47 in excess of those adopted last year,

PLANS FOR MAYOR JOHN B. HYNES' ANNUAL CHARITY FIELD DAY OUTLINED—TO BE HELD AT FENWAY PARK ON MONDAY EVENING, JUNE 21—SPECIAL COMMITTEE CHAIRMAN CHOSEN FOR VARIOUS ACTIVITIES—100 OF CITY'S LEADING MERCHANTS, PUBLIC OFFICIALS, AND INDUSTRIALISTS JOIN WITH MAYOR IN DETERMINATION TO MAKE EVENT BEST EVER HELD.

Mayor John B. Hynes has named Park Commissioner Frank R. Kelley as chairman of the annual Mayor's Charity Field Day. It will be held this year on Monday evening, June 21, at Fenway Park.

Others designated by the Mayor to serve in key positions in the organization and promotion of the annual classic are: Chandler Bigelow, chairman, Special Citizens Committee; Maj. Gen. Roderick Allen, U. S. A., military; Joseph R. Hynes, tickets; Col. Paul Hines, publicity and promotion; Dr. Thomas T. Boyd, veterans' organizations; Robert Cusick, athletics; William F. Carr, schools; John H. Beasley, entertainment and program; Daniel M. Driscoll, treasurer; Robert J. Jones, executive secretary.

Serving on the general committee are fully 100 of the city's leading merchants, public officials, industrialists, lawyers, physicians, labor representatives, bankers, servicemen, and philanthropists.

Vice-chairmen of the committee are: Edmund J. Burke, chairman, Board of Assessors; Michael S. Costello, trustee, Mayor's Field Day; Joseph E. Cronin, manager, Red Sox; Charles J. Fox, city administrator; George G. Hyland, commissioner Public Works Department; Michael T. Kelleher, insurance broker; Walter R. Milliken, city censor; Richard H. O'Connell, superintendent, Fenway Park; Thomas F. Sullivan, Police Commissioner; Patrick J. Ryan, recreation director, Park Department; Thomas A. Yawkey, owner, Red Sox.

The Charity Field Day this year, says the Mayor, gives promise of being the most entertaining and successful yet produced. Television stars of musical comedy fame, several bands and orchestras, a sensational Australian tag wrestling act, a thrilling array of twelve fencing champions, male and female, with six contests taking place at the same time, and a colorful baseball game with the far-famed New England Hoboes pitted against the best semiprofessional or professional team that can be obtained are only some of the features being arranged.

All of the money raised through the Charity Field Day is spent under the personal supervision of the Mayor for unfortunate persons whose emergency needs cannot be met by public funds. Last year the net proceeds of the Field Day were upwards of \$50,000. It is the Mayor's hope that a similar amount will be raised this year.

Several thousand worthy persons benefited by the fund during the past year. Wheel chairs for polio and paraplegic victims; crutches and braces for cripples; glass eyes and eyeglasses for optical needs; artificial limbs and splints for surgical patients are just a few of the important items purchased out of the money for the quick relief of pathetic cases.

A complete record of all of the receipts and expenditures of the fund are kept by City Treasurer Daniel M. Driscoll, a trustee of the Charity Field Day.

Tickets for the event will be put on sale at all of the leading department stores and ticket agencies in the immediate future.

"O Boston, fair City enthroned like a radiant queen,
From thy hills looking down on the ship-teeming plain of the ocean;
May thy future be bright, thy skies beam with light all serene,
Ensured by the sons' and thy daughters' unselfish devotion."

From Boston Centennial Poem by
NATHAN HASKELL DOLE.

PARK DEPARTMENT RE- PORTS SUCCESSFUL BAS- KETBALL SEASON.

(Continued from page 501.)

Park Department Association of Basketball Leagues' season, together with a list of the officials who participated at these events.

Provision has been made in our 1954 budget to pay these officials at the rate of \$8 per night in the senior league, and \$5 per night in the junior league. All officials were required to sign an "Official Assignment Card" for each game he or she officiated at—these cards were then countersigned by a supervisor assigned by our Recreation Division.

These signed cards submitted weekly to the Park Department office at 33 Beacon street were checked against the league schedules and then posted to the individual earning card of each official. There was a total of 767 games played during the past season.

Accordingly, your approval is requested for the temporary employment of 111 basketball officials as listed on the attached sheets to be paid for the number of nights listed opposite their respective names at the rate of \$8 per night in the senior league and \$5 per night in the junior league, charged to No. 110 budget item, total amount, \$5,464.

Respectfully yours,

FRANK R. KELLEY, *Chairman.*

CIRCULAR LETTER.

CITY OF BOSTON,
MAYOR'S OFFICE, April 20, 1954.

To All Department Heads.

GENTLEMEN:

There will be a meeting of all department heads in the office of the Mayor on Tuesday morning, May 4, 1954, at 11 A.M. The presence of each department head is hereby requested at this meeting.

Respectfully,

J. B. HYNES, *Mayor.*

MAYOR JOHN B. HYNES ASKS SCHOOL COMMITTEE TO REVIEW REQUEST FOR ADDITIONAL APPROPRI- ATIONS.

(Continued from page 501.)

\$1,385,588.37 in excess of actual expenditures in 1953, and which would cause, of and by itself, an increase of 60 cents in the tax rate.

In view of the fact that the budgets adopted for city and county departments will not affect adversely the 1954 tax rate, I feel that all concerned should endeavor to establish school appropriations for the current year at a level close to that of 1953. To this end, I request that the School Committee review the several appropriations proposed for General School Purposes in your letter of April 5 and submit a revised schedule that will lessen the impact on the tax rate.

Very truly yours,

JOHN B. HYNES, *Mayor.*

MAYOR URGES CITIZENS OF BOSTON TO JOIN IN PRO- TEST AGAINST ALLOWING COMMUNIST CHINA INTO UNITED NATIONS.

Mayor John B. Hynes has designated the week of April 19 as the period for the people of Boston to register their protest against the admission of Communist China to the U.N. by signing the petition that is being circulated by "The Committee for One Million Against the Admission of Communist China to the United Nations."

"Admission of Communist China," the Mayor said, "would destroy the purposes, betray the letter, and violate the spirit of the charter of the United Nations. The charter dedicates the organization to insure peace by promoting

freedom and respect of human rights, and subordinates the admission of new states to their ability and willingness, in the judgment of the member nations, to carry out these obligations of the United Nations. The so-called Chinese People's Republic is constitutionally unable to do this since it officially declares itself to be a 'dictatorship' based on 'democratic centralism.' This is the basic principle of Communist totalitarianism and excludes freedom of discussion or criticism of government; that is, it excludes freedom and democracy altogether.

"Even if the so-called Chinese People's Republic were qualified for admission under the charter, the fact still remains that the duly constituted government of China exists and functions not only as the rightful government of China but as a charter member of the United Nations. In order to give membership to the usurpers the legitimate government of China would have to be expelled. Such action would be an outrage against human decency and international justice. "The so-called Chinese People's Republic has shown its unwillingness to carry out the obligations of the charter by systematically disregarding every human right and violating every freedom.

"By participating in Communist aggression in Korea and making war on the United Nations it has proved itself an aggressor.

"Its admission would destroy the prestige and the position of the United States and of the free world in Asia. The countries of that continent which still resist Communist aggression or infiltration would be discouraged by the cynical surrender of the free world to expediency and appeasement and the betrayal of the ideals of the United Nations. The Asian nations, in turn, would then make fatal compromise with the Communist bloc."

MAYOR AND BOSTON CITIZENS GET EASTER GREETINGS FROM MEN OF THE U. S. S. "COLUMBUS" AND SEND REPLY.

The following communication has been received at the office of the Mayor from B. Vanmater, Captain, U.S. Navy, Commanding Officer, U.S.S. "Columbus" (CA-74), c/o Fleet Post Office, New York, New York:

HON. JOHN B. HYNES,
Mayor of Boston.

MY DEAR MAYOR HYNES:

Easter is a time for men of good faith to rededicate themselves to the Christian principles of personal and universal integrity.

Particularly at Easter, 1954, it is eminently vital that we take more than a cursory glance at this world of ours. We have recently concluded a truce, halting hostilities in Korea. Yet already the concepts of free men are being tested anew in the other parts of the globe.

Freedom is a precious thing; and with its preciousness there must be a strong, protecting hand. The personnel of the heavy cruiser U.S.S. "Columbus" (CA-74), with American servicemen everywhere, are manning their stations, ready to fight the good fight should freedom's bell ring warning.

Many of the officers and men of this ship come from the Boston area. They

serve willingly today so they may return home peacefully tomorrow.

The officers and men of the U.S.S. "Columbus" send their best wishes to you and to all the residents of Boston during Easter, 1954. May the hope of justice and the ideal of peace, which we here reaffirm, soon find ultimate reality in a contented and useful world.

Yours truly,

B. VANMATER,
Captain, U.S. Navy,
Commanding Officer.

MAYOR MAKES REPLY.

Following is the reply of his Honor the Mayor, John B. Hynes:

B. Vanmater, Captain, Commanding Officer, U.S.S. "Columbus" (CA-74), c/o Fleet Post Office, New York, New York.

DEAR CAPTAIN:

I am most pleased to receive your letter at the Easter season.

It would be an ever so much better world if the people in it believed in and followed Christian principles. We seem to be living in a period when the Eternal Laws of the Almighty are given but lip service, even in countries where free worship is permitted.

Somewhere along the line, and I hope soon, there will be a realization that man is flirting with his own destruction, and unless he again begins to think in terms of eternal life he may well accomplish complete annihilation of the world in which we live.

I am happy to know that many of your personnel are from Boston, and I am sure at this Easter time their thoughts are of home and of the Crucified Redeemer. Will you kindly extend to them, and to all your personnel, the best wishes of the City of Boston.

Respectfully,

JOHN B. HYNES,
Mayor of Boston.

Mayor of Boston.

DEAR MR. MAYOR:

On February 18, 1954, following the customary public advertising in the *City Record*, your Honor approved my written request of February 16, 1954, for the award of a contract in the approximate sum of \$30,000 to the present supplier and lowest bidder, Universal Tire & Auto Supply Company, Inc., 1305 Boylston street, Boston, Mass., for the furnishing of tires and tubes to the various city departments for the period from April 1, 1954, to March 31, 1955.

It has now come to my attention that the proposal submitted to the city by the aforementioned firm was a qualified bid and, as a result, the bid cannot be considered as responsive to our published invitation for bids.

However, as this firm, in fact, supplies excellent merchandise and actually submitted the lowest prices for tires and tubes, I am of the firm opinion that it would be in the best interests of the city to enter into a contract with the Universal Tire & Auto Supply Company, Inc., at its offered unit prices for the tires and tubes.

Therefore, this communication is to supersede my earlier request, and your authorization is now requested to reject all the bids received as a result of the public advertising and to enter into a contract in a sum not to exceed \$37,500, without additional public advertising, with Universal Tire & Auto Supply Company, Inc., who now propose unqualifiedly to supply tires and tubes at the prices stated in its formal proposal to the city from April 1, 1954, to March 31, 1955.

The proposed contract sum of \$37,500 takes into account a possible additional expenditure at the contract unit prices of 25 per cent of \$30,000, which latter amount would have been the stated contract sum if the award was predicated entirely on the original bid submitted. Our form of contract, as we advertise it, extends to the city the option to purchase an additional 25 per cent at an executed contract's unit price, and since the contract herein proposed is to be one without public advertisement, it appears to be to the city's advantage to execute it now at a contract cost of \$30,000 plus 25 per cent (\$7,500) thereof, namely, in the maximum sum of \$37,500.

Respectfully yours,

JOHN V. MORAN,
Purchasing Agent.

CITY PLANNING BOARD.

BOSTON, April 13, 1954.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

On Tuesday, April 13, 1954, at a meeting of the City Planning Board, the following vote was taken:

"Voted, That Adams, Howard & Greeley, City Planning Consultants,

15 Ash street, Cambridge, be engaged by contract covering a period of twelve months, from April 1, 1954, to March 31, 1955, at a total cost of nine thousand six hundred dollars (\$9,600) to furnish its services, guidance and assistance as consultant to the Board in the Rezoning Study now being conducted, in accordance with the proposed work program as submitted to and approved by the City Planning Board on January 19, 1954, and, further, that the chairman be authorized to sign the contract."

Therefore, if this meets with your approval it is respectfully requested that your authorization be given for the awarding of the proposed contract, without public advertising, to Adams, Howard & Greeley, City Planning Consultants, to cover the period from April 1, 1954, to March 31, 1955, for furnishing the above-mentioned services at a cost not to exceed nine thousand six hundred dollars (\$9,600).

It is felt in view of the nature of the professional services involved, as well as the fact that this firm has so satisfactorily and efficiently performed a similar service for the Board during the past ten months, that nothing would be gained by publicly advertising for bids for this work.

Very truly yours,

THOMAS F. McDONOUGH,
Chairman.

BOSTON, April 15, 1954.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

On Tuesday, April 13, 1954, at a meeting of the City Planning Board, the following vote was taken:

"Voted, That Adams, Howard & Greeley, City Planning Consultants, 15 Ash street, Cambridge, be engaged by contract covering a period of twelve months, from April 1, 1954, to March 31, 1955, at a total cost of sixteen hundred dollars (\$1,600) to provide assistance and guidance to the Board in conducting its master plan work and that the chairman be authorized to sign the contract."

Therefore, if this meets with your approval it is respectfully requested that your authorization be given for the awarding of the proposed contract, without public advertising, to Adams, Howard & Greeley, City Planning Consultants, to cover the period from April 1, 1954, to March 31, 1955, for furnishing the above-mentioned services at a cost not to exceed sixteen hundred dollars (\$1,600).

It is felt in view of the nature of the professional services involved, as well as the fact that this firm has so satisfactorily and efficiently performed a similar service for the Board during the past twelve months, that nothing would be gained by publicly advertising for bids for this work.

Very truly yours,

THOMAS F. McDONOUGH,
Chairman.

HOSPITAL DEPARTMENT.

BOSTON, March 26, 1954.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

We respectfully request your permission to dispense with publicly advertising

for bids, and to award a contract to Portland Elevator Company, Inc., 133 Oliver street, Boston, Mass., for maintenance of two (2) electric passenger elevators, Vose House, Boston City Hospital, for the period from April 1, 1954, to March 31, 1955, inclusive, at a monthly cost of \$174.93, the total cost for the contract period not to exceed the sum of \$2,099.16.

This firm has performed this very technical service in a satisfactory and most efficient manner for the past three years.

The rates this year represent an increase of \$4.93 per month over the rates as stated in the contract which is to expire on March 31, 1954, however, the increase is one that has been determined in accordance with the terms of certain option provisions contained in the contract under which the city could have required the contractor to perform these services at the new rate for the period of the proposed contract, namely, April 1, 1954, to March 31, 1955.

Furthermore, it is the opinion of the Board of Trustees that the interest of the city will best be served by awarding the new contract, without advertising, to Portland Elevator Company, Inc., and the Board is further of the view that nothing would be gained by publicly advertising for proposals for this work.

Respectfully yours,

BOARD OF TRUSTEES, BOSTON CITY
HOSPITAL,
by RICHARD J. CONDON,
President.

INSTITUTIONS DEPARTMENT.

BOSTON, April 13, 1954.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

I respectfully request your authorization to dispense with a public solicitation of proposals in the *City Record* and to award a contract to H. D. Lockhart, 35 Hale street, Hyde Park, Mass., providing for the servicing of Long Island Hospital for the control of vermin.

The aforementioned firm has done this work for the past three years. The Lockhart Company services the hospital once each week at a cost of \$100 a month.

The work has been done in a satisfactory manner and it is my opinion that nothing would be gained by publicly advertising for bids for performance of this work.

Respectfully yours,

JOHN R. MCGILLIVRAY,
Commissioner.

PARK DEPARTMENT.

BOSTON, April 8, 1954.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR SIR:

For the last few years, in the larger areas of the park system, we have sprayed trees by airplane. These trees are located in sections where the cost would be prohibitive if the spraying was to be done by ordinary methods, because of the time and effort that would be required to effect an entrance into heavily wooded areas with trucks and standard spraying equipment.

These sections are Franklin Park, George Wright Golf Course, and the larger cemetery areas throughout the city.

It is necessary that we get started on this work at once, and in order to save

time we asked for bids from four concerns equipped to do airplane spraying. The four concerns responded as follows:

Eastern Tree and Landscape Corporation, 280 Bridge street, Dedham, \$1.85 per acre.

Blueview Nursery, 32 Gaston street, Roxbury, \$2 per acre.

Superior Tree Service, Inc., 15 Littlejohn street, Arlington, no bid.

Davey Tree Expert Company, 43 Leon street, Boston, no bid.

The area to be sprayed contains approximately 885 acres and the total cost will not exceed \$1,650. The spray material will be furnished by the contractor. As mentioned above, spraying by regular truck and hand labor would cost considerably more money.

The Board of Park Commissioners therefore respectfully requests your approval to dispense with publicly advertising for bids and to award a contract to the lowest invitation bidder, Eastern Tree and Landscape Corporation, 280 Bridge street, Dedham, Mass., for the spraying of trees in sections of the park system by airplane, at a price of \$1.85 per acre, the total amount of the contract not to exceed \$1,650, to be charged to the special appropriation, "Trees Afflicted with Dutch Elm Disease, Removal of." (1-31-43).

Respectfully yours,

FRANK R. KELLEY,
Chairman.

BOSTON, April 8, 1954.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR SIR:

It is necessary that we start the spring program of spraying trees throughout the park system at once as it is vital that the dormant spraying of trees be done now, before they actually are in flower. To expedite the work, we asked for bids from prominent tree concerns who have the necessary equipment and personnel for doing this work in a proper manner. The bids received are as follows:

Superior Tree Service, Inc., 15 Littlejohn street, Arlington, \$11.75 per hour.

Eastern Tree and Landscape Corporation, 280 Bridge street, Dedham, \$11.75 per hour.

Blueview Nursery, 32 Gaston street, Roxbury, \$12 per hour.

Davey Tree Expert Company, 316 United Building, 43 Leon street, Boston, \$17.50 per hour.

The lowest bid received was submitted by two concerns, the Superior Tree Service, Inc., and Eastern Tree and Landscape Corporation. The proposal requires that the successful bidder furnish a truck and hydraulic sprayer with three men to operate the truck and sprayer, also all other equipment necessary for spraying, including oil and gasoline, for the truck. The spray material is to be furnished by the Park Department.

The unit price of \$11.75 per hour is a reasonable one. In order to have the work completed before the spring season is too far advanced for spraying, I feel that it is necessary to divide the work between the two low bidders, at the same unit price quoted by both.

Accordingly, it is respectfully requested that we be permitted to dispense with public advertising for bids and to award a contract to Superior Tree Service, Inc., 15 Littlejohn street, Arlington, Mass.,

for spraying trees throughout the park system at the unit price of \$11.75 per hour, the total amount of this contract not to exceed \$6,500, to be charged to the special appropriation, "Trees Afflicted with Dutch Elm Disease, Removal of." (1-31-43).

Respectfully yours,

FRANK R. KELLEY,
Chairman.

BOSTON, April 15, 1954.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR SIR:

In order to carry out our garden program at the Cummings Estate in Woburn for 1954, it is necessary that we arrange for the transportation of children from all sections of the city to take part in this program. For the past few years the cost of transporting children—by bus for those living in some sections of the city and by railroad for those living in the North End section—has

been paid by the Park Department from the income of the Randidge Trust Fund.

All arrangements for transportation are made through the Boston School Department under the supervision of Henry G. Wendler, supervisor of gardening for the schools and for the entire garden program at the Cummings Estate. In previous years the buses were hired from the Metropolitan Transit Authority on service order from the Park Department and were paid directly through the City Auditor's office by the Park Department. Railroad fares were paid by the School Department under their own order numbers, and at the end of the season the School Department, through the Business Manager, bills the Randidge Trust Fund Income for the amount of the railroad transportation.

We have received a request from the School Department for the same arrangement for this year. The rate for buses in 1954 will be \$33.25 per bus per day, the same as in 1953. The railroad charges will be at the current fare rates in effect during the summer and fall seasons. The cost last year for all transportation required for this program was approximately \$1,800. It appears that the cost will be the same this year.

We therefore request your approval to provide transportation by bus and railroad for school children who will take part in the garden program at the Cummings Estate during 1954, for a sum not to exceed \$1,800, to be charged to the Randidge Trust Fund Income.

Respectfully yours,

FRANK R. KELLEY,
Chairman.

PUBLIC WORKS DEPARTMENT.

BOSTON, March 25, 1954.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

The downstream leaf of the Summer Street Drawbridge was seriously damaged while the drawtenders were making an opening yesterday at noon, with the result that this leaf will be out of service for approximately four or five weeks. The trucks that support the drawspan, and which operate on narrow gauge rails in conveying the drawspan to "off" and "on" positions, overran the end of the rails, with the result that the wheels of the trucks were derailed, causing damage to the trucks and a very noticeable bend in the main bridge girder. The accident occurred due to the failure of areas of the wooden foundation on which the drawspan rests while in an "off" position. (Open to navigation and closed to vehicular use.)

Emergency repairs must be made at once, and I have, therefore, arranged with the Crandall Engineering Company to undertake this work and to effect the repairs as soon as possible. The above-referenced contractor is now engaged on a contract with this department for repairing the foundations of the Charlestown High Bridge and is eminently qualified to do the repair work necessary to the Summer Street Drawspan. This work is of an emergency nature, as one-half of the bridge is now closed to vehicular traffic. Incidentally, the bridge was constructed in 1901 and is a so-called double retractile drawbridge, comprised of two leafs—one upstream and one downstream. The upstream leaf is still operating and, therefore, is available for vehicular traffic. However, as you well

know, a large volume of traffic uses this structure, with the result that we must place the defective leaf back in operation as soon as possible; hence, the necessity of an emergency contract.

It is estimated that the repair work will take from four to five weeks, and while it is very difficult to estimate the cost, I feel reasonably certain that it will not exceed \$20,000. The representative of the Crandall Company informed me that they will start work on next Monday and will prosecute the work diligently until completion.

I respectfully request, therefore, your authority to dispense with advertising and to award an emergency contract to the Crandall Engineering Company, of 261 Franklin street, Boston, Mass., on a cost-plus basis, in an amount not to exceed \$20,000, for effecting repairs, as directed, to the foundation of the Summer Street Drawbridge.

Respectfully yours

GEORGE G. HYLAND,
Commissioner of Public Works.

BOSTON, March 29, 1954.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

At the present time, the American Service Company of 253 Adams street, Dorchester, has the contract for the servicing and maintaining of the gas lamps used for street lighting purposes.

Under the terms of the present contract, which will terminate on March 31, the contractor is paid \$20.87 per lamp per year. I have been negotiating with the contractor's representative for the past several weeks concerning the proposed new contract, which will start April 1, but I have been unsuccessful in my efforts to retain the above rate in the new contract.

Over the past four years, we have removed approximately 3,364 gas lights and replaced them with modern, electric street lights, and have reduced the number of gas lights still remaining in the streets to approximately 3,600. The contractor claims that the substantial reduction made in the number of gas lights has increased his unit cost, with the result that the present contract is not profitable to him. The contractor's representative requested a substantial increase in the current contract price, but finally agreed to accept an increase of \$1 per lamp per year, which will increase the cost to the city by approximately \$3,600, or less than 5 per cent. The agreed new price of \$21.87 is less than that paid on similar contracts by some of the adjacent municipalities, and I am satisfied that no lower price could be obtained if the department publicly advertised for proposals.

I respectfully request, therefore, that you authorize me to dispense with advertising, and to award a contract to the American Service Company, of 253 Adams street, Dorchester, for the servicing, maintaining, and equipping of the gas lamps located in the streets of this city, for the period from April 1, 1954, to March 31, 1955, at an agreed price of \$21.87 per lamp per year. It is estimated that the cost of the above-referenced contract will not exceed \$60,000, for the period from April 1 to December 31 of the current year; and it is further estimated that it will not exceed the sum of \$20,000 for the first three months of

1955. The contract period from January 1, 1955, to March 31, 1955, comes within the scope of the provisions of chapter 182 of the Acts of 1951, which authorizes, in substance, the awarding of a contract for the first three months of a succeeding year upon like or more favorable terms and conditions than the contract in effect during a current year.

Respectfully yours,

GEORGE G. HYLAND,
Commissioner of Public Works.

EXTENSION OF CONTRACTS.

DEPARTMENT OF SCHOOL BUILDINGS.

Approval has been given for an extension of time for the completion of the contract with Central Building Wrecking Company, of Everett, for the demolition of the Blackinton School, East Boston, to May 15, 1954. This extension was requested because the weather has been too inclement for continuous outdoor work.

HOSPITAL DEPARTMENT.

Approval has been given for an extension of time from February 28, 1954, to April 15, 1954, on the contract of D. Antonellis, Inc., for repairs to No. 4 and No. 6 boilers in Power Plant, Boston City Hospital. This extension of time was necessary because of the additional work which was not contemplated at the time the contract was awarded.

Sanatorium Division.

It is agreed that the words "one hundred working days," appearing in the contract for renewal and repairs to steam distribution system at the Sanatorium Division of the Boston City Hospital, between the City of Boston and Eugene Ricciardelli, dated November 25, 1953, be stricken out, and the words "June 18, 1954," be substituted in their place.

PUBLIC WORKS DEPARTMENT.

Approval has been given for an extension of time for the completion of the contract with the Crandall Engineering Company, 261 Franklin street, Boston, for strengthening the piers of the Charlestown Bridge, over the Charles River, to April 24, 1954. This extension was requested because the contractor has been delayed on account of being required to do additional work which was not originally anticipated.

Approval has been given for an extension of time for the completion of the contract with Clarkeson Engineering Company, Inc., for study and report on portion of route of John F. Fitzgerald Expressway, from February 15, 1954, to March 20, 1954. This extension was requested because further study is necessary on ramp locations, etc.

EXTRA WORK UNDER CONTRACT.

PUBLIC WORKS DEPARTMENT.

A. Singarella & Son have been directed to perform the following extra work under the contract dated September 1, 1953, for bituminous concrete pavement in Dunboy street, Hatherly road, Mt. Vernon street, Shannon street, and Windom street:

In Hatherly road, remove and dispose of two trees, including stumps, in front

of No. 31, averaging 12 to 15 inches in diameter, for the sum of \$40 each.

In Hatherly road, in front of No. 29, remove and dispose of one tree and stump, 8 inches in diameter, for the sum of \$25. Estimated cost of extra work, \$105.

TRANSFERS OF APPROPRIATIONS.

The Mayor has approved the following requests for transfers of appropriations:

ADMINISTRATIVE SERVICES DEPARTMENT.

Director's Office.

From 230, Professional and Technical Services, \$100, to 499, Current Charges and Obligations (Not Otherwise Classified), \$100.

REGISTRY DEPARTMENT.

From V, Equipment (from Item 564, Typewriters), \$3, to V, Equipment (to Item 593, Library Books), \$3.

AMENDED DAMAGES.

The Mayor has approved the following votes of the Board of Street Commissioners:

Voted, That the order of the Street Commissioners and Mayor of September 23, 1952, as amended, determining damages caused by the making of the public improvement consisting of the laying out of Ferncroft road, West Roxbury, be, and the same hereby is, amended, by adding to said order the amount \$73.50 as an award to Josephine C. Hester; that the amount \$73.50 be, and the same hereby is, awarded to Josephine C. Hester for the damages so sustained.

Voted, That the order of the Street Commissioners and Mayor of November 29, 1951, as amended, determining damages caused by the making of the public improvement consisting of the widening and relocation of Poplar street, West Roxbury, be, and the same hereby is, amended, by adding to said order the amount \$125 as an award to John L. and Mary W. Sullivan; that the amount \$125 be, and the same hereby is, awarded to John L. and Mary W. Sullivan for the damages so sustained.

Registered Voters (Men and Women), City Election, November 3, 1953.

PROCEEDINGS OF CITY COUNCIL.

Monday, April 12, 1954.

Regular meeting of the City Council held in the Council Chamber, City Hall, at 2 p.m., President WHITE in the chair and all the members present. The Reverend Francis A. Regan, of St. Mary, Star of the Sea, Catholic Church, Beverly, Mass., was escorted to the rostrum.

INVOCATION BY REV. FRANCIS A. REGAN.

O Almighty and Eternal God, look down in love and mercy upon the work of these Your children as they gather here today to participate in Your divine power of governing. For it is Your vocation to them. They are the channels whereby Your pure light can shine once more through the darkness of confusion and doubt. Through them You can bring sanity and hope to a despairing people. Through them society can rise again to proclaim Your sovereignty and majesty. To them do Your especially beloved, our youth, turn for inspiration and integrity. To them do the aged, homeless, and outcast look for haven and shelter. To them Your sick stretch out their weary arms for solace and strength.

Yes, Almighty God, You have chosen them; their responsibilities are great; their vocation sacred. We pray that the abundance of blessings which You will send them here may be but a reflection of the reward You will give Your faithful stewards in eternal life.

Help them to fulfill the desires You have implanted in their hearts to be witnesses to Your law and defenders of Your justice.

Aid them to be faithful to Your trust, so that they may become stones along the highway over which a lost generation may find its way back to You at last.

Help us now and always through Your most tender mercy, through Jesus Christ Thy Son Our Lord.

The meeting was opened with the salute to the Flag.

APPOINTMENT BY THE MAYOR.

Subject to confirmation by the Council the Mayor submitted the following appointment:

Constable with authority to serve civil process upon filing of bond for the term ending April 30, 1955: Morris Clemens, 1711 Commonwealth avenue, Boston.

Referred to the Committee on Confirmations.

RESURFACING OF TEMPLETON STREET.

The following was received:

City of Boston,
Office of the Mayor, April 12, 1954.
To the City Council.
Gentlemen:

I transmit herewith communication from the Commissioner of Public Works relative to your order of March 29, 1954, requesting the resurfacing of Templeton street, Ward 16.

Respectfully,

J. B. HYNES, Mayor.

City of Boston,
Public Works Department,
April 5, 1954.

Harold B. Flemming,
Chief Clerk, Mayor's Office.

Dear Mr. Flemming:

This is in reference to the following order that was passed in the City Council under date of March 29:

"Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to resurface Templeton street, Ward 16, at the earliest possible opportunity."

You may be assured that consideration will be given to including the above-referenced street in the current year's reconstruction program, if the results of a survey determine that the street is in need of resurfacing this year.

I trust, therefore, that this matter will be adjusted satisfactorily.

Respectfully yours,
GEORGE G. HYLAND,
Commissioner of Public Works.

Placed on file.

INFORMATION RE SERVICES OF CROTTY BROTHERS.

The following was received:

City of Boston,
Office of the Mayor, April 12, 1954.
To the City Council.
Gentlemen:

I submit herewith communication from the Board of Trustees of the Boston City Hospital transmitting full and complete answers to the ten questions propounded by the City Council in connection with the Food Control contract of Crotty Brothers.

Respectfully,
J. B. HYNES, Mayor.

City of Boston,
Hospital Department, April 9, 1954.
Hon. John B. Hynes,
Mayor of Boston.
Your Honor:
I am happy to furnish you with the answers to the several questions directed through you to the Board of Trustees from the City Council regarding the Food Control contract of Crotty Brothers, Inc. The full Board has approved of the material which we are now submitting.

We appreciate your cooperation in this matter.

Sincerely yours,

RICHARD J. CONDON,
President, Board of Trustees.

(Accompanying the communication was a voluminous report in answer to the order of the City Council of March 22, 1954.)

CONTRACTS FOR COLLECTION AND REMOVAL OF REFUSE.

The following was received:

City of Boston,
Office of the Mayor, April 8, 1954.
To the City Council.
Gentlemen:

I am forwarding to you herewith (1) a self-explanatory communication received by me this day from the Commissioner of Public Works regarding proposed contracts for the collection and removal of refuse; and (2) an order approving said contracts which I recommend that your Honorable Body adopt after holding the public hearing prescribed by Stat. 1909, c. 486, s. 6, of which hearing at least seven days' notice must be given in the "City Record."

Respectfully,

J. B. HYNES, Mayor.

City of Boston,
Public Works Department,
April 7, 1954.

Hon. John B. Hynes,
Mayor of Boston.

Dear Mr. Mayor:

Under date of March 24, 1954, your Honor approved the awarding of two-month contracts, effective April 1 of the current year, for collecting and removing garbage and refuse in District 11, Hyde Park, and District 5B, Jamaica Plain, pending the approval of the City Council to the award of contracts in excess of one year to the contractors to whom the above-referenced short-term contracts were awarded. Your Honor also approved the awarding of twenty-two-month contracts, effective June 1 of this year, in Districts 5B and 11, with the understanding that the contracts for the latter-referenced periods would not be valid unless approved by the City Council, in accordance with the provisions of section 6 of the City Charter.

Following the procedure established by the Law Department last year, I submit herewith two executed copies of each contract document for the above-referenced districts for a twenty-two-month period, from June 1, 1954, to March 31, 1956. The attached contract documents cover the districts listed below:

District 5B, Jamaica Plain, J. J. Moore Company, Inc., closed trucks, from June 1, 1954, to March 31, 1956, \$9,615, monthly.

District 11, Hyde Park, Frank J. Cavaliere, closed trucks, from June 1, 1954, to March 31, 1956, \$5,000, monthly.

The above-referenced contractors are exceptionally qualified, and the award of contracts for two-year periods instead of one-year periods will result in a saving of at least \$7,920 annually to the city for the furnishing of the modern, sanitary, all-enclosed steel bodies.

At the present time, current contracts are in effect in five districts for garbage and refuse collection work in excess of one-year periods; said contracts being awarded last year after obtaining the necessary approval of the City Council. These long-term contracts unquestionably are advantageous to the city, to the contractors, and also to the contractors' employees, and in the not too distant future all refuse collection contracts in the city, in my opinion, will be for two- or three-year periods.

I respectfully recommend that the attached orders providing for the award of the above-referenced contracts, be forwarded to the City Council, for the approval of that Body.

Respectfully yours,

GEORGE G. HYLAND,
Commissioner of Public Works.

Ordered, That contracts made by the Commissioner of Public Works in the name and behalf of the City of Boston for the collection and removal of refuse be, and hereby are, approved under St. 1909, c. 486, s. 6, as follows:

1. Contract with J. J. Moore Company, Inc., for the collection and removal of refuse from District 5B (Jamaica Plain), so called, during the one-year ten-month period beginning June 1, 1954, and ending March 31, 1956.

2. Contract with Frank J. Cavaliere for the collection and removal of refuse from District 11 (Hyde Park), so called, during the one-year ten-month period beginning June 1, 1954, and ending March 31, 1956.

Referred to the Executive Committee.

REPORT OF FINANCE COMMISSION RE: UNUSED REAL ESTATE OF SCHOOL COMMITTEE.

The following was received:

City of Boston,
Finance Commission, April 9, 1954.
To the Honorable the Mayor and City Council.

While you are considering what action to take in regard to the School Committee budget, which will be before you shortly, the Finance Commission suggests that you give consideration to the situation in regard to the unused real estate in possession of the School Committee. The valuation by the assessors of such properties amounts to more than \$3,000,000, yet it is well known that the true valuation of city-owned property, because not taxable, is seldom given serious consideration.

The fact of the matter is that at present there are approximately 40 properties held by the School Committee for which it appears there is no school use intended. Twenty of these properties contain buildings some of which are substantial in size and in value. They are the schools which were

Schools.

Emerson
Andrews
Hawes Hall
George Putnam
Lyceum Hall
Paul Revere
S. M. Weld
Quincy Street
Hobart Street
Lafayette
William Cullen Bryant
Robert Swan

This record of the damage which occurs in the closed buildings is by no means complete. Not only does every one of them become a particular target for mischief, but the unrestrained vandalism in the closed buildings undoubtedly inspires similar depredations in other school buildings. Since the repair bills resulting from vandalism in school properties cost the City each year well into six figures, if the properties for which there appears to be no future use by the School Committee were sold to private interests to permit private use and development, obviously the City's repair bill would be reduced, and school and police officials who now devote considerable time to prevention and repair of damage could be used in other school and police work.

The Finance Commission is inspired to bring this matter to your attention at this time because it has noted that the School Buildings Department has twice in the last year endeavored, without success, to obtain some direction from the School Committee in regard to the closed buildings, the latest occasion being by letter on October 13, 1953.

The buildings which were closed in 1953, in regard to which no instruction for future care has yet been available to the School Buildings Department which must maintain them, are as follows:

School.	Constructed In
Emerson	1865
Andrews	1896
Lyceum Hall	1892
Savin Hill	1884
George Putnam	1880
Cora Etheridge	1883
Hobart	1881
Paul Revere	1898
Henry Grew	1871
Quincy Street	1882
Elbridge Smith	1870
Dorchester School for Girls	1901
Brandeis	1928
B. F. Tweed	1892
Richard Olney	1892
S. M. Weld	1895
William Wirt Warren	1892
Hawes Hall	1823
Practical Arts	1913

The properties containing buildings which were discontinued previous to 1953 are located as follows:

Ruggles street, Roxbury.
Parker street, Roxbury.
Mt. Pleasant avenue, Roxbury.
Thetford avenue, Dorchester.
Glenway street, Dorchester.
Kenilworth street, Roxbury.

Properties which formerly contained buildings and which are now in the non-taxable category are located as follows:

Belmont square, East Boston.
Bartlett street, Roxbury.
Thornton street, Roxbury.
Everett street, Dorchester.
Edin street, Jamaica Plain.
Waverly street, Brighton.
Broadway, South Boston.
Dighton street, Brighton.

An abandoned school, the Lucretia Crocker, located in the Bromley Park Housing Project, is at present under a lease for one year by the plumbing contractor working on the housing project, but will be vacated when his work is completed. This building was built in 1884 and would require a large outlay to restore it for school use, and at best

ordered discontinued by the School Committee in June, 1953. There are, in addition, six other properties containing buildings which were discontinued as schools in previous years; and there are many properties not now intended for use which formerly contained buildings. It appears that prospective buyers have become interested in many of these properties.

Undoubtedly, little if any use can be found for some of these 26 buildings because they are old and dilapidated, but in these instances as well as in the instances of properties without buildings the land has considerable value. Obviously, if sold, they will be restored to taxation.

Early action in this situation is necessary because many of these unused buildings are daily the objects of vandalism. The City is losing value by such acts, and time and effort of school and, particularly, police officials are spent in guarding them. The expense of repair and maintenance of them is substantial.

As an illustration of what is happening to some of these properties, the following record is taken from the file of the School Buildings Department:

Complaints.

Constantly being entered; boy hurt.
Badly damaged by vandals; copper stolen from roof.
Constant complaints from police on entry.
Complaints from police; gas stove stolen.
Badly damaged by vandals.
Complaints of entry.
Has been entered and damage done.
Has been entered and damage done.
Continuous complaints; all windows broken.
Many complaints; has been entered and damaged.
Completely damaged.
Constantly being entered; fire set here.

would be a small outmoded building. It stands in the middle of a new housing project.

Another old school, the Frothingham, located in Charlestown, which was abandoned for school use several year ago, still stands, and the only use made of it is to conduct a class in masonry given by a labor union.

There are four other properties which were acquired for school purposes in past years, but which now appear unwanted by the School Committee. These are located as follows:

Woodward street, South Boston.
Middle street, South Boston.
Magnolia street, Dorchester.
Fairmount avenue, Hyde Park.

In the above list of 20 discontinued schools, there are three properties concerning which the vote to abandon is likely to be rescinded. They are the Dorchester High School for Girls, the Practical Arts High School, and the Brandeis Vocational High School.

There is the unusual situation in the instance of the Hugh O'Brien School in Roxbury that the school is discontinued but the building is retained because its heating plant supplies heat for the Emerson School which is adjacent.

The School Buildings Department authorities have informed the School Committee that if the above-mentioned closed buildings are to be retained any length of time, the immediate expense of an effort to preserve them and the facilities now in them in approximately good condition would be as follows:

Cost of boarding windows and doors	\$26,120
Cost of removing furniture	2,415
Cost of salvaging blackboards	2,432
Cost of removing electrical equipment	3,400
Cost of removing heating and ventilating equipment	12,300*
Cost of removing plumbing	1,090*
	\$47,757

* This figure does not include cost of removal of equipment at the Brandeis School or the High School of Practical Arts, nor does it include the cost of removing boilers from any of the schools, which is estimated to be \$300 to \$500 per boiler.

The Finance Commission recommends that, before approving the School Committee budget, you require the School Committee to make suitable arrangements to protect the school properties and to dispose of those for which no future use is contemplated. Saving expense to the City and restoring properties to the tax roll are important objectives in the City's financial situation. Nevertheless, it is advisable, in the disposition of any unwanted properties, to clear all such parcels through the City Planning Board, to determine whether any of them may have a municipal use.

Respectfully submitted,

EDWARD F. MULLEN, Chairman,
LEO J. DUNN,
EDWARD C. LEE,
ROGER J. ARIZALO, M.D.,
H. W. DWIGHT RUD.

The Finance Commission.

ROBERT E. CUNIFF,
Secretary.

Referred to the Committee on Appropriations and Finance.

The reports were accepted, and the question came on confirmation. Committee, Councillors McCormack and Foley. Whole number of ballots 7, yeas 7, and the appointments were confirmed.

ESTABLISHMENT OF COMMISSIONS TO PROMOTE BUSINESS AND INDUSTRY.

Coun. ALFARN offered the following:
Ordered, That chapter 297 of the Acts of 1954, entitled an Act Authorizing Cities and Towns to

Establish Commissions to Promote Business and Industry, and to Appropriate Money Therefor, be, and hereby is, accepted.

Passed under suspension of the rules.

ESTABLISHMENT OF DEVELOPMENT AND INDUSTRIAL COMMISSION.

Coun. AHEARN offered the following:

Whereas, The City of Boston now finds itself in dire financial straits and in great need of new tax revenue; and

Whereas, The tax rate of the City of Boston must be substantially reduced in the near future if we are to retain our position of prominence, leadership and solvency; and

Whereas, Boston has lost many a business and industry in recent years thereby aggravating an already serious situation; and

Whereas, Many a new business and new industry coming into New England could have been attracted to Boston had the proper efforts been made, and timely action taken; and

Whereas, The City of Boston is in dire need of attracting new business to our city; and

Whereas, An efficient agency, properly set up and staffed and devoted exclusively to bringing in and promoting new business has been sorely missed in Boston; be it therefore

Ordered, That his Honor the Mayor is hereby requested to take immediate advantage of section 8A of chapter 40 of the General Laws as accepted by the Boston City Council today and establish a development and industrial commission for the promotion and development of the industrial resources of the City of Boston.

Passed under suspension of the rules.

Coun. HURLEY in the chair.

OPPOSITION TO CLOSING OF MURPHY GENERAL HOSPITAL.

Coun. FOLEY offered the following:

Whereas, The Department of Defense has directed that the Murphy General Hospital, in Waltham, be closed on June 30, 1954; and

Whereas, The decision to close the Murphy General Hospital was dictated not by sound medical administrative policy but rather by political expediency, and in that a similar establishment scheduled to be closed in Arkansas is to continue to operate; and

Whereas, The closing of the Murphy General Hospital would necessitate the scattering of several hospitalized servicemen with homes in New England to hospitals all over the United States, and would work great hardship on the said with homes in New England; and

Whereas, The greater Boston area contains extremely high concentration of population and industry far more so than Arkansas and is therefore a prime target for a aerial nuclear attack; therefore be it

Resolved, That the Boston City Council hereby memorializes the Congress of the United States to continue the operation of the Murphy General Hospital to achieve fair treatment for the New England military personnel, and further resolved that the New England area being far more susceptible to great damage from nuclear attack than Arkansas requires great military reserve hospital capacity.

The resolution was adopted under suspension of the rules.

SOLDIERS' HOME UNDER FEDERAL JURISDICTION AT FRAMINGHAM.

Coun. FOLEY offered the following:

Resolutions Memorializing the Congress of the United States to Take the Necessary Steps for the Purpose of Establishing a Soldiers' Home Under Federal Jurisdiction at Framingham.

Whereas, There is no soldiers' home in our commonwealth under federal jurisdiction and, although Massachusetts has constructed and operates two excellent Soldiers' Homes—one in Chelsea, and one in Holyoke—the primary responsibility for the care of veterans rests with the federal government; and

Whereas, There are many federally operated soldiers' homes in various parts of the United States, especially in the southern and western parts, to care for ill and elderly former servicemen in their declining years, the nearest federally operated soldiers' home to Massachusetts is located at Togus, Maine; and

Whereas, The Department of Defense and the Veterans' Administration have indicated that they do not intend to continue the operation of the facilities now known as the Cushing Hospital at Framingham, Massachusetts; and

Whereas, The facilities at Cushing Hospital are ideally suited for a soldiers' home and could be converted at small cost for that purpose; now, therefore, be it

Resolved, That the City Council of Boston, Massachusetts, urges the Congress of the United States to take the necessary steps, together with

the appropriate federal department, to establish a soldiers' home, under federal jurisdiction, at the present location of the Cushing Hospital, at Framingham, Massachusetts; and be it further

Resolved, That copies of these resolutions be sent by the secretary of the Boston City Council to the President of the United States, the members of the United States Senate and House of Representatives from Massachusetts, the Secretary of Defense, and the Administrator for Veterans Affairs.

The resolution was adopted under suspension of the rules.

THE NEXT MEETING.

On motion of Councillor Ahearn, the Council voted that when it adjourn it be to meet on Monday, April 26, 1954, at 2 p.m.

President WHITE in the chair.

LEASING OF ARMY BASE FACILITIES BY COMMONWEALTH.

Coun. MCCORMACK offered the following:

Whereas, The United States Government does not, as of this date, intend to appropriate the funds necessary to repair the terminal facilities in South Boston known as the Army Base because of deterioration to the substructure of the piers; and

Whereas, The Army has informed the State authorities of its willingness to lease the said facilities to the Commonwealth of Massachusetts if so authorized by the Department of Defense; therefore be it

Resolved, That the City Council, in meeting assembled, respectfully requests the Governor of our Commonwealth to take whatever steps are necessary to allow the State to lease these facilities in the event that the Federal Government does not make available the funds to repair the same; and be it further

Resolved, That the Massachusetts delegation in Congress be urged to make all arrangements with the Federal Government to put this proposal into effect.

The resolution was adopted under suspension of the rules.

USE OF DISCONTINUED SCHOOLS AS COMMUNITY RECREATION CENTERS.

Coun. FOLEY offered the following:

Ordered, That his Honor the Mayor be requested to request the Board of Parks and Recreation, before any discontinued school is disposed of, to certify that said school is not needed as a community recreation center.

Passed under suspension of the rules.

NEW MTA FARE INCREASE.

Coun. HAILER offered the following:

Be It Resolved, That the Boston City Council, in meeting assembled, does hereby express its dissatisfaction with the Trustees of the Metropolitan Transit Authority for the confusion and lack of planning in connection with the new fare increase.

The resolution was adopted under suspension of the rules.

RECESS.

On motion of Councillor McLaughlin the Council voted at 3.45 p.m. to take a recess, subject to the call of the Chair. The members reassembled in the Council Chamber and were recalled to order by President WHITE at 4.33 p.m.

COMMITTEE TO STUDY DIVISION OF CITY INTO NEW WARDS.

President WHITE appointed the nine members of the City Council as members of a committee to study the division of the city into new wards, designating Councillor Hurley as chairman, in conformity with an order passed by the Council on February 15, 1954.

EXECUTIVE COMMITTEE REPORTS.

Coun. AHEARN, for the Executive Committee, submitted the following:

1. Report on order (referred today) providing for elimination of the primary election in off years under Plan A—recommending placing the order on file and adoption of the accompanying resolutions:

Whereas, The stated policy of the Legislature provides that any Charter plan adopted should remain in effect for at least four years before any other plan can be adopted; and

Whereas, The present plan has been in effect for the short period of only a little over two years; and

Whereas, Many people of Boston have not yet had sufficient time or opportunity to familiarize themselves completely with the workings of the present plan; and

Whereas, It is felt that when more of the people of Boston fully realize that they now have nine councillors at their service, on any one of whom, or on all of whom they are encouraged to call for services, the people will be better able to judge the plan; and

Whereas, A longer period of time is needed for more people of Boston to become accustomed to the new City Council plan by which councillors are elected at large and represent the whole city as opposed to a particular small area; be it therefore

Resolved, That the Boston City Council, in meeting assembled, goes on record as opposing any change in Boston's Plan A Charter at this time by which the City Council would be elected under a ward or borough plan.

Resolved, That the Boston City Council, in meeting assembled, respectfully requests that when, as, and if the Great and General Court decides to make a change in the Boston Charter that the matter be submitted to the people for decision by means of a referendum.

The report of the committee was accepted, the order was placed on file and the two resolutions were severally adopted.

2. Report on message of Mayor and order (referred today) concerning certain proposed contracts for the collection and removal of refuse—recommending passage of the accompanying order:

Ordered, That in accordance with the provisions of section 6 of chapter 486 of the Acts of 1909, a public hearing be given by the City Council on Tuesday, April 27, 1954, at eleven o'clock a.m., on the contracts made by the Commissioner of Public Works as follows:

1. Contract with J. J. Moore Company, Inc., for the collection and removal of refuse from District 5B (Jamaica Plain), so called, during the one-year ten-month period beginning June 1, 1954, and ending March 31, 1956.

2. Contract with Frank J. Cavaliere for the collection and removal of refuse from District 11 (Hyde Park), so called, during the one-year ten-month period beginning June 1, 1954, and ending March 31, 1956; and be it further

Ordered, That the City Clerk be directed to give at least seven days' notice of said hearing in the "City Record" and in the daily newspapers.

The report was accepted, and the order was passed.

Adjourned at 4.40 p.m., on motion of Councillor Ahearn, to meet on Monday, April 26, 1954, at 2 p.m.

Note: All debate of City Council eliminated from proceedings in accordance with Chapter 447, Acts of 1947.

(Stenographic copy of such debate on file in office of City Clerk.)

*General Order No. 22.***BOARD OF MERIT.**

The Board of Merit of the Boston Fire Department, consisting of the chief of department and deputy chiefs, has considered all meritorious acts referred to it for the year 1953. After careful consideration and study, the Board submitted the following recommendation which is hereby approved by the Fire Commissioner:

Rescue operations at fire, Box 3654, 45-53 Adams street, Milton.

At 7.36 A.M., on November 22, 1953, the department responded to an alarm from Box 3654, for a fire in a building at 45-53 Adams street, Milton. During the fire, Hoseman Arthur C. Morton, of Engine Company 16, who was operating a line of hose inside the building, on the third floor, was thrown into the cellar due to a sudden collapse of the roof and floor.

Immediately, with a total disregard for their own safety, Assistant Chief of Department Walter E. Crouch (at that time Deputy Chief Crouch), followed by Lieut. James G. Boles, of Ladder Company 6, and Hoseman John E. Kelley, of Engine Company 16, slid down the line of hose into the cellar. They found Hoseman Morton, unconscious, trapped in the wreckage, with his right foot wedged under a heavy beam.

They removed the debris which covered the victim, and because of the heavy weight of the beam lifted him bodily in such a manner so that his right leg could be slipped out of his rubber boot, thus freeing him.

This rescue work had to be done with great care in order to prevent additional wreckage from falling and trapping the victim and his rescuers. After freeing Hoseman Morton, they carried him to a point of safety where other members removed him to a waiting ambulance.

The prompt action, courage, and resourcefulness displayed by these members in effecting this rescue saved Hoseman Morton from more serious injury and possibly suffocation. They were highly commended in General Orders, No. 57, series of 1953.

Because of the great personal risk involved in this rescue the Board of Merit recommends that the names of Assistant Chief of Department Walter E. Crouch, Lieut. James G. Boles, and Hoseman John E. Kelley be placed on the Roll of Merit.

By order of Fire Commissioner FRANCIS X. COTTER.

JOHN V. STAPLETON,
Chief of Department.

Forms of proposals may be obtained at Room 508 (Contract Office), City Hall Annex. Each proposal should be enclosed in an envelope, sealed, marked "Proposal for Bituminous Concrete Pavement in Andria Road, Ward 18, etc.," and left at Room 508 (Contract Office), fifth floor, City Hall Annex, before 2 P.M. of THURSDAY, MAY 6, 1954, with a certified check for THIRTY-FIVE HUNDRED (\$3,500) DOLLARS, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then be publicly opened and read in the Contract Office, Room 508, City Hall Annex.

Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by bidder with the City Auditor previous to the time named for opening the bids. All proposals must be from bidders of record on file at Room 508, City Hall Annex. There will be a charge of two dollars (\$2) for each set of plans and specifications taken out. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner of Public Works. Before commencing performance of this contract, the Contractor shall provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract and shall continue such insurance in full force and effect during the term of this contract. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

HOSPITAL DEPARTMENT (SANATORIUM DIVISION).

INVITATION FOR PROPOSALS FOR FURNISHING AND INSTALLING TWO DISHWASHING MACHINES, ONE IN WARD A-1 AND ONE IN WARD C-1, AT THE SANATORIUM DIVISION.

The City of Boston, by the Board of Trustees of the Boston City Hospital, hereinafter referred to as the Awarding Authority, invite sealed proposals for the furnishing and installing of two dishwashing machines, one in Ward A-1 and one in Ward C-1, at the Sanatorium Division of the Boston City Hospital, 249 River street, Mattapan, Mass.

Proposals will be received until 12 o'clock noon, Wednesday, May 5, 1954, at the office of the Assistant Superintendent of the Sanatorium Division, 249 River street, Mattapan, Mass., at which time and place they will be publicly opened and read aloud.

Proposals shall be submitted in duplicate on forms obtained at the office of the Assistant Superintendent of the Sanatorium Division, 249 River street, Mattapan, Mass. Each copy of the proposal shall be properly filled out, signed and enclosed in a sealed envelope, plainly marked with the name of the bidder and the description of the work bid upon. One copy shall be filed at the office of the City Auditor, City Hall, Boston, Mass. Both copies shall be filed before the time stated above for the opening of proposals.

Specifications may be obtained after 12 o'clock noon on Monday, April 26, 1954, at the office of the Assistant Superintendent of the Sanatorium Division, 249 River street, Mattapan, Mass.

A bid deposit in the form of cash or a certified check on a responsible bank or trust company, payable to the City of Boston, in the sum of two hundred dollars (\$200), shall be submitted with the copy of the proposal filed at the office of the Assistant Superintendent, Sanatorium Division, 249 River street, Mattapan, Mass. The bid deposit shall be in a separate envelope, properly marked. Bid bonds will not be accepted.

The rate per hour of the wages to be paid those employed to do the work under this contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth of Massachusetts, a copy of which schedule is attached to the specifications.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under the contract.

A performance bond, issued by a surety company, satisfactory to the Awarding Authority, in the full amount of the contract will be required of the successful bidder.

The Awarding Authority reserves the right to reject any and all bids and to waive any informalities in bidding if it be in the public interest to do so.

No bidder may withdraw his bid within thirty days after the actual date of the opening thereof.

MAYOR JOHN B. HYNES TAKES PROBLEM OF REORGANIZING THE FIRE DEPARTMENT TO MEMBERS OF THE DEPARTMENT, TO THEIR FRIENDS, AND TO BOSTON CITIZENS IN GENERAL—IN BROADCAST OVER STATION WBZ-TV HE AND COMMISSIONER FRANK COTTER POINT OUT MISLEADING IMPRESSIONS AS TO WHAT IS INTENDED—NOT TO DECREASE OR LOWER EFFICIENCY BUT TO GAIN GREATER EFFICIENCY AT LESS COST PER MEMBER OF THE DEPARTMENT AND POPULATION SERVED—NO LOSS OF JOBS AND NO REFLECTION ON CALIBER OR ABILITY OF FORCE INTENDED—COSTS COMPARED WITH THOSE OF OTHER CITIES OF LIKE SIZE AND AREA.

GREAT SAVINGS MADE BY PUBLIC WORKS DEPARTMENT IN NEW CONTRACTS FOR COLLECTION AND DISPOSING OF GARBAGE AND REFUSE—COMMISSIONER GEORGE G. HYLAND BRINGS FACTS TO ATTENTION OF MAYOR HYNES IN LETTER—COSTS OF PAST FIVE YEARS COMPARED WITH PRE-1949 CONTRACTS.

Public Works Commissioner George G. Hyland has prepared and presented to Mayor Hynes three sets of tabulations that show the amount of money saved to the city in the collection and disposing of garbage and refuse during the past five years as compared with the costs that would have prevailed had the contracts awarded in the fall of 1949 been allowed to continue. The communication reads as follows:

TRANSFERS MADE FROM OTHER DEPARTMENTS TO ADMINISTRATIVE SERVICES DEPARTMENT TO EFFICIENTLY CARRY OUT EXPANDED FUNCTIONS UNDER REORGANIZATION OF CITY DEPARTMENTS—ANNOUNCEMENTS MADE BY DIRECTOR CHARLES J. FOX.

On April 26 Charles J. Fox, Director of Administrative Services, issued the following statement:

In order to efficiently carry out the expanded functions of the Administrative Services Department as a result of the reorganization of city departments, the following employees have been

(Continued on page 527.)

On Monday evening Mayor John B. Hynes and Fire Commissioner Francis X. Cotter explained to members of the Fire Department, their friends, and the citizens of Boston in general, aims of reorganization plans in the following addresses. The Mayor spoke as follows:

My previous appearances and discussions over WBZ-TV have been devoted to an explanation of the broad, fundamental problems of the City of Boston.

Tonight I wish to talk of one of our internal problems, that is, the operation and the expenditures of the Boston Fire Department.

Before I go further, I want to emphasize that my remarks tonight are not to be considered as a reflection on the quality or the courage of our Boston fire fighter. As far as the great majority of our fire fighters is concerned, they are equal, if not superior, to any fire-fighting force in our country. My talk tonight is directed at the system, and not the men, of the Fire Department.

So that you may know what has motivated your city officials to improve the system now in operation in the Fire Department, let me remind you that about one year ago I appointed a committee of high-minded, public-spirited citizens to make an independent study of the finances of the city, and to make recommendations for improvements in our methods and procedures which might result in a lowering of the terrific high tax rate in Boston.

Study of Expenditures.

One of the first studies attempted by this unpaid committee was a study of the Fire Department, one of our major departments, with an annual expenditure representing slightly more than 10 per cent of the annual budget. Aiding the committee, and providing it with essential information and facts, were representatives of the Boston Finance Commission; a representative of the Municipal Research Bureau; a representative of the Civic Bureau of the Chamber of Commerce; Mr. Charles J. Fox, the Director of Administrative Services for the city; and Mr. Warren Kimball of the National Fire Protection Association.

Every member of the committee, and every adviser to the committee, was in full agreement that no recommendation would be adopted which would decrease or lower the efficiency of the Fire Department, or which, for the sake of financial economics, would result in less fire protection for our citizens or their properties.

Some few months ago the committee's report was submitted to me. It is a rather lengthy document. It is replete with information and with well-substantiated facts and figures, upon which the various recommendations are based.

MAYOR HYNES BROADCASTS FIRE REORGANIZATION PLANS OVER STATION WBZ-TV.

(Continued from page 525.)

What are some of those facts and findings? Here are a few:

The Boston Fire Department, as compared with fire departments of any other cities in our country having a comparable population and area, is the most expensively-operated fire department in the United States. This statement is based on these rather surprising figures:

The cost for fire protection in Boston is \$12.99 per person. The average cost, per person, in the other 18 largest cities in our country is \$6.74. In short, our fire protection costs are almost twice those of the country-wide average.

COST OF PROTECTION.

If we use another test, the cost of fire protection per square mile, we find that the average of the 18 largest cities is \$87,850 per square mile. In Boston, it is \$217,741 per square mile, well over twice the cost of other large centers of population.

In the number of uniformed men per 1,000 of population Boston ranks first. We have 2.8 men per 1,000 of population, while New York City, Washington, D. C., Cleveland, Milwaukee, New Orleans, Cincinnati, Chicago, St. Louis, and Detroit get along with half, or less than half, that number per 1,000 of population.

With regard to fire losses over a five-year period, 1948-52, Boston was third from the top of the 18 largest cities.

These are but a few of the salient facts which prompted the committee's recommendations.

What, then, are some of the committee's recommendations which, incidentally, will require about two years to put into effect?

Briefly stated, they are as follows:

To establish, under the Chief of the Department, a division of responsibility, so that the four major functions of the department—firefighting, personnel and training, fire prevention, and maintenance—shall each be under the charge of an assistant to the chief. This has been done.

To reduce fire-fighting divisions from three to two. Not so long ago we had only one division. The reduction from three to two divisions is already in effect.

To reduce the number of districts from 14 to 11.

To relocate fire stations to meet modern conditions. This will mean the abandonment of some stations and construction of new stations. This is a long-range program.

AIMS OF MODERNIZATION.

To modernize and improve the fire prevention and training programs.

To reorganize the rescue service. To substitute so-called booster squad companies for engine companies. To convert combination companies into one-piece companies.

This is but a sketchy outline of some of the recommendations to be followed. There are others of importance which time does not permit to discuss tonight.

There is opposition to the Fire Department reorganization plan, even

though it is obvious that changes must be made which will better utilize men and equipment, make possible better fire protection, and better working conditions and wage scales for the men of the department.

There is always opposition to change and our effort to improve the Fire Department is no exception. Literature being distributed is evidence of this resistance. Most of this literature, if not all of it, is misleading. Its tone is alarming. Its tenor is inflammatory. Its purpose is to implant fear, to scare, to provoke opposition to a sensible and logical program of improvement.

In my opinion, this type of literature does not reflect the thinking of the great majority of fire fighters.

With me here, tonight, is the Fire Commissioner of Boston, Mr. Frank Cotter.

I would like to ask Frank if he has anything to add to what I have said.

COMMISSIONER COTTER.

Yes, Mr. Mayor. The objective of the Boston Fire Department has not changed. We are going to continue giving primary attention to the saving of lives and the limiting of destruction of property by fire. But this is not going to preclude us from making every effort to attain maximum efficiency or make us disregard other good principles in municipal government. We are going to make certain that this maximum efficiency is going to be attained with due consideration for the taxpayer's pocketbook. Improved organization, equipment, and techniques, intensive fire prevention and new training programs are going to improve the efficiency of the Boston Fire Department. There is only one less district in the Boston Fire Department now than there was when the fire apparatus was horsedrawn, and to further change it to 11 is reasonable in this motor-driven age.

We have now in operation a staff, under the Chief of Department, composed of three Assistant Chiefs of Department who have a wealth of experience on our Boston Fire Department. Even were there no Citizens' Committee report, it is the responsibility of the Fire Commissioner to examine the operation and maintenance of the Fire Department, to promote efficiency and economy. The Citizens' Committee report will be studied closely, and its recommendations will be weighed in connection with our own individual, close examination of fire-fighting activity.

OVER-ALL SURVEY FIRST.

An over-all survey will be made as to the use and location of every fire house, every pumper, every ladder company, every rescue truck, every lighting plant, and every phase of the Boston Fire Department.

May I tell you that there will be no fire house closed, no relocation of fire houses, no piece of apparatus deactivated or transferred without the consideration of this very efficient staff. They are going to make a continuing survey of the operation of the Boston Fire Department so that at all times we will be able to make any improvements that should be made. Assistant Chief Montgomery is entrusted with the fire prevention activities, and Assistant Chief Crouch has the responsibility of the training of the fire fighters, and Assistant

Chief Collins is entrusted with the operations during fires, and they are going to meet at least once a week to confer on all problems that shall arise, and pool their combined knowledge to give a unified, cohesive determination to all the policies that may be suggested for change and betterment.

I feel that the Assistant Chiefs are going to improve on the old, and adapt new, principles of fire fighting to the attainment of excellence that is to be expected of the Boston Fire Department.

MAYOR HYNES PROMISES NO HARM TO ANY DEPARTMENT MEMBER.

Thank you, Commissioner. Let me conclude, ladies and gentlemen, by stating that Boston is in no condition to maintain the most expensive Fire Department of any large city in our country, especially if it is possible, by increased efficiency, by an orderly program of improvement, to show a reduction in loss of life and loss of property, and at the same time lower fire insurance rates.

All this can be done without harming any member of the Fire Department. I ask for public support of our program. I ask all the straight-thinking to give that program their moral and their vocal support.

TRANSFER OF EMPLOYEES TO ADMINISTRATIVE SERVICES DEPARTMENT.

(Continued from page 525.)

transferred to this department from other city departments to assist in this work.

Following is a list of these employees, together with a brief outline of their prior service and their work assignments in this department:

Lawrence W. Costello, executive secretary to the Director. Mr. Costello has been in the city service continually since 1946 as secretary to the Board of Street Commissioners. Prior to his present service he was employed as a secretary in the Mayor's office from 1930 to 1933. He is a veteran of World War II. Mr. Costello will act as secretary to the Administrative Services Board and also as secretary of the Public Safety Commission, of which board the Director of Administrative Services is chairman. In addition, he will perform such other administrative duties as might be delegated by the Director in making studies and recommendations of the organization, activities, policies, and procedures of all city departments.

Michael L. Connors, formerly head clerk of the Paving Service of the Public Works Department. Mr. Connors has been employed in the city service for over 31 years. He is a veteran of World War II.

John T. Leonard, formerly principal account examiner in the Auditing Department. Has been in the city service for more than 18 years. He is a veteran of World War II.

John L. Glynn, formerly principal account examiner in the Auditing Department. First entered the employ of the city in 1940. He is a veteran of World War II.

The above will, under general supervision, perform technical work in analysis of budget estimates of assigned de-

partments; prepare reports and recommendations on administrative, fiscal, organizational, procedural and operating problems; participate as required in conferences and hearings; and perform other related work as required.

Frank P. McDonough, formerly senior personnel officer of the Public Works Department. Has over 30 years service with the city. Was assigned to work with the Jacobs Company during their survey and thus gained valuable knowledge in conducting personnel surveys.

Under general supervision he will assist in directing the activities of the Personnel Section; aid the Supervisor of Personnel in recommending personnel policy; supervise the processing of personnel transactions for city and county departments; act as contact officer with the State Division of Civil Service; assist in maintaining the classification and compensation plans for the city and county; supervise and participate in wage and salary surveys; and perform other related work as required.

John E. Lee, formerly head administrative clerk in the Institutions Department. Mr. Lee has been employed in the city service for more than 31 years. Prior to his service in the Institutions Department he was employed for many years in the Auditing Department. He is a veteran of World War I.

Under general direction Mr. Lee will supervise the personnel activities of the reorganized Hospital Department in processing personnel forms and the maintenance of personnel records; analyze personnel requirements and plans for staffing; make wage and salary surveys and field audits of other personnel problems; and perform related work as required.

FINANCE COMMISSION PLACES ON RECORD PARTICULARS RELATING TO SALE OF EAST BOSTON PROPERTIES.

The following communication has been presented to the Mayor and Council concerning sales of specific properties in East Boston:

Boston, April 23, 1954.

To the Honorable the Mayor and City Council.

The Finance Commission desires to place on record the particulars in relation to the proposed sale by the City Treasurer of a third group of properties in East Boston which were acquired by the city in connection with the extension of East Boston rapid transit facilities. With the consummation of sale of the four properties in this third group, a total of 18 such properties will have been sold.

There are three other properties remaining for the time being in city possession. In the negotiations with persons first eligible under special law to purchase these latter three properties, terms of sale could not be satisfactorily arranged; therefore the City Treasurer has determined to sell them at public auction.

In communications to you dated March 9, 1953, and April 17, 1953, the Finance Commission gave the particulars of sale of 14 properties involved in this situation. As was stated in the first of three previous communications, by statutory enactment it was first the Boston Transit Commission and later the Metro-

politan Transit Authority which made a number of takings of parcels in the line of the proposed extension of the East Boston trolley tunnel. By subsequent statutory enactment, the City of Boston was directed to acquire sites in other locations for 21 houses involved, to move

them to those new sites, and to set them up on new foundations, and to make them reasonably safe; and finally to dispose of them by sale or public auction. Owners or tenants at the time of takings were given priority of purchase.

FORMER OWNER OR PURCHASER	New Location	Old Location	Relocation Cost	Amount Paid for Old Location	Proposed Sale Price
Ellen Pauline Barron	66-68 Horace St.	93 Cowper St.	\$12,049 65	\$7,500	\$6,200

See Note No. 2	150 Coleridge St.	427 Frankfort St.	9,498 60	3,500	3,000
Francis D'Addio	4 Horace St.	409 Frankfort St.	12,555 62	9,100	7,200
			\$46,550 25	\$29,600	\$23,600

Note No. 1. Original owner Manuel V. Franca, deceased; principal heir, Blanche Francis, purchaser. Note No. 2. Original owner Marion F. Silva; her sole surviving heir did not wish to repurchase; present tenant, Leo Cashin, purchaser.

Appraisers for Metropolitan Transit Authority valued this parcel at \$3,500; jury verdict of \$12,049 is for taking that included this parcel and land adjoining which contained a building later demolished.

When the last three properties have been disposed of, it is the intention of the Finance Commission to make available to you the consolidated figures relating to all of these transactions. At this time is offered the particulars in the four instances in which consummation of sale is now planned to be accomplished on April 27, 1954.

Respectfully submitted,

EDWARD F. MULLEN, *Chairman*,
LEO J. DUNN,
EDWARD U. LEE,
ROGER J. ABIZAID, M.D.,
H. W. DWIGHT RUDD,
The Finance Commission.

ROBERT E. CUNNIFF,
Secretary.

CIRCULAR LETTER.

CITY OF BOSTON,
MAYOR'S OFFICE, April 28, 1954.

Memorandum to All Department Heads.
GENTLEMEN:

There will be a brief meeting of department heads, or their representatives, at Room 37, City Hall, Monday, May 3, at 4 P.M., for the purpose of launching a new campaign for blood donations among all city employees.

General Daniel H. Needham, Chairman of the Blood Donation Committee of the Metropolitan Chapter of the American Red Cross, will be here to discuss the problem with us.

This is the second campaign launched among city employees for blood donations during the past three years. The last one met with such success that the Red Cross officials have appealed again for our assistance.

For the Mayor,
PAUL HINES.

WITHOUT ADVERTISING.

Upon varying dates as indicated the Mayor approved contracts with commercial houses, firms and contractors for furnishing labor, supplies, etc. Communications from heads of departments interested were as follows:

ADMINISTRATIVE SERVICES DEPARTMENT.
(Purchasing Division.)

Boston, April 14, 1954.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

On April 1, 1954, your Honor approved the drug award letter and also granted permission to reject and purchase in the open market various drug items. Among these items were No. 79 to No. 85, inclusive, which were rejected because no acceptable prices were received.

Permission is now requested to dispense with further public advertisement and award a contract, without public advertisement, to Macalaster Bicknell Parenteral Corporation for the above items which are various blood grouping serums to be delivered, as requested, from April 15, 1954, to March 31, 1955. Approximate total amount of contract will be \$3,602.50, net, a saving of approximately 26 per cent as compared with the prices received on the public bid. In view of this fact, it is my opinion that by awarding this contract the best interests of the city will be served.

Respectfully yours,

JOHN V. MORAN,
Purchasing Agent.

Boston, April 15, 1954.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

The Boston City Hospital has submitted a requisition for 100 needle and syringe units to be made to specifications to fit Macalaster Bicknell syringe washer and to comply with all specifications submitted by the hospital.

Macalaster Bicknell Parenteral Corporation, the manufacturer of the above equipment, has submitted an informal written quotation. Inasmuch as this company is the manufacturer and can make immediate delivery to the hospital, which is most essential, authority is requested to dispense with publicly advertising for prices and award a contract, without public advertisement, to Macalaster Bicknell Parenteral Corporation. It is my opinion that, in this way, the best interests of the city will be served.

Approximate total amount of contract will be \$2,995, net.

Respectfully yours,

JOHN V. MORAN,
Purchasing Agent.

Boston, April 15, 1954.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

The City Clerk's office has submitted a requisition to this office for 60 rolls Record duplex paper as per specifications.

The Haloid Company, manufacturer of this particular type paper, has submitted an informal written quotation. Inasmuch as this company is the manufacturer, authority is requested to dispense with publicly advertising for prices and award a contract, without public advertisement, to the Haloid Company. The Record duplex paper will be furnished to the City Clerk's office as requested from April 15, 1954, to March 31, 1955, inclusive.

Approximate total amount of contract will be \$2,868, net.

Respectfully yours,

JOHN V. MORAN,
Purchasing Agent.

PUBLIC WORKS DEPARTMENT.

Boston, April 22, 1954.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

An examination as to the condition of the Malden Bridge, which is a drawspan crossing the Mystic River, at Alford street, was made by Assistant Division Engineer McCall and his assistants during the latter part of March in connection with a contract that was then in effect for effecting minor repairs to the structure. As the result of a cursory examination, Mr. McCall felt that the condition was such as to require the services of a consulting engineer, expert in bridge design work.

I therefore engaged the services of Maurice A. Reidy, consulting engineer, of 101 Tremont street, Boston, to examine the structure and submit a report, with recommendations, as to its condition. Mr. Reidy personally conducted the examination, and he felt that the condition was so serious as to warrant the closing of the structure to all vehicular traffic until the necessary repairs were made. Frankly, I was reluctant to take such steps, due to the importance of the bridge, which carries approximately 35,000 vehicles a day and, therefore, I suggested to Mr. Reidy that he make a more detailed examination of the structure and, if necessary, engage the services of a well-known firm of consulting engineers who are located in New York and who have had a great deal of experience with the bascule type of drawspan that is located at Malden Bridge. Thereupon, Mr. Reidy made a further study in collaboration with the New York consultant, and the second examination served to confirm his first opinion to the effect that the bridge should be closed to all vehicular traffic until the necessary emergency repairs were made to put it in a safe condition for the passage of motor vehicles.

Therefore, the bridge was closed to all traffic on Wednesday, April 7, and I am hopeful that the emergency repairs will be completed within the next ten days and the bridge reopened. Incidentally, the present repairs are of an emergency nature only, and it will be absolutely necessary to effect major repairs in the not too distant future or to construct a new drawspan alongside of the present bridge.

You will remember that I discussed with your Honor the matter of engaging the services of the firm of Maurice A. Reidy before I completed arrangements for said services, and I am writing at this time in order to obtain your approval in writing, and in order also to author-

ize the payment of the fee of \$1,150 that the above-referenced consultant is charging for his services. This fee, in my opinion, is very reasonable, as the study and recommendations made by Mr. Reidy on this particular bridge proved very valuable and helpful to the department. I have previously issued a service order in the amount of \$500 to pay Mr. Reidy for his preliminary expenses and, therefore, it will now be necessary to issue a second service order in the amount of \$650, if such an arrangement is agreeable to your Honor.

I therefore respectfully request that you authorize me to issue a second service order in the amount of \$650 to complete the payment for the services rendered by the above-referenced consultant.

Respectfully yours,

GEORGE G. HYLAND,
Commissioner of Public Works.

BOSTON, April 26, 1954.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

Under date of February 1 of the current year, a contract was awarded to Martin J. Kelly Company, Inc., for effecting repairs to the Malden Bridge, which is located on Alford street, Charlestown, and spans the Mystic River.

The contractor started the repair work in the latter part of March. As the work proceeded, it became apparent that the structural members were deteriorated to a larger extent than anticipated, and a question was raised concerning the ability of the bridge to support vehicular traffic. I decided, therefore, to engage the services of an eminent consulting engineer, Maurice A. Reidy, of 101 Tremont street, to conduct an extensive examination of the structure. The bridge was in such poor condition that the consulting engineer recommended that it be closed to all vehicular traffic, which was done on Wednesday, April 7. Since that time, the bridge has been closed to all such traffic, but I am hopeful that it will be reopened in the first or second week in May.

In the meantime, as stated, it has been necessary for the department to undertake major repairs far in excess of those anticipated at the time that the subject contract was being prepared. While most of the repair work will be covered by items already included in the contract, it will be necessary for some of it to be done as "extra work," so called. Under the terms of the current contract, the department is authorized to expend not in excess of \$45,471.87. However, the additional repairs—which may be considered as being of an emergency nature—will increase the cost of the contract to an estimated \$68,000. It would be most impractical to engage the services of a second contractor to do the additional repair work, as it can be done more expeditiously and efficiently by the present contractor, Martin J. Kelly Company, Inc., as it is an extension of the repair work covered in the current contract.

Your authority is respectfully requested, therefore, to dispense with advertising, and to amend the present contract so as to provide for a maximum expenditure not in excess of \$68,000, for effecting whatever repairs are necessary

to the Malden Bridge. As stated, most of the additional repairs are covered by contract items, but those not so covered will be done on the basis of extra work orders.

Respectfully yours,

GEORGE G. HYLAND,
Commissioner of Public Works.

BOSTON, April 26, 1954.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

Under date of March 25 of the current year, your Honor authorized the awarding of an emergency contract to the Crandall Engineering Company of 261 Franklin street, Boston, on a cost-plus basis, in an amount not to exceed \$20,000, for effecting repairs to the foundation of the Summer Street draw-bridge.

It is expected that the repair work will be completed this week, and the bridge opened full width to vehicular traffic. For the past four weeks, only the upstream side of the drawspan has been opened to vehicular traffic.

The repair work has been done by the above-referenced contractor expeditiously and efficiently, and in a most workmanlike manner. However, to complete the job and place the bridge in a reasonably satisfactory condition, it is estimated that an additional \$3,000 is needed. It would be most impractical to attempt to obtain publicly advertised proposals to complete the work, as it should be done by the present contractor as part of the present project.

I respectfully request, therefore, your authority to dispense with advertising, and to amend the current contract so as to provide for an additional \$3,000 to complete the repairs to the foundation of the above-referenced bridge.

Respectfully yours,

GEORGE G. HYLAND,
Commissioner of Public Works.

TREASURY DEPARTMENT.

BOSTON, April 20, 1954.

HON. JOHN B. HYNES,

Mayor of Boston.

DEAR MR. MAYOR:

The reorganization of city departments effective May 1, 1954, abolishes the position of city treasurer and creates the new position of collector-treasurer.

This department issues three different types of registered bond certificates for the transfer of ownership of outstanding registered bonds of the city. The engraved plates from which these certificates are prepared must be altered by striking out the words city treasurer in four places on each of the three engraved plates and inserting the words collector-treasurer. Certain other minor printing changes must also be made on the reverse side of each certificate.

The Security Bank Note Company, 55th and Sansom streets, Philadelphia 39, Pennsylvania, have possession of the present plates and have submitted a bid of \$450 for altering the plates to our specifications and \$725 for engraving 1,000 of each of the new certificates.

Inasmuch as the Security Bank Note Company has the only plates necessary to make these alterations and for the engraving of the new certificates and inasmuch as the cost of preparation of new engraved plates by another bank

note company would far exceed the cost of altering the existing plates and inasmuch as the bid of the Security Bank Note Company for performing the work appears to be reasonable, I hereby respectfully request your approval to award a contract, without advertising, to the Security Bank Note Company, for altering three engraved plates and engraving 1,000 each of the new certificates, at a total cost of \$1,175.

Very truly yours,

DANIEL M. DRISCOLL,
City Treasurer.

EXTENSION OF CONTRACTS.

PARK DEPARTMENT.

Wickwire Spencer Steel Division, doing business as the Colorado Fuel and Iron Corporation, has been granted an extension of time until April 23, 1954, for the completion of the contract for furnishing and erecting chain link fences and backstops at Park Department parks and playgrounds in Dorchester and Roxbury.

PUBLIC WORKS DEPARTMENT.

Approval has been given for an extension of time for the completion of the contract with John F. Shea Company, Inc., for repairs to the Albany Street Disposal Station, from May 15, 1954, to July 15, 1954. This extension was requested for the reason that since commencing work on the steel repairs the contractor has been able to work only on Saturdays and Sundays, as the station is in constant use during the week.

PUBLIC WORKS DEPARTMENT.

BOSTON, April 21, 1954.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

I am submitting herewith three tabulations that I feel will be of interest to you.

One tabulation shows the savings made in the collecting and disposing of garbage and refuse in the past five years, as compared with the cost that would have prevailed in 1950 if the contracts awarded in the fall of 1949 had remained in effect. The contracts were renegotiated in February of 1950 at an annual saving in excess of \$67,000 for that year. Despite the fact that the wage rates paid to contractors' employees have increased from \$1.38 in 1950 to \$1.82½ in the current year, the estimated cost for the collection contracts in 1954 will be approximately \$22,000 less than the actual cost in 1950. Also in 1954, eleven of the seventeen collection districts now use the all-enclosed sanitary refuse collection body. The cost of the disposal contract during the current year will be approximately \$102,000 less than the actual cost in 1950.

The second tabulation was prepared by me to show the fluctuations in the cost of the collection work in the Brighton district since 1945. You will note that the new contract, in the amount of \$13,500 per month, is the lowest since April 1 of 1946, despite the fact that the wage rates have increased from \$1.10 per hour to \$1.82½. Incidentally, all of the above-referenced savings have been made without detrimentally affecting, in any way, the garbage and refuse collection and disposal service. As a matter of fact, we have improved the collection services by requiring the use of the all-enclosed sanitary steel bodies.

The third tabulation shows the actual number of employees on the rolls of the department each year from 1938 to 1954, inclusive. You will note that we have approximately 300 employees less than on January 1 of 1950.

I am submitting this material to you only for your information, as I felt certain that you would be interested in it.

Very truly yours,

GEORGE G. HYLAND,
Commissioner of Public Works.

CLAIMS ALLOWED.

The Mayor, upon recommendation of the Corporation Counsel, has approved the following claims:

John F. Blake, 20 Rockford street, Roxbury to be reimbursed in the sum of \$248.75, as a result of an accident which occurred on June 19, 1953, when a motor vehicle belonging to the Sanitary Division, Public Works Department, which he was operating, collided with an automobile owned by Harris Drake.

George L. Dexter, 34 Rogers street, South Boston, to be reimbursed in the sum of \$78.93, as a result of an accident which occurred on May 20, 1953, when a motor vehicle belonging to the Sanitary Division, Public Works Department, which he was operating, collided with an automobile owned by the Commonwealth of Massachusetts.

"April 16, 1954.

MR. FRANCIS COTTER,
Fire Commissioner.

DEAR COMMISSIONER COTTER:

May I extend to you, and through you, to the officers and members of the Boston Fire Department, my sincere thanks and appreciation for the valuable assistance rendered to this city during the general alarm fire on April 10.

The work performed by Engine Companies 27, 32, 43, and Lighting Unit No. 2 at the fire was of valuable assistance in controlling the spread of the fire and eventually led to the extinguishment.

Kindly convey to the officers and members of the above companies my deep appreciation.

Sincerely yours,

JAMES H. O'HARA,
Chief Engineer."

By order of Fire Commissioner
FRANCIS X. COTTER.

JOHN V. STAPLETON,

PROPOSALS FOR ASPHALT SURFACING OF ROADS AND WALKS IN FRANKLIN PARK, WEST ROXBURY, MASS.

The Park Commissioners of the City of Boston, 33 Beacon street, invite proposals for asphalt surfacing of roads and walks in Franklin Park, West Roxbury, Mass. Forms of proposals must be obtained at the engineer's office of the Park Department, 33 Beacon street. Each proposal should be signed by the bidder and inclosed in an envelope, sealed and marked "Proposal for Asphalt Surfacing of Roads and Walks in Franklin Park, West Roxbury, Mass.," and left before 2 o'clock P.M., on Tuesday, May 11, 1954, at the office of the Park Department with a certified check for \$1,500, payable to and to be the property of the City of Boston if the proposal is not carried out, and will then and there be publicly opened and read. A duplicate proposal, without check, must be deposited with the City Auditor previous to the time named for opening the bids. A bond will be required for doing the work in the sum of 100 per cent of the estimated contract price. The rate per hour of the wages to be paid to mechanics, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Park Commissioners. The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under the contract, and sufficient proof of compliance with the foregoing stipulation will be required prior to the award of said contract. The Commissioners reserve the right to reject any or all proposals.

BOSTON'S NEW AND STREAMLINED GOVERNMENT NOW IN EFFECT—GETS ITS START ON MAY 1 WHEN MAYOR JOHN B. HYNES HAS FIVE NEW DEPARTMENT HEADS SWORN IN BY CITY CLERK WALTER J. MALLOY—OTHER MEMBERS OF NEW OFFICIAL FAMILY ALSO NAMED—DEPARTMENTS REDUCED FROM 37 TO 17 WITH PROSPECTS OF GREATER EFFICIENCY AND REDUCTION IN EXPENSES—SPIRIT OF OPTIMISM AND ENTHUSIASM MANIFESTED.

DIRECTOR OF ADMINISTRATIVE SERVICES CHARLES J. FOX ANNOUNCES DEPARTMENTAL REORGANIZATION—DEPARTMENTS REDUCED IN NUMBER FOR PURPOSES OF GREATER EFFICIENCY, BETTER SERVICE TO THE PUBLIC, AND GREATER ECONOMY.

Departmental reorganization for the City of Boston has been completed by Charles J. Fox, Director of Administrative Services, and the city has begun to function under its new, streamlined plan with the following announcement from the Director of Administrative Services:

ADMINISTRATIVE SERVICES

Director's Office
Personnel and Budget Division
Purchasing Division
Printing Section
Art Commission

MAYOR HYNES JOINS MEETING OF MAYORS IN WASHINGTON TO MAKE PLANS FOR MASS EVACUATION OF CITIZENS IN CASE OF BOMBING BY ENEMY—TO DISCUSS WITH STATE DEFENSE OFFICIALS PLAN OF PROCEDURE IN CASE OF NECESSITY.

A meeting was held in Washington, D. C., on Thursday, April 29, between the mayors of a few selected cities and Governor Val Peterson, the Federal Director of Civil Defense.

The subject matter discussed was the role to be played by major cities, or so-called target cities, in the event of a bombing attack by an enemy.

At the present time, it is admitted that there is no adequate defense against

(Continued on page 548.)

On May 1 Boston's city government took on its new streamlined form. This was accomplished with the administration of oaths of office by the City Clerk to five members of Mayor John B. Hynes' official family. The new administrative setup reduces the number of departments from 37 to 17. The new plan was recommended to the City Council by Mayor Hynes and was approved by that Body.

The new Director of Administrative Services, Charles J. Fox, was designated by the Mayor to make the arrangements for the new organization. In effect it makes possible a more smoothly operating machine of city government and it provides opportunity for greater efficiency of operation.

The new heads of departments sworn into office on Saturday were: George F. Donovan, Assistant Commissioner of Real Property; Victor C. Bynoe, Commissioner of Veterans' Benefits and Services; Frank R. Kelley, Commissioner of Parks and Recreation; Daniel M. Driscoll, Collector-Treasurer; and Herman Carp, Commissioner of Real Property. The new officials assumed their duties on Monday, May 3, without hitch in plans or the least confusion.

Police, School, Election, Law, Library, and Auditing Departments and the Traffic Commission remain unchanged.

Modernization and streamlining of the municipal government is now complete, except for the reorganization of the Assessing Department, which becomes effective June 1.

Eliminated are the Institutions and Street Laying-Out Departments and the Board of Recreation.

The Collecting and Treasury Departments have been merged into one agency.

The City Registry and the Department of Weights and Measures are now branches of the Health Department, but couples will still go to the same bureau to file their wedding intentions and will be waited upon by the same clerks.

Long Island Hospital has become a division of the City Hospital.

A three-member panel comprising the Building, Fire, and Traffic Commissioners will hold hearings on future applications for filling station licenses.

The engineering duties of the Street Department have been transferred to the Public Works Department, which also will have jurisdiction over the issuance of permits for signs which extend out over the sidewalk.

Other phases of the reorganization which will have no effect upon the public include the consolidation of the Real Estate and Public Buildings Departments and the transfer of the Wire Inspection Division from the Fire to the Building Department.

MAYOR HYNES ASKS CITIZENS TO JOIN IN HONORING FOUNDING OF FIRST CATHOLIC COLLEGE FOR WOMEN IN NEW ENGLAND.

On May 6 Mayor Hynes issued the following declaration:

Whereas, Emmanuel College was founded in 1919, at 400 The Fenway, Boston, as the first Catholic college for women in New England; and

Whereas, On May 13, 1906, Blessed Mother Julie, foundress of the Order of Notre Dame de Namur, was beatified; and

Whereas, The faculty of Emmanuel are members of this order which has given to the people of Boston a century of Catholic culture, instituting the parochial school system in this archdiocese, the first academy for young ladies, and the first industrial school for girls; and

Whereas, The aim of the founders of Emmanuel College was to "make good Catholic women who will be of use to the community"; and

Whereas, The enrollment has grown from the original class of 23 members in 1919 to a current student body of approximately 600 students and more than 3,000 alumnae; and

Whereas, The majority of students and alumnae are citizens of Greater Boston, and many graduates have distinguished themselves in the fields of medicine, science, social service, law, government, and teaching, as well as home-making; and

Whereas, In this thirty-fifth anniversary year of the founding of Emmanuel ground will be broken for a new million dollar Union Building; now, therefore, I, JOHN B. HYNES, Mayor of the City of Boston, do hereby declare Thursday, May 13, 1954, as Emmanuel College Day in the City of Boston, and I respectfully urge all the citizens of Boston to join in recognition of the good sisters, the alumnae, and the students of this great institution for learning, which has always fostered democratic education with Christian principles.

JOHN B. HYNES,
Mayor of Boston.

MAYOR HYNES IN WASHINGTON REGARDING CIVILIAN DEFENSE.

(Continued from page 515.)

such an attack. The Federal Government, through various means and various devices, is attempting to set up a defense pattern which will enable it to give a two- to six-hour warning in the event of an attack. This defense pattern will not be completed for some months to come. Even when such pattern is completed, there is no certainty that an enemy cannot penetrate the defense to some extent.

The tremendous damage which can be caused from the dropping of an H-bomb has caused a change in the thinking of defense officials. It is obvious that the devastating effects of such a bomb makes the old program of "shelter" outdated and outmoded. Only by dispersal or evacuation can there be any measure of safety in the event of an attack which makes use of such bombs.

Systematic and orderly mass evacuation is the only method by which a population in a heavily concentrated area can survive if that area is bombed. To plan for such mass evacuation is a tremendous job. It will require a great deal of preparation, a great deal of co-operation, and a great deal of assistance from all business interests in a given area.

The Federal Government is now preparing a skeleton plan for mass evacuation which can be put into effect in various type cities in our country. This plan will be sent to the critical areas when completed.

It is my intention to discuss this entire matter with Col. John J. Maginnis, the Civil Defense Director of Massachusetts. No longer can one city or even one region in a state be sufficient unto itself. Mass evacuation plans must be so worked out that confusion can be avoided, and so planned that stockpiling of vital supplies and materials will be available. Whatever plans the City of Boston will make will depend on the over-all plans of State Director Maginnis and the advice of the Federal Government.

NEW DIVISION ESTABLISHED IN PUBLIC WORKS DEPARTMENT ENTITLED "SURVEY DIVISION" — JAMES W. HALEY NAMED TO OFFICE.

In the Public Works Department a new division, the Survey Division, has been established with the approval of Mayor Hynes, and James W. Haley, of 257 Stratford street, West Roxbury, has been named to the position. Announcement of the new position and the appointment was made in the following letter from George Hyland, Commissioner of Public Works:

CITY OF BOSTON,
PUBLIC WORKS DEPARTMENT,
May 3, 1951.

WALTER J. MALLOY, *City Clerk*,
City Hall, Boston, Mass.

DEAR SIR:

In accordance with the provisions of section 33 of the Revised Ordinances of 1917, as amended by the Ordinances of 1951, chapter 2, I hereby appoint James W. Haley, 257 Stratford street, West

Roxbury, as head of the Survey Division of the Public Works Department.

This is to certify, in accordance with the provisions of section 34 of the above ordinances, that Mr. Haley is a civil engineer of recognized standing in his profession, is an expert in the work which will devolve upon him, and is specially fitted by education, training, and experience to perform the duties of the position.

This is to certify, also, that the appointment is made solely in the best interests of the City of Boston.

Yours very truly,

GEORGE G. HYLAND,
Commissioner of Public Works.

MAYOR THANKS INSURANCE OFFICIAL FOR LOAN OF OFFICIAL TO AID IN REORGANIZATION OF FIRE DEPARTMENT.

Upon May 3 Mayor Hynes addressed the following letter to National Fire Protection Association Head:

MR. PERCY BUGBEE, National Fire Protection Association, 60 Batterymarch Street, Boston, Mass.

DEAR MR. BUGBEE:

I have been informed by the Director of Administrative Services of your generous action in making the services of Mr. Warren Y. Kimball, in connection with the reorganization of the Boston Fire Department, available to the city without cost. I regard this as a splendid act of public service, and I express to you my sincere thanks and appreciation. Being familiar with the valuable aid and assistance rendered by Mr. Kimball to date, I feel certain that the city will benefit materially because of your outstanding cooperative attitude.

With kind personal regards, I remain

Respectfully,

JOHN B. HYNES, *Mayor.*

WIDENING OF CONGRESS STREET.

The Mayor has approved the order of the Board of Street Commissioners for a public improvement consisting of the widening, relocation and construction of Congress street, Boston Proper district, as a highway, between Milk street and Franklin street, bounded and described as follows:

The highway named Congress street is hereby widened and relocated, between Milk street and Franklin street, and ordered constructed.

For the making of the aforesaid improvement an easement for street purposes is taken in the following described land, exclusive of trees, shrubs or structures standing upon or affixed thereto:

A parcel of land, supposed to belong to Boston Five Cents Savings Bank, bounded:

Southerly by Franklin street, 17.18 feet; northwesterly by the northwesterly line of Congress street as widened and relocated under this order, 15.91 feet; and easterly by the westerly line of Congress street as it at present exists, 11.79 feet, containing 90 square feet, more or less.

A parcel of land, supposed to belong to the City of Boston, bounded:

Southerly by Franklin street, 29-100 feet; westerly by the easterly line of Congress street as it at present exists, by six measurements, 94.62 feet, 47.96 feet, 36.67 feet, 29.97 feet, 58.44 feet, and 32.90 feet; and easterly by the easterly line of Congress street as widened and relocated under this order, by three measurements, 157.89 feet, 41.91 feet, and 100.41 feet, containing 352 square feet, more or less.

Trees, shrubs or structures standing upon or affixed to the aforescribed land shall be removed therefrom within thirty days following a notice of the city's intention to enter upon said land for the purpose of constructing said improvement.

Said Congress street as hereby widened and relocated is bounded:

Northerly by Milk street, 66.85 feet; easterly by the easterly line of Congress street as hereby widened and relocated, by four measurements, 98.55 feet, 170.08 feet, 41.91 feet, and 100.41 feet; southerly by Franklin street, by two measurements, 64.57 feet and 17.18 feet; northwesterly by the northwesterly line of Congress street as hereby widened and relocated, 15.91 feet; and westerly by the westerly line of Congress street as hereby widened and relocated, by seven measurements, 74.10 feet, 54.07 feet, 23.07 feet, 39.94 feet, 39.80 feet, 79.56 feet, and 95.18 feet.

Voted, That this Board determines that the undermentioned estates sustain damages by the making of the public improvement, consisting of the widening, relocation and construction of Congress street, Boston Proper district, as a highway, between Milk street and Franklin street, under the order of the Board of April 27, 1951, in the amounts hereinafter respectively set against them; and awards said amounts therefor.

Boston Five Cents Savings Bank, 90 square feet, \$1.

City of Boston, 352 square feet, nothing.

LAND-TAKING AMENDMENT.

The Mayor has approved the following vote of the Board of Street Commissioners:

Voted, That the order of the Board of Street Commissioners and Mayor of February 5, 1951, recorded in Suffolk Registry of Deeds, February 18, 1951, Book 6937, page 417, providing for the taking in fee of land situated on the southerly side of Mt. Vernon street, Dorchester district, for school purposes, be, and the same hereby is, amended, by striking out the last paragraph in said order, and substituting therefor the following paragraph:

Said parcels are shown on a plan marked "City of Boston, Mt. Vernon Street, Dorchester, January 8, 1951, James W. Haley, Chief Engineer, Street Laying-Out Department."

CONSTRUCTION WORK.

The Mayor has approved the request of the Public Works Department for the following construction work:

A 15-inch, 12-inch, and 10-inch pipe surface drain, 12-inch pipe sanitary sewer, and six catch basins and connections in Rockwood street, between 125 feet south of Conry Crescent and Brookline line, in the West Roxbury district, at an estimated cost of \$15,000.

A 12-inch pipe sanitary sewer and four catch basins and connections in Peirson street, between Massachusetts avenue and 150 feet southwesterly, in the Roxbury district, at an estimated cost of \$5,000.

WITHOUT ADVERTISING.

Upon varying dates as indicated the Mayor approved contracts with commercial houses, contractors, etc., for furnishing labor, supplies, etc. Communications from heads of the departments interested were as follows:

ADMINISTRATIVE SERVICES DEPARTMENT.

(Purchasing Division.)

Boston, March 31, 1954.

HON. JOHN B. HYNES,

Mayor of Boston.

DEAR MR. MAYOR:

Authority is requested to award a contract, without public advertisement, to Cities Service Oil Company for emergency deliveries of approximately 70,000 gallons of regular and premium gasoline to the various city departments, from April 1, 1954, to April 30, 1954, inclusive, pending the awarding of a new contract as a result of a publicly opened bid. This company will furnish the gasoline at the same prices as those contained in their contract which expires as of March 31, 1954.

Approximate total amount of contract will be \$12,754, net, including state tax.

Respectfully yours,

JOHN V. MORAN,
Purchasing Agent.

Boston, April 22, 1954.

HON. JOHN B. HYNES,

Mayor of Boston.

DEAR MR. MAYOR:

The Fire Department has submitted a requisition for 1,500 feet of 2½-inch fibre glass fire hose.

Boston Woven Hose and Rubber Company has quoted a price of \$1.25 per foot, which is much less than the present market price. This company has offered the hose at this exceptionally low price owing to the fact that it is to be assigned to one engine company for use at fires to determine its practical worth. It is understood that the fibre glass hose is superior to any other type of fire hose now on the market.

Authority is requested to dispense with publicly advertising for prices and award a contract, without public advertisement, to Boston Woven Hose and Rubber Company. It is my opinion that, in this way, the best interests of the city will be served.

Approximate total amount of contract will be \$1,875, net.

Respectfully yours,

JOHN V. MORAN,
Purchasing Agent.

Boston, April 23, 1954.

HON. JOHN B. HYNES,

Mayor of Boston.

DEAR MR. MAYOR:

The Boston City Hospital has submitted a requisition for 100 boxes of telepaque for use in the X-Ray Department.

Winthrop Stearns, Inc., the manufacturer of this item, has submitted an informal quotation. Authority is requested to dispense with publicly advertising for prices and award a contract, without public advertisement, to Winthrop Stearns, Inc. In view of the fact that this company is the manufacturer, it is my opinion that no advantage would be gained by publicly advertising for bids.

Approximate total amount of contract will be \$1,250, less 2 per cent discount for payment in 10 days.

Respectfully yours,

JOHN V. MORAN,
Purchasing Agent.

Boston, April 27, 1954.

HON. JOHN B. HYNES,

Mayor of Boston.

DEAR MR. MAYOR:

The Traffic Commission has submitted a requisition to this office for Luxor traffic signal lamps.

Luxor Lighting Products, Inc., the manufacturer of the above lamps, has submitted an informal price. A one-year comparison test with standard lamps previously furnished by other manufacturers has proven that Luxor lamps are far superior in lamp life to other makes. Authority is therefore requested to dispense with publicly advertising for prices and award a contract, without public advertisement, to Luxor Lighting Products, Inc. It is my opinion that in this way the best interests of the city will be served.

Approximate total amount of contract will be \$1,032, less 1% discount for payment within ten days.

Respectfully yours,

JOHN V. MORAN,
Purchasing Agent.

EXTENSION OF CONTRACTS.

DEPARTMENT OF SCHOOL BUILDINGS.

Approval has been given for the extension of the time of completion of the contract, approved December 1, 1953, with J. J. Bonnavire, Inc., for carpentry

repairs at the Trade High School for Girls, from April 30, 1954, to June 1, 1954. This extension was requested because of additional work not called for in contract.

PUBLIC WORKS DEPARTMENT.

Approval has been given for the extension of the time of completion of the contract dated October 13, 1953, with Cronin & Horigan, Inc., 111 Woodhaven street, Mattapan, for bituminous concrete pavement in Milton avenue, Ward 18, from Highland street to Summit street, from December 1, 1953, to June 15, 1954. This extension was requested because the contractor was obliged to suspend work over the winter months.

Approval has been given for the extension of the time of completion of the contract approved April 13, 1954, with the Crandall Engineering Company, 261 Franklin street, Boston, for making emergency repairs to the drawspan of the Summer Street Bridge, over Fort Point Channel, to June 1, 1954. This extension was requested because the time required to accomplish the emergency repairs was longer than originally anticipated.

TRANSFERS OF APPROPRIATIONS.

The Mayor has approved the following requests for transfers of appropriations:

BOSTON TRAFFIC COMMISSION.

From 100, Permanent Employees, \$6,000, 110, Temporary Employees, \$25,000, to 299, Contractual Services, \$31,000.

BOSTON, April 22, 1954.

CHARLES J. FOX, *Director*,

Administrative Services Department.

DEAR SIR:

On April 15 bids were received as a result of public advertising for painting contracts to install white lines and crosswalks throughout the city.

Safety Lines Company, Cambridge, bid \$30,103; Traffic Control and Signal Company, Worcester, \$31,005.90; Highway Painting Company, Dorchester, \$80,164.50.

It appears that Safety Lines Company of Cambridge is the low bidder, and it is the desire of our commission to award the contract to them. The appropriation made available for this purpose, however, amounts to \$25,000. In our budget, pending the determination as to whether our roadway painting program would be done by our own forces, supplemented by temporary seasonal help, or by a private contractor, the \$25,000 was allocated to budget Class 110, Temporary Employees.

In 1953, we painted approximately as many safety lines as are contemplated in the present contract. We employed, on a temporary basis, from 13 to 15 painters at a total cost for salaries of \$24,050. The paint used cost \$7,610.57. Miscellaneous additional costs brought the total expenditure to approximately \$35,000.

Accordingly, it may be stated that the contract with the Safety Lines Company will result in a direct savings, and many other benefits will accrue to the city by following the practice of awarding contracts for this work annually.

The cost of gasoline and truck maintenance will be reduced. The use of line-marking machines, compressors, and

similar equipment will be materially reduced with substantial savings in maintenance. Also the cost of various supplies will be eliminated. Furthermore, it is felt that the private contractor will accomplish the work more quickly than we have been able to do by the employment of temporary personnel.

Your permission is respectfully requested to obtain a transfer of \$6,000 from budget Item 100 (Permanent Employees) and \$25,000 from budget Item 110 (Temporary Employees), to budget Item 299 (Other Contractual Services), so that we may enter into this contract.

Anticipating a contract, no provision was made in budget Item 373 (Traffic Control Supplies and Materials) for the purchase of roadway paint, and it was hoped that the \$25,000 ordinarily expended for temporary painters would completely cover the cost of the proposed contract. However, as may be seen, we were \$6,000 short in our estimate of the contract work. Never having undertaken such a contract before, we could only guess at the amount which might be needed.

The result of this proposed transfer will be that our roadway painting program will cost \$31,000 as compared with the \$35,000 spent annually in the past, plus the ultimate savings which will accrue from eliminating the need to replace line-marking equipment and motor vehicles.

By miscellaneous economies during the year we hope to be able to replace the \$6,000 in the 100 Item, but if we are not successful in that aim we shall then apply for a supplementary appropriation at the end of the year to cover any balance required for the salary item.

It is our sincere feeling that the establishment of a contract procedure in our street-painting work will ultimately benefit the city substantially as a measure of economy and efficiency.

Sincerely yours,

WM. ARTHUR REILLY,
Commissioner.

ANNUAL COMMUNION SUNDAY.

The Eleventh Annual Communion Sunday for Catholic members of the Boston Fire and Protective Departments will be held in St. Peter and Paul Church, West Broadway, South Boston, at 9 A.M., Sunday, May 16, 1954.

The guest speaker for the breakfast will be Most Reverend Richard J. Cushing, D.D., Archbishop of Boston.

The celebrant of the Mass will be department chaplain, Right Reverend Monsignor Henry J. O'Connell. Toastmaster will be Fire Commissioner Francis X. Cotter. His Honor, Mayor John B. Hynes, will be present.

Upon completion of the Mass, members will form outside the church and march to Blinstrub's Village, 300 West Broadway, South Boston, where the Annual Communion Breakfast will be held.

Regulation uniform with sack coat and white gloves shall be worn on this occasion.

Any member planning to attend the Mass will be excused from duty when relieved by his partner.

Members who desire to participate in the Annual Communion Sunday exercises are privileged to exchange time.

Members may have their sons accompany them at the Mass and at the breakfast.

This ceremony has become an established annual rite for the Catholic members of the department. For new members of the department inducted during the past year, it will be an opportunity to meet their spiritual leader and to make new contacts and friendships in the department during the breakfast. The committee earnestly requests that all members off duty make every effort to attend the Mass and the breakfast. It is particularly requested that members possessing uniforms should wear same, although the lack of a uniform should not act as a deterrent for participation in the exercises. An especially fine program has been arranged for those attending.

A delegation of New York City firemen will be present at the Mass and breakfast. The New York firemen will arrive in Boston on Saturday, May 15. Members of this department are requested to extend every courtesy to our guests during their stay in this city. Aide to Deputy William H. McClellan will be host to the New York delegation.

COMMUNION BREAKFAST COMMITTEE.

Honorary Chairman, Francis X. Cotter.
District Chief William F. Dewan, District 5.

District Chief John A. O'Neill, Special Service Unit.

Company commanders will make the above change on assignment card for Box 6266.

VIII. AMERICAN CANCER SOCIETY CAMPAIGN.

Pamphlets, pledge cards and report envelopes in connection with the 1954 American Cancer Society Campaign for Funds are being issued to the department today. The requirements of the society are explained in the pamphlets, and the assistance of all employees who feel that they can help this worthy cause is invited. The money obtained will be used to support research work, much of it in hospitals and clinics in the Commonwealth of Massachusetts, in order to furnish the medical profession with information necessary to combat this dread disease.

Company commanders and heads of branch divisions are requested to call the drive for funds to the attention of members of their respective commands and ask them to contribute to the society.

Members of the department who desire to contribute will fill out the pledge cards. Company commanders will accept donations from such members, and the stub of the card is to be given to each contributor as a receipt for his donation. Pledge cards and money are to be forwarded to Miss Eleanor J. Cuniff, in the Headquarters Division, on or before May 21, 1954. Delivery of money can be made on any week day, excluding Saturday, and is to be made between the hours of 9 and 11.30 A.M.

By order of Fire Commissioner FRANCIS X. COTTER.

JOHN V. STAPLETON,
Chief of Department.

PROCEEDINGS OF CITY COUNCIL.

Monday, April 26, 1954.

Regular meeting of the City Council held in the Council Chamber, City Hall, at 2 P.M., President WHITE in the chair. Absent, Councillor Kerrigan.

The Very Reverend Monsignor Francis J. Lally, editor of the "Pilot," was escorted to the rostrum.

INVOCATION BY VERY REVEREND MONSIGNOR FRANCIS J. LALLY.

We pray thee, O God of might, and wisdom, and justice, through Whom authority is rightly administered, laws are enacted and judgment decreed, assist with Thy holy spirit of counsel and fortitude the President of the United States, that his administration may be conducted in righteousness, and be eminently useful to Thy people over whom he presides; by encouraging due respect for virtue and religion; by a faithful execution of the laws in justice and mercy; and by restraining vice and immorality. Let the light of Thy divine wisdom direct the deliberations of Congress, and shine forth in all the proceedings and laws framed for our rule and government, so that they may tend to the preservation of peace, the promotion of national happiness, the increase of industry, sobriety, and useful knowledge; and may perpetuate to us the blessing of equal liberty.

We pray for His Excellency, the Governor of this Commonwealth, for the members of the General Court, especially for this City Council, for all judges, magistrates, and other officers who are appointed to guard our political welfare, that they may be enabled, by Thy powerful protection, to discharge the duties of their respective stations with honesty and ability.

We recommend likewise to Thy unbounded mercy all our Brethren and fellow citizens throughout the United States, that they may be blessed in the knowledge and sanctified in the observance of Thy most holy law; that they may be preserved in union and in that peace which the world cannot give; and after enjoying the blessings of this life, be admitted to those which are eternal.

This we ask, through Our Lord Jesus Christ Thy son who livest and reignest in the unity of the Holy Spirit, God, forever and forever. Amen.

We will say a prayer for the repose of the soul of Michael J. Kerrigan, brother of John E. Kerrigan.

Our Father, Who art in heaven, hallowed be Thy Name; Thy kingdom come; Thy will be done on earth as it is in heaven. Give us this day our daily bread, and forgive us our trespasses as we forgive those who trespass against us, and lead us not into temptation, but deliver us from evil. Amen.

May his soul and the souls of all the faithful departed in God's mercy rest in peace. Amen.

The meeting was opened with the salute to the Flag.

EXPRESSION OF SYMPATHY FOR COUNCILLOR KERRIGAN AND HIS FAMILY.

Coun. HURLEY, AHEARN, FOLEY, HALLER, McCORMACK, McLAUGHLIN, PIEMONTE, and WHITE offered the following:

Resolved, That the Boston City Council, in meeting assembled, hereby expresses its heartfelt sympathy and condolences to our colleague, former Mayor John E. Kerrigan, his mother and brothers, on the loss of their brother and her son, Michael.

The resolution was adopted by a unanimous rising vote.

PUBLIC HEARING RE CONTRACTS FOR COLLECTION AND REMOVAL OF REFUSE.

Coun. WHITE offered the following:

City of Boston,

Office of the City Clerk, April 27, 1954.

To the City Council.

Gentlemen:

In accordance with your order passed April 12, 1954, and the provisions of section 6 of chapter 486 of the Acts of 1909, seven days' notice of a public hearing by the City Council on Tuesday, April 27, 1954, at eleven o'clock A.M., in the City Council Chamber, on the proposed contracts for the collection and removal of refuse, was given by the City Clerk by the publication in the "City Record" on April 17, 1954, and in all the daily newspapers on April 20, 1954, of an advertisement, a copy of which is hereto annexed.

Respectfully,

W. J. MALLOY, City Clerk.

Placed on file.

President WHITE announced that the City Clerk had informed the Chair that copies of the notice of the public hearing have been mailed to the Boston Finance Commission, the Municipal Research Bureau, and the Commissioner of Public Works, the Corporation Counsel, and to the two contractors concerned, as well as to the nine members of the Boston City Council.

The City Clerk then read the message of the Mayor and order submitted to the City Council

on April 12, 1954, for approval of the contracts with J. J. Moore Co., Inc., and Frank J. Cavaliere for the collection and removal of refuse.

George G. Hyland, Commissioner of Public Works, appeared before the Council, accompanied by William L. Baxter, Corporation Counsel of the City of Boston. Mr. Hyland gave detailed information, and answered such questions as were asked of him on the question of the proposed contracts for the collection and removal of refuse in the City of Boston.

At the end of the testimony presented by Mr. Hyland, the Chair asked if any one else wished to appear before the Council. There being no one else who appeared, the Chair declared the public hearing closed at 12.24 P.M.

On motion of Councillor McCormack, the Council adjourned at 12.25 P.M.

Note: All debate of City Council eliminated from proceedings in accordance with Chapter 447, Acts of 1947.

(Stenographic copy of such debate on file in office of City Clerk.)

PUBLIC WORKS DEPARTMENT.

Proposals for Bituminous Concrete Pavement and Cement Concrete Cribbing in Brigham Street, Ward 1, from Webster Street to Ruth Street.

The Commissioner of Public Works of the City of Boston, Room 508 (Contract Office), City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for bituminous concrete pavement and cement concrete cribbing in Brigham street, Ward 1, from Webster street to Ruth street. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508 (Contract Office), City Hall Annex. Each proposal should be enclosed in an envelope, sealed, marked "Proposal for Bituminous Concrete Pavement and Cement Concrete Cribbing in Brigham Street, Ward 1, from Webster Street to Ruth Street," and left at Room 508 (Contract Office), fifth floor, City Hall Annex, before 2 P.M. of THURSDAY, MAY 20, 1954, with a certified check for SEVEN HUNDRED (700) DOLLARS, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then be publicly opened and read in the Contract Office, Room 508, City Hall Annex.

Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. All proposals must be from bidders of record on file at Room 508, City Hall Annex. There will be a charge of two dollars (\$2) for each set of plans and specifications taken out. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item it may lead to the rejection of the proposal containing such price. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner of Public Works. Before commencing performance of this contract, the Contractor shall provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract and shall continue such insurance in full force and effect during the term of this contract. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

GEORGE G. HYLAND,
Commissioner of Public Works.

OFFICE OF THE COLLECTOR-TREASURER.

CITY HALL, BOSTON, MASS., MAY 3, 1954.

In pursuance of the authority given by orders of the City Council of Boston and Acts of Massachusetts, the undersigned will receive proposals until 12 o'clock M., Eastern Daylight Saving Time, Tuesday, May 18, 1954, for the purchase of all but no part of the following-described coupon serial bonds.

Coupon Serial Bonds.

Bidder to name rate of interest in multiples of $\frac{1}{4}$ of one per cent; no bid to be less than pnr and accrued interest and a different rate of interest may be bid for all but no part of each purpose loan to be issued.

BRIDGES, CONSTRUCTION OF, \$1,390,000.

Order of City Council of Boston of April 16, 1945, effective May 7, 1945. Payable \$70,000 annually, April 1, 1955, to April 1, 1972, inclusive, and \$65,000 annually, April 1, 1973, to April 1, 1974, inclusive.

CONSTRUCTION OF BUILDINGS, ACQUISITION OF LAND, ETC., \$1,300,000.

Order of City Council of Boston of May 19, 1953, effective June 9, 1953. Payable \$65,000 annually, April 1, 1955, to April 1, 1974, inclusive.

CONSTRUCTION OF SCHOOL BUILDINGS, ACQUISITION OF LAND, ETC., \$200,000.

Order of City Council of Boston of May 19, 1953, effective June 9, 1953. Payable \$10,000 annually, April 1, 1955, to April 1, 1974, inclusive.

All loans will be issued in Coupon Bond Certificates of \$1,000 each, and will be paid on the dates specified for each loan, all with interest payable semiannually on the first days of April and October in each year, at the office of the Collector-Treasurer, Boston.

In comparing bids, preference will be given to the bidder whose bid provides for the lowest net interest cost to the city. (Total interest for the duration of the loan from April 1, 1954, less the amount of premium bid.)

The bonds will be dated April 1, 1954, and will be ready for delivery on or about June 23, 1954. Delivery of the bonds will be made either in Boston or in New York City at the option of the purchaser. Interest will begin April 1, 1954, and will cease on the dates on which the bonds are payable.

These bonds are exempt from taxation in Massachusetts and from the present Federal Income Tax.

Proposals must be sealed and addressed to Daniel M. Driscoll, Collector-Treasurer, Boston 8, Mass., endorsed "Proposals for Loans." Each proposal must be accompanied either by a cashier's check or by a certified check in the amount of \$28,900.00, drawn on a Boston or New York City National Bank or Trust Company, the check made payable to the City of Boston, Daniel M. Driscoll, Collector-Treasurer. The check of any bidder to whom an award is made will be retained as part payment for the loans awarded. All other checks will be returned.

Accrued interest from April 1, 1954, to date of delivery, is to be paid by the purchaser.

All proposals will be opened in the office of the Collector-Treasurer, Tuesday, May 18, 1954, at 12 o'clock M., Eastern Daylight Saving Time. The Collector-Treasurer reserves the right to reject any or all bids or to accept such bid or bids as may seem to him to be the most advantageous to the city.

Proposals for Sewerage Works in Whitford Street, West Roxbury, from Delano Park 200 Feet Southeasterly.

The Commissioner of Public Works of the City of Boston, Room 508 (Contract Office), City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for sewerage works in Whitford street, West Roxbury, from Delano park 200 feet southeasterly. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508 (Contract Office), City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Proposal for Sewerage Works in Whitford Street, West Roxbury, from Delano Park 200 Feet Southeasterly," and left at Room 508 (Contract Office), fifth floor, City Hall Annex, before 2 P.M. of TUESDAY, MAY 18, 1954, with a certified check for ONE HUNDRED FIFTY (150) DOLLARS, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then be publicly opened and read in the Contract Office, Room 508, City Hall Annex.

Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. All proposals must be from bidders of record on file at Room 508, City Hall Annex. There will be a charge of two dollars (\$2) for each set of plans and specifications taken out. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and very item, it may lead to the rejection of the proposal containing such price. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner of Public Works. Before commencing performance of this contract, the Contractor shall provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract and shall continue such insurance in full force and effect during the term of this contract. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

ADMINISTRATIVE SERVICES DEPARTMENT, CHARLES J. FOX, DIRECTOR, TURNS THUMBS DOWN ON CITIZENS' COMMITTEE NAMED TO CONSIDER POLICE DEPARTMENT ECONOMIES — FINDS SAVINGS SUGGESTED IMPRACTICAL AS TO EFFECTIVENESS—NO SUBSTANTIAL SAVINGS WOULD FOLLOW ADOPTION OF PROPOSED RECOMMENDATIONS.

The following communication has been received by Mayor Hynes from the Administrative Services Department:

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR SIR:

At a recent meeting of the Administrative Services Board, consideration was given to a report on Police Department economies, submitted by the *Citizens' Committee* appointed by you to consider the financial problems of the city. At the invitation of the board, Police Commissioner Sullivan and Captain Danehy, Chief Clerk of the Police Department, were present at this meeting. Because of the belief expressed in the report that sizable savings could be realized through

REPORT OF ROBERT C. SCHIMMEL, RADIO COORDINATOR, DEPARTMENT OF VISUAL AND RADIO EDUCATION, ON ATTENDANCE AT 1954 RADIO-TV INSTITUTE, IN COLUMBUS, OHIO, APRIL 5 THROUGH APRIL 10, 1954.

The following is the report to Superintendent Dr. Dennis C. Haley on Twenty-fourth Institute for Education by Radio-Television, Desher-Milton Hotel, Columbus, Ohio, April 5 to April 10, 1954, by Robert C. Schimmel, Radio Coordinator:

The keynote of the Twenty-fourth Annual Institute for Education by Radio-Television was the inquiry into the various techniques used in the rapidly expanding medium of Television in Education.

NO WIDENING GULF OF INDIFFERENCE AND MISUNDERSTANDING BETWEEN RACIAL AND RELIGIOUS GROUPS EXISTS NOW IN CITY OF BOSTON, MAYOR JOHN B. HYNES TELLS ANNUAL GATHERING OF MASSACHUSETTS COMMITTEE OF CATHOLICS, PROTESTANTS, AND JEWS — CLOSER APPRECIATION, ON EVERY SIDE, OF TRADITIONS, BELIEFS, DREAMS, AND ASPIRATIONS OF CITIZEN GROUPS—ALL PRAY TO BE DELIVERED FROM EVIL AND FOR FORGIVENESS OF SINS—NO CITY WITH A GREATER HEART EXISTS.

At the seventeenth annual dinner of the Massachusetts Committee of Catholics, Protestants, and Jews, at the Statler Hotel on May 6, Mayor John B. Hynes delivered the following address:

I am privileged to extend the greetings of the City of Boston to this gathering of distinguished citizens, and more especially to the Honorable Robert Murphy, to General David Sarnoff, and to that heroic figure, General William Dean.

I need not tell our notable guests that our city, first in many things, was also first to recognize that this wide-flung nation, conceived in the womb of old Mother Boston, could not long endure if its sons and daughters looked upon each other with suspicion, with disdain, with snobbery, be they mild or vicious in their manifestations.

And so, seventeen years ago, when Adolph Hitler, that arch-enemy of brotherhood and good will, was brandishing the sword of war, a sword dripping with the blood of countless men, women, and children guilty of no crime except the accident of birth, the first of these good will dinners was held in our city.

Who would presume to say that these annual dinners have not made Boston a better city than it was seventeen years or more ago? Prior to that time, strange though it may seem, many influential leaders in the life of our community had little better than a distant nodding acquaintance with other leaders who moved in a different circle, or who worshipped in a different house of God.

No Widening Gulf Exists.

This is no longer so. Today there is no widening gulf of indifference and misunderstanding between racial and religious groups within our city. On the contrary, there is an ever closer appreciation, on every side, of the traditions, the beliefs, the dreams, and the aspirations of those who live on either side of the tracks, of those who pray by different forms, to be forgiven their trespasses, to be delivered from evil.

The atmosphere has changed since these dinners were instituted. Only the most hateful scoffer would deny this declaration.

MAYOR VETOES SCHOOL COMMITTEE PROPOSAL FOR INCREASE IN TAX LIMIT FOR APPROPRIATIONS.

The following communication has gone forward from the office of the Mayor:

MISS AGNES E. REYNOLDS, *Secretary*,
Boston School Committee, 15 Beacon Street, Boston, Mass.

MY DEAR MISS REYNOLDS:

I have the communication of the School Committee relative to a pending bill to increase the tax limit for School Committee appropriations.

I most reluctantly must inform the School Committee that I cannot give approval to this bill. I realize full well that the School Committee, and other city departments, could use more money each year. Until, however, there is more income available to the city, we must keep the expenditures of the municipal government down to the lowest possible level in order that the already high tax rate will not be further increased. I think this is a problem which the School Committee must share with the Mayor, in that the expenditures of the School Committee represent the largest single expenditure which the city annually must make.

To give approval to this bill would be tantamount to an expression on my part that the city officials are not concerned with the amount of money which should be available each year to the School Committee. This, under present circumstances, I cannot do.

Respectfully,

J. B. HYNES, *Mayor*.

PROPOSED POLICE ECONOMIES NOT PRACTICAL.

(Continued from page 573.)

modifications in certain police departmental procedures we offer for your information the following summary of the meeting:

The report as submitted by the Citizens' Committee was not based, as in the case of its report on the Fire Department, on a first-hand survey and investigation of Police Department operations. The five suggested fields for economy were taken from the survey report made by Bruce Smith for the Finance Commission in 1949. It is admitted in the report that the recommendations of Mr. Smith have been "reinforced by up-to-date comparative and internal data."

TWO SETS OF STATISTICS.

At the outset, the report presents two sets of statistics, one relating to departmental expenditures and size and distribution of personnel, and the other to crime suppression in the large cities of the country. The first set of figures points out that while Boston ranks tenth in population among the eighteen cities of 500,000 population, it reflects the highest per capita expenditure, as well as the highest in the number of police officers per 1,000 population. The second set clearly indicates that the Boston Police Department is achieving and has for many years achieved a high degree of crime repression. In the number of Class I crimes per 1,000 population, Boston's record was approximately the same for

1952 as it was for 1940. Only two other cities (Pittsburgh and Buffalo) of the seventeen largest cities show a lower figure in 1952 in the number of Class I crimes per 1,000 population.

Because of this excellent crime record, the report centers attention on activities which it is claimed tend to reduce the effective strength of the department. It is contended that elimination or reduction of these "nonprotective" activities will not affect or endanger the standard of crime suppression built up over many years. The five activities in this category taken from the Smith report are as follows:

1. Reduction of special details.
2. Adoption of one-man patrol cars.
3. Substitution of school crossing guards for police officers.
4. Consolidation of divisions.
5. Consolidation of patrol wagon service.

In the matter of special details, the report advances the theory that the assignment of regular police officers to guard duty at City Hall, branch libraries, the City Hospital, the District Attorney's office, and in the payment of payrolls, reduces the effective strength of the department unnecessarily, since it is suggested that other and lower-paid personnel could be substituted for these officers. The Police Commissioner does not take issue with this recommendation, but he points out that while the compensation of the replacements would be less than that of the police officers, it is a question whether civilian service of this character could be as effective as that rendered by men in uniform.

NO REDUCTION IN UNIFORMED QUOTA.

The withdrawal of officers from this type of duty would not necessarily permit a reduction in the uniformed force quota. As indicated in the following table, a number of changes have been made during the past twenty-five years in working conditions in the department:

Uniformed force: December 1, 1929, 2,434; December 1, 1953, 2,828.

Work weeks: December 1, 1929, one day off in eight; December 1, 1953, two days off in seven.

Vacation allowance: December 1, 1929, two weeks; December 1, 1953, first ten years, two weeks; after ten years, three weeks; after twenty years, four weeks.

Sick leave: December 1, 1929, none; December 1, 1953, fifteen days a year, which, when unused, may be accumulated to a total of ninety days.

The major effect of these changes has been to reduce the number of work days performed annually by the individual members of the force. While the number of patrolmen has increased in the past quarter of a century by 16.2 per cent, the tour of duty of each individual patrolman has been reduced by 26½ per cent. This means that, despite increased numbers, the effective strength of the department today is below that of 1929.

In the discussion on this recommendation, it was agreed that by the extension of check payments to municipal employees it would be possible to relieve officers now performing payroll guard duty without any necessity being present for replacements.

It was agreed by the City Auditor and City Treasurer that a study would be made of the possibility of reducing the amount of this type of protection at

present afforded by substituting wherever possible and feasible check payments for the present cash disbursements.

In the matter of one-man patrol cars, the Commissioner was of the opinion that, while this recommendation might be adopted in suburban areas, it was not feasible in the central area of the city. He pointed out that, because of Boston's narrow and crooked streets, the operation of a motor vehicle thereon requires the full faculties of a normal person. He was certain that a single police officer could not in the downtown area operate a police patrol car and observe conditions requiring police attention. He stated that experience has proved that a single officer in a patrol car cannot answer a radio call until he has safely brought the motor vehicle to a standstill at the curbing. One-man cruising cars are not only inefficient but positively dangerous to their operators. He raised the question as to what chance a single policeman would have, in pursuing another car conveying criminals, to use the radio to call for help or to use his revolver in apprehending the criminals. In the opinion of the Commissioner, in most sections of the city two-men crews in police patrol cars are absolutely necessary. The observer in each car is in a position to note all matters requiring police attention, and, when a serious situation arises, both officers are available for prompt police action.

WORK AT SCHOOL CROSSINGS.

In the matter of substitution of school crossing guards for the regular police officers now assigned in Boston to this duty, the Commissioner, while not opposed to the idea, was inclined to question how any savings could be achieved, since, as he stated, the replacements involved in the proposal would represent additional personnel who would have to be compensated for their services and also would have to be uniformed to some degree, so that their position and authority might be readily recognized. While admitting that a large number of municipalities throughout the country have adopted the policy of substituting school crossing guards for regular police officers, the Commissioner expressed the opinion that up to the present, at least, continued service of this character by police officers has not seriously reduced the effective strength of the department.

In the matter of consolidation of divisions, the Commissioner agreed that in certain sections action of this character would be effective. He pointed out, however, that debt service requirements for the purchase of land and the construction of new stations would go far toward dissipating any operational economies. He expressed the opinion that the consolidation of divisions would not permit any reduction in the number of uniformed personnel, and that the savings would be limited solely to custodial services and maintenance expenses.

In the matter of consolidation of patrol wagon service, the Commissioner expressed definite opposition. He stated that patrol wagons are for police business only, and that when they are needed time is of the essence, and in many cases life and death depend upon the efficiency with which this arm of police service is facilitated. He admitted that, in theory, recommendations of this nature sound logical, and the resulting savings appear economical on paper. From a practical

point of view, however, the recommendation ignores entirely the topography of Boston and the resulting congestion of traffic which tends to impede the ready and prompt response of police wagons, even from their present locations.

DEPARTMENTAL EXPENDITURES.

In discussing the statistics relating to Police Department expenditures and extent of personnel, the Commissioner advanced the claim that per capita figures comparing Boston with other cities in a similar population bracket do not offer a fair comparison. This city is the core of the fifth largest metropolitan district in the country, a region with a total population of over 2,350,000 persons. Since Boston's land area is the smallest of all central cities in metropolitan areas, two-thirds of the metropolitan population live outside the city and, therefore, are not included in per capita computations. These people, however, come into the city to work, to do business, and to seek entertainment, and during their stay within city limits they are entitled to receive police supervision and service.

In the light of the comments presented by the Police Commissioner, it appears highly questionable whether any substantial savings could be secured through the adoption of the recommendations outlined in the committee's report. It is evident from opinions expressed by the Commissioner that no reduction in uniformed personnel would follow their adoption. Rather, on the other hand, the elimination of special details and the installation of school crossing guards would mean the employment of additional civilian personnel. All in all, it would appear that this report offers little, if any, opportunity to reduce operating costs in the Police Department.

Respectfully submitted,

CHARLES J. FOX, *Chairman,*
JOHN V. MORAN,
JOHN A. SULLIVAN,
DANIEL M. DRISCOLL,
JOSEPH P. LALLY,
Administrative Services Board.

AMENDED DAMAGES.

The Mayor has approved the following vote of the Board of Street Commissioners:

Voted, That the order of the Street Commissioners and Mayor of November 29, 1951, determining damages caused by the making of the public improvement, consisting of widening and relocation of Poplar street, be, and the same hereby is, amended, by striking from said order the amount \$1 awarded to Emily Maragaes in said order and inserting in place thereof the amount \$2,500; that the amount \$2,500 be, and the same hereby is, awarded to Emily Maragaes for the damages so sustained.

SEWERAGE WORK ORDER REVOKED.

The Mayor has approved the following vote of the Board of Street Commissioners:

Voted, That the order of the Board of Street Commissioners and Mayor of January 25, 1954, providing for the construction of 200 linear feet of 12-inch pipe sewer in Colebrook street (formerly Howe avenue), between H street and 223 feet westerly, South Boston district, be, and the same hereby is, revoked.

MAYOR HYNES ADDRESSES COMMITTEE OF CATHOLICS, PROTESTANTS, AND JEWS.

(Continued from page 573.)

The atmosphere is clearer and healthier. We are a better people, better because we are still striving to reach the goal of perfect human understanding, the goal of that peace which comes to men of good will.

Other cities in America and the world may be bigger and grander than Boston. This we cannot belie. But nowhere in the wide world is there a city with a greater heart, nowhere is there a city where the lights of understanding and good will gleam more brightly than they do here in the old, but ever new, City of Boston.

POLICE DEPARTMENT ORDERS.

General Order No. 1,890.

Patrolman Thomas J. Casey, Jr., Division 16, honorably discharged veteran, having arrived at the age of sixty-two years, having been in service of Boston Police Department for thirty years, and having requested retirement under provisions of section 58, chapter 32, General Laws (Ter. Edit.), as amended, it is hereby

Ordered, His Honor the Mayor having approved the same, Patrolman Thomas J. Casey, Jr., will be retired from active duty in the Police Department, effective Tuesday, May 11, 1954, at 5.45 o'clock P.M.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

ASSESSMENT LIEN CANCELED.

The Mayor has approved the following vote of the Board of Street Commissioners:

Voted, Whereas, Under an order of the Board of Street Commissioners and Mayor of July 17, 1953, recorded in the Suffolk Registry of Deeds, August 13, 1953, Book 6893, page 466, said order providing for the laying out and construction of an extension of Deforest street, West Roxbury and Hyde Park district, as a highway, from Hallron street to Poplar street;

Whereas, An assessment lien was created on the following-named parcel of land, as follows:

Parcel 46, Frances L. Green, \$304.74.

Voted, That said assessment lien be, and the same hereby is, canceled.

REVISION OF GRADE.

The Mayor has approved the order of the Board of Street Commissioners for a public improvement, consisting of the revision of grade of Cranmore road, Hyde Park district, from Halsey road to Needham road, bounded and described as follows:

The grade of the highway named Cranmore road is hereby ordered revised, between Halsey road and Needham road.

Voted, That this Board determines that no persons sustain damages in their estates by the making of the public improvement, consisting of the revision of grade of Cranmore road, between Halsey road and Needham road, under the order of the Board of April 30, 1954, and awards no damages therefor.

Remarks.

M. E. O'Brien & Sons, Inc.—Total price of \$2,328.05 will apply only if all items are purchased. Unit prices given cannot be maintained otherwise. *Item 1.* Identical to ten units shipped the City of Boston, July 25, 1952, City Order 13945, Requisition No. 300 S, contract 1323, June 12, 1952. *Item 2.* Same as preceding order, except improved design fittings and seats. *Items 3, 4, and 5.* Improved design. Literature attached. *Item 1.* Alternate. The slide specified, No. 400-T, does not have a top platform. If this feature is desired, we are pleased to quote: 12 No. 312-MS all metal slides, with top platform, all as per attached catalogue descriptions, at \$134.10 each, total, \$1,609.20, which would make total price for five items \$2,425.25.

* Contract awarded.

DEPARTMENT OF SCHOOL BUILDINGS.

Upon May 10 the Mayor approved a contract with Domenick Pulco for alterations at the Dorchester High School, Dunbar avenue, Dorchester. Bids, opened May 6, were as follows:

Domenick Pulco, \$74,214; Michael Racioppi, \$79,200; D. Antonellis, Inc., \$81,390; John F. Hynes, Inc., \$81,413; Parkman Construction Company, Inc., \$81,980; Peabody Construction Company, Inc., \$82,935; M. Solimando, \$83,678; P. J. Cantwell & Son, \$87,321; Rossano Construction Company, Inc., \$92,249; Martin J. Kelly Company, Inc., \$95,000; Arielli Construction Company, Inc., \$100,251.

PARK DEPARTMENT.

Upon May 6 the Mayor approved a contract with William P. Herlihy for development of recreational areas at Franklin Field, Dorchester, Mass. Bids, opened on Tuesday, May 4, were as follows:

William P. Herlihy, \$39,799.50; Faletra Brothers, Inc., \$41,934.50; S. J. Tomasello Corporation, \$42,483.50; Carriere

Construction Company, \$42,813.30; P. J. Joyce & Son, Inc., \$42,852.70; Louis Recine Construction, Inc., \$46,025; J. A. Susi & Sons, Inc., \$46,056.50; A. Singarella & Sons, Inc., \$49,620.

PUBLIC WORKS DEPARTMENT.

Upon May 3 the Mayor approved a contract with Rufo Construction Company, Inc., for removing the wearing surface of the Chelsea Bridge Viaduct at an estimated cost of \$2,446. The work to be done under this contract is to be completed within two weeks from date of order to commence work. The following bids were received Thursday, April 29:

Rufo Construction Company, Inc., \$2,446; Charles Callahan Company, \$3,070; Joseph A. Jacobs, \$3,403; S. J. Tomasello Corporation, \$4,440; John M. Cashman, \$4,500; American Building Wrecking Company, Inc., \$5,470.

Upon May 7 the Mayor approved a contract with Beacon Piping Company, the lowest formal bidder, for the installation of new discharge valves at the Calf Pasture Pumping Station, Mt. Vernon street, Dorchester, at an estimated cost of \$9,431. The work to be done under this contract is to be completed within 120 days after the contract is approved by the Mayor. The following bids were received May 4:

Beacon Piping Company, \$9,431; J. F. McGlame Company, \$9,100; Modern Engineering Company, Inc., \$10,163; P. J. Riley & Co., \$11,203.

Upon May 7 the Mayor approved a contract with Nick Tracy for underwater inspection, Malden Bridge, at an estimated cost of \$2,955.40. The work to be done under this contract is to be completed within three months from date of order to commence work. The following bids were received April 29:

Nick Tracy, \$2,955.40; The Crandall Engineering Company, \$4,025; C. Ray Norris & Son, \$4,130; Marine Diving & Ship Service, \$4,200; Rev-Lyn Contracting Company, \$4,690; Wyoming Construction Company, Inc., \$5,670; George M. Bryne, \$6,930.

Upon May 7 the Mayor approved a contract with Marine Diving & Ship Service for wash borings, Summer Street Bridge, at an estimated cost of \$1,740. The work to be done under this contract is to be completed within two weeks from date of order to commence work. The following bids were received April 29:

Marine Diving & Ship Service, \$1,740; Raymond Concrete Pile Company, \$1,800; American Drilling Company, Inc., \$3,576; John J. Boyle, \$3,600; George J. Geissner and Associates, Inc., \$6,960.

Upon May 7 the Mayor approved a contract with Joseph Capone & Son for sewerage works in Highfield road and minor sewerage works in West Roxbury at an estimated cost of \$9,814, including concrete pipe. The work to be done under this contract is to be completed within sixty days after the contract is approved by the Mayor. The following bids were received May 4:

Including Clay Pipe.—Joseph Capone & Son, \$10,121; N. Bevilacqua & Son, \$10,287.40; J. J. Struzziery & Co., Inc., \$10,484.60; Susi & DeSantis Company, Inc., \$11,437.50; Z. & S. Construction Company, Inc., \$10,938; Roslindale Contracting Company, \$11,430; C. Russo,

Inc., \$11,305; R. A. Buccella & Sons, Inc., \$11,992; H. DiTullio & Sons, Inc., \$13,087.60.

Including Concrete Pipe.—Joseph Capone & Son, \$9,814; N. Bevilacqua & Son, \$10,287.40; J. J. Struzziery & Co., Inc., \$10,484.60; Susi & DeSantis Company, Inc., \$10,823.50; Z. & S. Construction Company, Inc., \$10,938; Roslindale Contracting Company, \$11,123; C. Russo, Inc., \$11,305; R. A. Buccella & Sons, Inc., \$11,869.20; H. DiTullio & Sons, Inc., \$12,535.

Upon May 10 the Mayor approved a contract with Nick Tracy for underwater inspection, Summer Street Bridge, at an estimated cost of \$4,683.60. The work to be done under this contract is to be completed within three months from date of order to commence work. The following bids were received May 6: Nick Tracy, \$4,683.60; Marine Diving & Ship Service, \$4,860; C. Ray Norris & Son, \$4,905; The Crandall Engineering Company, \$5,130.

Upon May 10 the Mayor approved a contract with S. J. Tomasello Corporation for bituminous concrete pavement in Andria road, Ward 18; Elwell road, Ward 19; Empire street, Ward 22; Eugenia road, Ward 20; Furnival road, Ward 19; George street, Ward 18; Lochland road, Ward 18; Mayflower street, Ward 22; and Solaris road, Ward 18, at an estimated cost of \$65,716.50. The work to be done under this contract is to be completed September 30, 1954. The following bids were received May 6, 1954:

S. J. Tomasello Corporation, \$65,716.50; Ruffo Construction Company, Inc., \$67,655.40; Adams Asphalt Company, Inc., \$68,656.50; Carriere Construction Company, \$70,251.70; James A. Susi & Sons, Inc., \$72,598.60; P. V. Barone Corporation, \$73,644.

WITHOUT ADVERTISING.

Upon varying dates as indicated the Mayor approved contracts with commercial houses, firms and contractors for furnishing labor, supplies, etc. Communications from heads of departments interested were as follows:

ADMINISTRATIVE SERVICES DEPARTMENT.
(Purchasing Division.)

BOSTON, April 30, 1954.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

In accordance with the provisions of the letter approved by your Honor on January 26, 1954, authority is requested at this time to award contracts, without public advertisement, to the following-named companies for furnishing perishable foods to the various city departments, from May 3, 1954, to March 31, 1955, inclusive:

Atlantic Lobster House, Inc., 42 Warren street, Boston; Columbia Packing Company, 155 Southampton street, Boston.

Respectfully yours,

JOHN V. MORAN,
Purchasing Agent.

BOSTON, May 4, 1954.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

The Sanatorium Division has submitted a requisition to this office for one Model 170-D U. S. slicing machine with a 220 A.C. motor.

U. S. Slicing Machine Company, Inc., the manufacturer of the machine requested, has submitted an informal quotation. Authority is requested to dispense with publicly advertising for prices and to award a contract, without public advertisement, to U. S. Slicing Machine Company, Inc. Inasmuch as this company is the manufacturer, it is my opinion that no advantage would be gained by publicly advertising for bids.

Approximate total amount of contract will be as follows: \$1,260, plus special motor, \$7.50—\$1,267.50; less allowance, \$167.50; net installed, \$1,100.

Respectfully yours,

JOHN V. MORAN,
Purchasing Agent.

BOSTON, May 4, 1954.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

On April 22, 1954, bids were publicly opened and read in this office for the binding of 1954 Police Lists. Two bids were received, one from George Coleman Bookbindery Company, Inc., in the amount of \$2,619.56, and the other from Boston Mailing Company, in the amount of \$5,386.08.

After the bid opening, I received a letter from Mr. Morris, Vice President of George Coleman Bookbindery Company, Inc., stating that during his absence from his office the bid of his company had been filled out erroneously to the extent that incorrect prices had been submitted for two of the three items in the proposal. The correct prices on each item should have been as follows:

Item 1, \$3.25 each, no change.

Item 2, \$1.38 each, an increase of 33 cents each.

Item 3, \$1.32 each, an increase of 32 cents each.

The total increase using the new prices submitted is \$600.60, making a total of \$3,220.16. This total is \$2,165.92 lower than the next price submitted.

Inasmuch as this appears to be an honest error, it is my opinion that the price increase should be allowed. It is therefore requested that permission be granted me to reject the two bids received for the public opening, dispense with further public advertising and award a contract for binding 1954 Police Lists, without public advertisement, to George Coleman Bookbindery Company, Inc., in the amount of \$3,220.16, less 2 per cent discount, time of payment.

Respectfully yours,

JOHN V. MORAN,
Purchasing Agent.

BOSTON, May 4, 1954.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

This office is in receipt of Requisitions 48, 50, 51, 53, and 54 from the Health Department for various dental supply items. Written quotations were solicited from nine Boston dental supply houses. Four bids were received all of which were more than \$1,000.

The Health Department is in immediate need for delivery of the items requested. Inasmuch as all leading dental supply houses were solicited for prices, it is my opinion that no advantage would be gained by publicly advertising for same.

Authority is therefore requested to dispense with publicly advertising for bids and award a contract, without public advertisement, to the lowest bidder on informal quotations, namely, F. W. Massell Company, Inc., 120 Boylston street, Boston.

Approximate total amount of contract will be \$1,401.23, less 2 per cent discount for payment within ten days. All items are to be delivered immediately upon receipt of orders.

Respectfully yours,

JOHN V. MORAN,
Purchasing Agent.

BOSTON, May 6, 1954.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

Authority is requested to dispose of surplus property, declared as junk by the Fire Department and turned over to the Purchasing Division, to Boston Junk Company, who has submitted a price of \$13.10 per gross ton. This price is the best of four prices received.

Respectfully yours,

JOHN V. MORAN,
Purchasing Agent.

BOSTON, May 7, 1954.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

The Park Department has submitted a requisition to this office for ten 12-foot long fiberglass sailboats as per specifications.

Beetle Boat Company, Inc., the manufacturer of this particular sailboat which is the only acceptable one to the Park Department, has submitted an informal quotation. Inasmuch as this company is the only manufacturer, authority is requested to dispense with publicly advertising for prices and award a contract, without public advertisement, to Beetle Boat Company, Inc.,

Approximate total amount of contract will be \$3,980, less 1 per cent discount for payment within ten days; net, thirty days.

Respectfully yours,

JOHN V. MORAN,
Purchasing Agent.

DEPARTMENT OF SCHOOL BUILDINGS.

BOSTON, May 4, 1954.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

On December 1, 1953, your Honor approved a contract to J. J. Bonavire, Inc., for carpentry repairs at the Trade High School for Girls. This award was approved after public advertising.

During the life of the contract and due to the nature of the work, additional carpentry work was found necessary in various rooms in addition to the work called for in contract. In my opinion the interest of the city is best served by having this work performed by the contractor already engaged under the original contract, and nothing would be gained by further advertising.

I therefore respectfully request your Honor's approval to amend said contract from the amount of \$1,035 to \$1,710.

Respectfully yours,

JAMES H. MOONEY,
Superintendent of Construction.

REAL PROPERTY BOARD.

BOSTON, May 4, 1954.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

The Real Property Board, from time to time, engages the services of contractors to clean refuse from vacant lots of land under its jurisdiction. During the course of a year the total cost of such cleanings will total over \$1,000. However, it is impossible to determine or even approximate the cost, due to the fact that we order the cleaning generally upon complaints of the Health Department, Fire Department, Police Department, and of private citizens. In each case the cleaning job is an emergency at the time of the complaint, necessitating the employment of a contractor at that specific time to do emergency work.

In view of the above-mentioned facts, it would be impractical to advertise for bids, and it is respectfully requested that permission be given this department to employ such contractors as are necessary, from time to time, to clean lots of land without public advertising.

Respectfully yours,

HERMAN CARP, *Chairman.*

TREASURY DEPARTMENT.

BOSTON, May 4, 1954.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

I respectfully request your permission to dispense with the usual form of advertising and to award a contract for repairing, adjusting, and cutting new dies (Collector-Treasurer) for ten perforating receipt machines for the Collecting Division of this department, to the Dimond Union Stamp Works, 81 Washington street, Boston.

Two companies were invited to bid on the above work, and the only written bid was received from the above company at a cost of \$125 per machine, and a verbal quotation of \$175 plus \$5 freight charges per machine from the Cummins Business Machines Corporation, 318 Harvard street, Brookline.

In view of the above facts together with the change by the reorganization of the title of City Collector to Collector-Treasurer makes this matter most urgent, therefore, time is of the essence. It is my opinion that nothing could be gained by publicly advertising for bids. I believe that the best interests of the city will be served by awarding this work to the lowest bidder, namely, Dimond Union Stamp Works, 81 Washington street, Boston, Mass., in the sum of one thousand two hundred fifty (1,250) dollars.

Respectfully yours,

DANIEL M. DRISCOLL,
Collector-Treasurer.EXTRA WORK UNDER
CONTRACT.

PUBLIC WORKS DEPARTMENT.

Carriere Construction Company has been directed to perform the following extra work under the contract dated July 23, 1953, for bituminous concrete pavement in Poplar street, Wards 18 and 19, and Summit street, Ward 18:

In Poplar street, rebuild existing catch

basin at northeasterly corner of Metropolitan avenue, including excavation, backfill, materials, labor and equipment, for the lump sum of \$125.

In Poplar street, reset stone bound at northwesterly corner of Glendower road for the lump sum of \$15.

Estimated cost of extra work, \$140.

P. V. Barone Corporation has been directed to perform the following extra work under the contract dated October 26, 1953, for bituminous concrete pavement in Alberta street, Badger road, Cranmore road, Halsey road, Latin road, and Van Brunt street.

In Van Brunt street, from in front of No. 14 to 26, inclusive, furnish and lay approximately 175 linear feet of 6-inch perforated asphalt-coated drain pipe and connections with abutments' property and all incidental work, including labor, materials, and equipment, at \$3 per linear foot.

Estimated cost of extra work, \$525.

EXTENSION OF CONTRACTS.

PUBLIC WORKS DEPARTMENT.

Approval has been given for the extension of the time of completion of the contract dated February 19, 1954, with the Colorado Fuel & Iron Corporation, 80 Federal street, Boston, for chain link fence in city yard, Ward 18, at Dana avenue, from May 1, 1954, to May 20, 1954. This extension was requested because the contractor, due to a change in the fence line, was delayed in getting new material necessary to complete this work.

Approval has been given for an extension of time for the completion of the contract with Charles Callahan Company, 69 Zeigler street, Roxbury, for removing and disposing of sand, gravel, and other materials from city-owned land northwest of Gardner street, West Roxbury, from May 11, 1954, to November 11, 1954. This extension is requested because there is considerable material yet to be removed under this contract.

CONSTRUCTION WORK.

The Mayor has approved the request of the Public Works Department for the following construction work:

Three catch basins and connections in Corey terrace (formerly Garden terrace), from Corey street approximately 290 feet southwesterly in the West Roxbury district, at an estimated cost of \$1,300.

Thirteen catch basins and connections in Bowditch Road Extension, Corey terrace, Hartlawn road, and Parklawn Road Extension in the West Roxbury district, at an estimated cost of \$5,800.

A 10-inch pipe surface drain and six catch basins and connections in Highfield street, between Metropolitan avenue and Hemman street, in the West Roxbury district, at an estimated cost of \$7,000.

A 10-inch pipe sanitary sewer in Guest street, between Life street and 180 feet easterly, in the Brighton district, at an estimated cost of \$1,800.

A 10-inch pipe sanitary sewer and 10-inch pipe surface drain in Brownson terrace, between Allandale street and 100 feet southerly, in the West Roxbury district, at an estimated cost of \$1,200.

GRADE REVISION IN HYDE PARK.

The Mayor has approved the following order of the Board of Street Commissioners for a public improvement, consisting of the revision of grade of Van Brunt street, Hyde Park district, from Wakefield avenue to Cranmore road, bounded and described as follows:

The grade of the highway named Van Brunt street is hereby ordered revised, between Wakefield avenue and Cranmore road.

Voted, That this Board determines that no person sustains damages in his estate by the making of the public improvement, consisting of the revision of grade of Van Brunt street, Hyde Park district, under the order of the Board of April 30, 1954, and awards no damages therefor.

STREET WIDENING IN
DORCHESTER.

The Mayor has approved the order of the Board of Street Commissioners for a public improvement, consisting of the widening of Harvard street, Dorchester district, on the westerly side at the southerly corner of Franklin Hill avenue, bounded and described as follows:

The highway named Harvard street is hereby widened and relocated on the westerly side, at the southerly corner of Franklin Hill avenue.

For the making of the aforesaid improvement an easement for street purposes is hereby taken in the following described land, exclusive of trees, shrubs, or structures standing upon or affixed thereto:

A parcel of land, supposed to belong to John C., Willmore F. and Mary M. Holbrow, bounded:

Southerly by the northerly line of Harvard street as it existed prior to this order, 53.84 feet; northerly by the northerly line of Harvard street as widened and relocated under this order, by two measurements, 40.58 feet and 11.16 feet on a curve of 6.09 feet radius; easterly by the westerly line of Franklin Hill avenue as it existed prior to this order, 25.67 feet on a curve of 12 feet radius; northerly by the southerly line of Franklin Hill avenue as it existed prior to this order, 21.91 feet, containing 233 square feet, more or less.*

Said Harvard street as hereby widened and relocated is bounded:

Southerly by the northerly line of Harvard street as it existed prior to this order, 53.84 feet; northerly by the northerly line of Harvard street as hereby widened and relocated, by two measurements, 38.96 feet and 11.16 feet on a curve of 6.09 feet, easterly by the westerly line of Franklin Hill avenue as it existed prior to this order, 25.67 feet on a curve of 12 feet radius; and northerly by the southerly line of Franklin Hill avenue as it existed prior to this order, 21.91 feet, containing 233 square feet, more or less.

Voted, That this Board determines that the undermentioned persons sustain damages in their estate by the making of the public improvement, consisting of the widening and relocation of Harvard street, Dorchester and West Roxbury district, as a highway, at the southerly corner of Franklin Hill avenue, under the order of the Board of April 29, 1954, in the amount hereinafter set against them and awards said amount therefor.

John C., Willmore F. and Mary M. Holbrow, 233 square feet, \$500.

REPORT OF ROBERT C. SCHIMMEL, SCHOOL DEPARTMENT OF VISUAL AND RADIO EDUCATION.

(Continued from page 573.)

doing in various fields of education. One interesting program showed in some detail how the Art Department, the English Department, and the Department of Music collaborated to bring in to being a ballet indicating the union of various arts in the university. This program is one of a series produced every week to bring to the public not only an idea of what the university is accomplishing but a picture of group participation. He explained in minute detail the problems of TV production saying that there are few commercial stations in the country which would give five hours of rehearsal time to such a production, and emphasized the simple background, lighting, and use of few actors and dancers.

Mr. George Jennings, who heads the Radio-TV Department for the Chicago Public Schools (Mr. Benjamin Willis, Superintendent), explained that while the University of Michigan, on the college level, was able to create the live Stasheff type of program, Chicago had already found out that, to serve the children of Chicago better, more flexibility in production was brought about by the filming of most of their released television programs. At present, before acquiring more expensive equipment, they are using a studio and complete light set-up along with one Auricon and one Bolex camera. Their present camera allotment is \$25,000 with which they expect to buy equipment which will give them full and fast coverage of all outstanding Chicago school events. Mr. Jennings explained that there were several reasons why Chicago has moved in the film direction:

1. Film allows editing out of mistakes
2. Film allows scenes to be taken which cannot be created on a "live" stage
3. Film can be completely processed in twenty-four hours and thus serves the need for "immediacy"
4. Film can be saved and thus reused, thus cutting down the overall expense
5. Film allows itself to be used, if wished, in the classroom at future dates and
6. Film makes unnecessary the bringing of children to the studio (with attendant chance for accident and time loss).

My own reaction to the Chicago techniques is that we here in Boston might well do the same type of television treatment when and if the money is available.

EDUCATIONAL TELECASTING.

Much time and attention was directed to another phase of educational telecasting, namely, the utilization of the "closed-circuit." This system makes use of a single camera which in turn is wired to many monitors throughout either an entire school or college system, or throughout a large building itself. The primary purpose is simultaneously to project to a large audience the same basic teaching. This system is not "aired" to any but the monitors which are a part

of the system. In this field, Professor Tracy Tyler, of the University of Minnesota, demonstrated their use of the closed circuit to give young teachers an idea of approved teaching techniques; Professor Earl Thomson, Television Co-ordinator of the United States Naval Academy, proved the advantages to be gained by centering heavy and difficult equipment and then picturing the lesson to all students required to view it; Associate Professor Ned Reglien of Indiana University showed how they trained their camera crews by means of the "closed circuit"; and Professor John Blickenstaff, Director of Visual Aids of Loyola University, showed the applications he used in the teaching of dentistry.

The closed-circuit technique came as a life-saver, according to John C. Schwarzwald, manager of Station KUHT of the University of Houston, when in the teaching of elementary biology they were able to carry the required course to about 800 students at one time, thus assuring close coverage of the items telecast, ideal hearing conditions for the large class, and the utilization of small rooms for viewing where no single large room existed. Budgets were mentioned, but to me they seemed a trifle astronomical for Boston use. I do not believe that this "closed circuit" technique is at present worth-while for our consideration.

It was refreshing to hear Mr. Leon Goldstein, Vice President in charge of programs for Station WMCA in New York, who headed a panel discussing the place of AM Radio in a changing era in which so much is heard of telecasting alone. Aided by Mr. Sam Gifford, Program Director of Station WHAS in Louisville, a powerful case was made for the continuing utilization of radio in education. In the field of public relations, medicine, conduct, language, music, news, and literature they showed conclusively that AM Radio has a place in the sun and that viewing in education is not always necessary. In fact, they went on to prove that a poorly-produced dramatic program, or panel discussion, or inept speaker whose mannerisms detracted from his message, could be less than futile.

I found myself in complete accord with Dr. Robert Campbell, Radio-TV Director, of Dayton, Ohio, who summed up his findings in about these words: "Television has an excuse for being ONLY WHEN it conveys to the public or the classroom that material not available to the teacher or school authorities." I shall remember those words for a long time, because in my associations I must admit I find too many people who know little or nothing about the basic concepts of television and feel merely that it is some magic Sesame which will solve all educational problems. "Plain" radio and television have a place, but only in so far as they aid the teacher, and do not even make the silly attempt to believe they may supplant him.

Other meetings covered Youth Discussion Broadcasts, the Use of Television in Adult Education, Film Production for Educational Television (well directed by Norbert Hruby of Loyola University, and added to by Warren Everote, Director for Encyclopedia Britannica Films, Inc., indicating production problems for those beginning to use this interesting field), and a most illuminating

discussion period on the subject of Education Through Commercial Television Stations. After our long association with commercial station WMEX, I found myself believing that future years (with the addition of Channel 5 here in Boston) might bring us into the same fine television association. Certainly, the taxpayer can find no fault with a management that saves him large sums each year and also makes possible through the commercial station a far better produced program. Thinking people in Columbus seemed to voice the same idea: the mere labeling of an offering as educational does not mean that the viewer will stay with it. Educational TV must compete with other programs. That this high content value is possible is demonstrated by such offerings as Mr. Wizard and Zoo Parade.

In summary: The Institute had a wealth of ideas to offer, but my final findings were that when and if we begin educational telecasting it would be well to start in the field of the produced film. It is comparatively cheap, enduring, and most effective. Certainly, we of this rich cultural area can have much to bring to the public; we are limited at present not in ideas, only in the field of the monetary. And even this can, with time, be solved.

Respectfully submitted,

ROBERT C. SCHIMMEL,
Radio Coordinator,
Boston Public Schools.

Hoseman John R. Concannon, Engine Company 30.

The following retirement, in accordance with section 57, chapter 32, General Laws, as amended, is hereby announced to become effective at 8 A.M., Wednesday, May 12, 1954:

Hoseman Harold P. McLean, Engine Company 47.

Aide Beaupre was appointed to the Fire Department October 8, 1921. Hoseman Dolaher was appointed March 15, 1918. Hoseman Concannon was appointed December 15, 1922, and Hoseman McLean was appointed December 23, 1929. All these men leave the department with the best wishes of their associates.

III. RESIGNATION.

The following resignation, which became effective at 5 P.M., Tuesday, April 27, 1954, is hereby announced:

Motor Equipment Operator Ernest W. MacDonald, Electrical Inspection Division.

IV. CHANGES IN DISTRICT CHIEFS' ASSIGNMENTS TO AUTOMATIC, A.D.T., AND G.A.C. SIGNAL ALARMS.

Due to the change in district boundary lines, company commanders shall make the required changes in the assignments of district chiefs to signal alarms designated in the books (running cards) of the Automatic Fire Alarm Company, American District Telegraph Company, and General Alarm Corporation.

If in doubt as to the district chief response to any of these signals which are located on or near a district boundary line, company commanders shall contact the district chiefs of such adjoining districts or the Fire Alarm Office for correct information.

V. INVERTED PYRAMIDS RESPONSE RESCINDED.

The response and covering regulations on instruction cards E and F, governing the response of engine and ladder companies (by inverted pyramids), and response by chief officers when first alarms are received from two boxes with the same assignments, are hereby rescinded, effective at 8 A.M., Wednesday, May 12, 1954.

VI. TRANSFER OF ELECTRICAL INSPECTION DIVISION.

As of May 1, 1954, in accordance with section 30, chapter 2 of the Ordinances of 1954 (Reorganizing Certain Boards and Departments of the City), the Elec-

trical Inspection Division of the Fire Department, including the office of Superintendent, Electrical Inspection Division, is hereby abolished, and the powers, duties and appropriations of said division and of the Fire Commissioner as successor to the Wire Commissioner are hereby transferred to the Building Department of the City of Boston.

VII. FIRE ALARM BOX DISCONTINUED.

Fire alarm Box 14-1653, which is located on the building formerly known as Home for Catholic Children, Harrison avenue, has been disconnected and permanently removed from service.

Company commanders will delete Box 14-1653 from assignment card for Box 1653, and delete Box 14-1653 from circuit card No. 36.

VIII. CHANGE IN DEPARTMENT RULES AND REGULATIONS.

Page 111 of the book of the Department Rules and Regulations, under the heading of Addenda, Section Two, is hereby amended to read as follows:

"At all fires where five families or more are required to abandon their homes temporarily as a result of the fire, the officer in charge of the fire shall immediately notify the Fire Alarm office of such abandonment, and said office shall notify the American Red Cross of same. If there are fewer than five families, the Boston Public Welfare Department shall be notified. In the event of any disaster where ten or more persons are seriously injured and immediate first aid services are required, the American Red Cross Disaster Service shall be so notified and their aid requested."

IX. INSTRUCTION CARDS—ADDITION.

Company commanders shall add the following to the instruction cards in the assignment card box:

On Card G, third paragraph, relative to the first arriving company, radio equipped. Insert, after the first sentence, the following:

"If possible, a brief description of conditions visible shall be given."

X. G.A.C. ASSIGNMENTS.

Company commanders shall add the following signal numbers to the running cards of the General Alarm Corporation in this department:

Signal 457, Morgan Laundry, 941 Massachusetts avenue, front building. (Sprinkler.)

Signal 458, Morgan Laundry, 941 Massachusetts avenue, rear building, Pierson Street side. (Sprinkler.)

Apparatus to respond to foregoing signals: Engine 23, Ladder 4, District Chief 5. Nearest box is 3116.

XI. ASSIGNMENT CARD CHANGES.

Company commanders shall make the following adjustments on the assignment cards:

Boxes 1535, 1563, 12-1563—Fourth Alarm to Fire: Drop District 9.

Refer to page 28, G. O. 26, c.s., Boxes 2518 to 2567.

Box 2564 should be excluded from this group.

Box 2564 is in District 10. See first line on page 29 of this order and be guided by the instructions.

By order of Fire Commissioner FRANCIS X. COTTER.

JOHN V. STAPLETON,
Chief of Department.

STUDY OF TRAFFIC CONDITIONS ON JAMAICAWAY.

The following was received:

City of Boston,
Office of the Mayor, April 22, 1954.
To the City Council.
Gentlemen:

With respect to your recent order requesting that a committee of city officials meet with the officials of the Metropolitan District Commission relative to improvements in the Jamaica Plain area, I am arranging for such a meeting at an early date, and your body will be informed of its outcome.

Respectfully,
J. B. HYNES, Mayor.

Placed on file.

RAISING OF FUNDS FOR LIBRARY FROM PRIVATE SOURCES.

The following was received:

City of Boston,
Office of the Mayor, April 26, 1954.
To the City Council.
Gentlemen:

I transmit herewith communication from the Director of the Public Library of the City of Boston relative to your order of April 5, 1954, concerning any arrangements of the private fund-raising organizations for building or other purposes.

Respectfully,
J. B. HYNES, Mayor.

City of Boston,
Library Department, April 22, 1954.
Hon. John B. Hynes,
Mayor of Boston.

Dear Mr. Mayor:

On April 7 your office transmitted to me a request for an answer to the order introduced into the City Council at its meeting of April 5, 1954, by Councillors Foley and Hailer, as follows:

"Ordered, That under section 17F of the City Charter the Director of the Boston Public Library is directed to report any arrangements which have been made with private fund-raising organizations in connection with the raising of funds by donation from private sources for building or other purposes. Said reply to be submitted within three weeks of the passage of this order."

The information requested should come properly from the trustees of the library rather than from myself, who serve only as their agent, since the latter is one for which responsibility rests with

the trustees of the library. Accordingly I am referring the matter to the trustees for consideration at their next meeting.

Respectfully,
MILTON E. LORN, Director.

Placed on file.

INFORMATION RE HOSPITAL PERSONNEL CLASSIFICATIONS.

The following was received:

City of Boston,
Office of the Mayor, April 22, 1954.
To the City Council.
Gentlemen:

I transmit herewith a report from the Supervisor of Personnel with respect to an order recently adopted by the City Council relative to comparative wages paid to hospital and other employees of the city.

Respectfully,
J. B. HYNES, Mayor.

City of Boston,
Administrative Services Department,
April 21, 1954.

Hon. John B. Hynes,
Mayor of Boston.

Dear Sir:

Council order relative to grade allocations for hospital personnel is returned herewith.

The compensation grades assigned to the City Hospital classifications noted in the attached City Council order were arrived at by the Mayor's Executive Committee on Administration after careful consideration of the recommendations of the Jacobs survey and conferences with the hospital trustees and the superintendent of the hospital. Comparison of the compensation grades for unrelated classifications as cited in the order is not a very satisfactory method to use, as it does not take into consideration the character of the tasks and responsibilities, the physical requirements and working conditions, and other requirements. The same is also true in many cases of similar classifications which have different compensation grades.

It must be admitted, however, that no plan is perfect and inequalities are bound to arise, particularly in the City of Boston plan which is only in its infancy. For this reason, and in order to formulate a procedure for consideration of these situations, a Compensation Review Board has been established in accordance with the provisions of Rule 14 of the rules for administering the plan. This board has been established for the specific purpose of granting any employee aggrieved by the grade allocation of his position the privilege of requesting consideration of the facts by this board. After consideration of the facts the board makes its recommendations to the Mayor.

It is my opinion that the use of the facilities of this board is sufficient to make recommendations for adjustments in compensation grades of any apparent inequalities in the present compensation plan.

Respectfully yours,
JOHN A. SULLIVAN,
Supervisor of Personnel.

Coun. FOLEY moved that the message and communication be resubmitted to his Honor the Mayor for further answers to the order passed by the Council April 5, 1954.

The motion was carried.

STUDY OF TRAFFIC CONDITIONS ON UNION STREET, BRIGHTON.

The following was received:

City of Boston,
Office of the Mayor, April 26, 1954.
To the City Council.
Gentlemen:

I transmit herewith communication from the Traffic Commissioner relative to your order of April 5, 1954, in regard to making a survey of the traffic conditions on Union street, Brighton.

Respectfully,
J. B. HYNES, Mayor.

Boston Traffic Commission,
April 12, 1954.

Hon. John B. Hynes,
Mayor of Boston.

Dear Mr. Mayor:

With reference to Council order directing the Boston Traffic Commission to make a survey of the traffic conditions in Union street, Brighton, passed in the City Council on April 5, 1954, and referred to this office on April 8, I wish to report that a survey has recently been completed in conjunction with officials of the Police Department.

As a result of that survey, the Traffic Commission at its meeting on April 15 will vote upon the proposal to make Snow street one way from Washington street to Union street, and Shannon street one way from Union street to Washington street.

"Slow" signs will be painted in the roadway of Union street, between Winship street and Monastery road, at 200-foot intervals.

A special conference was held with officials of the Scientific Specialties Corporation and an agreement reached to prevent parking in front of

the plant on Union street and both sides of Snow street and Shannon street by realignment of a parking lot.

As a result of this survey and these recommendations it is hoped that considerable improvement will be noted in the near future.

Respectfully yours,
WM. ARTHUR REILLY, Commissioner.

Placed on file.

NAMING OF SQUARE IN HONOR OF BERNARD J. MULLEN.

The following was received:

City of Boston,
Office of the Mayor, April 26, 1954.
To the City Council.
Gentlemen:

I transmit herewith communication from the Park Commissioner relative to your order of April 5, 1954, requesting the naming of "Independence Square," Ward 6, South Boston, in honor of Sgt. First Class Bernard J. Mullen, United States Army, who was awarded the Silver Star and the Purple Heart, and who was killed in action during the Korean War.

Respectfully,
J. B. HYNES, Mayor.

City of Boston,
Park Department, April 13, 1954.
Harold B. Flemming,
Chief Clerk, Mayor's Office.

Dear Sir:

This will acknowledge memo from your office with attached enclosure, City Council order filed by Councillor McCormack requesting that the park located at the junction of East Broadway and bounded by M, N, and East Second streets, South Boston, be changed from Independence Square to Bernard J. Mullen Square.

This matter will be taken up at a future meeting of the Board of Park Commissioners.

Very truly yours,
FRANK R. KELLEY, Chairman.

Placed on file.

USE OF DISCONTINUED SCHOOLS AS COMMUNITY RECREATION CENTERS.

The following was received:

City of Boston,
Office of the Mayor, April 26, 1954.
To the City Council.
Gentlemen:

I transmit herewith communication from the Park Commissioner relative to your order of April 12, 1954, in regard to disposal of discontinued schools.

Respectfully,
J. B. HYNES, Mayor.

City of Boston,
Park Department, April 16, 1954.
Harold B. Flemming,
Chief Clerk, Mayor's Office.

Dear Sir:

This will acknowledge memo from your office with attached enclosure, City Council order of Councillor Foley requesting that the Board of Park Commissioners be allowed to survey any discontinued school before disposition is made of the school.

The purpose of the Councillor's order is that there is a possibility some of the schools that are no longer needed might be used as community recreation centers.

If this department is informed when a school is to be closed we will be pleased to make a survey in compliance with the Councillor's order.

Very truly yours,
FRANK R. KELLEY, Chairman.

Placed on file.

NAMING OF SQUARES IN HONOR OF DECEASED VETERANS.

The following was received:

City of Boston,
Office of the Mayor, April 26, 1954.
To the City Council.
Gentlemen:

I submit herewith five orders for the naming of various intersections in the city in honor of deceased veterans of World War II and the Korean action.

The Committee to Memorialize Veterans, after due consideration, has recommended the naming of the various sites as set forth in the accompanying orders.

In a small way, this indicates our appreciation of their sacrifices and perpetuates in fitting fashion their memories as heroic citizens of Boston. Accordingly, I recommend that your Honorable Body give approval to the several orders.

Respectfully,
J. B. HYNES, Mayor.

City of Boston,
Board of Street Commissioners,
April 22, 1954.

Hon. John B. Hynes,
Mayor of Boston.

Dear Sir:

At a meeting of the Committee to Memorialize Veterans, held this day, it was voted to designate the following intersections in honor of the following-named veterans:

Schuller and Heath streets, Roxbury district, Robert M. Englehart Square.
(Corporal Englehart, U. S. Army, lost his life in Korea on August 17, 1951.)

M street and East Broadway, South Boston district, Bernard J. Mullen Square.

(1/Sgt. Mullen, U. S. Army, was killed in action during the Korean War, and was the recipient of the Silver Star and the Purple Heart.)

Iliawatha and Fottler roads, Mattapan district, Morton B. Sedersky Square.

(Corporal Sedersky, U. S. Army, lost his life in World War II while serving in Belgium on October 24, 1944.)

St. Stephen street and Massachusetts avenue, Boston Proper district, Donald Cox Rogers Square.

(1/Sgt. Rogers lost his life in Korea on October 31, 1952.)

Salem and Cooper streets, Boston Proper district, Louis A. Barone Square.

(Louis A. Barone lost his life during World War II in France on September 1, 1944.)

A copy of this vote has been forwarded to the Boston City Council for appropriate action.

Respectfully submitted,

LAWRENCE W. COSTELLO, Secretary.

Ordered, That the space at the junction of Schuller and Heath streets, Ward 10, be named Robert M. Englehart Square, in honor of Robert M. Englehart, who lost his life in Korea.

Ordered, That the space at the junction of M street and East Broadway, Ward 6, be named Bernard J. Mullen Square, in honor of Bernard J. Mullen, killed in action in Korea.

Ordered, That the space at the junction of Iliawatha and Fottler roads, Ward 18, be named Morton B. Sedersky Square, in honor of Morton B. Sedersky, late veteran of World War II.

Ordered, That the space at the junction of St. Stephen street and Massachusetts avenue, Ward 4, be named Donald Cox Rogers Square, in honor of Donald Cox Rogers, who lost his life in Korea.

Ordered, That the space at the junction of Salem and Cooper streets, Ward 3, be named Louis A. Barone Square, in honor of Louis A. Barone, late veteran of World War II.

Referred to the Executive Committee.

TRANSFER OF BUILDING IN JAMAICA PLAIN TO LIBRARY DEPARTMENT.

The following was received:

City of Boston,
Office of the Mayor, April 26, 1954.
To the City Council.
Gentlemen:

The Jamaica Plain Branch Library is located in a building on Sedgwick street, adjacent to the Curtis Hall Municipal Building. Up to last fall the Welfare Department occupied quarters in this same building. Because of this joint occupancy the building for many years has been under the jurisdiction of the Public Buildings Department.

When the Mission Hill Municipal Building was opened last year the Welfare Department transferred the staff and records of the Jamaica Plain office to this new location, leaving the library as the sole occupant of the Sedgwick Street property. Under these conditions the Library Trustees believe that the building should be transferred to the care and custody of the library.

Since such an arrangement is in accordance with ordinance provisions relating to the custody of municipal buildings, I submit herewith an order providing for the desired transfer. I recommend adoption of this order by your Honorable Body.

Respectfully,

J. B. HYNES, Mayor.

Whereas, The City of Boston is the owner in fee of land at the intersection of South street and Sedgwick street, in the West Roxbury district of the City of Boston, held for Public Buildings Department purposes; and

Whereas, The Superintendent of Public Buildings has determined that a certain portion of the land and buildings is no longer required for the purposes of the Public Buildings Department; and

Whereas, The Trustees of the Public Library of the City of Boston have requested that a portion of the estate, hereinafter described, be transferred to the Library Department for library purposes; now therefore, it is hereby

Ordered, That the following described parcel of land be, and the same hereby is, transferred from the care, custody, control and management of the Public Buildings Department to the care,

custody, control and management of the Library Department for library purposes:

A certain parcel of land, together with the building thereon, situated on the northerly side of Sedgwick street, West Roxbury, bounded and described as follows:

Southerly by Sedgwick street, one hundred forty-nine and 87/100 (149.87) feet; westerly by Parcel A on a plan hereinafter referred to, sixty-one and 60/100 (61.60) feet; northerly by Parcel A on said plan, one hundred forty-eight and 22/100 (148.22) feet; easterly by a 12-foot passageway, fifty-two and 77/100 (52.77) feet, containing approximately 8,517 square feet.

The above-described parcel of land is shown as Parcel B on a plan marked "City of Boston, South Street, Sedgwick Street, West Roxbury, February 23, 1954, James W. Haley, Chief Engineer, Street Laying-Out Department."

Referred to the Committee on Public Lands.

TRANSFER OF PORTION OF MISSION HILL PLAYGROUND TO SCHOOL COMMITTEE.

The following was received:

City of Boston,
Office of the Mayor, April 26, 1954.
To the City Council.
Gentlemen:

I transmit herewith communication received from the School Committee and the Park Department relative to the use of a portion of the Mission Hill Playground for school purposes. The School Committee is planning to construct a new school at the site of the present Thomas Dwight School, on Smith street, Roxbury, and a portion of the playground will be required for this purpose.

I transmit herewith an order transferring approximately twenty-three thousand seventy-two (23,072) square feet of land, being a portion of the Mission Hill Playground, from the care, custody, control and management of the Board of Park Commissioners to the care, custody, control and management of the School Committee for school purposes, and recommend the adoption of said order.

Respectfully,
J. B. HYNES, Mayor.

City of Boston,
School Committee, April 22, 1954.
To the Mayor and the City Council.

At the conference of the School Committee on Wednesday, April 21, 1954, the question of a site for a new school to replace the present Thomas Dwight Building, Roxbury, was discussed.

In connection therewith, I was directed to write to you to ask as to the possibility of the transfer of title from the Park Department to the School Department of the parcel of land directly behind and adjoining the Thomas Dwight School site, Smith street, Roxbury.

The area involved comprises approximately 23,500 square feet.

As you are undoubtedly aware, the erection of housing projects in this section of the city makes imperative on the part of the School Committee the furnishing of additional school accommodations.

Some of the parents of pupils now attending this school have informed the chairman that they are in favor of a new school on the present site.

In its Capital Improvement Plan for the City of Boston, the City Planning Board also recommends the utilization of the present site.

I have been directed by the School Committee to ask if you will make the necessary legal arrangements with the Park Department for the transfer of this land to the School Department.

Very truly yours,
AGNES E. REYNOLDS, Secretary.

City of Boston,
Park Department, April 8, 1954.
Hon. John B. Hynes and Members of the City Council.
Gentlemen:

At a meeting of the Board of Park Commissioners held in the Park Department office on April 6, 1954, it was unanimously voted to transfer to the School Department approximately 25,000 square feet of land, said land being part of the Mission Hill Playground and adjoining the Thomas Dwight School site on Smith street, Roxbury.

Under chapter 105 of the Acts of 1954, any board or officer having custody of land acquired for playground purposes may, if the land is determined to be of no further use for playground purposes, transfer the care, custody, management and control of such land to another board or officer of the city for specific municipal purposes.

Accordingly, the Board of Park Commissioners at the meeting above mentioned voted to transfer this land to the School Department, having determined that it is no longer needed for playground purposes.

Respectfully yours,
FRANK R. KELLEY, Chairman.

Whereas, The City of Boston is the owner in fee of approximately twenty-three thousand and seventy-two (23,072) square feet of land in the rear of Smith street, in the Roxbury district of said city, held by said city for playground purposes; and

Whereas, The Board of Park Commissioners has determined that said land is no longer required for playground purposes; and

Whereas, The School Committee of the City of Boston has requested that the said parcel of land be transferred to it for school purposes; now, therefore, it is hereby

Ordered, That a parcel of land containing twenty-three thousand and seventy-two (23,072) square feet in the rear of Smith street, in the Roxbury district of the City of Boston, shown as Parcel D, on a plan marked "City of Boston, Tremont Street, Smith Street, Roxbury, January 27, 1954, James W. Haley, Chief Engineer, Street Laying-Out Department," be, and the same hereby is, transferred from the care, custody, control and management of the Board of Park Commissioners to the care, custody, control and management of the School Committee for school purposes.

Referred to the Committee on Public Lands.

APPROPRIATION FOR PURCHASE OF MOTORCYCLES FOR POLICE DEPARTMENT.

The following was received:

City of Boston,
Office of the Mayor, April 20, 1954.
To the City Council.
Gentlemen:

I am in receipt of the attached communication from the Police Commissioner in which he requests an appropriation of \$13,425 to permit the purchase of 10 motorcycles to be used by the Police Department in connection with the supervision of parking meters.

Under the provisions of section 22A of chapter 40 of the General Laws, revenue received from parking meter fees may be used to meet necessary expenses incurred for the regulation of parking and other traffic activities incident thereto.

Since proper supervision of the use of parking meters will assure a full return to the city of established parking meter fees, I submit herewith an order providing for the appropriation of the amount requested by the Police Commissioner, and respectfully recommend its adoption by your Honorable Body.

Respectfully,
J. B. HYNES, Mayor.

City of Boston,
Police Department, April 14, 1954.
Hon. John B. Hynes,
Mayor of Boston.

Dear Mayor Hynes:

When the Police Department budget for 1954 was considered by the Mayor and the Budget Commissioner, it was agreed that the amount required under Item 502, Automotive Equipment, would be eliminated from the budget with the proviso that the necessary amount would be appropriated from revenue received from parking meter fees for ten (10) motorcycles with sidecars attached, used for checking parking meter violations.

The lowest estimate received for supplying these motorcycles was \$13,425, and it is respectfully requested that this amount be made available for their purchase.

Very truly yours,
T. F. SULLIVAN,
Police Commissioner.

Ordered, That the sum of thirteen thousand four hundred twenty-five (\$13,425) dollars be, and the same hereby is, appropriated from the revenue received from parking meter fees, to be expended by the Police Commissioner for the purchase of motorcycles to be used in the supervision of the use of parking meters.

Referred to the Committee on Appropriations and Finance.

TRANSFER OF APPROPRIATION TO HOSPITAL DEPARTMENT.

The following was received:

City of Boston,
Office of the Mayor, April 26, 1954.
To the City Council.
Gentlemen:

For many years the Public Buildings Department has maintained an ambulance station in South Boston on land belonging to the Carney Hospital. Recently, when the hospital was closed, I indicated to the hospital authorities that the city would be interested in purchasing the lot on which the station was located. I have been advised by Archbishop Cushing that continued operation of the city garage would be in conflict with plans under way for the redevelopment of the property; and, therefore, sale of the garage lot to the city is not feasible. This means that we must terminate our occupancy of the garage.

The building of a new garage to house the ambulances is not practicable at this time. The best solution appears to be to transfer the personnel and equipment to the City Hospital, and thus expand its ambulance facilities. In order to accomplish this result, I submit herewith an order providing for the transfer of appropriations originally provided in the budget of the Public Buildings

Department for the operation of the Ambulance Station to the budget of the Hospital Department.

I respectfully recommend adoption of this order by your Honorable Body.

Respectfully,

J. B. HYNES, Mayor.

Ordered, That in accordance with the provisions of section 3B of chapter 486 of the Acts of 1909, as amended by chapter 604 of the Acts of 1941, the City Auditor be, and hereby is, authorized to transfer:

From the appropriation for Public Buildings Department, 1, Personal Services, \$16,963.40, to the appropriation for Hospital Department, 1, Personal Services, \$16,963.40.

Referred to the Executive Committee.

TRANSFER OF APPROPRIATION TO PUBLIC CELEBRATIONS.

The following was received:

City of Boston,
Office of the Mayor, April 26, 1954.
To the City Council.
Gentlemen:

Under the reorganization plan which becomes effective May 1, the Care of Veterans' Graves is transferred from the Mayor's office to the Veterans' Services Department.

I propose to retain in the Mayor's office the services of three of the employees involved. I submit herewith an order providing for the transfer of an amount covering their compensation for the balance of the year from the appropriation for Care of Veterans' Graves to the appropriation for Public Celebrations. I recommend adoption of the order by your Honorable Body.

Respectfully,

J. B. HYNES, Mayor.

Ordered, That in accordance with the provisions of section 3B of chapter 486 of the Acts of 1909, as amended by chapter 604 of the Acts of 1941, the City Auditor be, and hereby is, authorized to transfer:

From the appropriation for Care of Veterans' Graves, 1, Personal Services, \$5,994.35, to the appropriation for Public Celebrations, \$5,994.35.

Referred to the Executive Committee.

TRANSFER OF APPROPRIATIONS TO ADMINISTRATIVE SERVICES DEPARTMENT.

The following was received:

City of Boston,
Office of the Mayor, April 26, 1954.
To the City Council.
Gentlemen:

I submit herewith transfer orders providing additional funds for the Administrative Services Department.

As indicated in the accompanying communication from the Director, the additional sums involved will permit an expansion in the staff of the department and will provide for further use of outside consultants in connection with administrative surveys.

I respectfully recommend the adoption of the accompanying orders.

Respectfully,

J. B. HYNES, Mayor.

Administrative Services Department,
April 26, 1954.

Hon. John B. Hynes,
Mayor of Boston.

Dear Sir:

I submit herewith three transfer orders which provide additional funds for this department. Two of these orders cover the compensation of six employees who are being transferred from other city departments, and who will be permanently attached to this department. The amounts being transferred represent the compensation of these employees for the balance of the current year.

The third transfer will expand the appropriation originally provided in the budget for the employment in this department of outside consultants. Such services will bring to the solution of administrative problems highly developed specialized knowledge, wide experience, objectivity and a systemic attention which is possible only when one is free from day-to-day operating obligations. I believe such consulting services can be used effectively to accomplish objectives within a reasonable period of time.

Respectfully,

CHARLES J. FOX, Director.

Ordered, That in accordance with the provisions of section 3B of chapter 486 of the Acts of 1909, as amended by chapter 604 of the Acts of 1941, the City Auditor be, and hereby is, authorized to transfer:

From the appropriation for Street Laying-Out Department, 1, Personal Services, \$4,611, to the appropriation for Administrative Services Department, Director's Office, 1, Personal Services, \$4,611.

Ordered, That in accordance with the provisions of section 3B of chapter 486 of the Acts of 1909, as

amended by chapter 604 of the Acts of 1941, the City Auditor be, and hereby is, authorized to transfer:

From the appropriation for Institutions Department, Central Office, 1, Personal Services, \$11,000, Public Works Department, Central Office, 1, Personal Services, \$4,191.90, Paving Service, 1, Personal Services, \$3,515.50, to the appropriation for Administrative Services Department, Personnel and Budget Division, 1, Personal Services, \$18,707.40.

Ordered, That in accordance with the provisions of section 3B of chapter 486 of the Acts of 1909, as amended by chapter 604 of the Acts of 1941, the City Auditor be, and hereby is, authorized to transfer:

From the appropriation for Institutions Department, Central Office, 1, Personal Services, \$12,000, to the appropriation for Administrative Services Department, Director's Office, 2, Contractual Services, \$12,000.

Referred to the Executive Committee.

APPROPRIATION FOR ERADICATION OF DUTCH ELM DISEASE.

The following was received:

City of Boston,
Office of the Mayor, April 26, 1954.
To the City Council.
Gentlemen:

I am advised by the Chairman of the Board of Park Commissioners that a serious situation confronts the city relative to the eradication of the Dutch elm disease. It is estimated that at the present time there are two thousand dead trees on city streets, all afflicted with this disease. The responsibility for cutting down, carting away, and disposing of these trees rests with the Park Department. In this year's budget, an appropriation of \$50,000 was provided for such work, but, admittedly, this amount is far too small to correct forthwith the situation that now exists.

The condition in Boston is prevalent throughout the state. The Legislature, recognizing the desirability of cities and towns taking immediate steps to totally eradicate the disease, enacted this year an emergency law, chapter 106 of the Acts of 1954, authorizing municipalities to borrow outside the debt limit for this purpose.

In the opinion of the Park Commissioners, an appropriation of \$200,000 should be provided for the purpose of removing throughout the city all trees that have been killed by the Dutch elm disease.

Under authority of chapter 106 of the Acts of 1954, I submit herewith an order providing for the borrowing of this amount outside the debt limit of the city, and respectfully recommend the adoption of the order by your Honorable Body.

Respectfully,

J. B. HYNES, Mayor.

Ordered, That under the provisions of chapter 106 of the Acts of 1954, the sum of \$200,000 be, and the same hereby is, appropriated, to be expended by the Board of Park Commissioners for eradication of Dutch elm disease, and that the City Treasurer be authorized to issue, from time to time, with the approval of the Mayor, bonds or certificates of indebtedness of the city to said amount, the same to be issued outside the limit of indebtedness.

Referred to the Committee on Appropriations and Finance.

LOANS AND APPROPRIATION FOR CAPITAL CONSTRUCTION PROJECTS.

The following was received:

City of Boston,
Office of the Mayor, April 26, 1954.
To the City Council.
Gentlemen:

I submit herewith three orders providing for the appropriation of funds to finance Capital Construction Projects by the Public Works Department.

The first order provides for the borrowing of \$1,000,000 to carry out an accelerated program of public ways construction during 1954 and 1955. The condition of the 720 miles of public highways in this city, particularly the main highways, makes it mandatory to provide for such a program.

The second order provides for the borrowing of \$1,000,000 for the construction of bridges. The recent breakdowns of the Summer Street Drawbridge, across Fort Point Channel, and the Malden Bridge, across the Mystic River, indicate the condition of many of the major bridges in this city. It is desirable that authority be secured to prepare plans and engage in construction for the purpose of remedying these conditions this year and next.

By anticipating for a two-year period requirements with regard to the construction of public ways and bridges it will be unnecessary next year to authorize loans for these purposes. In the absence of such authorizations, we shall not be required to provide in the budget the down payments required by statute whenever loans inside the debt limit are authorized. This will mean a saving of \$314,000 next year, or relief in terms of the tax rate of 20 cents.

The third order provides for the appropriation from water revenue of \$200,000 to be expended for reinforcing of the Hyde Park area water system, as well as to relay and extend water mains in Charlestown, East Boston, Dorchester, Stony Brook Village, and other locations in the West Roxbury area.

The projects covered by the accompanying orders have received consideration by the Planning Board, and are set forth in the Capital Improvement Program issued in January of this year.

Respectfully,

J. B. HYNES, Mayor.

Ordered, That under the provisions of clause 5 of section 7 of chapter 44 of the General Laws, the sum of four million dollars (\$4,000,000) be, and hereby is, appropriated, to be expended under the direction of the Commissioner of Public Works for the construction of public ways or permanent pavement, and that to meet said appropriation the City Treasurer be authorized to issue, from time to time, on request of the Mayor, bonds or certificates of indebtedness of the city to said amount.

Ordered, That under the provisions of clause 4 of section 7 of chapter 44 of the General Laws, the sum of four million dollars (\$4,000,000) be, and hereby is, appropriated, to be expended under the direction of the Commissioner of Public Works for construction of bridges, and that to meet said appropriation the City Treasurer be authorized to issue, from time to time, on request of the Mayor, bonds or certificates of indebtedness of the city to said amount.

Ordered, That the sum of \$200,000 be, and the same hereby is, appropriated, to be expended by the Public Works Department, Water Service, for the extension and improvement of water mains, said sum to be met from water rates and revenue.

Referred to the Committee on Appropriations and Finance.

ABANDONMENT OF EASEMENTS FOR SEWERAGE PURPOSES, HYDE PARK.

The following was received:

City of Boston,
Office of the Mayor, April 26, 1954.
To the City Council.
Gentlemen:

I transmit herewith a communication and order received from George G. Hyland, Commissioner of Public Works, relative to the relocation of certain sewerage easements in private lands at Business street, in the Hyde Park district of the City of Boston.

Respectfully,

J. B. HYNES, Mayor.

City of Boston,
Public Works Department,
April 23, 1954.

Hon. John B. Hynes and City Council.
Gentlemen:

The L. E. Mason Company is the owner of a parcel of land on Business street, in the Hyde Park district of Boston. The premises are subject to an easement for sewerage purposes acquired by a taking made by the City of Boston, July 24, 1930. The company has requested the Sewer Division to relocate the easement in a location which would cause less interference with the development of the premises and has offered the City of Boston the substitute location on its own premises.

It is my determination that the relocation would be in the best interests of both the city and the company, and I therefore recommend the abandonment of the 1930 easement in exchange for the granting of a new easement by the company as shown on the plan dated November 5, 1953, annexed hereto.

Respectfully,

GEORGE G. HYLAND,
Commissioner of Public Works.

Whereas, By an order of the Board of Street Commissioners dated July 24, 1930, and approved by the Mayor of the City of Boston July 25, 1930, and recorded with Suffolk Registry of Deeds, Book 5201, page 430, the City of Boston acquired by eminent domain an easement for sewerage purposes in certain private lands in the Hyde Park district of the City of Boston, and shown on a plan marked "City of Boston, Plan No. 964, Sewerage Works Business Street, Hyde Park, March 11, 1930, William J. Sullivan, Chief Engineer, Street Laying-Out Department"; and

Whereas, The Commissioner of Public Works of the City of Boston has determined that said easement is no longer required for public purposes; and

Whereas, L. E. Mason Company is the owner of the land subject to the aforesaid easement and is willing to grant to the City of Boston an easement for sewerage purposes at a different location within their land in consideration of the abandonment of the easement acquired by the order of July 24, 1930; now, therefore, it is hereby

Ordered, That his Honor the Mayor of the City of Boston be, and he hereby is, authorized, in the name and behalf of the City of Boston, to execute and cause to be recorded in the Suffolk Registry of Deeds a declaration that the easement for sewerage purposes be abandoned in the following-described parcel of land:

A parcel of land bounded: Northerly by Business street, ten and 21-100 (10.21) feet; easterly by other land belonging to L. E. Mason Company and by Mother Brook, by two measurements, two hundred ninety-seven and 02-100 (297.02) feet and forty (40) feet; southerly by Mother Brook, ten (10) feet; and westerly by the same and by the land belonging to L. E. Mason Company, by two measurements, thirty-eight and 10-100 (38.10) feet and two hundred ninety-three and 11-100 (293.11) feet, containing thirty-three hundred and forty-one (3,341) square feet, more or less, being shown on plan by William J. Sullivan, Chief Engineer, dated March 11, 1930, above described.

In consideration of the granting to the City of Boston, its successors and assigns, by L. E. Mason Company of the right and easement to lay and maintain sewerage works in the following-described parcel of land, excepting from this grant that portion of said parcel of land which is located under the existing structures shown on the plan dated November 5, 1953, hereinafter referred to, and reserving to the owner thereof the right to keep and maintain said structures, and any and all substitutions therefor or additions, alterations or changes thereto, and also reserving to the owner thereof the right to use the land for any other purpose except such as may injure or obstruct said works, and except for placing or maintaining any other structure on said lands not authorized in writing by the Mayor of the City of Boston, reserving to the owner thereof the right to use the land for any purpose except such as may injure or obstruct said works, and except for placing or maintaining any structure on said lands not authorized in writing by the Mayor of the City of Boston.

A parcel of land belonging to L. E. Mason Company, situated on the southwest side of Business street, Hyde Park district of the City of Boston, bounded and described as follows: Northwest by Business street, ten (10) feet; northeasterly by lands now or formerly of Peter Kritzman et al., Joseph D. Kritzman, Albert L. Andrews, by four (4) measurements, one hundred (100) feet, twenty-four and 75-100 (24.75) feet, thirty-one and 40-100 (31.40) feet, one hundred ten and 63-100 (110.63) feet; southeasterly by land of Boston & Providence Railroad Corporation, two hundred four (204) feet, more or less; southerly by Mother Brook, seventeen (17) feet, more or less; southeasterly by land of L. E. Mason Company, fifteen (15) feet, more or less; northeasterly by land of L. E. Mason Company, one hundred eighty-three and 23-100 (183.23) feet; southeasterly by land of L. E. Mason Company, by two measurements, one hundred twenty-seven and 48-100 (127.48) feet and ninety-nine and 95-100 (99.95) feet; containing seven thousand two hundred fifty-nine (7,259) square feet, more or less.

The above-described parcel of land is shown on a plan marked, "City of Boston, Business Street, Hyde Park, November 5, 1953, James W. Haley, Chief Engineer, Street Laying-Out Department."

Referred to the Committee on Public Lands.

REPORT OF FINANCE COMMISSION ON SALE OF LANDS AND BUILDINGS IN EAST BOSTON.

The following was received:

City of Boston,
Finance Commission, April 23, 1954.

To the Honorable the Mayor and City Council.

The Finance Commission desires to place on record the particulars in relation to the proposed sale by the City Treasurer of a third group of properties in East Boston which were acquired by the city in connection with the extension of East Boston rapid transit facilities. With the consummation of sale of the four properties in this third group, a total of eighteen such properties will have been sold.

There are three other properties remaining for the time being in city possession. In the negotiations with persons first eligible under special law to purchase these latter three properties, terms of sale could not be satisfactorily arranged; therefore the City Treasurer has determined to sell them at public auction.

In communications to you dated March 9, 1953, and April 17, 1953, the Finance Commission gave the particulars of sale of fourteen properties involved in this situation. As was stated in the first of these previous communications, by statutory enactment it was first the Boston Transit Commission and later the Metropolitan Transit Authority which made a number of takings of parcels in the line of the proposed extension of the East Boston trolley tunnel. By subsequent statutory enactment, the City of Boston was directed to acquire sites in other locations for twenty-one houses involved, to move them to those new sites and to set them up on new foundations, to make them reasonably safe, and finally to dispose of them by sale or public auction. Owners or tenants at the time of takings were given priority of purchase.

Note No. 2. Original owner Marion F. Silva; her sole surviving heir did not wish to repurchase; present tenant, Leo Cashin, purchaser.

Appraisers for Metropolitan Transit Authority valued this parcel at \$3,500; jury verdict of \$12,049 is for taking that included this parcel and land adjoining which contained a building later demolished.

When the last three properties have been disposed of, it is the intention of the Finance Commission to make available to you the consolidated figures relating to all of these transactions. At this time is offered the particulars in the four instances in which consummation of sale is now planned to be accomplished on April 27, 1954.

Respectfully submitted,
EDWARD F. MULLEN, Chairman,
LEO J. DUNN,
EDWARD U. LEE,
RIGER J. ANZALD, M.D.,
H. W. DWIGHT RIDD,
The Finance Commission.

ROBERT E. CUNIFF,
Secretary.

NAMING OF SQUARE IN HONOR OF BERNARD J. MULLEN.

The following was received:

City of Boston,
Office of the Mayor, April 30, 1954.

To the City Council.
Gentlemen:

I transmit herewith further communication from the Chairman of the Park Commission relative to your order of April 5, 1954, concerning the renaming of Independence square, Ward 6, South Boston, the Bernard J. Mullen square.

Respectfully,
J. B. HYNES, Mayor.

City of Boston,
Park Department, April 26, 1954.

Mr. Harold B. Flemming,
Chief Clerk, Mayor's Office.

Dear Sir:

This will supplement my letter to you of April 12, relative to the renaming of Independence square, South Boston.

At a meeting of the Board of Park Commissioners on April 23, the Board gave full consideration to the City Council order filed by Councillor McCormack, requesting that the name of Independence square, in South Boston, be changed to Bernard J. Mullen square, in honor of a former resident of the area who lost his life in the service of his country.

The Board, while sympathizing with the desire of residents of the area to memorialize the name of Veteran Mullen, was of the opinion that as the area has been known as Independence square for 100 years it would continue to be generally known by that name, no matter what new designation might be given it. The Board also took cognizance of the fact that within recent days the junction of

M street and East Broadway has been designated as Bernard J. Mullen square, and it is believed that this action serves the purpose of giving to Veteran Mullen the tribute that his friends and residents of the area wish paid to him.

The Board therefore reaffirmed its policy of making no changes in long established names of well-known park areas and voted against the renaming of Independence square.

Very truly yours,

FRANK R. KELLEY, Chairman.

TRANSFERS OF APPROPRIATIONS.

The following was received:

City of Boston,
Office of the Mayor, May 3, 1954.

To the City Council.

Gentlemen:

I submit herewith redrafted copies of four transfer orders now pending in the Council.

This action is necessary because in the interval since their submission two of the departments involved have been abolished under the Reorganization Ordinance and their appropriations automatically transferred to other departments.

The new drafts provide for transferring the funds involved from these latter agencies.

I recommend that you reject the original orders, approving the transfers in the form herewith submitted.

Respectfully,
J. B. HYNES, Mayor.

Ordered, That in accordance with the provisions of section 3B of chapter 486 of the Acts of 1909, as amended by chapter 604 of the Acts of 1941, the City Auditor be, and hereby is, authorized to transfer:

From the appropriation for Hospital Department, 1, Personal Services, \$12,000, to the appropriation for Administrative Services Department, Director's Office, 2, Contractual Services, \$12,000.

Ordered, That in accordance with the provisions of section 3B of chapter 486 of the Acts of 1909, as amended by chapter 604 of the Acts of 1941, the City Auditor be, and hereby is, authorized to transfer:

From the appropriation for Hospital Department, 1, Personal Services, \$11,000, Public Works Department, Central Office, 1, Personal Services, \$4,191.90, Paying Service, 1, Personal Services, \$3,515.50, to the appropriation for Administrative Services Department, Personnel and Budget Division, 1, Personal Services, \$18,707.40.

Ordered, That in accordance with the provisions of section 3B of chapter 486 of the Acts of 1909, as amended by chapter 604 of the Acts of 1941, the City Auditor be, and hereby is, authorized to transfer:

From the appropriation for Public Works Department, Survey Division, 1, Personal Services, \$4,611, to the appropriation for Administrative Services Department, Director's Office, 1, Personal Services, \$4,611.

Ordered, That in accordance with the provisions of section 3B of chapter 486 of the Acts of 1909, as amended by chapter 604 of the Acts of 1941, the City Auditor be, and hereby is, authorized to transfer:

From the appropriation for Veterans' Services, 1, Personal Services, \$5,994.35, to the appropriation for Public Celebrations, \$5,994.35.

Referred to the Executive Committee.

TRANSFER OF APPROPRIATION TO HOSPITAL DEPARTMENT.

The following was received:

City of Boston,
Office of the Mayor, May 3, 1954.

To the City Council.

Gentlemen:

I submit herewith a redraft of a transfer order now pending before your Body. In the interval between its submission, the department from which the transfer was to be made has been abolished.

The attached order provides for making the transfer from the new department established under the Reorganization Ordinance.

I respectfully recommend the adoption of the accompanying order.

Respectfully,
J. B. HYNES, Mayor.

Ordered, That in accordance with the provisions of section 3B of chapter 486 of the Acts of 1909, as amended by chapter 604 of the Acts of 1941, the City Auditor be, and hereby is, authorized to transfer:

From the appropriation for Real Property Department, Buildings Division, 1, Personal Services, \$16,963, to the appropriation for Hospital Department, 1, Personal Services, \$16,963.

Referred to the Executive Committee.

LOAN OF \$5,000,000 FOR CONSTRUCTION OF SCHOOLHOUSES.

The following was received:

City of Boston,
Office of the Mayor, May 3, 1954.

To the City Council.

Gentlemen:

I am in receipt of the attached letter from the Chairman of the Boston School Committee which contains the request that a recommendation be submitted to your Honorable Body covering the appropriation of \$5,000,000 for the purpose of acquiring land for and construction of public schoolhouses in the City of Boston.

Since under existing provisions of law it appears that the Mayor lacks authority to recommend a loan order for school purposes to your Honorable Body, I suggest that such an order be originated by the City Council.

The type of order in question may be observed by reference to the Council minutes of May 4, 1953.

In accordance with the request of the Chairman of the School Committee, I recommend that an order of this character be originated by your Honorable Body.

Respectfully,
J. B. HYNES, Mayor.

Boston Public Schools,
Office of Chairman of School Committee,
February 1, 1954.

Hon. John B. Hynes,
Mayor of Boston.

My dear Mayor Hynes:

In 1953 the City Council approved a bond issue in the amount of \$5,000,000 for the purpose of acquiring land for, and constructing, public schoolhouses, including originally equipping and furnishing such schoolhouses. That bond issue has been allocated to the extent of \$2,633,920 to cover the following projects:

Blackinton-John Cheverus District, East Boston, addition to Curtis Guild Building, \$236,138.

Blackinton-John Cheverus District, East Boston, elementary school (Orient Heights Hill), \$496,122.

William E. Russell District, Dorchester, elementary school (Columbia Point) (adjacent to South Boston area), \$1,480,660.

Addition to James J. Chittick School, Mattapan, \$421,000.

Total, \$2,633,920.

Of the balance \$1,830,660 will be allocated for the construction of an elementary school in the Dwight District, South End, as soon as a suitable site is located.

The school system is in need of far more construction than it will be possible to achieve under this first bond issue. The following school accommodations are urgently needed, but not necessarily in the order listed:

Addition to Solomon Lewenberg School, Mattapan, gymnasium.

Mary Hemenway District, Dorchester, elementary school, to replace Elbridge Smith Building.

Agassiz District, Jamaica Plain, addition to Joseph P. Manning School.

Elihu Greenwood District, Hyde Park, elementary school (Fairmount area).

Henry Grew District, Hyde Park, elementary school, to replace Henry Grew Building.

Lowell District, Jamaica Plain, elementary school, to replace Lowell Building.

William E. Russell District, Dorchester, elementary school, to replace Cora L. Etheridge Building.

Elihu Greenwood District, Hyde Park, elementary school, to replace Elihu Greenwood Building.

Rice-Franklin District, South End, elementary school, to replace Rice and Baneroff Buildings.

James A. Garfield District, Brighton, elementary school, McKinney Playground area.

Agassiz District, Jamaica Plain, elementary school, to replace Agassiz and Old Agassiz Buildings.

Roger Wolcott District, Dorchester, elementary school, Franklin Field area.

Sherwin District, Roxbury, elementary school, to replace Sherwin and Asa Gray Buildings.

Martin District, Roxbury, elementary school, second unit, to replace Thomas Dwight Building.

In order to finance at least part of these urgent projects, the School Committee hereby respectfully requests that your Honor recommend to the City Council that it originate an additional five million-dollar loan order for the purpose of acquiring land for, and constructing, public schoolhouses and additions, including originally equipping and furnishing such schoolhouses and additions.

The School Committee will seek to have each new school and addition approved by the Massachusetts School Buildings Assistance Commission under Mass. St. 1948, ch. 645, as amended, and thereby obtain a state grant of approximately 20 per cent of the cost of each school and addition to help meet the payments on the loan.

Respectfully submitted,
WILLIAM F. CARR, Chairman.
Referred to the Executive Committee.

SALE OF LAND ON MORTON STREET TO CHARLES J. DiMATTEO.

The following was received:

City of Boston,
Office of the Mayor, May 3, 1954.
To the City Council,
Gentlemen:

I transmit herewith communication received from Frank R. Kelley, Chairman, Board of Park Commissioners, recommending the sale of approximately 8,200 square feet of land, being a portion of the Vincent Cuttillo Playground, at Morton street, Boston Proper, for the sum of \$20,000. The prospective purchaser is Charles J. DiMatteo, the owner of the parcel of land abutting the land proposed to be sold. I transmit herewith for your consideration a proposed form of order whereby the City of Boston may sell this land to Charles J. DiMatteo for a minimum price of \$20,000.

Respectfully,

J. B. HYNES, Mayor.

City of Boston,
Park Department, October 20, 1953.
To the Hon. John B. Hynes, Mayor of Boston,
and the Boston City Council,
Gentlemen:

At a meeting of the Board of Park Commissioners held on July 20, 1953, the Board voted that approximately 8,200 square feet of land located on the southerly side of Morton street, Boston Proper, being a portion of the Vincent Cuttillo Playground, but separated from the main playground area by Morton street, is no longer required for public purposes.

At a meeting of the Board held on Tuesday, October 13, 1953, the question of selling this area to Charles J. DiMatteo was discussed. Mr. DiMatteo is an abutter who plans to extend his mercantile establishment by the erection of a modern one-story structure on this land, which will be taxable property.

After consideration of appraisals made by Edward W. O'Hearn, 1444 Dorchester avenue, and Henry C. Mildram, 11 Beacon street, the Board arrived at the conclusion that Mr. DiMatteo is the logical purchaser and that his offer of \$20,000 for the land, which is 25 per cent above the assessed valuation, is a fair one.

Respectfully yours,
FRANK R. KELLEY,
Chairman, Board of Park Commissioners.

Whereas, The City of Boston is the owner in fee of approximately eight thousand three hundred fifty-seven (8,357) square feet of land, being a portion of the Cuttillo Playground, Boston Proper; and

Whereas, The Board of Park Commissioners has determined that said land is no longer required for public purposes; now, therefore, it is hereby

Ordered, That the Mayor of the City of Boston be, and he hereby is, authorized to sell at private sale to Charles J. DiMatteo for a minimum price of twenty thousand (20,000) dollars and to deliver to the purchaser an instrument in writing, satisfactory in form to the Corporation Counsel of the City of Boston, conveying all the City of Boston's right, title and interest in and to a certain parcel of land located on the southwest side of Morton street, Boston Proper, bounded and described as follows:

Northeasterly by Morton street, seventy-two and 8-100 (72.08) feet; easterly by Morton street, six and 15-100 (6.15) feet; northeasterly by Morton street, one hundred thirty-seven and 28-100 (137.28) feet; southeasterly by land of Schafran Realty Company, three and 55-100 (3.55) feet; southerly by land of Schafran Realty Company, and land of LaFaucie, fifty-one and 30-100 (51.30) feet; easterly by land of LaFaucie, two and 50-100 (2.50) feet; southerly by land of same, twenty-five (25) feet; southerly by Cross street, sixteen (16) feet; southwest by land of DiMatteo, thirty-eight and 31-100 (38.31) feet; westerly by land of same, twenty and 33-100 (20.33) feet; southwest by land of DiMatteo, LaFaucie, and a passageway, by two (2) dimensions, seventy-five and 20-100 (75.20) feet and three (3) feet; westerly by land of Marcella, forty-two (42) feet; containing approximately eight thousand three hundred fifty-seven (8,357) square feet of land.

The above-described premises are shown on a plan by Henry C. Mildram, engineer, dated August 25, 1953.

Referred to the Committee on Public Lands.

PETITION AGAINST ADMISSION OF RED CHINA TO UNITED NATIONS.

Coun. McCORMACK offered the following:

Whereas, The committee for one million against the admission of Red China to the United Nations is currently making its final drive to reach its goal in the number of signatures to forward to the President of the United States; and

Whereas, Mayor John B. Hynes is Honorary Chairman of the Boston Division of the said committee; and

Whereas, The prestige of our city is at stake in making this effort successful; and

Whereas, The Chinese People's Republic has been branded as an aggressor in Korea, has violated every humane and basic tenet of the United Nations and as of this date is holding thirty-two Americans as prisoners (eight of whom have been held as such for more than three years); therefore be it

Resolved, That the Boston City Council, in meeting assembled, urge all city employees and citizens of this, the capital of our Commonwealth, to support our Mayor in this drive to reach one million as the number of Americans going on record as opposed to recognition of Red China.

The resolution was adopted under suspension of the rules.

CONGRATULATIONS TO POLAND AND POLISH-AMERICANS.

Coun. McCORMACK offered the following:
Whereas, May 3, 1954, will mark the one hundred and sixty-third anniversary of the adoption of the Polish Constitution; and

Whereas, The Polish Constitution was the first written Democratic constitution to be adopted by a European nation; and

Whereas, The fine people of Poland have enriched the life blood of every land to which they immigrated—particularly in the United States of America; and

Whereas, Poland is now under the bonds of slavery due to its ruthless subjugation to atheistic Communism, contrary to the prayers and desires of the overwhelming majority of its people; now therefore be it

Resolved, That the City Council congratulate Poland and all Polish-Americans on the one hundred and sixty-third anniversary of the adoption of the Polish Constitution; and be it further

Resolved, That the City Council join with Polish nationals everywhere in their prayers that their native land will once again take its rightful place amongst the free nations of the world.

The resolutions were adopted under suspension of the rules.

INFORMATION ON OLD COLONY HOUSING PROJECT.

Coun. FOLEY offered the following:
Ordered, That his Honor the Mayor be requested to inquire of the Board members of the Boston Housing Authority, of the past, present, and future status of the ownership of the Old Colony Housing Project, that the Board be requested to state its policy with respect to the acquisition of this property for low income on veterans' housing. That a copy of the report when received be forwarded to the Boston City Council.

Passed under suspension of the rules.

NAMING OF SQUARE IN HONOR OF MILLHEM GEORGE WILLIAMS.

PARKING METERS PROFITABLE FOR CITIES.

A survey of parking meter usage in 62 cities over 100,000, recently made by the city purchasing agent of Chicago in cooperation with the National Institute of Governmental Purchasing, indicated an annual income per meter of \$74.31, or \$6.19 per month. Cities reporting an average annual income per meter in excess of \$100 included Minneapolis, St. Paul, Providence, Dayton, Long Beach, Chattanooga, Canton (Ohio), and South Bend (Indiana). Cities which reported an income of \$90 to \$100 per meter per year were Seattle, Columbus (Ohio), Richmond, Miami, Flint, Norfolk, Tulsa, Wichita, Sacramento, and Charlotte. Maintenance costs reported by 33 cities, including labor, repairs, and collections, averaged \$6.99 per meter per year, or nearly 10 per cent of the revenue.

Proposals for Artificial Stone Sidewalks in Emerson Street, Ward 6, from East Fourth Street to M Street; Vinton Street, Ward 7, from Dorchester Street to Preble Street; West Seventh Street, Ward 6, from B Street to E Street, and West Sixth Street, Ward 6, from D Street to E Street.

The Commissioner of Public Works of the City of Boston, Room 508 (Contract Office), City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for artificial stone sidewalks in Emerson street, Ward 6, etc. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508 (Contract Office), City Hall Annex. Each proposal should be enclosed in an envelope, sealed, marked "Proposal for Artificial Stone Sidewalks in Emerson Street, Ward 6, etc.," and left at Room 508 (Contract Office), fifth floor, City Hall Annex, before 2 P.M. of THURSDAY, MAY 27, 1954, with a certified check for ONE THOUSAND (1,000) DOLLARS, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then be publicly opened and read in the Hearing Room of the Street Commissioners, Room 401, City Hall Annex.

Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by bidder with the City Auditor previous to the time named for opening the bids. All proposals must be from bidders of record on file at Room 508, City Hall Annex. There will be a charge of two dollars (\$2) for each set of plans and specifications taken out. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner of Public Works. Before commencing performance of this contract, the Contractor shall provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract and shall continue such insurance in full force and effect during the term of this contract. ABUSE OF "90-DAY" SICK LEAVE PRIVILEGES BY SOME CITY EMPLOYEES CAUSES ADMINISTRATIVE SERVICES DEPARTMENT TO PROPOSE ABANDONING PROVISION AS SERVING NO USEFUL PURPOSE—PROPOSAL TO AMEND RULES NOW UNDER CONSIDERATION.

The Administrative Services Department has proposed to Mayor Hynes that "sick leave" practices previously in vogue be revised to check abuses as suggested in the following letter:

Boston, May 10, 1954.

HON. JOHN B. HYNES,

Mayor of Boston.

DEAR SIR:

Under the rules relative to sick leave of employees any portion of the annual leave of 15 days not used in the year when earned may be accumulated up to, but not exceeding, 90 days for use in a subsequent year. While this provision for the accumulation of 90 days is liberal in comparison with similar allowances in comparable cities, it is evident from a survey of departmental sick leave records that the existence of this ceiling en-

REPORT OF THOMAS D. GINN, DIRECTOR OF VOCATIONAL GUIDANCE, ON ATTENDANCE AT NATIONAL CONVENTION OF AMERICAN PERSONNEL AND GUIDANCE ASSOCIATION, IN BUFFALO, APRIL 11-15, 1954, INCLUSIVE.

The following is the report on his attendance at the American Personnel and Guidance Association and the Divisions of National Vocational Guidance Association and American School Counselors Association, April 11-15, 1954, Buffalo, New York, by Thomas D. Ginn, Director of Vocational Guidance:

THEME: "Guidance in a Free World."

This is the second year that N.V.G.A. has met as a division of A.P.G.A. I was a member of the Delegate Assembly and voted at both meetings. This is the first time that A.S.C.A. has met as a division, as it was organized at the Chicago convention a year ago. I am a member of the Board of Governors of this division and attended both business meetings. I also was present at two committee meetings. At the general session of A.S.C.A., I acted as the recorder.

MAYOR JOHN B. HYNES CALLS FOR A FEDERATION OF ALL ADJACENT CITIES AND TOWNS IN ONE "METROPOLITAN" COMMUNITY OR FEDERATION AS BEST SOLUTION OF PROBLEMS THAT BESET AND PLAGUE US—DELIVERS ADDRESS BEFORE CONFERENCE ON GREATER BOSTON'S BUSINESS FUTURE AT BOSTON COLLEGE BUSINESS SCHOOL—WHAT INTERESTS CITY PROPER IS OF INTEREST TO GREATER DISTRICT, AND ALL SHOULD BE IN ONE FEDERATION WITHOUT LOSS OF INDIVIDUAL CHARACTERISTICS, HE TELLS CONCLAVE—BUSINESS FUTURE OF GREATER CITY INTERWOVEN WITH FUTURE OF CITY ITSELF.

At the conference on Greater Boston's business future at Boston College Business School on Saturday, May 15, 1954 Mayor John B. Hynes spoke as follows:

The business future of Greater Boston is dependent, in some degree at least, on the business future of Boston itself. It is something less than sensible to believe that the Greater Boston area is facing a future of healthy business growth if the core of the area, the inner city, is facing a life-and-death struggle for existence.

All of us will agree, I am sure, that no city in America is richer in things historical, in things cultural, in things educational, in things spiritual, than is Boston. We are wealthy, almost beyond counting, in the things of the mind, the spirit, and the soul. We are not so wealthy in the things which keep the body and the soul together.

The City of Boston, with its 47 square miles of territory, is but a small part of the whole Greater Boston area, but, small though it may be, Boston is the very heart of the greater city; and if that heart cannot meet the demands made upon it, if it has not the strength to maintain a strong, even, and steady circulation, the whole Greater Boston community will be adversely affected.

Ills Not All of Own Making.

The ills which beset Boston itself are not all of its own making. Our city and many large cities in our country, the older ones particularly, are victims of changing times, changing conditions, changing modes of life. The automobile and the modern highway have combined to erase traditional boundary lines; have combined to make new rules for living, new rules for doing business. No longer need one live a stone's throw from his business; no longer need business be transacted in an area as congested as an ant heap.

Decentralization of both business and population is the order of the day, and the hour of sunset is still far off.

We realize the scope of Boston's problems, and we realize, too, that a mastery of those problems will have a salutary effect on the whole Boston area.

What is not fully realized, I am afraid, is that Boston in and by itself, and within its present means, is sorely tried to meet the ordinary, inflated costs of government, not to speak of the extraordinary costs of government which are the result of the period of adjustment or transformation which we are now going through.

(Continued on page 607.)

"O Boston, fair City enthroned like a radiant queen,
From thy hills looking down on the ship-teeming plain of the ocean;
May thy future be bright, thy skies beam with light all serene,
Ensured by the sons' and thy daughters' unselfish devotion."

From Boston Centennial Poem by
NATHAN HASKELL DOLE.

MAYOR JOHN B. HYNES CALLS FOR A FEDERATION OF ALL ADJACENT CITIES AND TOWNS IN ONE "METROPOLITAN" COMMUNITY.

(Continued from page 605.)

Boston is not on the rocks, but it's going to take a lot of doing to keep us from going on the rocks. Our tax rate is too high. That is not good for either businessman or home-owner. It puts our city in a poor competitive position. Under present circumstances that high rate cannot be appreciably lowered, if it can be lowered at all. A new income source, similar to that available to other large cities in our country, would mean a lower rate, but that, while desirable, is not the best solution.

Boston Most Vital Part.

Boston is the most vital part of the Greater Boston area, and that area — all of it — should be one integrated area. Call it a metropolitan city if you will, or a federated city, or a greater city, but, whatever you term it, that is the real, the best, and the eventual answer to the long life and the good health of the Greater Boston community.

Such a federation can be made so that the identity of cities and towns in the area will be preserved, and so that the inner city will not have political domination over the rest of the area. A Greater Boston has been preached for thirty years or more. Some day it will come. It is inevitable. Until and unless it does come, the future of the Greater Boston area is not as rosy as we would like to picture it.

I conclude by stating that, whatever may be Boston's future, we do know this — our city is a rugged old city. It has been through many vicissitudes. It is resilient. It is not hapless, helpless, or hopeless. The old spirit of dogged determination is rooted deep in our soil. Whatever eventuates in the days and years to come, this old city, the cornerstone of the great structure we call the United States of America, will continue to be a vibrant, inspiring force in the life of America.

MAYOR PRAISED BY STATE OFFICIAL FOR SUCCESS OF "CLEAN-UP" CAMPAIGN.

The following communication has been made public by the office of the Mayor:

THE COMMONWEALTH OF MASSACHUSETTS,
DEPARTMENT OF PUBLIC HEALTH,
STATE HOUSE, BOSTON.

May 10, 1954.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR SIR:

The attention of the Department of Public Health has been called to the "Clean-Up, Paint-Up, Fix-Up, and Plant-Up Your Home" campaign being conducted by the City of Boston, from May 21 to May 31, 1954.

Governor Christian A. Herter, on May 10, will issue a Proclamation requesting the cooperation of all citizens of Massachusetts in a "Clean-Up, Paint-Up Safety Days" campaign being conducted on a state-wide basis during the same period. I have been informed that your campaign deals with both improving the appearance of the City of Boston and making the homes of the city safer places in which to live.

I wish to commend you and your Departments of Health, Building, and Public Works for cooperation in this worthwhile effort to improve the health of the people of Boston by reducing the appallingly large number of home accidents.

Respectfully,

SAMUEL B. KIRKWOOD, M.D.,
Commissioner.

RULES FOR SICK LEAVE FOR CITY EMPLOYEES CHANGED BY MAYOR.

(Continued from page 605.)

courages or stimulates a practice on the part of employees who have accumulated the maximum credit of 90 days which is open to criticism and certainly is not beneficial to departmental services.

It is the more or less general opinion among employees that the privilege of accumulating sick leave acts as an incentive to the individual employee to maintain steady and regular attendance and thus build up for the latter years of life, when illness is more apt to strike, a substantial "bank" of sick leave. The removal of this incentive through the establishment of an arbitrary ceiling serves to encourage the practice among employees who have accumulated 90 days' sick leave to use their current 15 days each year, regardless of whether sick leave is warranted. We are told that the removal of the limit on sick leave that could be accumulated would stop this practice.

We find that the Commonwealth of Massachusetts has no accumulation ceiling or limit. The same is true in the cities of Medford, Somerville, and Springfield. Outside of Massachusetts the following cities have no limit on the amount of sick leave that may be accumulated: Minneapolis, Minnesota; Newark, New Jersey; New Orleans, Louisiana; New York City, New York; Washington, D.C.

Since it is apparent that the present sick leave accumulation ceiling effective in Boston serves no useful purpose and it is in a sense responsible for the development of a questionable practice on the part of

employees who have accumulated the 90-day maximum, we recommend that steps be taken to amend the present sick leave rules to the extent that the limitation of the number of days which can be accumulated be removed or, in other words, that a no-accumulation limit be adopted. In the event this recommendation is adopted, we advocate that department heads and officials exercise strict supervision over the granting of sick leave. The provisions of Rules SL-2 and SL-4 should be followed strictly whenever any doubt is attached to the reasons advanced for taking sick leave.

To extend the benefits of a no-accumulation limit to foremen, laborers, workmen, and mechanics it will be necessary, under the provisions of section 111B of chapter 41 of the General Laws, for the Council to approve this measure. For all other employees the removal of the 90-day ceiling may be accomplished by your promulgation of an amendment to Rule SL-1.

REPORT OF THOMAS D. GINN, DIRECTOR OF VOCATIONAL GUIDANCE, SCHOOL DEPARTMENT.

(Continued from page 605.)

I was chairman of the Nominating Committee for the City Directors of Guidance, and this necessitated two more meetings. The City Directors of Guidance held two pre-convention meetings on Sunday, April 11, at 1.30 P.M. and 7.30 P.M.

These were well attended, and at the final meeting on Wednesday evening it was voted to emulate this plan next year. It was also suggested that we might break up into two groups—large cities and small cities. It is the intimate touch that helps. Mr. Kenneth Lund, Director of Pupil Services of Chicago, astounded the group when he announced that Chicago had 500 full-time counselors, 63 psychologists, and 3 clinical psychologists. Chicago has a single salary, and the counselors receive the same pay as teachers—maximum, \$6,300. Assistant Superintendent Krugman of New York City told of the increase in the guidance staff of his city; the program covers Grades I to XII. There are 25 clinics staffed by counselors, psychologists, and psychiatrists. New York School Department does much in-service training and starts off with an outstanding teacher. Philadelphia has a large staff of counselors. The counselors receive a six months' in-service training course at the expense of the city. Grades I to XII are serviced. Representatives from California, Baltimore, and faraway Texas told of the splendid work their trained counselors were doing at all grade levels. Many different patterns of counseling, placement, and follow-up were presented. The City Directors voted to perpetuate these sessions at the National Convention. Many "buzz sessions" followed, with small groups getting together for mutual help. Miss Minnie Dingee of Kansas City deserves much credit for organizing these unstructured

group meetings. Problems for discussion were sent to her by mail, and these formed the basis for the opening discussions.

Elementary Guidance.

The chairman was Miss Frances Wilson of New York City, who defined elementary guidance as "a program where counseling help is brought to the individual child." About 75 people were present, and of this number only 10 had elementary programs in their schools. Chicago and Philadelphia are outstanding in this type of guidance, and Miss Wilson had just returned from a survey of the work in Philadelphia and Los Angeles. She said that preventive measures in the lower grades were being recognized from coast to coast. Los Angeles has 22 elementary counselors who work with children, teachers, principals, parents, social workers, and any agency that can serve the child and relieve his tensions so that he may become a normal child in his school and in his home. The State of Massachusetts is interested in this phase of guidance, and it is being studied. Next October, at the New England Regional Conference of N.V.G.A., there is to be a series of workshops on this important section of the guidance program.

I heard three outstanding addresses. President Buell G. Gallagher of City College, New York City, gave the keynote address on Monday. He developed the thought that freedom welcomes controversy and demands moral responsibility. The statement that "the American college has broken many hammers and the anvil is stronger than ever" brought an ovation.

At the N.V.G.A. luncheon James M. Mitchell, Assistant Secretary of Defense for Manpower Personnel, was the speaker, and his topic was "Vocational Guidance and Human Values in 1954." "All human values of the free world are threatened today," Mr. Mitchell declared. "It is our intention that American youth should suffer as little disruption in their education as possible consistent with defense."

At the A.P.G.A. banquet, President Donald Super gave the address, "Guidance: Manpower Utilization or Human Development." Mr. Super was educated at Oxford, England, and gave us a picture of the guidance procedures in many foreign countries. He said that abroad guidance procedures were more authoritative.

Audio-visual methods received much attention at the convention. Monday evening Professor William D. Wilkins of New York University gave a most informative address and brought us up to date on the materials available. Mr. Carl V. Mahanke, Jr., demonstrated the "Kinescope TV Occupational Film Showing Hotel Cooking." It was excellent. The TV was in two parts—the scenes in the hotel and the interviews of the principal of the school with a local hotel manager and several high school pupils. The pupils' replies were heard, but they did not appear on the screen in person. Any community could use the part dealing with the vocational portion and then arrange for a counselor or principal to interview a local hotel manager. This new device has unlimited possibilities.

The first showing of the Ford film, "One Out of Seven," a vocational guidance film on opportunities in the automotive industry, was interesting. It was

made under the supervision of a group of guidance people and men from the plant. It can be improved.

The Community Looks at Vocational Guidance.

This was one of the most valuable meetings, with five people on the panel. Superintendent-elect Seymour of Rochester Schools gave an excellent presentation of the schools' side of the problem. Mrs. Kideney, a housewife and a member of the New York State Board of Regents on Readjustment of High School Education, praised the schools for the part they were doing in helping orient the children. She felt a complete guidance program was a must in every school.

A works manager followed. He felt the pupils of today "were sassy and had little respect for the firm's property." When they spoiled work the reply was "So what?" His firm employed pupils from the vocational schools in part-time and summer jobs as well as full-time upon graduation. Industry wants a pupil to finish secondary school at least and then go on with evening school study. He would like to see very close cooperation between schools and industry. The C.I.O. president gave an excellent address and said his union would go all out in cooperating with the schools for the benefit of the young workers.

The last speaker was a member of the Science Research Associates and gave a résumé of guidance as he saw it as he traveled about the country. He felt that guidance services—educational and vocational—will expand.

To come back to our 1954 slogan, "Guidance in a Free World," let us consider Dr. Williamson's summary that three dimensions of the free mind condition or determine the counselor's task:

1. "Talent is where you find it." No group has a monopoly.
2. The pattern of the individual's development is partly self-determined, not imposed.
3. The individual is not free in his own development unless he realizes that his freedom is conditioned by the freedom of others.

"Guidance," said Dr. Williamson, "realizes the objective of a liberal education, that is, to free people's minds from their own limitations."

I want to thank Superintendent Haley and the Boston School Committee for the privilege of attending this convention.

Respectfully submitted,

THOMAS D. GINN,
Director of Vocational Guidance.

CONTRACTS AWARDED.

Permission to award the contracts for work, materials, and supplies, in accordance with recommendations of department heads, has been approved by the Mayor.

ADMINISTRATIVE SERVICES DEPARTMENT. Purchasing Division.

Upon April 1 the Mayor approved contracts as indicated for furnishing groceries and canned goods, as requested, to the various city departments, from April 1, 1954, to September 30, 1954.

Authority is given to make awards for the items checked on the accompanying tabulation to the lowest bidders as indicated. On Items 87, 88, and 90, Kellogg Sales Company was the lowest bidder. However, this company filed both copies of their bid at the Auditor's office thus making it irregular. Authority is therefore requested to dispense with further public advertisement and award a contract, without public advertisement, to Kellogg Sales Company for the items previously mentioned. Approximate total amount of their contract will be \$1,173.36, net.

All items on which no awards are being made at this time for various reasons will be awarded at a later date or purchased in the open market.

Approximate total amounts of awards were as follows:

Contracts for: Radio Foods Corporation, \$30,820.25, net; George D. Emerson Company, \$18,922.73, less 2 per cent discount, time of payment; Suffolk Grocery Company, Inc., \$14,008.28, less 2 per cent discount, time of payment; E. Respectfully yours,

JAMES H. MOONEY,

Superintendent of Construction.

PARKS AND RECREATION DEPARTMENT.

Upon May 14 the Mayor approved a contract with Anchor Post Products, Inc., for furnishing and erecting canopy type softball backstops at Smith Playground, Brighton. Bids, opened Tuesday, May 11, were as follows:

Anchor Post Products, Inc., \$1,066; Colorado Fuel and Iron Corporation, \$1,298; Boston Chain Link Fence Company, \$1,488; P. J. Dinn & Co., \$1,750.

Upon May 14 the Mayor approved a contract with William P. Herlihy, for planting, walks, and benches at Winthrop square, Charlestown. Bids, opened Tuesday, May 11, were as follows:

William P. Herlihy, \$4,991; F. C. Dolan & Sons, Inc., \$5,620.70.

Upon May 14 the Mayor approved a contract with Baker & Co., Inc., for asphalt surfacing of roads and walks in Franklin Park, West Roxbury. Bids, opened Tuesday, May 11, were as follows: Baker & Co., Inc., \$17,892.50; S. J. Tomasello Corporation, \$23,687.50.

WITHOUT ADVERTISING.

Upon varying dates as indicated the Mayor approved contracts with contractors and commercial and supply houses for furnishing labor, supplies, etc. Communications from heads of the departments interested were as follows:

ADMINISTRATIVE SERVICES DEPARTMENT.

Purchasing Division.

Boston, May 11, 1954.

HON. JOHN B. HYNES,

Mayor of Boston.

DEAR MR. MAYOR:

The Boston City Hospital has submitted a requisition to this office for 100 boxes Urokon sodium sterile solution, 70 per cent, 25cc size, Mallinckrodt.

Mallinckrodt Chemical Works, manufacturer of this item, has submitted an informal quotation. Authority is requested to dispense with publicly advertising for prices and award a contract, without public advertisement, to Mallinckrodt Chemical Works. Inasmuch as this company is the manufacturer, it is my opinion that no advantage would be gained by publicly advertising for prices.

Approximate total amount of contract is \$3,296.70 net, cash 30 days.

Respectfully yours,

JOHN B. MORAN,

Purchasing Agent.

BOSTON CIVIL DEFENSE.

Boston, May 5, 1954.

HON. JOHN B. HYNES,

Mayor of Boston.

DEAR MAYOR HYNES:

I am hereby requesting permission to award a contract, in an amount not to exceed \$4,000, without advertising, to Emerson Electric Company for the repair and maintenance of the 119 sirens located throughout the city.

Much of this work is of special or emergency nature. In view of the fact that Emerson Electric has installed much of this equipment, is the only company that has done the repair and maintenance work to date, and is ready to respond at any hour of the day or night on an emergency basis, it is my considered opinion that nothing would be gained and much might be lost through awarding a contract for maintenance to another company.

The contract will be awarded on a cost-plus basis. The electrical work will be subject to inspection by Mr. Bernard Whelan, Superintendent of Electrical Inspection Division, and all structural work will be approved by the Building Commissioner.

I trust that this request will meet with your approval.

Respectfully submitted,

JOSEPH L. MALONE,

Director.

CITY PLANNING BOARD.

Boston, April 28, 1954.

HON. JOHN B. HYNES,

Mayor of Boston.

DEAR MR. MAYOR:

On Tuesday, April 27, 1954, at a meeting of the City Planning Board the following vote was taken:

"That Leo Schwartz, an attorney, 294 Washington street, Boston, be engaged by contract covering the period of 11 months from May 1, 1954, to March 31, 1955, at a total cost of

thirty-two hundred and twenty dollars (\$3,220) to provide and perform research on legal aspects of the Board's rezoning study, in accordance with work program prepared by the general consultant and approved by the Board in connection with the rezoning study now being conducted by the Board, and that the chairman be authorized to sign the contract."

Therefore, if this meets with your approval, it is respectfully requested that your authorization be given for the awarding of the proposed contract without public advertising to Leo Schwartz, attorney, to cover the period from May 1, 1954, to March 31, 1955, for furnishing the above-mentioned services at a cost not to exceed thirty-two hundred and twenty dollars (\$3,220).

It is felt that in view of the nature of the professional services involved nothing would be gained by publicly advertising for bids for this work.

Very truly yours,

THOMAS F. McDONOUGH,
Chairman.

DAMAGES AWARDED.

The Mayor has approved the following order of the Board of Street Commissioners:

Ordered, That 1,220 linear feet of 10-inch pipe sewer, at an estimated cost of \$16,700, be constructed in Washington street, West Roxbury district, from 150 feet north of Highview avenue to Grouse street.

This Board estimates that the undermentioned parcels of land situated on the northwesterly side of Washington street, between Highview avenue and Grouse street, as shown on a plan marked "City of Boston, Plan No. 1426-B, Sewerage Works, Washington Street, West Roxbury, April 30, 1954, James W. Haley, Chief Engineer, Street Laying-Out Department," will receive benefit or advantage, beyond the general advantage to all real estate in said city, from the improvement hereinafter ordered in the amounts hereinafter respectively set against them.

OMIT AND SUBSTITUTE WORK UNDER CONTRACT.

PUBLIC WORKS DEPARTMENT.

P. V. Barone Corporation has been directed to omit and substitute the following work under the contract for bituminous concrete pavement in Alberta street, Badger road, Cranmore road, Halsey road, Latin road, and Van Brunt street, dated October 26, 1953:

In Cranmore road, omit approximately 500 square yards of loam spaces (Item 25 of contract) and substitute approximately

2,700 square feet of additional artificial stone sidewalks, replacing omitted loam spaces (Item 23-1 of contract); furnish and lay in sidewalk area, where directed, approximately 10 tons of bituminous concrete binder course at \$14 per ton and approximately 10 tons of bituminous concrete wearing surface at \$14 per ton. Bituminous concrete sidewalks are to be constructed according to standard City of Boston specifications.

Estimated cost of substituted work, \$1,306; estimated cost of omitted work, \$325; estimated increase in cost, \$981.

ADDITIONS TO CONTRACT.

DEPARTMENT OF SCHOOL BUILDINGS.

Washington Contracting Company, Inc., has been ordered to make the following addition to the contract for the Thomas F. Leen School:

Grade and pave with rice mix asphalt; 1-inch binder and 1-inch top from present asphalt walk on easterly side of yard to school building and also at front of building. For this additional work not called for in the contract add the sum of \$425, and the amount of \$425 will be added therefor, making the account as follows: Contract price, \$2,025; total additions, \$425; amount of contract, \$2,450.

EXTENSION OF CONTRACTS.

DEPARTMENT OF SCHOOL BUILDINGS.

Approval has been given for an extension of time for the completion of the contract with Washington Contracting Company, Inc., for grading and paving, etc., at the Thomas F. Leen School, from May 15, 1954, to June 15, 1954. This extension was requested because of inclement weather and additional work.

Approval has been given for an extension of time for the completion of the contract with Central Building Wrecking Company of Everett for the demolition of the Blackinton School, East Boston, to June 15, 1954. This extension was requested because the weather has been inclement for outdoor work.

PROCEEDINGS OF CITY COUNCIL.

Monday, May 10, 1954.

Regular meeting of the City Council held in the Council Chamber, City Hall, at 2 p.m., President WHITE in the chair, and all the members present. The Reverend Alonzo J. McDonald, C.S.P., of St. Ann's Catholic Church, was escorted to the rostrum.

INVOCATION BY REVEREND ALONZO J. McDONALD, C.S.P.

O Holy Spirit of God, take us as Thy disciples. Guide us. Illuminate us. Sanctify us. Bind our hands that they may do no evil; cover our eyes that they see it no more. Sanctify our hearts that evil may not dwell therein.

Be Thou our guide. Be Thou our God. Wherever Thou leadest us, we will go; whatsoever Thou forbiddest us, we will renounce; whatsoever Thou commandest, in our strength we will do.

Lead us then into the fullness of Thy truth. Amen.

The meeting was opened with the salute to the Flag.

APPOINTMENTS BY THE MAYOR.

Subject to confirmation by the Council, the Mayor submitted the following appointments:

Constable with authority to serve civil process upon filing of bond for the term ending April 30, 1955: Joseph Patrick McCarthy, 497 East Eighth street, South Boston.

Weighers of coal for the term ending April 30, 1955: Jesse Cann, 3 Willis avenue, Winthrop; John F. Grady, 19 Gorham road, West Medford; Robert R. Williams, 42 School street, Arlington; Rose Hauckbaum, 188 Geneva avenue, Dorchester. Referred to the Committee on Confirmations.

SURVEY OF CITY DEPARTMENTS OUTSIDE CITY HALL AND ANNEX.

The following was received:

City of Boston,
Office of the Mayor, May 7, 1954.
To the City Council.
Gentlemen:

I transmit herewith communication from the Director of Administrative Services relative to the order adopted by your Honorable Body requesting a survey of city departments located outside the precincts of City Hall.

Respectfully,
J. B. HYNES, Mayor.

City of Boston,
Administrative Services Department,
May 6, 1954.

Hon. John B. Hynes,
Mayor of Boston.

Dear Sir:

At a meeting held on April 28, 1954, the City Council adopted the following order:

"Ordered, That his Honor the Mayor request the Director of Administrative Services to conduct a survey of all city departments outside the confines of the City Hall and Annex to determine the saving which would be involved in relocating these departments in the City Hall; and to report to the City Council his findings as a result of this survey."

In response to the request contained in the order, I submit the attached schedule which indicates departments that are quartered outside of the Hall and Annex, as well as the current rentals for the quarters occupied.

If it were possible to find space in the Hall and Annex for these departments, the total saving would be \$72,520. It is apparent from a survey of both buildings that surplus space is limited, and that a general relocation of all outside offices within the Hall and Annex is impossible.

Tentative plans have been made for the relocation before the close of the current year of at least two departments, with a resultant annual rental saving of \$15,200.

Respectfully,
CHARLES J. FOX, Director.

RAISING OF FUNDS FOR LIBRARY FROM PRIVATE SOURCES.

The following was received:

City of Boston,
Office of the Mayor, May 10, 1954.
To the City Council.
Gentlemen:

I transmit herewith communication from the President of the Board of Trustees of the Boston Public Library relative to your order of April 5, 1954, in regard to fund raising by donation from private sources for building or other purposes.

Respectfully,
J. B. HYNES, Mayor.

City of Boston,
Library Department, May 6, 1954.
Hon. John B. Hynes,
Mayor of Boston.

Dear Mr. Mayor:

In reply to the recent inquiry set forth in the order adopted by the City Council at its meeting of April 5, 1954, I wish to state that the employment of professional help in connection with the raising of a Centennial Fund for the library has been engaged upon by the trustees of the library at the expense of funds within their control as trustees. It has not been at the expense of tax money of the City of Boston.

Respectfully,
PATRICK F. McDONALD, President.

Coun. FOLEY moved that the message and communication be resubmitted to his Honor the Mayor for further answers to the order passed by the City Council on April 5, 1954.

The motion was carried.

PAYMENT OF POLICE DEPARTMENT EMPLOYEES.

The following was received:

City of Boston,
Office of the Mayor, May 10, 1954.
To the City Council.
Gentlemen:

I transmit herewith communication from the City Auditor relative to your order of March 15, 1954, in regard to holiday and overtime pay of Police Department employees.

Respectfully,
J. B. HYNES, Mayor.

City of Boston,
Auditing Department, May 7, 1954.
Harold B. Flemming,
Chief Clerk, Mayor's Office.

Dear Sir:

Your request is acknowledged for consideration and report on a City Council order passed March 15, 1954, and reading as follows:

"Ordered, That his Honor the Mayor request the Auditor to establish a system whereby the Police Department employees will receive their holiday and/or any overtime pay within a two-week period of said date."

To comply with this order requesting payment of holiday and overtime pay within two weeks after such holiday or overtime service would recreate complications and delay in the auditing and payment of Police Department payrolls which were solved by the present system. When Police Department overtime was first authorized, payment therefor was made on the next payroll. Delays in returning payrolls to the Auditing Department, caused by the number of changes which had to be made because of the overtime pay, and delays in the Auditing Department because of the additional auditing and tabulating machine work, created an intolerable situation which was solved by the decision, mutually and completely agreeable to the City Auditor and Police Department officials, to have one payroll a month for overtime and holiday pay.

Under the present system, a so-called "skeleton" payroll for every division is sent to Police Headquarters prior to the last week of the month. The payroll figures are inserted thereon and the payrolls are approved by the Commissioner and returned to the Auditing Department in about a week or ten days. Tabulating cards are prepared, the payrolls audited and transmitted for payment to the City Treasurer. By this method, which reduces so considerably the number of changes to be made on the regular weekly payrolls, it is possible to expedite the prompt payment of the regular weekly payrolls.

The legislation authorizing overtime pay was subsequently amended so that police officers can receive overtime pay for work on primary day, election day, or at any parade, marathon race, road race, or at any public celebration or while police listing. Inasmuch as there already is at least one legal holiday in every month except August, the legal holidays in addition to the above occasions for which overtime pay can be paid necessitates an overtime payroll every month.

The present method of payment for Police Department overtime is a very smooth and convenient operation for the Police Department, the Auditing Department, and the Treasury Department. The regular weekly Police Department payrolls are promptly paid, and while there is admittedly some slight delay in the payment for overtime, I am firmly convinced that it would not

be advisable to revert to a method of payment which experience has proved to be inefficient.

Very truly yours,
JOSEPH P. LALLY, City Auditor.

TRAFFIC SIGNALS AT CERTAIN INTERSECTIONS OF BLUE HILL AVENUE.

The following was received:

City of Boston,
Office of the Mayor, May 10, 1954.
To the City Council.
Gentlemen:

I transmit herewith communication from the Traffic Commissioner relative to your order of April 28, 1954, in regard to the installing of automatic traffic signals at the intersections of Blue Hill avenue and Talbot avenue, including the intersection at Harvard street and Angell street with Blue Hill avenue, Dorchester.

Respectfully,
J. B. HYNES, Mayor.

Boston Traffic Commission,
May 6, 1954.

Hon. John B. Hynes,
Mayor of Boston.

Dear Mr. Mayor:

With reference to City Council order of April 28, 1954, ordering that the Traffic Commission install traffic signals at the intersections of Blue Hill avenue and Talbot avenue, including the intersection at Harvard street and Angell street, I wish to report that at a meeting of the Traffic Commission held today it was voted to recommend

the establishment of safety islands in the roadway and miscellaneous small changes in the design of the intersection.

These recommendations will be submitted to the Street Division of the Public Works Department for consideration and installation.

Upon completion of these installations a set of traffic signals will be erected.

It is necessary that the recommended islands be built in order to make possible the proper location of signal light poles and to assist in channelizing pedestrian traffic.

Respectfully yours,

WM. ARTHUR REILLY, Commissioner.

Office of the Mayor, May 10, 1954.

To the City Council.

Gentlemen:

I transmit herewith communication from the Chairman of the Boston Housing Authority relative to your order of April 5, 1954, concerning the naming of a street or court at the new Bromley Park Extension, Roxbury, to memorialize Alfred J. Moore.

Respectfully,

J. B. HYNES, Mayor.

Boston Housing Authority,

Hon. John B. Hynes,

Mayor of Boston.

Subject: City Council Order Dated April 5, 1954
—Naming of Street at Development at
Bromley Park, Roxbury, to Memorialize
Alfred J. Moore.

Dear Mayor Hynes:

This Authority is in receipt of the above-referenced order.

At the request of the Board of Street Commissioners the Authority is allowing that Board to designate names of new streets so as to avoid duplication.

In the development at Bromley park no new streets are planned. All addresses will be on the existing streets, namely, Centre, Bickford, Parker, Heath, and Albert.

Albert street is being extended to Centre street, however, and the Board of Street Commissioners may wish to change this name to eliminate confusion with Elbert street, which is also in Roxbury. The matter of duplication of Moore street in East Boston still exists, however.

There also is a request for the naming of a street in this development to memorialize Eugene M. Lydon, and a letter similar to this is being written concerning that request.

Very truly yours,

APPROPRIATION FOR SCHOOL PURPOSES.

The following was received:

City of Boston,

Office of the Mayor, May 10, 1954.

To the City Council.

Gentlemen:

I submit herewith an appropriation order, providing a total of \$2,214,226.10 to be expended by the School Committee for General School Purposes. I take this action because of a request received from the School Committee that this additional appropriation be provided under the provisions of section 1, chapter 224 of the Acts of 1936.

Originally, I was requested by the committee to recommend to your Honorable Body an appropriation order totaling \$2,671,226.10. Approval of this request would have meant an increase of 60 cents in the tax rate for General School Purposes alone. I therefore advised the Committee I could not approve their request, and suggested that the several appropriations proposed be reviewed to the end that a downward revision be made.

I am advised that, in the opinion of the School Committee, the amount now requested and represented in the accompanying order is the lowest figure that will provide for the normal operating requirements of the School Department this year. I therefore recommend adoption of the accompanying order by your Honorable Body.

Respectfully,

J. B. HYNES, Mayor.

City of Boston,

School Committee, May 5, 1954.

Hon. John B. Hynes,

Mayor of Boston.

Dear Sir:

The School Committee acknowledges receipt of your letter of April 15, 1954, pertaining to the request of the School Committee that you recommend to the City Council adoption of an appropriation order providing \$2,671,226.10 for General School Purposes.

In compliance with your request that the School Committee review the several appropriations proposed for General School Purposes and submit a revised figure that will lessen the impact on the tax rate, the members have given this matter careful consideration.

As a result of this further deliberation, the School Committee, in accordance with the provisions of the law governing appropriations, respectfully submits a revised request to your Honor to recommend to the City Council an appropriation for General School Purposes in the sum of \$2,214,226.10.

The breakdown of this \$2,214,226.10 is shown as follows:

Administration, \$109,843; Instruction, \$1,714,234.30; Auxiliary Services, \$73,747.40; Operation of Plant, \$266,401.40; Fixed Charges, \$50,000.

Respectfully submitted,

AGNES E. REYNOLDS, Secretary.

In School Committee, May 4, 1954.

On roll call the members agreed by the following vote to submit the foregoing communication to his Honor the Mayor:

ANNOUNCEMENT OF COMMITTEE HEARING.

Coun. PIEMONTE announced that a meeting of the Committee on Appropriations and Finance

would be held on Monday, May 17, at 11 o'clock A.M., at which time it was hoped that the School Committee or its representative would be present.

RETIREMENT OF TRAFFIC TUNNEL BONDS OF 1934.

The following were received:

City of Boston,

Office of the Mayor, May 10, 1954.

To the City Council.

Gentlemen:

On November 1, 1934, the City of Boston issued under the Statute of 1929, chapter 297, as amended by the Statute of 1932, chapter 287, in connection with the construction of the Sumner Traffic Tunnel, bonds aggregating \$800,000 and bearing interest at the rate of 3½ per cent per annum. These bonds were fifty-year bonds, but, fortunately, they contain an express provision for call, retirement, and cancellation by the city on November 1, 1954. There are now funds in the hands of the Board of Commissioners of Sinking Funds sufficient for the retirement and cancellation of these bonds on November 1, 1954. Transmitted herewith is an order calling these bonds for such retirement and cancellation. I recommend its immediate adoption.

Respectfully,

J. B. HYNES, Mayor.

City of Boston,

IN THE

COMMONWEALTH OF MASSACHUSETTS.

Notice of Call of Bonds for Retirement and Cancellation.

To Holders of 3½ Per Cent Traffic Tunnel Bonds, City of Boston, Act of 1929, Dated November 1, 1934, and Others Concerned:

Public notice is hereby given that all outstanding 3½ per cent Traffic Tunnel Bonds, City of Boston, Act of 1929, dated November 1, 1934, and due November 1, 1954, have been called for retirement and cancellation on November 1, 1954, on which date interest on such bonds will cease.

Payment of the face amount of each of said bonds, with any accumulated unpaid interest to November 1, 1954, will be made by the City of Boston on and after November 1, 1954, upon presentation of the bond at the office of the Collector-Treasurer, City Hall, Boston, Massachusetts.

Collector-Treasurer of the City of Boston,
September, 1954.

Whereas, Under date of November 1, 1934, the City of Boston issued, under the Statute of 1929, chapter 297, as amended by the Statute of 1932, chapter 287, registered Traffic Tunnel Bonds, City of Boston, Act of 1929, in the aggregate principal amount of \$800,000, bearing interest at the rate of 3½ per cent per annum payable semiannually on May 1 and November 1 of each year, which bonds are due November 1, 1954, with an express provision for call, retirement, and cancellation by the city on any interest date after 20 years from the date of issue; and

Whereas, The Statute of 1945, chapter 361, section 3, provides that, if Traffic Tunnel Retirement Bonds, City of Boston, Act of 1945, are issued under said chapter 361, the city shall call, retire, and cancel at the earliest date permitted, Traffic Tunnel Bonds, City of Boston, Act of 1929, in accordance with their terms; and

Whereas, Traffic Tunnel Retirement Bonds, City of Boston, Act of 1945, were issued under said chapter 361; now, therefore, it is hereby Ordered, That the aforesaid issue of 3½ per cent Traffic Tunnel Bonds, City of Boston, Act of 1929, dated November 1, 1934, and due November 1, 1954, be, and hereby is, called for retirement and cancellation on November 1, 1954; and it is hereby further

Ordered, That the Collector-Treasurer of the City of Boston be, and he hereby is, authorized and directed to give notice of said call during the month of September, 1954, in both of the following ways: (a) by causing a notice of call to be printed once in a newspaper of general circulation published in the City of Boston; and (b) by mailing such a notice to the registered holders of record of said bonds at their most recent addresses on file with said Collector-Treasurer by registered mail, return receipt requested; and it is hereby further

Ordered, That the aforesaid notice of call shall be in substantially the following form:

City of Boston,

REPORT OF FINANCE COMMISSION RE LAND TAKINGS ON ST. JAMES AVENUE.

The following was received:

City of Boston,

Finance Commission, May 3, 1954.

To the Honorable the City Council.

By chapter 474, Acts of 1946, no purchase price nor settlement of a claim arising out of a taking by eminent domain for off-street parking purposes can be made by the city unless the terms of said purchase or settlement have been submitted to the Finance Commission not less than ten days before such purchase or settlement becomes effective.

The City Law Department acted for the city in determining the amount to be paid for six takings on St. James avenue for an off-street parking project and complied with chapter 474, Acts of 1946, in respect thereto. In each instance the Commission considered the facts after discussion with the acting representative of the Law Department and decided to offer no opinion. No authority is given in chapter 474, Acts of 1946, to the Finance Commission to approve or disapprove the terms of settlement. The Finance Commission therefore becomes merely the repository of the record of the transaction.

A copy of each of the letters of notification of a proposed settlement for these takings has been furnished to a member of your Body. For your further assistance, the Commission offers, attached, the pertinent facts in tabular form in regard to each settlement.

The Finance Commission,
ENWARR F. MULLEN, Chairman.

REPORT OF FINANCE COMMISSION ON
HEALTH UNIT BUILDINGS.

The following was received:

Finance Commission, May 7, 1954.
To the Honorable the Mayor and City Council.

The Finance Commission desires to call your attention to a matter which involves not only the economy of the city, but, more importantly, the execution of the health program of the city. It is a shocking fact that many of the ten Health Unit Buildings which form a network of health centers in Boston under the jurisdiction of the Boston Health Department suffer from neglect. Deterioration in them resulting from the wear and tear of multiple activities becomes yearly greater. This disrepair which is a natural effect of the extensive use made of them is not adequately checked by good maintenance, if it is checked at all; and the lack of necessary repair makes it difficult to keep these intended citadels of good health practices in the condition which the public has the right to expect.

These structures originally cost approximately \$4,000,000 to construct and equip. Most of this financing came from the George Robert White Fund. Over 100,000 people throughout the city used these facilities in 1953.

The scope and function of the health units are defined in the 1950 annual report of the Health Department as follows:

"The health unit is the neighborhood center through which the services of the Health Department are brought to the people of Boston on a district basis. Each unit is supervised by a medical inspector of the Health Department. Nurses, sanitary and food inspectors, health educators, and other personnel of the Health Department work out into the district from their headquarters at the health unit. Dental clinics, tuberculosis clinics, X-ray facilities, and well-child conferences are among the services offered at all the health units. In addition to the Health Department personnel, offices of other health and welfare agencies are also located in the building. This arrangement gives opportunity for close contact among the various agencies and assists in promoting coordination of the programs."

In view of such clear public health objectives, it is reasonable to expect that a high standard of maintenance and operation of the buildings involved would be observed. Such is not the case, however. The fact is that the condition of most of the properties is far below a standard compatible with the purpose of their establishment, as the following brief observations on each of the Health Units demonstrate:

EAST BOSTON.

Located on Paris street and erected in 1923. Two-story brick structure with solarium and adjoining rooms constituting third floor. Located at street intersection, building is flanked on one side and in the back by yard paved with granolithic blocks; set off by iron fence (approximately 6 feet high).

Condition of Exterior. Yard is clean, but because of tilted condition of granolithic blocks presents a danger to use by nursery group observed using the yard under supervision.

Building.

Trim of building has not been painted for 15 to 20 years, apparently. Fire escape leading from second floor to yard is also badly in need of painting. At time of inspection, windows needed washing.

Interior.

Occupancy. Solarium and adjoining rooms on third floor occupied by Nursery School, five days a week, 8.30 to 4.

Second floor occupied by Catholic Charitable Bureau (five days per week, 9 to 5), Visiting Nurse Association (five days, 8 to 5; skeleton force on Saturday and Sunday); Family Society (five days a week, 9 to 5); also contains a hall.

First floor occupied by various public health clinics, and quarters for public health nurses, and other Health Department personnel.

Basement. Originally set up as "cafeteria," but leaks through basement wall have rendered this area of basement unusable for any purpose. Basement also contains several sections of shower baths, and store rooms.

Operation of Building.

Two junior building custodians operate building. Building heated by oil. Cleaning operation may be rated fair to good. The limiting factors on any cleaning operation are the following (a condition which is typical of all units):

- 1) Each floor is cut up into multiplicity of small rooms for conference, office, toilet and shower purposes.
- 2) Successive uses during the day, such as various types of clinics, require cleaning between uses.
- 3) Unlike most public buildings, this and all health units are cleaned while building is in operation.

Painting in Nursery School section (third floor) is in very bad condition, due probably to roof and wall leaks.

General condition of interior walls, woodwork and ceilings indicates them to be badly in need

of painting. One occupant, Family Society, had walls of its quarters cleaned about two years ago at own expense.

Custodians, as matter of routine procedure, do not wash walls in any health unit.

NORTH END.

Located on North Margin street; built in 1923. A three-story brick structure with solarium and adjoining rooms constituting fourth floor. Third floor does not cover the entire area of the building, being intercepted by ceiling of the hall. The building is surrounded on three sides by a yard paved with granolithic blocks. This entire area is not fenced in; at one time there was a fence along the North Margin Street side. Daylight is supplied at basement level by wells which run the length of the building on the sides, with two individual wells, covered by a grating, on the front of building.

Condition of Exterior.

The condition of both yard and wells is deplorable. At time of inspection, custodian was in act of clearing one of the individual wells. These wells have become disposal places for refuse by the public. Even the yard has at times become a place for garbage disposal by the public.

The stone benches located in the yard have been severely damaged. In some spots the granolithic blocks which border the wells are broken and hazardous.

Building Exterior.

Trim of building is in serious need of painting. Discoloration of masonry of building in some places indicates probable need of painting. Some basement windows are partially boarded to protect the building. Where window screens have been left in place during the winter, many are torn and tattered.

Interior.

Only the Visiting Nurse Association is listed as an outside occupant, indicating that relatively little use is made of this building by agencies outside the Health Department. Building is used primarily for clinics and Health Department purposes. The large hall seems to be used for clinics for the most part. Basement has same features as other units.

Operation of Building.

Two custodians operate this building; it is heated by oil. General operating condition is poor. Windows are in such need of cleaning that they are barely transparent. Contrary to building law, the door on the first floor, leading to the courtyard, was found barred. It has been without a lock for several months. The nearest door was tied with rope to prevent opening from the outside. This leaves only one door in operating condition available to the public.

Solarium and adjoining rooms (used as a nursery school until a year ago) are not in use at present time. The fact is that the condition of the walls, due probably to roof and masonry leaks, makes this section uninhabitable.

Throughout the building, walls and woodwork are badly in need of painting. Floors are not well cared for. Cleaning operations here must be rated as poor.

Whittier Street.

Located at 20 Whittier street. Built in 1932, it is the largest of all the units. A four-story brick structure, including solarium. A good sized park and wading pool, together with two dressing room toilets, are located on this property. The whole area is enclosed by an iron fence; this fence on one side of the property has been the object of continuous depredation, consisting in the removal of fence pickets. From another fence, within the yard, sections have been removed by the Health Department and cut up to make grilles for the basement windows. This move was occasioned by several breaks into the building.

Exterior Condition.

Yard is clean. Several conditions in the yard should be noted, however: 1, tilted granolithic blocks along one side of the property; 2, poor drainage in one area on this same side; 3, wall around one of the area wells, also on this side of the building, is broken and may be considered a hazard.

Park. Hoies which had been punched through the brick wall, dividing park from yard, in acts of vandalism, have now been repaired. Every pane of glass in the dressing room toilets, used in connection with the wading pool, is broken; also, the roof of one of these structures has recently been damaged to the extent of a hole punched through the roof. The doors of these two toilets are damaged.

The shelter over one of the park benches was so badly damaged that it had to be removed.

A chronic problem involved in caring for the wading pool is the deposit of broken bottles which must be removed daily. At the time of inspection, the wading pool was free of broken glass, but the park area on one side of the property was littered with broken glass.

Building. Exterior trim is in need of paint. Exterior doors on one side of this building are in need of repair.

Occupancies. On second and third floors are located the following:

Harvard Field Unit (five days, 9 to 5.)

Robert Gould Shaw Neighborhood Division (five days, 9 to 5).

Visiting Nurse Association (six days a week).
League of Community Women (three days a week, 11 to 2).

Youth Service Board (five days, 9 to 5).
Ruggles Street Nursery (five days, 9 to 5).
Cerebral Palsy (Saturday).

Nursery is on the fourth floor. Health Department clinics and personnel are quartered on the first floor. Usual showers and supply rooms in basement.

Operation of Building.

The one senior custodian, in charge of all units, works out of this building. Three junior custodians are assigned to the building. Cleaning condition may be rated as fair to good.

In several places in the building the wall plaster is in a bulged condition, which shatters and falls upon being touched. Several of these areas have been repaired, but the condition breaks out in other areas. Cork ceiling tile has fallen in the dental clinic and has not been replaced; in another clinic in this building it has fallen but has been replaced by the custodians. Painting of interior walls, woodwork and ceiling needs to be done.

ROXBURY.

Located at 82 Savin street; built in 1929. A two-story brick structure with solarium and adjoining rooms constituting a third floor. Located at street intersection, it is flanked by a yard, paved with granolithic blocks on one side and in the rear.

Exterior.

Yard is set off by an iron fence on one side, and a wooden fence in the rear. Several of the wide wooden pickets in the latter fence have been removed. A large iron gate, which has been replaced by a chain link fence, still lies in the yard. Custodian would like to get rid of it.

One end of the yard is littered with broken glass. Here, again, is a situation where the public carelessly discards various materials. Three of the 10 or 15 small trees in the yard have been destroyed by children.

Building. Window trim was painted about two years ago, but with only fair results. There are a few window screens on the windows and these are in poor condition.

Interior.

This building appears to be smaller in area than most of the other units, and it does not contain the hall found in all the other units, with the exception of the South End Unit. However, it is reported to be a very busy unit.

Occupancies. Top floor is occupied by the Nursery (five days, 8.30 to 4.30).

Second floor houses: Jewish Family Service (five days, 9 to 5); Visiting Nurse Association (five days, 9 to 5). Jewish Family Service painted their quarters in recent years. On the first floor are usual Health Department clinics and personnel. In basement are usual showers and supply room.

Condition of Interior.

Even though repairs have been made to solarium, leaks are still in evidence. Walls, ceiling and woodwork throughout building are in need of paint. This includes the walls on the first floor which the Health Department had washed (by contract) two or three years ago. Water seepage in the basement makes nurses' shower room unusable. A number of places noted in basement of walls in need of repair.

Operation of Building.

Three custodians operate the building, which is heated by oil. Cleaning may be said to be fair to good in general, but windows are in need of washing.

General Statement. It should be noted that, unlike school custodians, the Health Unit custodians are expected to wash windows both inside and outside. In only one unit out of the ten were there signs of recent window washing.

WEST END.

Located on Blossom street; built in 1929. A three-story brick structure with solarium and adjoining rooms constituting the fourth floor. This building also has a hall on the second floor. Located at a street intersection, the building is flanked on two sides by a granolithic paved yard; the whole area is enclosed by an iron fence.

Exterior.

Yard. The yard, which is reported to drain improperly in places, is not permitted to be used. A sizable area appears to be perpetually wet. A high brick wall which divides the area from the property in the rear is cracked laterally in a number of places and represents a potentially dangerous condition. The unused baby-carriage shelter is in need of repair and constitutes a hazard for small children.

Building. Exterior trim is badly in need of paint. Exterior doors need replacing. Area wells, along the building, although not nearly so bad as at North End Unit, need cleaning.

Interior.

List of occupancies in this unit was not supplied by Health Department when data on Health Units was furnished. The Salvation Army which occupies the solarium as a Nursery performs its own cleaning of this area; a new floor was supplied in this space a year ago. However, the walls, a condition which is general throughout the building,

are in need of paint. Withdrawal of Catholic Charitable Bureau has made additional unoccupied space.

Operation of Building.

Two custodians operate the building; until recently there were three. One man has been transferred to the Charlestown Unit. Cleaning operation may be rated as fair to good. At the time of inspection, the windows needed cleaning.

The lighting, particularly in the second floor corridor, appears to be inadequate.

SOUTH END.

Located at 57 East Concord street. Built in 1925 as Out-Patient Department of T.B. Department of City Hospital and Sanatorium; taken over by Health Department in 1926-27. Practically no yard. Three-story brick structure with solarium and adjoining rooms constituting fourth floor.

Exterior.

Exterior trim in need of painting. Stone capping on parapet wall, according to custodian, in bad state of repair. Exterior door to solarium badly in need of repair.

Interior.

Occupancy. Solarium not in use today. Some of the rooms adjoining solarium were painted fairly recently to accommodate the Visiting Nurse Association.

Family Society (five days, 9 to 5, and Wednesday evenings).

First floor: Health Department clinics and personnel.

Basement has supply rooms and agency quarters.

Operation of Building.

Three custodians operate the building, which is heated by coal. Cleaning operation may be rated fair to good, with exception of laboratories on fourth floor which present difficult cleaning problem.

Interior walls, woodwork, and ceilings badly in need of paint. A scrap heap of discarded materials (broken chairs, desks, etc.) which is generally found in the basement of most units, is here found in a room adjoining the unused solarium. (In addition, in this case, there is discarded obsolete X-ray equipment.)

CHARLESTOWN.

Located at 73 High street. Built in 1929. Two-story brick structure with solarium and adjoining rooms constituting third floor. The building, located at a street intersection, is flanked on one side and in the rear by a yard which is paved with granolithic block.

Exterior.

Yard is clean. There is one small area, located at the street intersection where blocks are tilted, and represents a hazard. Although this area is not used officially, small children can and do enter the area. Although not in use for its intended purpose, the baby-carriage shelter located in the yard has a faulty roof, which is an attraction and a hazard for small children. Here, as in the case of all yards where exterior lampposts have been set up, the standards are broken and light is not functioning.

Painting of exterior window sash and frames is satisfactory as far as can be seen; painting job was done about two years ago. At time of inspection windows needed washing.

Interior.

Occupancy. Solarium and adjoining rooms are not occupied. Second floor is occupied by Overseers of Public Welfare (five days a week; 10 to 12); Family Welfare (one day a week, two hours); Visiting Nurse Association (1.30 to 2.30 daily); Guild of Our Lady of Ransom (five days; 9 to 5); also contains a hall, and an unoccupied space formerly occupied by Catholic Charitable Bureau.

First floor occupied by various public health clinics and Health Department personnel.

Basement contains shower rooms, storage space used by Civilian Defense; also storage room used for the building staff.

Operation of Building.

Three junior building custodians operate the building; it is heated by oil. In this building, rooms are relatively large. Cleaning operation may be rated fair to good. Health Department nurses out of their own funds paid for washing of walls in certain areas of first floor.

Painting.

Interior walls and woodwork need painting; last painted during the period of the W. P. A.

SOUTH BOSTON.

Located at 133 Dorchester street. Built in 1926. A two-story brick structure with solarium and adjoining rooms constituting third floor. Located at street intersection, building is flanked by yard area on one side and rear; paved with granolithic blocks; whole area set off by iron fence.

Condition of Exterior. Yard is clean. Only visible damage in the yard is the damaged lamp-post, a condition typical of health units where they have been installed.

Building.

Building trim is in need of paint. Exterior boiler room door is in poor condition.

Interior.

Occupancy. Some of rooms adjoining solarium being made ready to accommodate a private agency caring for exceptional children. Work was done at the expense of the agency which will occupy solarium and adjoining rooms. Second floor occupied by Family Service Association (five days, 9 to 5). (This agency washed walls of its quarters a few years ago at own expense). Overseers of Public Welfare (five days, 11 to 12); South Boston Citizens Association (twice a month); Alcoholics Anonymous (Monday evening).

First Floor. Health Department clinics and personnel.

Basement. Showers and storage, as in other clinics, and Welfare Department.

Operation of Building.

Two custodians operate building; building heated by oil. Cleaning operation may be rated as fair to good. Windows in need of washing.

Condition of Interior.

Large areas of stair-well wall give evidence of masonry leak. Walls and woodwork need painting.

DORCHESTER (HARVARD STREET).

Located at 895 Blue Hill Avenue. Built in 1950. Two-story brick structure with basement largely above ground level.

Exterior.

Yard. Small in area, enclosed by low iron fence Not intended for recreational facilities. Has a small baby-carriage shelter in the rear. Yard is grassed, not paved. Condition of yard satisfactory. Lawn, mostly weeds, is poor.

Building. Stain on parapet wall around building, apparently due to faulty original flashing, later corrected. Trim approaching point when it should be painted.

Interior.

Occupancy. Jewish Family Service (five days, 9 to 5); Visiting Nurse Association (five days, 9 to 5); Briggs Clinic, in basement (five days, 8.30 to 5).

On first floor are regular Health Department clinics and personnel.

Condition. In rear corners of building, wall is discolored due to leaking of interior roof drains which are located within the walls. Drain condition has been corrected, but condition of wall remains. "Water-color" paint job applied to walls has faded out in appearance, except for front walls. Wall cracks in stair wells attributed by custodian to the blasting incidental to the construction of the Franklin Hill Avenue Project located directly in back of this unit.

Needed lavatory facilities for well-baby clinic could be provided by moving a lavatory which is now unused and located in Sanitary Inspector's Room.

Operation of Building.

Two custodians operate the building, which is heated by oil. Cleaning operations are good, partly attributable to the fact that it is a relatively new building. Signs of regular window cleaning are evident.

HYDE PARK.

Located on Central Avenue. An older building of two stories and an attic, and no basement. Separate structure adjoining building contains heating equipment, which uses oil. Renovated in 1949 by George Robert White Fund for health unit purposes. Located at street intersection, building is flanked by yard on two sides—which is largely a grassed area—but yard is not used for recreational purposes. However, a baby-carriage shelter is located here.

Exterior.

Yard. Is in clean condition.

Building. Trim is approaching point when it needs painting.

Interior.

Occupancy. Attic is used for storage of civilian defense equipment; this area is clean and storage neatly done.

Second floor occupied by: Family Society (five days a week, serves clients by appointment only); Welfare Department (two days a week, one hour a day); Visiting Nurse Association for West Roxbury, Roslindale, Hyde Park areas (daily, 8.15 to 5). Hall is used in part by Alcoholics Anonymous (Tuesday evenings).

First floor contains usual clinics and Health Department personnel.

Condition. There are some wall cracks in both stair wells which, although not serious now, will require later attention.

A chipped wall condition above the radiation in the rear of the first floor clinic is known to the department. Seasonal window washing has not been started.

Operation of Building. Two custodians operate the building. Cleaning operation is good.

Besides the highlights of the conditions which obtain at each health unit, it is important to note the underlying policies or lack of policy which have a bearing on this question of the physical condition of health units.

In the first place, there is a lack of clearly defined authority in the matter of responsibility for a particular unit. A senior custodian is theoretically responsible for the maintenance and operation of all ten units. He states that he is familiar with the numerous maintenance defects described in this report and has repeatedly sought

to correct them through the regular channels, but without success. Department procedure calls for securing the Commissioner's approval for all repair orders in excess of \$150. Below him in rank is his assistant who takes his instructions from him and two or three junior custodians in each unit. However, these junior custodians are on an equal footing; no one of them is immediately in charge of the building. The position of the unit medical director with respect to the condition of the premises is not clear. His primary responsibility is for the public health program conducted in the health unit. However, it is reasonable to expect that he would be concerned with the physical condition of the premises.

Secondly, a relatively small amount, on the average, has been appropriated annually for the repair and maintenance of these buildings and properties, a major factor in accounting for the present condition of the buildings.

Expenditures for the repair and maintenance of health unit structures taken from the Health Department's statistical information for the years 1945 through 1952—the figures for 1953 are not yet available—are as follows:

1945.....	\$8,187 28
1946.....	9,898 98
1947.....	15,585 06
1948.....	13,462 09
1949.....	10,260 34
1950.....	10,381 95
1951.....	7,656 95
1952.....	11,339 32

Other extraordinary expenditures for the health units were: 1951, \$14,827.43, and 1952, \$15,357.57, for heating supplies and materials. This means that the average annual amount per unit spent on maintaining these structures has been less than \$1,500. Much small maintenance work is performed by the Assistant Building Maintenance Supervisor.

As to the operation of the buildings, as distinguished from maintenance, the possibility of securing more effective cleaning operations by rescheduling custodial work hours, in view of the use schedule followed by occupying agencies, both Health Department and private agencies, should be explored.

Most of the units (all White Fund Buildings, except the South End) were built during the period 1923 to 1932. The Hyde Park Unit, a renovated building, was opened in 1949, and the Dorchester Unit, a new building, in 1950.

Besides the fact that these buildings for the most part were built 20 to 30 years ago, the intensity of use is an added reason for better maintenance and care. The buildings are used continually, and in large areas of the buildings a succession of uses, such as in the case of clinics, takes place.

Another factor in this situation is the relatively high average age of the junior building custodians, and the frequency of absence consequent on this condition. When absences occur, the policy followed is to transfer a man from a unit where three custodians are employed. Four of the ten units employ three men. At one time the assignment of three custodians to a unit was the general practice.

CONCLUSIONS.

Obviously, an early effort should be made to restore the health units to a structurally sound condition; and a program of use coupled with an orderly system of control and care should be developed. Otherwise many of the activities of the Health Department in prevention of disease and in education of good health practices can well be severely handicapped. The good order and cleanliness of the units should be examples to the thousands who make use of them of bow homes should be kept to prevent the spread of disease.

Leaking roofs and sidewalls, broken doors and windows, stained and damaged walls and ceilings, and general lack of control of the premises are not a good inspiration.

The Finance Commission recognizes that it will cost a considerable sum of money to do all that is necessary to place these buildings in proper condition. In respect to them the city very definitely has ignored the old adage that "a stitch in time saves nine." Since appropriation for this purpose must be approved by the City Council, the Finance Commission believes the Mayor and Council should give early attention to the determination of the work that is needed, and its cost; and thus equipped develop a program of appropriation and expenditure.

The propriety of locating nursery schools on the third and fourth floor in some of these buildings is open to question, particularly in view of the deteriorating condition of the buildings. In schools generally, kindergartens, which take children usually older than the children in these nursery schools, are located on the first floor; and the trend is to provide direct access to the outside for these classes. It is questionable judgment to require that in an emergency particularly these nursery school pupils must make their way to the outside from a third or fourth floor.

Respectfully submitted,

LEO J. DUNN,
EDWARD U. LEE,
ROGER J. ABIZAIN, M.D.,
H. W. DWIGHT RUDN,

VEHICULAR TRAFFIC THROUGH SUMNER TUNNEL IN 1953 BREAKS ALL RECORDS—TOTAL OF 10,835,670 VEHICLES USED TUBES—1,251,698 MORE THAN PREVIOUSLY.

Vehicular traffic through the Sumner Tunnel for the year 1953 was 13 per cent higher than in the year 1952. This was revealed in figures made public from the office of Public Works Commissioner George G. Hyland this week.

According to the Commissioner a total of 10,835,670 vehicles used the tunnel in 1953, to break the previous record of 9,583,972 vehicles established in 1952. The increase in 1953 over 1952 totals 1,251,698 vehicles.

Proposals for Repairs to Electric Wiring, Northern Avenue Bridge, Over Fort Point Channel.

The Commissioner of Public Works of the City of Boston, Room 508 (Contract Office), City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for repairs to electric wiring, Northern Avenue Bridge, over Fort Point Channel. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508 (Contract Office), City Hall Annex. Each proposal should be enclosed in an envelope, sealed, marked "Proposal for Repairs to Electric Wiring, Northern Avenue Bridge, over Fort Point Channel," and left at Room 508 (Contract Office), fifth floor, City Hall Annex, before 2 P.M. of THURSDAY, JUNE 3, 1954, with a certified check for SEVENTY-FIVE (75) DOLLARS, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then be publicly opened and read in the Hearing Room, 401 City Hall Annex.

Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. All proposals must be from bidders of record on file at Room 508, City Hall Annex. There will be a charge of two dollars (\$2) for each set of plans and specifications taken out. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner of Public Works. Before commencing performance of this contract, the Contractor shall provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract and shall continue such insurance in full force and effect during the term of this contract. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

MAYOR HYNES PAYS TRIBUTE TO SOLDIER AND SAILOR DEAD IN MOUNT HOPE CEMETERY AT DEDICATION OF MONUMENT ERECTED UNDER TERMS OF WILL OF LATE GEORGE R. WHITE—"TO BE PERMANENT MARK OF DEBT OF RESPECT OWED TO THEM," HE TELLS GATHERING OF FRIENDS AND RELATIVES.

At the dedication of the memorial to the soldier and sailor dead in Mount Hope Cemetery, on Sunday, May 23, Mayor John B. Hynes delivered the following address:

This memorial has been erected, under the terms of the will of George R. White, in honor of our noble dead who rest here in dreamless, never-to-be-broken sleep.

It is fitting that those who gave their lives in the age-old struggle of right against wrong should be remembered as they sleep on through eternity. It is fitting that this monument should be a permanent mark of the debt of respect that we owe them.

MAYOR HYNES PLEASSED THAT GOVERNOR HERTER HAS PRESENTED TO LEGISLATURE BILL FOR STUDY OF WAYS AND MEANS TO PERMIT CONSTRUCTION AT SITE OF BOSTON & ALBANY YARDS ON HUNTINGTON AVENUE THAT WILL MEAN INCREASED TAX REVENUE AND BE OF BENEFIT TO CITY.

On May 25 the Mayor issued the following statement:

The eventual disposition of the Boston & Albany yards at Huntington avenue, Exeter, and Boylston streets is a matter of deep concern to the City of Boston.

I am pleased that His Excellency, Governor Christian A. Herter, has presented to the Legislature a bill for a study of ways and means to permit construction at this site which will not only mean increased tax revenue to the city, but will also mean a face lifting of part

HON. JOHN B. HYNES,
Mayor of Boston.

SIR:

In accordance with the provisions of section 3 of chapter 3A of the revised City Ordinances, I have prepared in segregated form a supplementary budget to meet requirements of city and county departments which, in the main, have developed since the adoption of the annual budget. This budget totals \$180,975, divided as follows:

City Maintenance.....	\$147,100
County Maintenance.....	33,875

The following table shows in summary form the departments involved together with their total allotments and the essential requirements for which provisions have been made.

Department.	Supplementary Allowance.
Assessing.....	\$48,500
For modernization of facilities and methods.	
Auditing.....	\$5,500
Additional tabulating equipment to permit expansion in check payments of employees.	

Boston Traffic Commission..... \$11,600
To conduct a so-called cordon count of all vehicles and persons entering and leaving downtown Boston, together with the publication of an up-to-date issue of the rules and regulations pertaining to traffic.

City Council..... \$2,000
For advertising and stenographic expense incurred in connection with public hearings ordered by the Council.

City Council Proceedings..... \$2,500
Additional appropriation deemed necessary in view of expenditures to date.

City Documents..... \$5,000
On the basis of actual expenditures to date, the original appropriation will be insufficient to cover the full year need.

Health, Health Division..... \$22,000
To immediately initiate a program of rehabilitation in the ten health units operated throughout the city.

Real Property, Building Division \$50,000
To permit necessary repairs at six municipal buildings under the control

of this department; to make essential and necessary repairs in the west elevator at City Hall; and to provide for the additional expense imposed on the division in connection with the relocation of several departments due to reorganization.

Superior Court, Criminal Session \$22,500
Unforeseen expenses which have arisen in connection with the Reynolds, Maitland, and other cases.

Municipal Court, Roxbury District..... \$5,375
To provide for a central switchboard to give proper and prompt dispatch to the large number of calls and to make allowance for transportation of prisoners.

Registry of Deeds..... \$6,000
To permit the replacement of one photostat machine that because of age and heavy usage has become obsolete.

There is attached herewith an appropriation order for submission to the City Council.

Respectfully,

CHARLES J. FOX,
Director of Administrative Services.

MAYOR PLEASED AT EFFORT OF GOVERNOR HERTER TO AID DEVELOPMENT OF BOSTON & ALBANY YARDS.

(Continued from page 641.)

of the city, which is bound to be beneficial to the entire city. I am grateful to the Governor for his interest in Boston's problems and his interest in the far-reaching effects which may come about through the proposed development of the 28 acres now used as a railroad yard.

If, as a result of the study which will be made, the 1955 Legislature adopts appropriate legislation, it is expected that the city will be called upon to agree to construct, within the area, the municipal auditorium authorized by statute in the current year. Street construction by the city will also be an incident of the project, as is commonly required in all urban redevelopment programs.

In order that the development of the Back Bay yards may follow the planning of the Back Bay Development Corporation, certain concessions by the city must be made. In no other way may we expect that this large site will be developed in accordance with sound city planning.

Off-street parking accommodations will be constructed to care for thousands of automobiles, at the expense of the corporation. This will substantially improve traffic conditions in that particular area and, indeed, in the whole of downtown Boston.

In my opinion, great economic advantages to the citizens and businesses of the City of Boston will flow from the construction and maintenance of a multimillion-dollar project of this character. The proposed tax concessions may be an objectionable feature of the bill. Nevertheless, I am convinced that such concessions are necessary if this large site, almost in the heart of the

city, is to be developed in such a way that all of the city will benefit. I believe an analysis of the proposal, as contained in the bill, will substantiate the theory that a well-developed center in the Back Bay area, in which there is more than sufficient parking, will prove to be a boon to every settled business in the City of Boston.

I therefore give my wholehearted support to the legislation proposed by Governor Herter, and I sincerely urge that the Study Committee give most serious consideration to that proposal so that there may be substituted for what can be a blighted area a great commercial and social center rivaling those of other great cities in our country, and attracting to Boston much needed capital and business. Only by the impetus of the type of legislation proposed can the Boston & Albany yards be developed in such a way as to have a salutary effect on our city and its future.

EXHIBITION TO BOOST BOSTON AS MEDICAL, EDUCATIONAL, AND RESEARCH CENTER TO BE STAGED AT STATE HOUSE.

Boston as a medical, educational, and research center, as well as an industrial and commercial mart, will be portrayed at the Grand Foyer of the State House during the period from June 1 through August 31, according to an announcement of Mayor John B. Hynes.

The exhibition will be presented by fifty of Boston's leading medical, educational, research, industrial, and commercial organizations in cooperation with the Industrial Advisor's office of the City of Boston.

Taking part in the exhibit are such notable organizations as the Massachusetts General Hospital, Boston School Department, Gillette Safety Razor Company, Boston Chamber of Commerce, Boston Wool Dealers Association, General Electric Company, United Shoe Machinery Corporation, Boston Port Commission, John Hancock Mutual Life Insurance Company, Massachusetts Fisheries Association, Doelcam Corporation, Westinghouse Electric Company, Hersey Manufacturing Company, American and Revere Sugar Refining Companies, New England Telephone & Telegraph Company, Boston Edison Company, Boston Gas Company, and others.

"Boston on Parade" is the name of the exhibit. It will be presented as part of the year-round series of trade exhibitions sponsored by the Massachusetts Department of Commerce. A number of other cities, such as New Bedford, Lynn, Somerville, and Lowell, have already had month-long exhibits of products manufactured in their respective municipalities and other community assets.

The exhibition will be formally opened at noon, Tuesday, June 1, with Governor Christian A. Herter and Mayor John B. Hynes in attendance. Present also will be the leaders of the industrial, commercial, medical, research, and educational life of the city.

It is expected that the several hundred thousand tourists who annually visit the State House during the summer months will view the exhibition.

MAYOR PAYS TRIBUTE TO SOLDIER AND SAILOR DEAD.

(Continued from page 641.)

There seems to be little we can do for those who paid the supreme sacrifice that man might enjoy his God-given rights. We cannot restore life that has ended. We cannot turn back the pages of time to once again hear their voices, to feel the warmth and vigor of their personalities, but we can, and we should, pray that their immortal souls will find happy haven in the many mansions prepared for them in heaven.

We can, and we should, remember their deeds and their sacrifices by memorials such as this beautiful memorial we dedicated today.

We can, and we should, resolve that the principles for which they gave life itself shall never die, that we shall never so much succumb to the magnetism of softness and plenty that we dip our colors to the ground in cowardly expediency.

The dead whom we honor here today did not want to die. Their years were short. The full life was still before them.

But, die they did, willingly and courageously.

May the Almighty Judge be merciful to them.

May He guide us and inspire us to stay on His side, the side of right and justice, so that when our turn comes to join the inevitable throng which has gone before, He may say to us, "Come, stay with me for all eternity in the everlasting home I have prepared for you."

MAYOR HYNES NAMES DANIEL G. O'CONNOR MEMBER OF PARK COMMISSION.

The Mayor announced on May 21 the appointment of Daniel G. O'Connor of 52 Welles avenue, Dorchester, as a member of the Park Commission. Mr. O'Connor is currently serving on the Board of Zoning Adjustment but will resign from this position to serve on the Park Board. Mr. O'Connor is a graduate of Boston College High School and Georgetown University, where he starred on the football team. Mr. O'Connor has kept alive his interest in athletics and recreation and will be able to advise the Park Board in matters of this nature.

MAYOR CALLS FOR CONFERENCE OF OFFICIALS ON TEEN-AGE HOODLUMISM AND HOW TO CHECK IT.

The following communication was sent by the Mayor to Police Commissioner Sullivan; Park Commissioner Frank Kelley; Owen Gallagher, chairman of the Boston Housing Authority; Thomas Heffernan, executive secretary of the Mayor's Civic Improvement Committee; Charles Cooper, manager of the Cathedral Housing Project; Joseph V. McKenney, director of Physical Education in the Boston public schools; and William Ohrenberger, associate director of Physical Education in the Boston public schools:

DEAR SIR:

I am greatly disturbed by recent incidents in Boston involving actions of

teen-agers and others on our playgrounds and in our housing projects. I believe the time has come when all the responsible city officials must review what has taken place and make a determination of what can be done, further than what we are now doing, to estop the wayward actions of those who are striking fear into the hearts of our law-abiding residents. Therefore, will you kindly meet with me at my office on Monday, May 24, at three o'clock so that we may fully discuss this matter and take whatever steps we may think necessary.

Respectfully,

JOHN B. HYNES,
Mayor.

POLICE DEPARTMENT ORDERS.

General Order No. 1,894.

A trial board, consisting of Capts. Thomas F. Casey, Leo E. Hoban, and Michael T. Clougherty, having heard by reference a complaint made by Capt. William D. Donovan, commanding Division 14, against Patrolman Francis S. Mason, Division 14, charging him with violation of the rules and regulations of the Police Department, has reported a finding of guilty, recommending punishment duty of 210 hours.

This recommendation is accepted, and it is ordered that the said Patrolman Francis S. Mason perform 210 hours' punishment duty.

The Acting Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

General Order No. 1,895.

Acting under provisions of chapter 65B, Acts of 1945, section 7 (State-Boston Retirement System), as amended, and in conformity with General Laws, chapter 32, section 94 (Heart Bill), the Boston Retirement Board has approved for retirement on account of accidental disability the following-named police officers, effective at the close of business Monday, May 31, 1954.

In view of this operation of law, after May 31, 1954, the said police officers shall no longer be active members of this department, and it is hereby ordered that its records be so amended:

Detective Joseph L. McGovern, Detective Bureau.

Patrolman Thomas E. Barron, Division 2.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

General Order No. 1,896.

The resignation of Patrolman Lewis R. Mendall, Jr., of Division 14, having been presented, it is hereby accepted, to take effect Monday, May 31, 1954, at 7.45 o'clock A.M.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

WITHOUT ADVERTISING.

Upon varying dates as indicated the Mayor approved contracts with contractors, commercial houses, etc., for furnishing labor, supplies, etc. Communications from heads of departments interested were as follows:

ADMINISTRATIVE SERVICES DEPARTMENT.
(Purchasing Division.)

BOSTON, May 14, 1954.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

This office is in receipt of a requisition from your office for one (1) eight-pas-

senger, 1954 Cadillac, with equipment as specified, to be delivered immediately.

Brodigan Motors, Inc., has submitted an informal written quotation and can guarantee prompt delivery of the above vehicle. Owing to this fact, it is requested that authority be granted me to dispense with publicly advertising for prices and award a contract, without public advertising, to Brodigan Motors, Inc.

Approximate total amount of contract will be as follows:

One eight-passenger 1954 Cadillac, \$6,325.65, less allowance on 1951 Cadillac, \$1,385; net total, \$4,940.65.

Respectfully yours,

JOHN V. MORAN,
Purchasing Agent.

BOSTON, May 18, 1954.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

On May 6, 1954, your Honor approved the awarding of a contract to Boston Road and Equipment Company, Inc., for furnishing one (1) fire apparatus tractor to the Fire Department.

The letter inadvertently read the approximate total amount of the contract to be \$9,725.27, less 2 per cent discount, time of payment. Authority is requested at this time to amend the original letter dated May 5, 1954, to read for the amount of the contract, \$9,725.27, net.

Respectfully yours,

JOHN V. MORAN,
Purchasing Agent.

BOSTON, May 18, 1954.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

The Boston City Hospital has submitted a requisition for parts for 14x18 Ames, 3-cylinder, Vertical Unaflo engine No. 48285 (engine No. 1.)

A. S. Cohen, doing business as N. L. C. Engineering and Equipment Company, the sole authorized representative of Ames Unaflo engines and parts for same for New England, has submitted an informal written quotation for the necessary parts. Authority is requested to dispense with publicly advertising for prices and award a contract, without public advertisement, to A. S. Cohen, doing business as N. L. C. Engineering and Equipment Company. Inasmuch as this company is the sole representative, it is my opinion that no advantage would be gained by publicly advertising for bids.

Approximate total amount of contract will be as follows:

Parts, \$1,275.40; transportation, \$5—\$1,280.40, net.

Respectfully yours,

JOHN V. MORAN,
Purchasing Agent.

DEPARTMENT OF SCHOOL BUILDINGS.

BOSTON, May 18, 1954.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

Dr. Dennis C. Haley, superintendent, Boston public schools, has authorized me to install in the Administration Building, Columbia Point Housing Project, eight temporary classrooms, including standard school facilities.

An estimate for the performance of the work necessary, based on drawings and specifications produced by this

department, was received from the John Bowen Company, Inc., 173 Boston street, Boston, Mass., in the amount of \$32,000.

Inasmuch as the bond covering the Housing Project construction, constructed by the John Bowen Company, is in effect and it is not considered feasible to vary the requirements of the bond, and as the estimate in the amount of \$32,000 is acceptable, I ask that you approve the waiving of the provisions of law requiring public advertising and my procedure in negotiating a contract with the John Bowen Company, Inc., in the amount of thirty-two thousand dollars (\$32,000) for the work involved.

Respectfully yours,

JAMES H. MOONEY,
Superintendent of Construction.

MAYOR'S OFFICE.

BOSTON, May 6, 1954.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

Authorization is hereby respectfully requested to award contracts, without public advertisement in the *City Record*, for fireworks displays on July 5, to the following contractors:

Anthony DiNapoli, doing business as Providence Fireworks Company, of Providence, Rhode Island.

Antonio Natale, doing business as Pearl Fireworks Company, of Centredale, Rhode Island.

These displays will be given at the following locations and at the following contract sums:

Columbus Park, South Boston, Franklin Field, Dorchester, and Smith Field, Brighton, at a total cost of \$3,500 to the Providence Fireworks Company.

Boston Common, at a cost of \$2,500, to the Pearl Fireworks Company.

These contractors have demonstrated by their performances in past years that they are able to execute these fireworks displays in a safe manner. Each of them employs trained pyrotechnicians who are under the direction and supervision of the managers of these two companies. Furthermore, these firms are covered by insurance for personal and public liability.

In view of the unique and skilled nature of the services involved, as well as the quality of the materials essential for proper and safe fireworks displays being such as would make it extremely difficult, if not impossible, to obtain the same through the medium of publicly inviting bids therefor, it is my opinion that public advertising for proposals will be of no avail.

Respectfully yours,

JOHN D. BROWN,
Director of Public Celebrations.

BOSTON, May 24, 1954.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

In conjunction with numerous other activities to take place in this city in public celebration of June 17, Bunker Hill Day, I respectfully request your authorization to dispense with public advertising in the *City Record* and to award a contract to Anthony Scalli, doing business as Scalli Food Mart, 106 Bunker Hill street, Charlestown, Mass., in an amount not to exceed \$1,450, providing for the preparation, furnishing, and delivery on June 17 of ham, cheese, and bologna sandwiches, coffee and

carbonated beverages, potato salad, ice cream, cake and cookies, together with appropriate paper plates, spoons, forks, cups, and napkins to various organizations and locations and as designated and apportioned in the following:

AMVETS, \$150; Veterans of Foreign Wars, \$150; Army and Navy Union, \$150; Disabled American Veterans, Chapter 7, \$150; Spanish War Veterans, \$150; Frank J. Tucker, chief marshal, \$150; David Cleary Chapter of D.A.V., \$150; Civic Group, Co-chairman Daniel Foley, \$100; Frank McMahon, Anthony Scalli, Joseph Grace, \$150; Harkins Associates, \$150—total, \$1,450.

This contractor has the ability, experience, and all the facilities at hand required to properly and satisfactorily carry out such an assignment. In addition, since the prices for the above-specified commodities are uniform, it is not felt that any advantage would be gained by the city as a result of a public advertisement for bids for such services.

As was the case during the course of last year's public celebration of June 17, tickets of admission will not be required.

Respectfully yours,

JOHN D. BROWN,
Director of Public Celebrations.

PUBLIC WORKS DEPARTMENT

BOSTON, May 17, 1954

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

It is our intention to include in the bridge construction program a project for rebuilding the Charlestown Bridge, which crosses the Charles River and connects the City Proper with City square, in Charlestown. It carries the M.T.A. elevated structure in addition to a heavy volume of vehicular traffic, and is considered one of the most important bridges in the city.

In order to prepare complete plans and specifications for the project, it is most essential to have a thorough and detailed inspection made of the various steel members of the bridge. Incomplete or vague specifications on a project involving bridge repairs generally result in exorbitant increased costs to the city, due to the necessity of amending the contract or issuing extra work orders to repair or replace steel members, plates, rivets, etc., that were not included for repairs or replacement in the contract. In most cases, such omissions in the contract result from an incomplete inspection of the bridge prior to the preparing of the contract specifications. The necessity of conducting a thorough preliminary inspection and including all repair work in the contract, is obvious.

To conduct the type of examination required before preparing the bridge repair specifications on the proposed Charlestown Bridge project, it will be necessary to provide scaffolding and rigging to enable the inspector to reach the more inaccessible parts of the bridge structure and in order that the various steel members may be cleaned of the dust accumulation of years prior to the inspection work. Frankly, we do not have the men qualified to conduct such an examination, and the average consulting engineer, whose work is normally confined to the office and to limited field inspections, is not physically capable of inspecting steel from stagings or scaffoldings 40 or 50 feet over open water or above a highway.

To conduct an examination of the steel members of the Charlestown Bridge, we

need a man of practical experience who has the necessary technical knowledge and who is experienced in steel inspection and erection, and is not hesitant to work from stagings, etc. James J. Cairnes, manager of the Carney Construction Company, has such qualifications, having been engaged on steel inspection and erection work for many years. He has submitted a proposal in behalf of the above company to furnish the necessary scaffolding and labor and make a complete examination of all structural members, to determine the amount of corrosion and any structural defects in the bridge and to submit a report, with recommendations as to his findings. The inspection work will also include all necessary cleaning of the steel members of the bridge.

It is estimated that the inspection will cost not in excess of \$4,800, based on the following schedule:

Two men, 40 days each, at \$35 per day, \$2,800; one man, 40 days, at \$50 per day, \$2,000; total, \$4,800.

If the inspection work is completed in a shorter period than indicated above, a savings will result to the city. The cost of this inspection is very reasonable, and if the examination proves as satisfactory as I anticipate, it is my intention to extend it to all other structures on which the city intends to effect substantial repairs. Unquestionably, savings will result in the repair contract if a thorough investigation is made prior to the preparing of the specifications, and it is my opinion that the cost of the inspection work will be more than offset by the savings that will result in the repair contract.

The type of contract to be awarded to the Carney Construction Company, Inc., does not lend itself to publicly advertising for proposals, as the cost factor is of secondary consideration as compared with the background, experience, and ability of the inspector and his organization to make a complete and thorough examination of the steel members.

I respectfully request, therefore, your authority to dispense with advertising, and to award a contract to Carney Construction Company, Inc., 249 Washington street, Somerville, in an amount not to exceed \$4,800, for making a complete examination of all structural members of the Charlestown High Bridge, with the understanding that the final contract amount will be based on the services of a principal at \$50 per day and two assistants at \$35 per day, each. The contractor will be required to assume the cost of all insurance, equipment, taxes, and other incidental expenses involved in the inspection work. The work shall be done in accordance with the provisions of specifications prepared by this department and the proposal submitted by the contractor under date of May 3.

Respectfully yours,

GEORGE G. HYLAND,
Commissioner of Public Works.

ADDITIONS TO CONTRACT.

R. Tweed & Son have been ordered to make the following addition to the contract for Samuel Adams School:

Furnish the necessary labor and material to remove, paint, and rehang 26 window screens, for the sum of \$130, and the amount of \$130 will be added therefor, making the account as follows: contract price, \$8,423; total additions, \$130; amount of contract, \$8,553.

EXTRA WORK UNDER CONTRACT.

PUBLIC WORKS DEPARTMENT.

Baker & Co., Inc., has been directed to perform the following extra work under the contract for bituminous concrete pavement in Bowen street, Brewster street, Columbia road, Covington street, Dixfield street, Douglas street, East Fifth street, East Seventh street, Gold street, Hamlin street, Knowlton street, Silver street, Springer street, Story street, Telegraph street, Thomas park, Tudor street, and West Fourth street, dated September 28, 1953:

In Columbia road, remove three granite slab flagstone walks at the intersection of Hamlin street and Columbia road, in order to reset sewer manhole cover to new grade of the roadway, for the lump sum of \$80.

Flagstone slabs to be delivered, by the contractor, to Mt. Vernon Street dump, to be used in the construction of a dyke.

Estimated cost of extra work, \$80.

Martin J. Kelly Company, Inc., has been directed to perform the following extra work under the contract for repairs to Malden Bridge, over Mystic River, dated February 1, 1954:

Due to loss of time because of inclement weather, the contractor shall work such overtime hours on weekdays (other than Saturdays, Sundays, and holidays) as possible or directed; and the city will reimburse the contractor for such overtime work under the terms of the existing contract, as amended.

Estimated cost of extra work, \$450.

Rufo Construction Company, Inc., has been directed to perform the following extra work under the contract for bituminous concrete pavement in Buchanan road and Franklin Hill avenue, dated October 13, 1953:

In Buchanan road, deliver to Walter Street yard approximately 39 linear feet of new VA4 circular edgestone, approximately 27 linear feet of new VA4 straight edgestone, and one 2-foot new VA4 cornerstone, at cost of edgestone (\$3.13 per linear foot for circular edgestone, \$2.16 per linear foot for straight edgestone, and \$11.20 for 2-foot cornerstone). Hauling will be paid for under Item 5-e of the contract.

Estimated cost of extra work, \$191.59.

Carriere Construction Company has been directed to perform the following extra work under the contract for bituminous concrete pavement in Poplar street, Wards 18 and 19, and Summit street, Ward 18, dated July 28, 1953:

In Poplar street, remodel two sewer manholes, one at the intersection of Beech and Poplar streets, and the other at the corner of Glendower and Poplar streets, including all incidental work, for the sum of \$35 each.

Estimated cost of extra work, \$70.

OMIT AND SUBSTITUTE WORK UNDER CONTRACT.

PUBLIC WORKS DEPARTMENT.

Adams Asphalt Company, Inc., has been directed to omit and substitute the following work under the contract for bituminous concrete pavement in Delford street, Fernwood road, Oakmere

street, Pitsmoor road, Quarley road, and Wyvern street, dated May 6, 1954:

In Oakmere street, omit the furnishing and laying of approximately 5,000 square feet of artificial stone sidewalks (Item 23-1 of contract), from Veterans of Foreign Wars Parkway, at Spring street, to about 400 feet easterly.

Substitute the furnishing and laying of approximately 40 tons of bituminous concrete wearing surface and approximately 40 tons of bituminous concrete binder course for sidewalks. Prices to be paid the same as those bid for similar work in the contract.

Estimated cost of omitted work, \$1,900; estimated cost of substituted work, \$960; estimated decrease in cost, \$940.

EXTENSION OF CONTRACTS.

HOSPITAL DEPARTMENT.

Sanatorium Division.

(Contract for Electrical Work at the Sanatorium Division of the Boston City Hospital.)

It is agreed that the words "April 15, 1954," appearing in the contract between the City of Boston and Warren H. Bennett, Inc., dated September 15, 1953, as subsequently amended, be stricken out, and the words "June 15, 1954" be substituted in their place.

PUBLIC WORKS DEPARTMENT.

Approval has been given for an extension of time for the completion of the contract with the Rufo Construction Company, 1 Allen road, Brighton, for repaving the pavement of the Sumner Tunnel, to June 21, 1954. This extension was requested because of heavy traffic conditions and inclement weather.

PROCEEDINGS OF CITY COUNCIL.

Monday, May 17, 1954.

Regular meeting of the City Council held in the Council Chamber, City Hall, at 2 P.M., President WHITE in the chair and all the members present.

The Reverend Joseph P. McNulty of St. Patrick's Catholic Church, Roxbury, was escorted to the rostrum.

INVOCATION BY REV. JOSEPH P. McNULTY.

O God, make us an instrument of Your peace. Where there is hatred, let us sow love; where there is injury, pardon; where there is discord, union; where there is doubt, faith; where there is despair, hope; where there is darkness, light; where there is sadness, joy.

O Divine Master, grant that we may not so much seek to be consoled as to console; to be understood as to understand; to be loved as to love.

For it is in giving that we receive; it is in pardoning that we are pardoned; and it is in dying that we are born to eternal life. Amen.

A prayer was offered for the repose of the soul of the mother of Elvira Johnson, official stenographer of the City Council.

The meeting was opened with the salute to the Flag.

APPOINTMENTS BY THE MAYOR.

Subject to confirmation by the Council, the Mayor submitted the following appointments:

Weighter of Goods for the term ending April 30, 1955: John Zanstuck, 10 Armory street, Charlestown.

Measurer of Grain for the term ending April 30, 1955: Francis J. Dewey, 13 Cordis street, Charlestown.

Severally referred to the Committee on Confirmations.

MESSAGE REQUESTING FURTHER CONSIDERATION FOR LOAN ORDERS.

The following was received:

City of Boston,
Office of the Mayor, May 14, 1954.
To the City Council.
Gentlemen:

I recently submitted to your Honorable Body loan orders in the amount of \$4,000,000 each for the construction of streets and for construction of bridges. I am informed that both of these might be reduced in half by action of your Body.

Herewith I forward a communication from the Commissioner of Public Works in which he expresses a desire that the loan orders be appropriated in the full amount.

This request, in which I concur, is based upon two premises: first, that the loan orders as submitted will provide sufficient monies for the two major purposes stated for a two-year period and will make unnecessary the appropriation next year of \$314,000; second, that passage of the loan orders in full will enable the Public Works Department to make definite plans embracing a two-year period without the necessity of awaiting further action next year which would interfere with the continuity of planning and construction.

I therefore most respectfully request that your Honorable Body give further consideration to this matter and that the loan orders as originally submitted be given approval.

Respectfully,
J. B. HYNES, Mayor.

City of Boston,
Public Works Department,
May 14, 1954.

Hon. John B. Hynes,
Mayor of Boston.

Dear Mr. Mayor:

I respectfully submit herewith reasons why I feel that the loan orders, as submitted to the City Council in the amount of \$4,000,000 each for the construction of streets and for the construction of bridges, should be adopted by the Council as submitted.

I presume that it is agreed by everyone that loan orders are adopted to provide for the spreading of the cost of capital improvements proposed over a period of years. This is a sensible policy, as there is no reason why taxpayers, in one particular year, should be required to pay for the cost of improvements that will be beneficial to future taxpayers for the next twenty or thirty years. Therefore, I think that it can be recognized that the so-called down payment, which represents the pay-as-you-go portion of the cost of the improvement, should be kept at a minimum consistent with the provisions of statutory law.

Under the provisions of chapter 44 of the General Laws, the City of Boston is required to appropriate from revenue an amount equal to 10 cents on each \$1,000 of the assessed valuation of the city as a prerequisite to the issuance of a loan order. Therefore, there is no good reason why we should require the current real estate taxpayers to pay in

excess of this amount. However, the effect of not passing the two current loan orders by the Council, in the amounts as requested, will make it necessary to provide two additional loan orders for the same purposes next year. Under the circumstances, therefore, we will require the real estate owners to assume an additional burden of \$314,000 in 1955, which could have been obviated if favorable action had been taken on the two orders now before the Council.

On major public improvements of a recurring nature, such as those affecting street and bridge construction work, it seems like a good business practice to provide a loan order in an amount high enough to pay for said improvements during the two-year period that each Council will remain in office. By so doing, as stated, the budgetary requirements for the second year of the term of the Council are reduced approximately \$314,000. The latter-referenced does not result in an actual saving to the taxpayer, as this amount is transferred, so to speak, from the pay-as-you-go account to the nonrevenue or loan account. In other words, we spread the second year's \$314,000 over the term of the bonds, which in the case of street construction is ten years, and in the case of bridge construction is twenty years.

In addition to the above reasons, which are fiscal in nature, we will have the decided advantage—if the loans are adopted as submitted—of advertising a large volume of the 1955 highway construction program in the winter months, so that actual construction can start as early as weather permits in the spring. Under existing conditions, we must wait every year until June to get the loan money, with the result that we lose two or three months of good construction weather and, in general, the bids submitted by contractors in May or June are higher than those submitted for similar work in January or February.

Respectfully yours,

GEORGE G. HYLAND,
Commissioner of Public Works.

TRANSFER OF LAND IN BRIGHTON TO COMMISSIONER OF REAL PROPERTY.

The following was received:

City of Boston,
Office of the Mayor, May 17, 1954.
To the City Council.
Gentlemen:

I transmit herewith communication received from George G. Hyland, Commissioner of Public Works, recommending the transfer to the Commissioner of Real Property, to be later sold at public auction, of approximately fifty thousand (50,000) square feet of land at Western avenue, Everett street, and Soldiers Field road in the Brighton district of the City of Boston which is no longer required for public purposes. The passage of the accompanying order by your Honorable Body will permit the sale of this land at public auction by the Commissioner of Real Property.

Respectfully,
J. B. HYNES, Mayor.

City of Boston,
Public Works Department,
May 17, 1954.

Hon. John B. Hynes,
Mayor of Boston.

Dear Mr. Mayor:

At the present time the Public Works Department has under its control an area of land located on Western avenue, Brighton, containing approximately 92,347 square feet.

This parcel is used as a district yard by all divisions of the department operating in the Brighton section. However, we do not need the entire area, and I respectfully recommend that approximately 50,000 feet of said parcel facing Soldiers Field road be transferred to the jurisdiction of the Commissioner of Real Property, for sale at public auction.

The area that I am suggesting for transfer should prove very attractive for development by private interests, with the result that said parcel will be placed on tax rolls, and substantial revenue accrue yearly to the city. As stated, it very definitely is not needed by this department.

I respectfully recommend, therefore, that the enclosed order authorizing the transfer of said property be submitted to the City Council for the approval of that Honorable Body.

I also enclose plan prepared by Chief Engineer Haley of the Survey Division of this department, showing the entire area of land and subdivisions titled "Parcel A" and "Parcel B." Parcel A is the area of land that I am recommending for transfer to the Commissioner of Real Property.

Respectfully yours,
GEORGE G. HYLAND,
Commissioner of Public Works.

Whereas, The City of Boston is the owner in fee of approximately fifty thousand (50,000) square feet of land on the southerly side of Soldiers Field road in the Brighton district of the City of Boston held for Public Works Department purposes; and Whereas, The Commissioner of Public Works of the City of Boston has determined that the land is no longer required for public purposes; now, therefore, it is hereby

Ordered, That the following-described parcel of land be, and the same hereby is, transferred from the care, custody, control, and management of the Public Works Department to the care, custody, control, and management of the Commissioner of Real Property.

Said parcel of land is bounded and described as follows: Northerly by Soldiers Field road, two hundred eight and 35-100 (208.35) feet; easterly by Everett street, two hundred eighty-three and 2-100 (283.02) feet; southerly by remaining land of the City of Boston, two hundred and 41-100 (200.41) feet; westerly by land of The Skating Club of Boston, two hundred thirty-two and 3-100 (232.03) feet; containing approximately fifty thousand (50,000) square feet of land.

The above parcel of land, together with the location and dimensions thereof, are shown as Parcel A on a plan marked "City of Boston, Western Avenue, Everett Street, Soldiers Field Road, Brighton, May 13, 1954, James W. Haley, Chief Engineer, Survey Division, Public Works Department."

Referred to the Committee on Public Lands.

APPROPRIATION FROM PARKMAN FUND INCOME.

The following was received:

City of Boston,
Office of the Mayor, May 17, 1954.
To the City Council.
Gentlemen:

I am in receipt of the attached communication from the Commissioner of Parks and Recreation, requesting the appropriation of \$72,000 from the income of the George F. Parkman Fund, to be expended under the direction of the Commissioner of Parks and Recreation, for the Maintenance and Improvement of the Common and Parks in Existence on January 12, 1887.

The 1953 budget estimates for the personal service requirements of the Park Department included an estimate of the total yearly income from the George F. Parkman Fund. The budget allowances made provision for the appropriation of this income as it accrued for the purpose of defraying the cost of work actually performed on the Common and Parks in Existence on January 12, 1887.

I submit herewith an order appropriating the sum of \$72,000, the accrued income now available from the Parkman Fund, and respectfully recommend its immediate passage by your Honorable Body.

Respectfully,
J. B. HYNES, Mayor.

City of Boston,
Park Department, May 11, 1954.
Hon. John B. Hynes,
Mayor of Boston.

Dear Sir:

I respectfully request that you ask the City Council to transfer from the income of the George F. Parkman Fund the sum of \$72,000, which is now available, to be expended under the direction of the Commissioner of Parks and Recreation as follows:

Common and Parks in Existence on
January 12, 1887, Maintenance and
Improvement of.....\$72,000

When making up the budget estimates for the year 1954, a sum equal to the total yearly income of the George F. Parkman Fund was deducted from Item 100, Permanent Employees, with the understanding that this deduction was to be replaced by the total yearly income of said Parkman Fund for 1954, to be transferred as it accrued from time to time during the year to the regular maintenance appropriation of the Park Department.

Respectfully yours,
FRANK R. KELLEY, Commissioner.

Ordered, That the sum of seventy-two thousand dollars (\$72,000) be, and hereby is, appropriated from the income of the George F. Parkman Fund, to be expended under the direction of the Commissioner of Parks and Recreation for the Maintenance and Improvement of the Common and Parks in Existence on January 12, 1887, as follows:

Common and Parks in Existence on
January 12, 1887, Maintenance and
Improvement of.....\$72,000

Referred to the Committee on Appropriations and Finance.

REPORT OF FINANCE COMMISSION RE UNUSED REAL ESTATE HELD BY SCHOOL COMMITTEE.

The following was received:

City of Boston,
Finance Commission, May 14, 1934.

To the Honorable the Mayor and City Council.

A member of the City Council privately has made a request of the Chairman of the Finance Commission that he or another representative of the Commission appear at a hearing to be held by the City Council on the communication of your commission relative to unused real estate held by the School Committee.

The Finance Commission desires to point out to you that the communication referred to contained the information that the School Committee holds many properties, some of which contain buildings of more or less value, for which there appears to be no use intended or no final action in respect thereto has been determined. The Commission listed these parcels. Furthermore, the Commission gave you an excerpt from the records of the School Buildings Department which showed that vandalism and natural deterioration in many of these buildings is gradually reducing their value. The communication gave you also the School Buildings Department a estimate of the cost of protection from further damage to these buildings. In fact, the Commission gave you all the pertinent facts in the situation and recommended that, inasmuch as no progress toward remedying it appeared to be in the making, while the school budget is pending, "You require the School Committee to make suitable arrangements to protect the school properties and to dispose of those for which no further use is contemplated."

The Commission gave you all the facts in its possession in regard to this matter. Now it gives you the further information that to this time the School Buildings Department has had no instruction from the School Committee in regard to the matters referred to in the Finance Commission's Communication of April 9, 1934. The Finance Commission believes it is not in the best interest of the city to allow this situation to continue indefinitely, and inasmuch as you now have an opportunity, through your necessary acquiescence to the school budget, to force some action by the School Committee, the Commission repeats its recommendation of April 9.

Respectfully submitted,

EDWARD F. MULLEN, Chairman.

LEO J. DUNN,

EDWARD U. LEE,

ROGER J. AMZAD, M.D.,

H. W. DWIGHT RICH,

The Finance Commission.

ROBERT E. CUNIFF,

Secretary.

Coun. HAILER offered the following:
Ordered, Under the provisions of section 17F of the City Charter, the Commissioner of Public Works is directed to reply within fourteen days to the following questions:

1. What was the total amount of money spent in 1953 for the purposes of patch paving roadways and sidewalks?

a. To private contractors?

b. By the City Public Works Department?

2. Are the patch-paving contracts awarded to private contractors on competitive bid?

3. What are the types of so-called patch-paving contracts?

4. What is the breakdown of the districts in so far as the private contractors are concerned? What was the amount paid to contractors in these districts in 1953 and 1954?

5. What is the amount to be spent by the city in 1954 for patch paving sidewalks and roadways?

a. To private contractors?

b. By the City Public Works Department?

6. Do the utilities pay the city for so-called patching?

Passed under suspension of the rules.

LEASING AND REPAIR OF ARMY BASE.

Coun. McCORMACK offered the following:

Resolved, That the members of the Boston City Council, in meeting assembled, desire to memorialize the Congress of the United States to favor the passage of H. R. 9099; and be it further

Resolved, That the members of the Great and General Court of the Commonwealth of Massachusetts be requested to favor the enactment of pending legislation which calls for the cooperation of the Commonwealth of Massachusetts with the Federal Government in the matter of leasing the Boston Army Base facilities to the Commonwealth of Massachusetts and the repairing of these facilities; and be it further

Resolved, That a copy of this resolution be forwarded to all members of the Massachusetts Delegation in the Congress of the United States, the Governor of the Commonwealth, and the officers of the Senate and House of Representatives of the Commonwealth of Massachusetts.

The resolution was adopted under suspension of the rules.

PLEDGE OF ALLEGIANCE.

Coun. McCORMACK offered the following:

Whereas, The United States of America was founded on a fundamental belief in God; and

Whereas, Belief in God is one of the fundamental differences between the free world and the Communist world; and

Whereas, America must be defended by the spiritual values which exist in the hearts and souls of the American people; be it

Resolved, That the Boston City Council, herein assembled, voice their approval of Senate Joint Resolution No. 126, which will modify the Pledge of Allegiance to include the words "under God," to remind us of the truth upon which our nation is founded.

The resolution was adopted under suspension of the rules.

Adjourned at 3.16 P.M., on motion of Councillor Foley, to meet on Monday, May 24, 1954, at 2 P.M.

Note: All debate of City Council eliminated from proceedings in accordance with Chapter 447, Acts of 1947.

DEPARTMENT OF SCHOOL BUILDINGS.

TO ASPHALT PAVING CONTRACTORS.

INVITATION FOR PROPOSALS FOR REGRADING AND LAYING ASPHALT SURFACE AT THE SITE OF THE JOHN CHEVERUS SCHOOL, MOORE STREET, EAST BOSTON, MASS.

The Superintendent of Construction of the Department of School Buildings, Boston, Mass., hereinafter referred to as the Awarding Authority, invites sealed proposals for regrading and laying asphalt surface at the site of the John Cheverus School, Moore street, East Boston, Mass.

Proposals will be received until 12 o'clock noon, Monday, June 7, 1954, at the office of the Awarding Authority, fourth floor, 26 Norman street, Boston, Mass., at which time and place they will be publicly opened and read aloud.

Proposals shall be submitted in duplicate on forms obtained from the Awarding Authority. Each copy of the proposal shall be properly filled out, signed and inclosed in a sealed envelope, plainly marked with the name of the bidder and the description of the work bid upon. One copy shall be filed at the office of the Awarding Authority, designated above, and the other copy shall be filed at the office of the City Auditor, City Hall, Boston, Mass. Both copies shall be filed before the time stated above for the opening of proposals.

A bid deposit in the form of cash or a certified check on, or a certificate of deposit issued by, a responsible bank or trust company, payable to the City of Boston, in the sum of \$150 shall be submitted with the copy of the proposal filed with the Awarding Authority. The bid deposit shall be in a separate envelope, properly marked. Bid bonds will not be accepted.

No bidder may withdraw his bid within thirty days after the actual date of the opening thereof.

The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed shall not be less than the rate of wages determined for this work by the Commissioner of Labor and Industries of the Commonwealth of Massachusetts under the provisions of General Laws (Ter. Ed.), chapter 149, section 26, a schedule of which appears in the specifications.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract, and sufficient proof of compliance with the foregoing stipulation will be required prior to the award of a contract.

A performance bond, issued by a surety company satisfactory to the Awarding Authority, in the full amount of the contract will be required of the successful general contractor.

The Awarding Authority reserves the right to waive any informalities and to reject any and all bids if it be in the public interest so to do.

INVITATION FOR BIDS.

BOSTON HOUSING AUTHORITY.

PROPOSALS FOR FURNISHING AND DELIVERING HEAVY FUEL OIL.

The Boston Housing Authority will receive sealed proposals for furnishing and delivering heavy fuel oil in connection with the operation of multiple dwelling projects, operated by it as agents of the City of Boston under chapter 372 of the Acts of 1946, as amended, located at P street and Columbia road, South Boston; Farragut road, South Boston; Victory road and Adams street, Dorchester; Sumner and Willis streets, Dorchester, and Arborway, Forest Hills, until 11.30 A.M., Eastern Daylight Saving Time, Friday, June 4, 1954, at the office of the Authority, Room 303, 230 Congress street, Boston, Mass., at which time and place all bids will be publicly opened and read aloud.

Bids shall be submitted in quadruplicate in a sealed envelope endorsed with the name and address of the bidder and plainly marked "Proposal for Furnishing and Delivering Fuel Oil."

One (1) sealed proposal without bid security shall be filed in the office of the City Auditor prior to the time for filing of bids at the office of the Boston Housing Authority.

The successful bidder or bidders will be required to furnish a satisfactory performance bond in the form set forth in the proposal form. Only responsible bidders will be considered in making the award.

The Boston Housing Authority reserves the right to reject any or all proposals and to waive any informalities either in the bidding or in the proposals, and reserves the right to award the contract or contracts as it deems for its best interests.

No bid shall be withdrawn for a period of thirty (30) days subsequent to the opening of bids without the consent of the Boston Housing Authority.

Bidders may bid upon any one or more of the proposals.

Proposals must be accompanied by bid security in the amount set forth in the proposal form, in the form of a certified check or bank draft, payable to the Boston Housing Authority, or satisfactory bid bond executed by the bidder and a surety company authorized to transact business in the Commonwealth of Massachusetts.

BOSTON HOUSING AUTHORITY,

by OWEN A. GALLAGHER,

(May 29.) Chairman.

Proposals for Bituminous Concrete Pavement in Austin Street, Ward 18, from West Street Northerly, 900 Feet North of Marston Street; Beech Street, Ward 18, from Washington Street to Kittredge Street, and Beram Avenue, Ward 18 (Formerly Farrington Avenue), from Beechland Street Approximately 224 Feet Southwesterly.

The Commissioner of Public Works of the City of Boston, Room 508 (Contract Office), City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for bituminous concrete pavement in Austin street, Ward 18, etc. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508 (Contract Office), City Hall Annex. Each proposal should be enclosed in an envelope, sealed, marked "Proposal for Bituminous Concrete Pavement in Austin Street, Ward 18, etc." and left at Room 508 (Contract Office), fifth floor, City Hall Annex, before 2 P.M. of THURSDAY, JUNE 10, 1954, with a certified check for THIRTY-SEVEN HUNDRED (3,700) DOLLARS, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then be publicly opened and read in the Hearing Room, 401 City Hall Annex.

Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. All proposals must be from bidders of record on file at Room 508, City Hall Annex. There will be a charge of two dollars (\$2) for each set of plans and specifications taken out. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner of Public Works. Before commencing performance of this contract, the Contractor shall provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract and shall continue such insurance in full force and effect during the term of this contract. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

WAR LAST THING AMERICAN PEOPLE WANT, BUT FIGHT FOR RIGHT IS A NEVER-ENDING ONE, MAYOR JOHN B. HYNES TELLS AUDIENCE IN MEMORIAL DAY ADDRESS AT ST. JOSEPH'S CEMETERY UNDER AUSPICES OF AMERICAN LEGION, WEST ROXBURY POST—ANTI-GODS ROAM WORLD SEEKING TO DESTROY AND ENSLAVE, BUT WE WHO LIVE MUST KEEP FAITH WITH DEAD WHO FOUGHT FOR RIGHT—STRUGGLE FOR RIGHT IS NEVER-ENDING, AND WRONG FEEDS UPON WRONG—ONLY BY FORCE CAN WE PRESERVE WORLD FOR GOD WHO MADE IT—PEACE IS OUR HOPE—LET PEACE BE OUR PRAYER, MAYOR URGES.

REPORT OF HELEN F. CUMMINGS, DIRECTOR OF SPECIAL CLASSES, ON ATTENDANCE AT MEETING OF AMERICAN PERSONNEL AND GUIDANCE ASSOCIATION IN BUFFALO, APRIL 12-15, INCLUSIVE.

The following is the report of Helen F. Cummings of attendance at Convention of American Personnel and Guidance Association held at Buffalo, New York, April 11-15, 1954:

I am indeed grateful to Superintendent Haley and the members of the Boston School Committee for the opportunity given me to attend and participate in the Convention of the American

MAYOR URGES CITIZENS, IN DECLARATION, TO OPEN ARMS TO ALL VISITORS, TO GREET THEM WITH SMILES AND THE OFFERED HAND OF FRIENDSHIP.

June is the month of roses, the month of brides and bridegrooms, the month of commencements, but it is also the month when Boston has some of its biggest and finest conventions.

During June of this year we expect over 1,000,000 visitors to come to Boston to attend conventions, to attend the Boston Art Festival in the Public Garden, and to attend the exercises at various colleges and schools.

It is to the advantage of our community that Boston be known as the outstanding convention city of our country, and our entire area as the vacation center of our country.

Let us greet all of our visitors with a smile and offer to them a hand of friendship. Our visitors will like us and come back again if we show that we like them.

JOHN B. HYNES,
Mayor of Boston.

In his Memorial Day talk at St. Joseph's Cemetery, Sunday, May 30, under the auspices of the West Roxbury Post of the American Legion, Mayor John B. Hynes spoke as follows:

Today, in every village and hamlet, in every town and city in our country, old memories are awakened, and tribute is paid to our soldier and our sailor dead. It is fitting that this be so. It is fitting that we, the living, remember and pray for those who have gone, for to pray for the dead is a holy and wholesome thing. It is particularly fitting that our comrades-in-arms be eulogized on this day of fond and cherished memories.

Life for each of us is but a short journey between two eternities. For some, that journey is a rather placid one, with a minimum of pain and sorrow. For others, that journey is fraught with care, with trial, tribulation, and with suffering. For still others, that journey is punctuated, if not ended, by mortal combat with other human beings, in that man-made holocaust we call war.

We can understand why uncivilized man in ancient times, in pagan times, in medieval times, sought to enslave or destroy his brother-man. We can understand why the barbarians of old overran and conquered countries and continents, torturing and killing as they went, for those uncivilized warriors, those barbarians of other days, gave little thought—if they thought at all—to man's place on earth, and man's destiny when he leaves this earth.

That each man is a creature of the One, Eternal, and Almighty God; that each man is born to love and to serve his Creator; that each man, if he chooses, can enjoy an everlasting life of bliss beyond the grave was a mystical doctrine beyond the knowledge and beyond the comprehension of the uninformed, unlearned, uneducated man of long ago.

Compassion and Pity Needed.

For those who lived in the darkness of idolatry, for those who lived in the days before the printing press gave wide dissemination to the eternal truths of life and death, we have understanding, compassion, and pity. They knew not what they did. It is not wrong for us to believe that an all-merciful God will be merciful unto them.

But what of the rulers of so-called civilized times who unleashed the devouring, destructive dogs of war in mad, futile efforts to conquer the world, in bold, sacrilegious efforts to push God from his throne? What of the dictators of our own day who, despite the march of civilization, are as ruthless, soulless, and godless as the pagan dictators of other centuries? Certainly, only an all-merciful God can show them mercy for the havoc they brought to the world.

And what of us, the informed men of today, who know of God's immutable laws, who know the principles of the Sermon on the Mount? What is our duty? What stand shall we take to stem the rising tide of the god-

less armies of today? We know that, in essence, war is wrong, but we also know that some wars are fought for the right, and we know, too, that man will go backward, backward to the very darkness of despair, if he does not rise up and defend those things which are right and honorable and just.

Hour of Grave Peril.

We know we live in an hour of grave peril to the world, for never have atheistic, power-drunk dictators had as an adjunct to their ever-growing power the most lethal weapon yet devised by man — a weapon, indeed, which can destroy man and the world itself. Never before have we faced such a threat to our very existence.

Can we permit this to happen? Can we, for all our love of peace and security, blind ourselves to the onrushing catastrophe which is building up against us? Can we, who submit to the will of God, submit to the will of the anti-Gods who roam the world, and who now dominate great portions of this earth? Can we, in all truth, in all honesty, and in all conviction, state that we hate war so much that we will not rise up in our power and our might to save the world from terrible and terrifying convulsions?

Can we, as humble children of the militant God, turn our back on all his teachings, while the legions of the devil grow stronger and more defiant? Can we, the living, keep faith with the dead who fought for the right, if we, the living, do not stand, immovably and courageously, for the very things for which our noble dead gave the last full measure of devotion?

Fight for Right Never Ends.

The pages of history teach us that the fight for the right is a never-ending one; that wrong feeds upon wrong; but those pages also teach us that right is always triumphant if those who know the right will stand in its defense.

War is the last thing the American people want. We are not, however, the architects of our own fate. Whether we wish it or not, we may be plunged into war. We may find, in the days to come, that only by force can we combat force; only by force can we protect all that we hold dear; only by force can we save the world from oblivion; only by force can we keep faith with our gallant dead; only by force can we preserve this world for the God who made it.

It is my hope and prayer, and I know it is yours, that never again will war come upon us; that never again will we send our sons to an untimely and an early death; that never again will our cemeteries yawn open to receive the last remains of good men and true. Peace is our hope. Let peace be our prayer. If we, if the world, will pray for peace, God will hear that prayer, as I know, and you know, he hears our prayers today for our unforgettable comrades who have gone before us.

REPORT OF HELEN F. CUMMINGS ON ATTENDANCE AT MEETING OF AMERICAN PERSONNEL AND GUIDANCE ASSOCIATION.

(Continued from page 669.)

Personnel and Guidance Association, held in Buffalo, New York, during the week of April 11, 1954.

In the meetings devoted to counseling the mentally retarded it was first suggested that praetium training should be the goal for vocational counselors in this field. This training would include laboratory work, field work experiences, and intensive psychological training for these counselors. In addition, it was agreed that instruction in these fields could best be covered in courses in a school of education.

These counselors are the people who bring the community into the school

and, as such, a general knowledge of the community and its assets must be acquired by them as well in the field training aspects of their education. The special class child needs as counselor a person who understands his problem, as only specialists in the field can cope with the problems of the retarded in job finding.

NEEDS SUPERVISION.

He needs job supervision by someone who understands him, and social supervision by the same type of person. The guidance counselor must know the child completely, as a separate entity, as an individual, and not solely by his mental limitations. It has been found that the cause of the loss of his job, or his lack of success in it, is not primarily his lack of ability, but hinges on his personal and social deficits.

It is the counselor's responsibility also to bring about as fine a relationship as possible between the retardate and his home, between the retardate and his

community, and between the retardate and his employer. The need today is for more purposeful and more scientific counseling.

In all placement and follow-up work continuing guidance should be the keynote. In the limited approach to this problem a job is found, the applicant is referred to the employer, and the job is filled. In integrated counseling the home, the school, and the job are all interwoven. Counseling is preventive—not remedial. Problems which arise in placing the retardate in employment are faced ahead of time, such as the unsound attitudes of parents; their interference in job selection; their refusal to accept things as they are.

If parents are counseled when children are much younger, these faulty attitudes are nonexistent when job placing becomes imperative. In addition, the undesirable traits possessed by the retardate, those which cause him "job loss" later, can be evaluated early in the child's life so that time is not wasted later in overcoming these lacks.

SOUND PROGRAM.

A fundamentally sound program of counseling will develop and promote realistic understandings in and of the retarded pupil. His vocational capacities and his behavior potentials call for early personal adjustment evaluation. Only after these fundamental facts are known can vocational adjustment be effected and remedial services prescribed. A successful vocational plan for the retarded calls for elementary knowledges and understandings which are taken for granted in the normal child.

The retardate has intrinsic functional shortcomings which can be overcome only by training. For instance, the retardate has little understanding of the ways of finding a place of employment. He does not know how to fill out a complicated (or simple, for that matter) application form. He does not know how to present himself in applying for a job. All these knowledges must be taught painstakingly to the retardate. It is important also to correct those physical defects which serve to limit the retardate's employability. Glasses and hearing aids should be provided, counseling and medical advice for the diabetic or epileptic, surgery for the boy with a cleft palate, etc.

If these various suggestions are followed in our guidance and counseling service to the retardate, although we admit that there is no simple solution to his problem, genuine effort at least will be made to provide for him ample opportunities for developing his potentialities to the fullest.

The aim in all education of the mentally retarded should tend toward a developmental growth which will permit the individual to become eventually a well-adjusted adult. This later will lead to eventual occupational adequacy with social and personal adequacy as concomitants, so that, with self-realization attained, our pupils will enjoy economic efficiency and share in the civic responsibilities of the group around them.

To develop this sense of personal adequacy in the mentally retarded is most difficult, but with the school as the social and educational agency enabling the child to share those experiences and understandings which make him socially competent and permit his growth, this

can be brought about. Everything in the special class and in the special class program should promote feelings of worth-whileness in the child and add to his productiveness.

STRONG HABIT PATTERNS.

Strong habit patterns along skills, attitudes, and concepts should be inculcated in them and can be provided in the regular classroom environment. If children are to live effectively as adults, they must be taught to live effectively as children. This healthy self-understanding in the mentally retarded must be developed early. The child must be diagnosed as soon as possible and referred for special class training. In this way he may be taught to evaluate himself early and continuously as each new skill or concept is introduced.

Since the interests, needs, and abilities of our children vary tremendously, the curriculum should be based on learning capacity and not year of birth. These retarded pupils require more explanation and a greater amount of repetition and review than the average or bright.

The educational program for the retardate must recognize the importance of fundamental skills, since, as citizens in a democracy, these pupils must be able to compute, to read, to write, to listen, and to speak effectively. Skills as tools for further achievement must be emphasized. This educational program, however, should center no less in social development than in individual development. It should provide for personal satisfactions and achievement for each child within the limit of his abilities. The school must assume a share of the responsibility for the development and the direction of right attitudes toward life.

The ultimate aim of special class education should be to meet the needs of the individual in his society. This presents a real challenge to administrators, counselors, and teachers. The best way to meet this challenge at the elementary level is to use all the resources at hand to make classroom learning for these pupils both stimulating and rewarding. On the secondary school level emphasis should be placed on personal hygiene and exploration of occupational opportunities and requirements. In conclusion, special class education should culminate in job placement and follow-up on the job. With such a program we can feel that we have equipped our children to live democratically with satisfaction to themselves and profit to society as home members, workers, and citizens.

CLEARING HOUSE FOR JOBS.

One of the main outcomes of this convention as it affected the education of the retarded child was a movement to establish a "clearing house" for information pertaining to jobs available for this group. There would be set up a central collection agency where occupational information would be brought together, making available more detailed job information, not merely naming jobs. For each job an analysis sheet would be prepared similar to the one appended hereto. These job analysis sheets would be issued to the individual teacher, showing the requirements of particular jobs. The abilities, qualifications, physical stamina, and I.Q. of each

child would be measured against the actual requirements of the job as shown on these sheets.

It is generally understood that in many jobs there are basic requirements common to numerous semiskilled occupations. The minimum requirements, often calling for no more than subaverage ability, would thus be made known to the teachers, and new avenues of training would be opened up. It was also suggested that slides of children on the jobs be shown to teachers so that they would become familiar with the type of work done by these children and the wide variety of jobs on this semiskilled level. It was thought that a national clearing house of this kind would promote job opportunities for our group and through this logical and comprehensive approach many placement problems of these individuals might be overcome.

CIRCULAR LETTER.

CITY OF BOSTON.

MAYOR'S OFFICE, May 28, 1954.

To, Department Officials.

I am informed by J. P. W. Finn, the Postmaster of Boston, that the mail load between five and six o'clock in the evening has become extraordinarily heavy. It is the postmaster's hope that much of the daily mail in Boston can be staggered so that the deposits in the late afternoon will be lighter than at present.

Therefore, will you kindly instruct the proper person in your department to make every effort to deposit mail during the day rather than to keep all the mail until the late afternoon. In this

way, we will be cooperating with the post office officials and we will be expediting the handling and delivery of mail.

Respectfully,

JOHN B. HYNES, Mayor.

ADMINISTRATIVE SERVICES DEPARTMENT.

BOSTON, May 24, 1954.

HON. JOHN B. HYNES,
Mayor of Boston.

SIR:

At a meeting of the Administrative Services Board held on Friday, May 21, 1954, it was

Voted, To accept the proposal of J. M. Cunningham Company, Systems and Financial Consultants, 111 Broadway, New York City, to act as consultant in the installation of program or performance budgeting in the City of Boston.

The responsibility of the consultant as set forth in the proposal would be to prepare a complete program for the installation, to plan the entire operation of the project, to prepare outlines of procedures, to supervise the work of staff members of the Administrative Services Department assigned to the installation, to revise and edit the reports of investigations and procedures prepared by said staff, and to present to the Director of Administrative Services the final results of the work accomplished. In addition, the services of the consultant are to be available for consultation with the Director of Administrative Services on general city proposals and will include the training of methods men to carry on constructive projects for the reduction of city expenses through the installation of improved procedures.

The consultant would be compensated for personal services at the rate of \$100 per day plus traveling expenses; and for the services of staff assistants, actual salaries paid plus 25 per cent for Social Security and overhead. The number of days of personal service by the consultant as well as the number of staff assistants would be limited to those requested and approved by the Director of Administrative Services. It is esti-

mated that the total cost involved to the city in the acceptance of the proposal would not exceed \$7,500 for the current year.

Mr. Joseph M. Cunningham, the head of the company submitting the proposal, is a certified public accountant, a former first deputy comptroller of the City of New York, and at present is a member of the committee on performance budgeting and unit cost accounting of the Municipal Finance Officers Association of the United States and Canada.

I respectfully request your approval of the execution of an agreement with the J. M. Cunningham Company for consultant services as previously outlined, without public advertising, said services to be rendered between June 3, 1954, and March 31, 1955.

Respectfully,

CHARLES J. FOX, *Director.*

—
Purchasing Division.

BOSTON, March 30, 1954.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

Authority is requested to award contracts, without public advertisement, to the companies listed below for making emergency deliveries of fuel oil and kerosene to the various city departments for the period from April 1 to April 30, 1954, inclusive. These contracts will be awarded on the basis of the prices in effect as of March 31, 1954, on the existing contracts pending the awarding of contracts on the publicly opened bid.

Companies and approximate total amounts of awards:

White Fuel Corporation: No. 6 fuel oil, as detailed, \$24,146.17; No. 5 fuel oil, as detailed, \$1,806.07—\$25,952.24.

Boston Ice Company, Division of American Ice Company: No. 2 fuel oil, \$13,627.68; No. 1 kerosene, \$109.62; No. 1 kerosene, \$31.75—\$13,769.05.

Union Oil Company of Boston: No. 6 fuel oil, \$4,293.51.

Esso Standard Oil Company: No. 6 fuel oil (Suffolk County Court House), \$2,502.04.

Metropolitan Coal Company: No. 5 fuel oil, \$1,426.

Discount for White Fuel Corporation is 2 per cent, time of payment, and for all other companies prices are net.

Respectfully yours,

JOHN V. MORAN,
Purchasing Agent.

—
BOSTON, May 20, 1954.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

This office is in receipt of a requisition from the Sanatorium Division of the Hospital Department for one (1) Alma Treadmill, Model 18-49, manufactured by Wayne E. Quinton, doing business as W. E. Quinton Instrument Company. This is special equipment to be used in the Physio Laboratory.

A written quotation has been received from the manufacturer. Inasmuch as this is special equipment to be purchased from the manufacturer, it is my opinion that publicly advertising would be an unnecessary expense to the city and serve no purpose.

Authority is therefore requested to dispense with publicly advertising for bids and award a contract, without public

advertisement, to Wayne E. Quinton, doing business as W. E. Quinton Instrument Company. Approximate total amount of contract will be \$1,333.50, net, delivered.

Respectfully yours,

JOHN V. MORAN,
Purchasing Agent.

—
BOSTON, May 21, 1954.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

On March 31, 1954, your Honor approved a contract between the City of Boston and Boston Ladder and Equipment Company for furnishing fire helmets to the Fire Department. This company was the lowest bidder on a publicly opened bid of February 1, 1954.

It has been necessary for this office to cancel the contract in question owing to the fact that Boston Ladder and Equipment Company has been unable to furnish the required materials.

Authority is requested at this time to award a contract, without public advertisement, to Joseph T. Gorham, doing business as Gorham Fire Equipment Company, one of five tie bidders on the publicly opened bid of February 1, 1954.

Approximate total amount of contract will be \$3,078.40, less 2 per cent discount, time of payment.

Respectfully yours,

JOHN V. MORAN,
Purchasing Agent.

HOSPITAL DEPARTMENT.

Sanatorium Division.

BOSTON, May 26, 1954.

HON. JOHN B. HYNES,
Mayor of Boston.

YOUR HONOR:

Your approval is respectfully requested to engage the services of the J. M. McCusker Associates for engineering services in connection with renovations to steam heating systems in various buildings; renovations to toilet rooms, and relocation of equipment in Laundry Building, and replacing existing hot water storage tank in Ward M at the Sanatorium Division.

Your approval is also respectfully requested to dispense with advertising because of the professional nature of the services involved.

The estimated cost of this work is \$45,000. The J. M. McCusker Associates are to be paid a fee equal to 10 per cent of the actual cost of the above work, subject to the approval of the provisions of the contract for said services. This matter was approved by the Board of Trustees at a meeting held on April 9, 1954.

Respectfully submitted,

MARY MOORE BEATTY, M.D.,
Assistant Superintendent.

MAYOR'S OFFICE.

BOSTON, May 27, 1954.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

It is the intention of the office of Public Celebrations to arrange by contract for the furnishing of music for public enjoyment on Boston Common during the month of July. After due deliberation, it has been decided, subject to your prior approval, to award con-

tracts to the following band leaders for the dates specified below:

Alfred Bandera, July 12, 13, 14, 15, 16, 17.

Robert Hardy, July 19, 20, 21, 22, 23, 24.
Samuel Seiniger, July 26, 27, 28, 29, 30, 31.

Each of the above leaders will conduct an orchestra of twenty-five (25) men. The amount to be expended under each of the proposed contracts is one thousand one hundred sixty-two and 50/100 dollars (\$1,162.50).

In view of the fact that securing the particular type and quality of service involved in performing the proposed contract is not such as would necessarily be assured through the customary procedure of public advertising, your authorization is, therefore, requested, to dispense with advertising in the awards of the subject contracts.

Respectfully yours,

JOHN D. BROWN,
Director of Public Celebrations.

REAL PROPERTY DEPARTMENT.

Buildings Division.

BOSTON, May 27, 1954.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

This department extended invitations to several elevator companies located in the city to submit bids on making extensive repairs on the disabled west elevator located in the old City Hall building.

Bids were received from the only two concerns that seemed to be interested in this proposed work and the bids submitted are as follows:

Beckwith Elevator Company, 151 Pearl street, Boston, \$7,702.

F. S. Payne Company, 291 Congress street, Boston, \$7,887.

As time is an important factor in this situation and in my opinion nothing could be gained by publicly advertising and as the Beckwith Elevator Company has been servicing our elevators for a number of years and have always rendered satisfactory service, I respectfully request that permission be granted to award a contract for repairing disabled west elevator in old City Hall to the low bidder, Beckwith Elevator Company, 151 Pearl street, Boston, in the sum of seven thousand seven hundred two dollars (\$7,702).

Respectfully yours,

GEORGE P. DONOVAN,
Assistant Commissioner.

EXTENSION OF CONTRACTS.

DEPARTMENT OF SCHOOL BUILDINGS.

Approval has been given for an extension of time for the completion of the contract with Johnson Service Company for repairs and replacements to automatic control systems in various schools, from May 31, 1951, to July 31, 1954. This extension was requested because of inability to work on heating system on account of school being in session.

PENAL INSTITUTIONS DEPARTMENT.

The Page Construction Company has been granted an extension of the contract for repairs and alterations on the building known as the Old Schoolhouse on Deer Island, by substituting the words

"May 29, 1954," for the words "sixty (60) days," wherever the same appears in said contract. This extension is necessary due to interruption of work caused by inclement weather.

OMIT AND SUBSTITUTE WORK UNDER CONTRACT.

PUBLIC WORKS DEPARTMENT.

P. V. Barone Corporation has been directed to omit and substitute the following work under the contract for bituminous concrete pavement in Alberta street, Badger road, Cranmore road, Halsey road, Latin road, and Van Brunt street, dated October 26, 1953:

IX. APPRECIATION.

The following letter is hereby published for the information of the department:

"May 19, 1954.

The Honorable Fire Commissioner of the City of Boston.

DEAR MR. COTTER:

May I request that you extend sincerest thanks and heartfelt appreciation to all the men in the Engine and Ladder Company that came to the fire in our church last Saturday.

Words fall far short in telling the marvelous work these good men accomplished, their eager intent to duty and their efficient manifestation of ability as fire fighters.

We the priests and people of St. Gregory's parish pay them a most appreciative expression of gratitude, that through their efforts our grand church was saved.

Perhaps the greatest force in our expression of thanks is our petition that God will bless them in abundance.

Very sincerely,

REV. BERNARD J. McNULTY."

St. Gregory's Rectory,
2221 Dorchester avenue,
Dorchester, Mass.

By order of Fire Commissioner
FRANCIS X. COTTER.

JOHN V. STAPLETON,
Chief of Department.

POLICE DEPARTMENT ORDERS.

General Order No. 1,897.

The following-named officer having requested retirement under the provisions of the Statutes of 1892, chapter 353, as amended, for the reason that he is incapacitated, it is hereby

Ordered, His Honor the Mayor having approved the same, that he be retired from active service in the Police Department, effective Wednesday, June 2, 1954, at 7.45 o'clock A.M.:

Lieut. William J. Riordan, Division 7, 34 years of service.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

General Order No. 1,900.

Patrolmen Charles E. McCloskey and Francis W. McGeever of Division 9 are commended for meritorious police work performed on March 30, 1954, and each is granted two days' additional vacation.

These officers arrested two men on suspicion of armed robberies and kidnapping of a taxi driver. They were later identified by several victims who had been held up and robbed at the point of a knife. Further investigation resulted in the arrest of a youth who had participated with them in one of the armed holdups. These men have been sentenced to indefinite terms in the Concord Reformatory.

The Commissioner is pleased to commend Patrolmen McCloskey and McGeever for their alertness and devotion to duty, as the arrest of these men undoubtedly prevented the commission of other serious crimes.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

FOOD INSPECTION IN BOSTON.

During 1950 the supervision of the food supplies of Boston and of all processing plants, restaurants, and other eating and drinking establishments continued unabated as part of the program of food inspection of the Health Department. Approximately 150,000 inspections were made, and over 1,500,000 pounds of food were condemned and destroyed, most of which consisted of decomposed fruits and vegetables. Among the shipments of food to Boston embargoed or condemned were seven carloads of onions that had been held too long in storage in Chicago by speculators and that arrived in Boston in a decomposed condition. Another shipment consisted of 76 boxes of dressed poultry weighing 4,950 pounds and originating in Belfast, Maine.

PUBLIC WORKS DEPARTMENT.

Proposals for Sewerage Works in Chesterfield Street, Manila Avenue, Danny Road, Vallaro Road, and Reynolds Road, Hyde Park.

The Commissioner of Public Works of the City of Boston, Room 508 (Contract Office), City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for sewerage works in Chesterfield street, etc. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508 (Contract Office), City Hall Annex. Each proposal should be enclosed in an envelope, sealed, marked "Proposal for Sewerage Works in Chesterfield Street, etc.," and left at Room 508 (Contract Office), fifth floor, City Hall Annex, before 2 P.M. of FRIDAY, JUNE 18, 1954, with a certified check for ONE THOUSAND (1,000) DOLLARS, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then be publicly opened and read in the Hearing Room, 401 City Hall Annex.

Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. All proposals must be from bidders of record on file at Room 508, City Hall Annex. There will be a charge of two dollars (\$2) for each set of plans and specifications taken out. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner of Public Works. Before commencing performance of this contract, the Contractor shall provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract and shall continue such insurance in full force and effect during the term of this contract. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

Proposals will be received until 12 o'clock noon, Monday, June 14, 1954, at the office of the Awarding Authority, fourth floor, 26 Norman street, Boston, Mass., at which time and place they will be publicly opened and read aloud.

Proposals shall be submitted in duplicate on forms obtained from the Awarding Authority. Each copy of the proposal shall be properly filled out, signed and inclosed in a sealed envelope, plainly marked with the name of the bidder and the description of the work bid upon. One copy shall be filed at the office of the Awarding Authority, designated above, and the other copy shall be filed at the office of the City Auditor, City Hall, Boston, Mass. Both copies shall be filed before the time stated above for the opening of proposals.

A bid deposit in the form of cash or a certified check on, or a certificate of deposit issued by, a responsible bank or trust company, payable to the City of Boston, in the sum of \$100 shall be submitted with the copy of the proposal filed with the Awarding Authority. The bid deposit shall be in a separate envelope, properly marked. Bid bonds will not be accepted.

No bidder may withdraw his bid within thirty days after the actual date of the opening thereof.

The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed shall not be less than the rate of wages determined for this work by the Commissioner of Labor and Industries of the Commonwealth of Massachusetts under the provisions of General Laws (Ter. Ed.), chapter 149, section 26, a schedule of which appears in the specifications.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract, and sufficient proof of compliance with the foregoing stipulation will be required before commencing performance of this contract.

A performance bond, issued by a surety company satisfactory to the Awarding Authority, in the full amount of the contract will be required of the successful general contractor.

The Awarding Authority reserves the right to waive any informalities and to reject any and all bids if it be in the public interest so to do.

JAMES H. MOONEY,
Superintendent of Construction.

Proposals may be obtained at Room 64, City Hall. At this room the bids will be opened and read Tuesday, June 15, 1954, at 12 M. The bidder must leave his proposal with a certified check for \$100, payable to and to become the property of the City of Boston if the proposal is not carried out. A duplicate bid, without check, must be left with the Auditor prior to the time for opening bids. Envelopes containing bids to be sealed and marked "Proposal for Automotive Vehicles." The successful bidder must furnish a faithful performance bond for one half the total estimated amount of the contract with a surety company authorized to do business in Massachusetts. The Purchasing Agent reserves the right to accept or reject any and all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city.

JOHN V. MORAN,
(June 5.) Purchasing Agent.

CITY OF BOSTON.

PUBLIC WORKS DEPARTMENT.

Proposals for Bituminous Concrete Pavement in Alward Road, Ward 20, from Weld Street to Buchanan Road; Andover Road, Ward 20, from Centre Street to Buchanan Road; Lantern Lane, Ward 20, from Weld Street Northerly Approximately 275 Feet; Ledgedale Road, Ward 20, from Weld Street to Buchanan Road; Parklawn Road, Ward 20, Extended over Parkvale Road, Courtney Road, to Veterans of Foreign Wars Parkway; President Road, Ward 20 (Formerly Truman Road), from Weld Street to Buchanan Road, and Wedgewood Road, Ward 20, from Weld Street to Buchanan Road.

The Commissioner of Public Works of the City of Boston, Room 508 (Contract Office), City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for bituminous concrete pavement in Alward road, Ward 20, etc. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508 (Contract Office), City Hall Annex. Each proposal should be enclosed in an envelope, sealed, marked "Proposal for Bituminous Concrete Pavement in Alward Road, Ward 20, etc.," and left at Room 508 (Contract Office), fifth floor, City Hall Annex, before 2 P.M. of FRIDAY, JUNE 18, 1954, with a certified check for TWENTY-EIGHT HUNDRED (2,800) DOLLARS, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then be publicly opened and read in the Hearing Room, 401 City Hall Annex.

Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. All proposals must be from bidders of record on file at Room 508, City Hall Annex. There will be a charge of two dollars (\$2) for each set of plans and specifications taken out. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner of Public Works. Before commencing performance of this contract, the Contractor shall provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract and shall continue such insurance in full force and effect during the term of this contract. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

MAYOR ANNOUNCES PLANS FOR AN EFFICIENCY SURVEY TO DETERMINE PERSONNEL REQUIREMENTS AND EFFECT MORE ECONOMICAL AND EFFICIENT HANDLING OF MUNICIPAL BUSINESS—COST OF SURVEY NOT TO EXCEED \$10,000.

Mayor John B. Hynes has approved the proposal of the Administrative Services Department to provide for a cost study having as its aim the determination of the greater efficiency of the management of the city's business and its public service to the citizens. To that aim he has approved the proposal for the hiring at a cost of \$10,000 of a group of experts to make a study and recommendations. When these are completed the city's compensation and classification programs will have been completed.

Charles M. Evans, a management consultant who is associated with Griffenhagen & Associates, will conduct the survey.

As part of the study, it was disclosed, a more detailed system will be perfected to check on whether the city gets both the quantity and quality in the supplies, material, and equipment that it buys.

FINANCE COMMISSION WOULD CLEAN CATCH BASINS BY CONTRACT—PRESENTS STUDY TO MAYOR HYNES, LOOKING TO SAVING OF APPROXIMATELY \$50,000 ANNUALLY IN COSTS UNDER SYSTEM OF COMPETITIVE BIDDING.

The Finance Commission has addressed the following communication to Mayor Hynes:

BOSTON, June 4, 1954.

To the Honorable John B. Hynes, Mayor.

The Finance Commission desires to reveal to you the opportunity there is to reduce city costs in the matter of cleaning catch basins. On this work the City normally spends between \$80,000 and \$90,000 per year to clean approximately one third of the 24,000 catch basins maintained by the City.

This service for the City is provided by two methods. One is by the employment of a number of laborers and inspectors, or foremen, who are provided

BOSTON IS STILL BOSTON, MAYOR JOHN B. HYNES TELLS MEMBERS OF ANCIENT AND HONORABLE ARTILLERY COMPANY—FAIR NAME OF BOSTON IS IN THEIR HANDS TO MAKE CITY OF GREATER RENOWN TO GREATER NUMBER OF PEOPLE—AND COMPANY IS STILL FINEST OF ALL SUCH AGGREGATIONS IN FINEST COUNTRY IN WORLD—BOSTONIANS ARE STILL BOSTONIANS.

At the Ancient and Honorable Artillery Company's celebration on Monday, June 7, Mayor John B. Hynes delivered the following address:

Throughout the length and breadth of our land, for reasons which are ample, the City of Boston and the citizens of Boston are looked upon with a mixture of reverence and respect. Although we modestly and graciously accept the encomiums which come our way, there are times when I suspect that the homage which is paid us is tinged with a faint suggestion of amusement. This, as a good Bostonian, I resent.

When our fellow citizens in the less civilized parts of our country catalogue the Bostonian as a stiff-necked, narrow-minded, thin-lipped, supercilious survivor of an earlier Puritanical culture, I am inclined to believe there is more asperity than praise in such references.

When our brethren who reside in the effete sections of our land, far removed from rugged New England, prostitute that which passes for the intellect, and lump all Bostonians as individuals who talk through the nose; worship the dim and hoary past; read nothing but Chaucer and Virgil; carry umbrellas and green cloth bags; refer to ladies' extremities as limbs; exist on beans and codfish; avoid liquors more intoxicating than sherry wine; and observe a code of morals as austere as the monks on Monastery Hill, I am justifiably annoyed.

Misconceptions to Be Removed.

In my graver moments, the misconceptions which portray the average Bostonian as a strange, awesome, mystical creature cause me great mental disturbance. These misconceptions must be removed and dispelled. We must demonstrate to our fellow Americans that, although the Bostonian does live in the shadow of a glorious past; does have a wholesome fear of heavenly wrath; does enjoy things which are cultural; and does shrink from overindulgence in things which are fleshly and worldly, nevertheless, the Bostonian never lets this rigid, inflexible, austere side of his character interfere with the lighter, carefree, and wayward side of his character.

Gayety and Gravity.

In my opinion, we are lax in our duty to our fellow countrymen unless we visibly demonstrate to them the dexterity by which the Bostonian maintains a precarious balance between gayety and gravity; between wantonness and wisdom; between promiscuity and piety.

Frankly, I know of no better way to present to the world a true picture of the Bostonian than by arranging a country-wide tour of the Ancient and Honorable Artillery Company.

What a wonderful vision it is to think of the men of the Ancient and Honorable Artillery Company, virile and worthy successors of a great heritage, marching down the main street of every city in our land, banners

REPORT OF DANIEL D. TIERNEY, JR., DIRECTOR, DEPARTMENT OF MUSIC, ON ATTENDANCE AT MUSIC EDUCATORS NATIONAL CONFERENCE IN CHICAGO, MARCH 26-APRIL 1, 1954.

BOSTON, April 29, 1954.

MR. DENNIS C. HALEY, *Superintendent of Public Schools, Boston, Mass.*

DEAR MR. HALEY:

I hereby submit a report on my attendance at the Music Educators National Conference in Chicago from March 26 to April 1, 1954.

The prime object in attending this conference was to contact the officers of the organization in order to make detailed plans for the Eastern Music Educators Conference which is to be held in Boston in February, 1955.

I witnessed many thrilling exhibitions, both vocal and instrumental, the participants coming from all parts of the United States and Canada.

In my opinion the keynote of the convention was functional music—the songs and tunes which might be used in later life.

I wish to thank the School Committee for giving me the opportunity to attend the conference.

Very truly yours,

D. TIERNEY,
Director of Music.

MAYOR HYNES ARRANGES FOR SALE OF LAND TO SEARS ROEBUCK & COMPANY—ASKS COUNCIL TO AUTHORIZE SALE AT PRICE OF \$125,000—WILL ADD TO TAXABLE PROPERTY REVENUE.

The following communication went forward from the Mayor's office on June 7: "To the City Council.

GENTLEMEN:

Chapter 199 of the Acts of 1951 authorizes the sale or lease to Sears Roebuck & Co. of any part or parts, or the whole of the land in Boston, bounded by Park Drive, Brookline avenue, Riverway, and the new by-pass road, provided that the sale is authorized by a vote of the City Council and assented to by the Board of Park Commissioners.

At a regular meeting of the Parks and Recreation Commission, held on Tuesday, May 25, 1954, the Board of Parks and Recreation Commissioners assented to the sale of this property to Sears Roebuck & Co. A copy of this vote is transmitted herewith.

Also transmitted herewith is an order for the sale of 92,380 square feet of land, within the area described above, to Sears Roebuck & Co., for the sum of \$125,000.

I recommend the passage of the accompanying order by your Honorable Body so that this property might come under the ownership of Sears Roebuck & Co., and thus become taxable. This particular site has been used by the public for considerable time as a parking space. Sears Roebuck & Co. will maintain a parking space, open to its customers and to others, and will grade and beautify the location. In my

opinion, the sale of this land is of mutual benefit to Sears Roebuck & Co., one of our largest taxpayers, and to the city itself. In view of the fact that the transfer of this property has been held in abeyance since 1951 because of various legal actions, I most earnestly request that your Body give prompt consideration and approval to the attached order.

Respectfully,

J. B. HYNES, *Mayor."*

MAYOR'S ADDRESS BEFORE ANCIENT AND HONORABLE ARTILLERY COMPANY.

(Continued from page 685.)

flying, heads erect, eyes to the front, shining boots after shining boots in perfect cadence. Think of the emotions to be aroused as the spectator looks with admiration upon these sturdy, stalwart men of Boston as they swing down the gaily bedecked streets of the hinterlands, impeccably attired, precise in every movement.

Think of the gay evenings, after the parade, when the Ancients, gorgeous and handsome in their dress uniforms, take part in the graceful minuet or waltz with the local belles. Think of the long nights when dignity and decorum are put aside and the lusty character of our robust Ancients comes to the fore. Think of the waves of regret in every town when our company entrains to enthrall and conquer still another town. Think of the new conception of what a Bostonian really is when each city finally recovers from our visit.

DUTY IS CLEAR.

Yes, men of the Ancients, your duty is clear. The fair name of Boston is in your hands. There must be no illusions about us. We must show our fellow Americans in every corner of our land that the Bostonian is a man of many parts, each of which he plays with becoming aplomb and grace.

Let us, then, unfurl the banners, polish the swords, fill the knapsacks and be off—off to all America, the beautiful—to indelibly prove to our fellow citizens that Boston is still Boston, that the Bostonian is still a Bostonian, and that the Ancient and Honorable Artillery Company is still the finest of all the military aggregations in this, the finest country in the world.

MAYOR APPROVES COST STUDY SURVEY FOR GREATER EFFICIENCY IN HANDLING CITY'S BUSINESS.

(Continued from page 685.)

In announcing the plan, Mayor Hynes issued the following statement:

At a meeting of the Administrative Services Board held on Friday, May 21, 1954, it was

Voted, To accept the proposal of Charles M. Evans, 11 Beacon street, Boston, to act as consultant, and to conduct and direct two programs, including departmental staffing requirement and standardization-specifications.

I have this day approved the above proposal at an estimated cost not to exceed \$10,000 for the current year. The

city has been most fortunate in securing the services of Mr. Evans who has been associated with the Griffenhagen & Associates organization for a number of years and who is thoroughly familiar with Boston governmental units. In recent years he has been in charge of the Boston office of Griffenhagen and has wide experience in the conduct of various surveys initiated in various cities throughout the country.

The purpose of the study to determine staffing requirements by organization unit is to determine the number of positions of each class that is needed to carry on the work program of each city agency.

The Director of Administrative Services and the administrative head of the agency to be studied will determine a work program for the organization unit; this work program will in general cover a year's operations unless a longer-range program has been prepared by the agency and has received administrative approval.

A work unit or work standard will be prepared wherever possible; this unit will be applied to the work program of the agency under study and will be translated into manpower requirements to accomplish the work program for the period for which the latter has been determined. Manpower requirements will be estimated in terms of the number of necessary positions of each class as defined in the city's classification plan.

It is recognized that the study under consideration is itself a long-range program for the Department of Administrative Services. The order in which agencies will be studied will be determined by the Administrative Services Board. It is contemplated that the Director of Administrative Services will assign members of the field staff of the department to gather material and information required by the consultant.

It is planned that this study will be coordinated with the program, already approved, to develop a performance budget for the various city agencies. The work unit determined to measure an agency's function and the extent of its activity in discharging this function would also be the standard used in the development of the performance budget.

The purpose of the study to determine standardization-specifications is to simplify and standardize the types, varieties and sizes of commodities commonly bought and used, and to develop, adopt, keep current, and enforce the use of standard specifications for such commodities.

Use will be made of existing recognized standard specifications whenever possible and lists of qualified products will be prepared and adopted for those classes of supplies for which the adoption of detailed specifications is deemed impracticable.

The consultant will assist the Administrative Services Board in prescribing standards and standard specifications. The field staff of the Department of Administrative Services will gather the material and information required by the consultant.

The study also contemplates the development and maintenance of a standard commodity classification catalogue. This catalogue should permit the determination of those items of common use which are bought in sufficiently large quantities to justify, on a cost basis, central storage and distribution.

The study further contemplates the adoption of policies for the receipt, inspection, sampling and testing of all

deliveries of supplies, materials and equipment, to determine conformance with specifications.

The adoption of recommendations as a result of these studies combined with the installation of a "performance budget" should, without question, show substantial savings to the taxpayers in the conduct of city business in the years ahead and will be a stepping stone to a more modern and up-to-date approach to the solving of problems which face many of our large cities today.

Administrative Services Explanation:
CITY OF BOSTON,
ADMINISTRATIVE SERVICES DEPARTMENT,
BOSTON, June 3, 1954.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR SIR:

At a meeting of the Administrative Services Board held on Friday, May 21, 1954, it was

"Voted, To accept the proposal of Charles M. Evans, 11 Beacon street, Boston, to act as consultant, and to conduct and direct two programs, including departmental staffing requirements and standardization-specifications."

The responsibility of the consultant as set forth in the proposal would be as follows:

I. Determination of Staffing Requirements.

This program contemplates a study of staffing requirements of the various departments and agencies of the city in the order to be designated by the Administrative Services Board, and to the extent possible would be tied in with the program to develop a performance budget for each city department and agency. The study would have as its objective the determination of the number of positions in each class, based on the city's official classification plan, that is needed to carry on the work program of each department or agency. The work program will be determined by the administrative head of each department or agency and would be approved by the Administrative Services Board. Assistance would be rendered to the department or agency heads and to the Administrative Services Board in developing a work program for each department or agency in which such assistance is desired.

In the event the study of any department or agency indicates that a position (or positions) exists but does not appear to be covered by a recognized class in the city's official classification plan, the Administrative Services Board would be promptly informed of this finding.

Further, in the event the study of staffing requirements by department or agency reveals the opportunity to improve operations through changes in organization structure, activities, policies and procedures, suggestions pertaining to such changes would be submitted to the Administrative Services Board. In the course of the study constant reference would be made to recent reports on and analyses of city departments and agencies, including the various reports of the Boston Finance Commission, submitted in the course of the administrative study of practically every city department and agency as authorized by chapter 261 of the 1948 session of the Massachusetts General Court.

II. Standardization-Specifications.

This program contemplates a study to simplify and standardize the types, varieties, and sizes of commodities commonly bought and used, and to develop, adopt, keep current, and enforce the use of standard specifications for such commodities.

Use would be made of existing recognized standard specifications to the extent possible and lists of qualified products would be prepared for those classes of supplies for which the adoption of detailed specifications is deemed impracticable.

The program to be conducted will have as its ultimate objective the development and maintenance of a standard commodity classification catalogue; the determination of those items of common use which are bought in sufficiently large quantities to justify, on a cost basis, central storage and distribution; and the adoption of policies for the receipt, inspection, sampling and testing of all deliveries of supplies, materials, and equipment, to determine conformance with specifications.

The consultant would be compensated for personal services at the rate of \$7.50 per man hour. The number of days of personal service by the consultant as well as the number of staff assistants would be limited to those requested and approved by the Director of Administrative Services. It is estimated that the total cost involved to the city in the acceptance of the proposal would not exceed \$10,000 for the current year.

Mr. Charles M. Evans has been associated with the Griffenhagen & Associates organization for a number of years, and in recent years has been in charge of their Boston office. He has wide experience in the conduct of various surveys among governmental units.

I respectfully request your approval of the execution of an agreement with Charles M. Evans for consultant services as previously outlined, without public advertising, said services to be rendered between July 6, 1954, and March 31, 1955.

Respectfully,

CHARLES J. FOX, Director.

WOULD CLEAN CATCH BASINS BY CONTRACT.

(Continued from page 685.)

with such equipment as a truck, a cleaning machine, and an air compressor. The other method is to advertise for bids for the cleaning by contractors who furnish the labor and equipment necessary.

The Commission has assembled the figures of cost and production by the two methods in the past three years and places them side by side for contrast.

The charges for labor entering the cost of cleaning by city labor are for the actual hours spent by the employees on this work.

Inasmuch as most of these employees are paid for a full year, and there are days whereon this catch-basin cleaning work is not done, it is reasonable to expect that the actual cost of these employees is greater than that which appears to be charged to catch-basin cleaning. Nevertheless, the cost of performing the work by city labor appears to be more than 2½ times the cost of cleaning by advertised contract.

The Finance Commission recommends that the City adopt the practice of cleaning catch basins by contract. These contracts should be awarded after competitive bidding obtained by publicly advertising the estimated volume of work, the location of it, the method of measuring the work performed, and the method of payment. Reliable supervision of performance is an obvious necessity. The city force now engaged in this work should be absorbed into the regular maintenance force of the Sewer Division of the Public Works Department and used as replacement of employees leaving the service.

The possibility of saving \$50,000 here should not be overlooked.

Respectfully submitted,

EDWARD F. MULLEN, Chairman,
LEO J. DUNN,
EDWARD U. LEE,
ROGER J. ABIZAID, M.D.,
H. W. DWIGHT RUDD,
The Finance Commission.

MORE THAN 1,000,000 VEHICLES USED SUMNER TUNNEL IN MAY.

In the month of May, 1,031,226 vehicles used the Sumner Tunnel. This is the first time in the history of the tunnel that in excess of 1,000,000 vehicles used the facility in any one month.

In May of 1953, 979,920 vehicles went through the tunnel, or 51,306 less than May of this year.

CLAIMS ALLOWED.

The Mayor, upon recommendation of the Corporation Counsel, has approved the following claims:

Grace E. Somes, 50 Tobin court, Roxbury, in the sum of \$227, as compensa-

tion for personal injuries caused by a hole in the crosswalk on Ward street, at the intersection of St. Alphonsus street, January 26, 1953.

John R. Thompson, 134 Highland street, Hyde Park, in the sum of \$231, as compensation for damage to property caused by a change in grade during the construction of Highland street in the summer of 1953 by the Public Works Department.

Robert C. and I. Bernice Hartley, 926 Hyde Park avenue, Hyde Park, in the sum of \$65, as compensation for damage to property in cellar of above premises caused by the backing up of a sewer, November 27, 1953.

DEPARTMENT CHANGES.

The Director of Administrative Services has approved the following changes in the number, rating and compensation of city employees:

CONTRACTS AWARDED.

(Continued from page 695.)

Upon June 4 the Mayor approved a contract with Barnet Zelmyer, doing business as Zelmar Mills, in accord with the following request:

Boston, June 1, 1954.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

On April 23, 1954, your Honor approved a letter of award for furnishing dry goods and general clothing to the Boston City Hospital which stated that all other items on which no awards have been made will be purchased either from the State Department of Correction or the Prison Industries at Deer Island.

The State Department of Correction has now informed this office that it cannot furnish the 100 dozen white blankets, cotton, 72 x 90, and has issued release No. 4646 on this item.

It is now requested that permission be granted me to award a contract for Item 7, calling for 100 dozen white blankets, cotton, 72 x 90, to Barnet Zelmyer, doing business as Zelmar Mills, the lowest bidder meeting specifications on the publicly opened bid of March 23, 1954, for furnishing dry goods and general clothing to the Boston City Hospital.

Approximate total amount of contract will be \$1,735, less 2 per cent discount, time of payment.

Respectfully yours,

JOHN V. MORAN,
Purchasing Agent.

Kennedy & Co., Inc., \$3,991; Nicholas Bello, \$4,180; R. & F. Painting Company, \$4,180; D. M. McCartin Company, \$4,185; Master Craft Company, \$4,475; Kabot Painting Company, \$6,413.

HOSPITAL DEPARTMENT.

Upon June 7 the Mayor approved a contract with Bay State Cleaning Company for the cleaning of windows at Boston City Hospital. Bids, opened Wednesday, May 19, were as follows:

Careful Cleaning Company, \$11,570, for three cleanings; Bay State Cleaning Company, \$10,750, for three cleanings; Bay View Window Cleaning Company, \$9,000, for three cleanings.

PARKS AND RECREATION DEPARTMENT.

Upon June 4 the Mayor approved a contract with John McCourt Company,

for constructing asphalt basketball courts at William Gary Walsh Playground, Dorchester, and at John J. Connolly Playground, Roxbury. Bids, opened June 1, were as follows:

John McCourt Company, \$8,814; Carriere Construction Company, \$9,242.

PUBLIC WORKS DEPARTMENT.

Upon June 1 the Mayor approved a contract with Adams Asphalt Company, Inc., for bituminous concrete pavement and cement concrete gribbing in Brigham street, Ward 1, at an estimated cost of \$19,181.50. The work to be done under this contract is to be completed August 31, 1954. The following bids were received May 20:

Adams Asphalt Company, Inc., \$19,181.50; A. Singarella & Sons, Inc., \$22,038.

Upon June 1 the Mayor approved a contract with Charles Todesca for artificial stone sidewalks in Emerson street, Ward 6; Vinton street, Ward 7; West Seventh street, Ward 6, and West Sixth street, Ward 6, at an estimated cost of \$16,177.50. The work to be done under this contract is to be completed September 1, 1954. The following bids were received May 27:

Charles Todesca, \$16,177.50; Rufo Construction Company, Inc., \$16,586; Brighton Construction Company, Inc., \$17,185; Joseph Amara & Son, \$17,745; John J. Amara, \$18,549.

WITHOUT ADVERTISING.

Upon varying dates as indicated the Mayor approved contracts with commercial houses, contractors, and others for furnishing labor, supplies, etc. Communications from heads of the departments interested were as follows:

ADMINISTRATIVE SERVICES DEPARTMENT.

Purchasing Division.

BOSTON, June 1, 1954.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

The Water Division of the Public Works Department has submitted a requisition to this office for 678 tons of ice for the various drinking fountains throughout the city.

Authority is requested to dispense with publicly advertising for bids and award a contract, without public advertisement, to American Ice Company, the Boston Ice Company Division. In the past, this company has been the only one who has responded to requests for prices and it has been furnishing ice to the City of Boston for the drinking fountains for several years. It is therefore my opinion that no advantage could be gained by publicly advertising for prices.

Approximate total amount of contract will be \$6,102, net.

Respectfully yours,

JOHN V. MORAN,
Purchasing Agent.

BOSTON, June 1, 1954.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

In accordance with the provisions of the letter approved by your Honor on January 26, 1954, authority is requested at this time to award a contract, without public advertisement, to the following company for furnishing perishable foods
